WRAY MEMORIAL LECTURE SET FOR THURSDAY

"Orthoneering Engipedics," or the use of engineering techniques to solve problems in orthopedic surgery and rehabilitation, will be discussed by one of the world's leading authorities on bone and joint surgery this week at the Medical Center.

Dr. Vernon L. Nickel, chief of surgical services and co-director of the Rehabilitation Engineering Center at Rancho Los Amigos Hospital at the University of Southern California, will deliver the annual James B. Wray Memorial Lecture at 1:30 p.m. Thursday (December 6) and spend three days in conferences and consultations with School of Medicine orthopedic surgeons.

The Wray Lecture, a memorial to the late chairman of orthopedic surgery, will be delivered in Myers Auditorium at Marion County General Hospital. The I.U. orthopedic surgery department is widely recognized as a leader in the uses of engineering techniques in orthopedic surgery and rehabilitation.

Dr. Nickel has published more than 80 articles in medical journals on the treatment of orthopedic problems among the mentally retarded, stroke victims and paralyzed patients.

50-VOICE IUPUI CHORALE ON STAGE SUNDAY

The IUPUI Chorale, directed by David W. Greenlee, will present its annual Christmas Concert Sunday (December 9) at 3 p.m. in Lecture Hall 101.

The major work in the concert will be the "Christmas Oratorio" by Saint-Saens. Arranged for organ and strings, the work will feature Charles L. Manning as organist and strings from the Indianapolis Symphony Orchestra.

In addition to the 50-voice chorale, five soloists will be featured: Linda Smith, soprano; Sharon Malone, mezzo-soprano; Buffy Sielaff, alto; Richard Kennedy, tenor, and Ronald Phillips, baritone.

The 20-voice Chamber Ensemble will then preform selections from the Oxford Book of Carols, followed by the entire chorale's presentation of lighter works including Bach's "Break Forth O Beauteous Heavenly Light" and "Thou Must Leave Thy Lowly Dwelling" by Berlioz.

The concert is being presented as a free bonus performace in the Showcase of Music Series, sponsored by the I.U. Alumni Association.

CAR-POOLING YOUR RESOURCES

To help us all save money and save gas -- and maybe solve a part of the parking problem -- the Green Sheet is opening part of its pages for a car pool brokerage. If this appeals to parsimony and patriotism, send us a note about origins and destinations, times of arrivals and departures, and a number for the readers to call. And do note whether you want to drive or be driven. Green Sheet will carry these listings without comment and without guarantees of compatibility and equitable sharing of expenses. If nothing else, a car pool gives a good reason for getting away from here on time . . .

NEWS 'N' NOTES FROM HERE 'N' THERE

Conserving Energy -- Because of the energy crisis and the mandates for conservation, the Department of Printing and Duplicating would like to do its part by closing down all Duplicating Centers, as well as the Print Shop, from December 24 through January 1, inclusive. This means they can turn off all lights and equipment during that period and staffers can take all M Days more efficiently. Should this shut-down impose an extreme hardship on any department, please call Ext. 8275 as soon as possible before Friday (December 7).

New Hours -- Effective Monday (December 3) the Bursar's Office (Room 119 in the Allied Health Building) will be open from 8:15 a.m. to 5 p.m. Monday through Friday.

Children's Research -- The Riley Memorial Association has set January 15 as the deadline for accepting applications for the fiscal year beginning July 1, 1974. Application forms may be requested at any dean's office. Note that these projects will be funded only if they support research in children and are carried out at Riley Hospital. Applicants are invited from all schools who may have projects that can be developed in conjunction with improving the care and treatment of children.
