'84 EXPOSITION AND WHITE RIVER GAMES SET

The final planning meeting for all campus units planning to exhibit in the 1984 IUPUI Expositiion is July 12, 1:30 p.m., in BS 4095. The Exposition, being held in conjunction with the White River Park State Games, is July 21, 11 a.m.-5 p.m., on Agnes Street, south of New York. Tables, tablecloths and signs will be provided for those wishing to exhibit. Call Kim Manlove, Ext 8828 for more details.

Opening ceremonies for the White River Park State Games II is Friday, July 20 at 8 p.m. at the Track and Field Stadium. Events run through July 22 and include diving and swimming, soccer, tennis, athletics, basketball, boxing and more. The games are an activity of the White River Park Development Commission and the Governor's Council on Physical Fitness and Sports Medicine. It is organized by Indiana Sports Corporation, with Hook's the official corporate sponsor. For more, call 632-6610.

ROLLS DOUBLE IN YOUTH 'MINDBENDING' PROGRAM

A pilot program last summer at IUPUI for gifted young people was so successful that enrollments are double this year in the Young Scholars Program for students in grades 4-10. Session I ends July 6 and Session II is from July 9-20. Courses for the 229 young people are on campus weekdays from 8:30 a.m.-3 p.m. and include writing, math-magics, puppetry, creative problem solving, marriage and family, chemistry, law and daily exercises. Sponsor is the Honors Program at IUPUI, Miriam Langsam, professor of history and director of the program.

STUDY STRESS AND SALT EFFECTS ON BLOOD PRESSURE

Researchers here are using twins in a new study to compare the differences in blood pressure response to stress in black and white people, and those responses at high and low levels of sodium (salt). Dr. Clarence Grim, professor of medicine at I.U. and research at the I.U. Hypertension Research Center, along with Dr. George McAdoo, professor of clinical psychology and associate director of behavioral medicine and Dr. Judy Miller, assistant professor of medicine, make up one of the six research teams in the country to receive a grant from the National Institutes of Health to conduct the study. Their goal is to identify the characteristics related to blood pressure control mechanisms, such as stress and high salt intake, which would predispose otherwise healthy people to develop high blood pressure. The researchers are looking for people ages 18-25, particularly twins (fraternal and identical) to participate in the study. They will be paid. For more about the study, call Sharon Gambril, Ext. 7422.

TOP PHOTOGRAPHERS TO TEACH IN SHORT COURSE

Registration is open for the 1984 Flying Short Course offered by the National Press Photographers Association set for next fall (Oct. 2). Two internationally acclaimed photographers Rudi Frey and Lynn Goldsmith are among the featured speakers. For more information, or to register for the course, "Our World is Shrinking," call James W. Brown, associate dean for the School of Journalism, Ext. 2773.

POSITIONS AVAILABLE

INDIANAPOLIS POLICE DEPARTMENT interviewing applicants on July 9 and 11. Applicants must have an appointment. Call IUPUI Office of Financial Aids, Ext. 4162.

ASSOCIATE DEAN for the Purdue University School of Science at IUPUI. Responsibilities include planning, organizing and developing academic matters--graduate and undergraduate programs, class scheduling, academic counseling and cooperative education. Doctorate preferred. Twelve-month appointment to be filled as soon as possible. Limited to faculty members from I.U. or Purdue. Application deadline is July 13. Send letter and vita to: Robert W. Keck, assistant dean of administrative affairs, P.O. Box 647, 1125 E. 38th St., Indianapolis, IN 46223.

HEAD TEACHER for IUPUI Child Care Center. Minimum requirements are bachelor's degree in early childhood or related field, two years teaching experience, with supervisory experience. One-year appointment begins in August. Salary negotiable; application deadline is July 9. Send appllcation letter, resume, transcripts, three current recommendations to: J. Blackwell, chairperson of Search and Screen Committee, IUPUI Student Services, 902 W. New York St., P.O. Box 647, Indianapolis, IN 46223.

RESEARCH ASSOCIATE with expertise in substrate/hormone/enzyme assays relevant to research in fetal metabolism. Experience in large and small animal surgery is necessary. Will assist in the supervision of numerous assays/animal models as described in new HIH award concerning fetal amino acid metabolism and gluconeogenesis. Submit resume to: Dr. James Lemons, Riley Research 208.

HONORS AND ACCOLADES

John Mulvey, chief of the University Police, was elected third vice president of the Indiana Association of Chiefs of Police, Inc., during its recent 62 Annual Conference in Vincennes.

Eugene E. Levitt, Ph.D., director of section of clinical psychology, IU School of Medicine, and Lucreda H. Hutton, Ed.D., associate professor of mathematical sciences, School of Science, had a paper, "A psychometric assessment of the Mathematics Anxiety Rating Scale," published in a recent issue of "International Review of Applied Psychology" (SAGE).

Mike Adams, Mike Cooksey, Herman Kersey, Max Maxfield, Frank Sloan, Jack Sturn and Ron Sweatt, all with the IUPUI University Police, won gold or silver medals in the recent annual Indiana Police Olympics.

Michael R. Cohen, Morris Green and Timothy O'Leary are among the 229 new "fellows" in the 136,000 member Council of the American Association for the Advancement of Science. Cohen is associate professor of education, School of Education; Green, M.D., is the Perry W. Lesh professor of pediatrics and chairman of pediatrics in Riley Hospital for Children, and O'Leary is chairman and professor of periodontics, IU School of Dentistry.

Linda Marler, associate professor, Medical Technology Program, IU School of Medicine, was the recipient of the first Medical Technology teaching Award, presented at a recent student banquet.

Shirley B. Quate, assistant professor in journalism, will present one of five selected papers on Aug. 6 at the 1984 national convention of the Public Relations Division of the Association for Education in Journalism and Mass Communications. The paper is entitled, "Toward Better Understanding of Internal Audiences: A Study of Group Phenomena Among Readers of a Company-Wide Newspaper for Employees.

HOSPITAL OFFERS UNIQUE LDR ROOM

Mothers wanted it, doctors wanted it and so did nurses, so members of the nursing staff at University Hospital, I.U. Medical Center, converted an admitting room into a homey, soft place to have a baby--a labor-delivery-recovery (LDR) room. Unique among LDRs in other hospitals, women do not have to use "natural" childbirth, but have the option of using an epidural anesthetic, which numbs the lower body. The only requirements are that the delivery be fullterm and without complications and that the mother's physiciam make arrangements for using the LDR.

STUDY ORAL DRUG FOR HERPES

Acyclovir, the drug used topically or intravenously for the treatment of recurrent genital herpes, is now being taken orally by some patients in a new study being conducted by Dr. Kenneth H. Fife, assistant professor of medicine and microbiology and immunology at the I.U. School of Medicine. Patients at the Bell Flower Clinic, operated by the Marion County Health Department, have the option of taking the drug orally to treat herpes. Acyclovir has been approved by the FDA for testing in selected studies.

JAPANESE TEACHERS COMING FOR WORKSHOP

Two high school teachers from Japan, Hisaya Shima and Yoshiyuki Tanaka, plan to attend the second to two workshops on economic education, sponsored by the IUPUI Center for Economic Education. Similar workshops are not offered in Japan, explained Bonnie Neiman, program coordinator. The first workshop ended June 29, the second begins in Cavanaugh Hall on Aug. 1. The workshops offer educators a non-Marxist economics point of view and include academic, business and labor speakers.

MINI-CALENDAR

Museum of Art--July 1-31. Childrens programs, films, "The Grand Prix de Rome," painting exhibit, opens July 3; Jazz Concert series, French film series, gallery talks, lunch with the curator and more. Call the Indianapolis Museum of Art, 923-1331.
