

Annual Report on Board of Review Activity
Since May 2005

Bart Ng, President
IUPUI Faculty Council meeting
May 2, 2006

Two different Boards of Review held formal hearings in June 2005 (after their initial filing was reported to the Faculty Council in May 2005).

The first of the two cases heard in June 2005 dealt with a hostile work environment, the dispute of the accuracy of annual reviews, and a salary dispute. The Chancellor accepted the Board's primary recommendation.

The second of the cases to be heard in June 2005 was a denial of tenure case. The Chancellor accepted the Board's primary recommendation.

Two Boards of Review held formal hearings in April 26, 2006.

The first of the two cases heard in April 2006—for which a Board was convened in the late Fall—was a denial of tenure case. At meeting time, the final report issued by this Board was awaiting a decision from the Chancellor.

The second of the cases to be heard in April 2006—for which a Board was convened in January—was a non-reappointment case. At meeting time, the final report issued by this Board was awaiting a decision from the Chancellor.
