## CAMPUS HITS MAGIC NUMBER, LICENSE PLATE APPLICATIONS STILL BEING TAKEN

Last-minute sign-ups pushed the university over the magic number and added IUPUI to the roster of Indiana colleges and universities with their own license plate. Because the minimum number of 200 applications was reached, the state will now take additional orders for the 1993 "IP" plates through Nov. 10 at the Community Relations office (AO 109). The plates not only show support for IUPUI but add to the scholarship fund. The plates cost \$35 more than the normal excise charge, with \$25 of that sum used for scholarships — and it's deductible. The plates can be used for cars, recreational vehicles and trucks under 11,000 pounds. Registration forms are still available at Community Relations. For more, call the office at 4-2134.

Sandy Frank, regional administrator for the Women's Bureau in the U.S. Department of Labor, will be the keynote speaker. Issues discussed will include resources for employers and employees, family-related benefits in the workplace, the impact of legislation on work and family issues and what parents and employers need to know about choosing appropriate services. The conference is open to the public at a cost of \$65 per person, which does not include an optional lunch that follows the final session. The event is sponsored by the Women's Bureau, the Family Service Council of Indiana, the Central Indiana Chapter of the American Society for Training and Development and the Continuing Education for Women program in the women's studies program. For more call 4-4784 or 4-4786.

**FINALLY...** The new campus phone books are out, but an ever-changing world has conspired to shed light on a couple of changes you might need. First, the new campus number to use to summon an ambulance is 634-1313. This could be vital, because the old number has been disconnected. If you want a handy reminder of the change, contact Fire Protection Services at 4-8000 and they'll mail you a sticker with the right number. Also, the number for general information at the Herron School of Art (list as 920-2400) is incorrect — there is no general info number.
