Did you know that...

TEACHING PROGRAM ENCORE

Last year's Learning Resources Committee Symposium was such a success that another, similar program is on the agenda for Friday, February 23, from 1 p.m. to 4 p.m. at the School of Nursing. Faculty in all IUPUI academic units are invited to attend.

Headlining this year's program will be Dr. Robert Eble, a nationally recognized authority on evaluation in higher education from Michigan State University. His keynote address will follow the symposium theme: "Evaluating Your Teaching."

Four workshop sessions will follow his presentation: "Student Evaluation by the Teacher," "Teacher Evaluation by the Student," "Self Evaluation" and "Test Construction."

Participants can attend the general session and two of the four workshops.

Full details and a registration form should be available soon from the Learning Resources Office and Learning Resources Committee members. To be sure you have a place reserved in the 1979 program (last year's was SRO), send a note with your name, academic unit, address, telephone number and your intention to attend to: J. Marvin Ebbert, Learning Resources Office, Administration Building, Room 124.

HERRON STUDENT WINS CONTEST

A contest to design a logo celebrating the 125th anniversary of the founding of the Young Men's Christian Association of Greater Indianapolis has been won by Douglas David, senior at the Herron School of Art. The announcement was made last week by Donald H. Fortune, vice-president of the YMCA. David's entry was selected from a field of 20 by the Metropolitan YMCA Marketing and Communications Committee.

The artist, a major in visual communications at Herron, previously was first runner-up in the contest to design the state's George Rogers Clark automobile license plate.

Of all the entries, David's was the only one to use a human symbol, and since the YMCA deals in human values the committee thought that his logo was the most appropriate, Fortune said. The logo will be used on all the organization's letterheads and envelopes and will be seen on lapel pins, banners, and other materials used in the year-long celebration.
