PRESIDENT'S MESSAGE

The past year of our activities was marked by our 100th Anniversary Celebration, held in St. Louis, Missouri, July 1st to July 4th, at which there were 2,080 registered participants. There was competition on an equal basis in cultural and physical activities. Under the sponsorship of the Schiller, the North St. Louis, and the Southwest St. Louis Turner Societies, one of the greatest festivals in our history was successfully terminated.

For the first time in our history, the local societies were given financial aid from the Special Fund (consisting of 25c of per capita tax), and this Fund helped defray many of the expenses of this festival. Out of the "Special Activities Fund" are also paid certain costs in connection with the staging of our National Championships, including gymnastics, volley ball, swimming, badminton, and basket ball. The existence of this fund has been very helpful in promoting and building up our championships.

For the first time in our history, air travel was used extensively for the transportation of bowling teams, volley ball teams, and for transportation to our National Festival. Times do change, and it is encouraging to realize that the Turners are keeping up with modern trends.

The next event of importance which took place in 1948 was our National Convention at Lawrence, Massachusetts. Many important resolutions were passed, among them the increase of per capita tax by 50c per member, for the purpose of sending our national magazine to each Turner. A resolution was also passed for a revision of our Principles and Statutes.

The third big event of 1948 was the dedication of the 100th Anniversary U. S. Postage Stamp. The Government of the United States, with the approval of the Post Office Department and President Truman, printed 40 million commemorative stamps, celebrating the American Turners 100th Anniversary. The seal of the American Turners was reproduced on the stamp in toto. The stamp was designed by Turner Alvin Meissner of Detroit, Michigan and Washington, D. C., who is a life member of the Turners and who had been Chief Designer for the U. S. Bureau of Engraving for a great number of years.

The past year was a year which entailed much work on the part of the National Executive Committee and our Regional Members and also the various Districts which helped stage our programs. I want to thank each Turner individually for his personal efforts in assisting us in the past year.

The Convention at Lawrence, Massachusetts, also put the Cultural Education Committee on an equal basis with the Physical Education Committee, and our Societies were divided into nine regions, each one of which has a regional member of the Cultural Education Committee on our roster.

This year was marked by the withdrawal of the Concordia Turners of St. Louis. This is regrettable, due to the fact that we know it was

not by the action of a majority of its members, but by the majority at a small meeting. We hope that at some future date Concordia will seek readmission, not as an independent unit, but as a member of the American Turners, as one of our subordinate lodges, willing to cooperate to build the Turner movement nationally. We shall always be ready to entertain suggestions or applications for re-admission to our ranks.

Numerically we are in about the same position as last year. Our records show a gain of 65 dues paying members. Next year we hope we may show a larger gain.

The Endowment Fund has in its treasury approximately \$23,000.00, \$22,000.00 of which is in Government Bonds. We appreciate the help of those Turners who have contributed to this fund. We hope that some day we may reach the average of \$20.00 from each member, spread over a period of four or five years. That would give us a fund of a half-million dollars, which would put us in a good financial position and we would be able to help Societies that want to build or re-build clubhouses. We would be in a position to give real financial assistance for the formation of entirely new Societies. I believe that the future of the Turner movement lies in all of us getting together and building new, modern Societies which can be used for the family civic center in most cities of America. We believe that when a modern clubhouse is built, the members will be able to sustain it and also to pay back any loan which may be advanced for the building. We believe no clubhouse should be built without an ample gymnasium, locker rooms, swimming pool, bowling alleys, and clubroom and dining room facilities. If we build this type of building the Turner movement will grow and be respected in America and we will be performing our duty to ourselves and to our country.

I would appreciate, if at all possible, a small contribution to the Endowment Fund from all of our members. If you can spare as much as a five-dollar bill, we would appreciate it—if you can spare a thousand dollars, we would appreciate that, too. Thousand-dollar pledges to this fund have been made by the New York Turners, the American Turners-Detroit, and Central Turners of Evansville. Seven Hundred Dollar pledges have been made by Waldemar Eickhoff and one other person. Mrs. Minna Waltenberger has paid in six hundred dollars to the Endowment Fund.

Until such time as Turner Societies or Turners can get substantial aid from the Endowment Fund, we will probably drift along at about the same membership which we now have. To increase our usefulness, new buildings must be built.

Respectfully submitted,

CARL M. WEIDEMAN,
President

AMERICAN TURNER ENDOWMENT TRUST

One regular meeting of the Trustees of the American Turners Endowment Trust was held during 1948. This was at Detroit, Michigan, on January 3, with all members present. Various matters relative to investment of funds and ways and means of encouraging additional contributions were discussed.

At the Forty-Second Convention of the American Turners, held at Lawrence, Mass., September 3-5, 1948, the convention delegates elected the following Trustees as representatives of the membership of the American Turners: Harry Erickson of Upper Mississippi District, six-year term; Waldemar Eickhoff of Central States District, four-year term; and Frederick H. Meyer of New York District, two-year term.

Upon advice from the National Executive Committee that legal counsel was being retained by the American Turners to attempt recovery of funds remaining after the dissolution of the Rock Spring Gymnastic Society, a former affiliate of the American Turners, the Trustees voted by mail to retain the same counsel in behalf of the American Turners Endowment Trust, which would be the recipient of any monies recovered.

New contributions and payment of pledges have continually increased the fund of the American Turners Endowment Trust. Following is a tabulation of contributions as of the latest available date.

INSTRUCTORS' FUND OF THE AMERICAN TURNERS

The Instructors' Fund of the American Turners was established for the purpose of aiding Instructors who have served the Turners faithfully and who are seriously in need of assistance.

The following are some of the provisions of the Trust Agreement and Rules governing this fund: All contributions must be added to the principal of the Fund. The principal must be invested only in high grade, United States Government, State or Municipal Bonds. One-fourth of the income of this fund must be added to the principal to insure the growth of the Fund. The balance of the income is available for distribution to worthy applicants. In order that an application for aid may be considered, the applicant must have rendered faithful service as an Instructor in a Turner Society of the American Turners. Application for aid may be submitted by the applicant or by the Executive Officers of a Turner Society, in which the applicant served. In making distributions of funds to needy applicants, it is obligatory upon the Trustees to take into consideration the acts of Instructors and/or their Societies in contributing to the Fund. All officers handling monies or resources of the Fund are adequately bonded. No Trustee can receive any salary or compensation from the Fund.

REPORT OF THE SECRETARY

During the twelve months of 1948 as your full-time Secretary, there was added to the dues paying membership of the American Turners an increase of 65 members. At the close of the year, the figures showed a total of 24,994 dues paying members and 503 fifty year honorary members, making a total of 25,497 members in the American Turners.

The Pawtucket Turners of Rhode Island, with 32 active members, were reinstated in the American Turners. The Brooklyn E.D.T.V., with 16 members, were dissolved in 1948. The remaining members joined the American Turners of Brooklyn, Inc. The Concordia Turners of St. Louis, with 450 members, withdrew from the American Turners.

The records indicate that in 1948 there were 19,617 Turners that attended gymnasium classes regularly; an increase of 929 against the previous record of 18,688 in 1947. It should be pointed out that the gain was caused by the juvenile classes as the figures show a loss of 463 in the adult gymnasium classes.

Returning to the work of the Secretary's office, in the past twelve months there has been a tremendous improvement in our physical properties. Two new filing cabinets (making a total of five) were purchased. A new desk and chair, Royal typewriter, combination safe, adding machine were purchased and another room rented as additional office space. There are three full-time employees, myself, Miss Elizabeth Unti, assistant to the Secretary, and Miss Rachel Pickler, typist.

During 1948, it was my pleasure to visit over fifty societies of the American Turners and I want to take this opportunity to personally thank each and every Turner that I met in the course of my visits for the very fine, warm hospitality extended to me. To all of you I extend a cordial invitation to visit the Secretary's office in Detroit at 8735 East Jefferson Ave., where you will find the door always open to you.

With Turner Greetings,
Emil L. Pletz,
National Secretary.

REPORT OF THE SCHOLARSHIP COMMITTEE

The American Turners have established scholarships for men and women members in the Normal College of the American Gymnastic Union of Indiana University in Indianapolis. Male members can get a scholarship paying \$150.00 per year for two years (the equivalent of the tuition fee charged in the College) while that for women members pays \$50.00 per year for two years.

Men who receive this scholarship obligate themselves to teach in a society of the American Turners for at least two years after graduation. In order to receive the scholarship they must have been members of the American Turners for at least three years and must be at least middle grade Turners.

Women, in order to receive the scholarship, must have attended classes of a Turner society for at least three years and their father must have been a member for three years.

For the school-year 1948-49, the American Turners renewed the scholarships of two sophomores, Edwin Reisig of the Buffalo Turners and Marcia Kohn of the Monongahela Turners. Full scholarships were also awarded to the following freshmen: Joseph Gawrys of Buffalo Turners; Gerard Horn of New York Turnverein; Louis Kimmel and Anthony Lippa of Rochester Turners; and George Rowland of Syracuse Turners. Partial scholarships were granted to Dolores Beck of McKeesport Turners; Mary Fisher of Springfield Turnverein; and Aline MacFarlane of Brooklyn Turners.

ANNUAL REPORT OF THE CHAIRMAN OF THE NATIONAL PHYSICAL EDUCATION COMMITTEE

Greetings:

Our greatest efforts during the past year were toward a successful National Festival to celebrate our 100th anniversary. This is now history, and the complete reports have been sent to all Societies.

The St. Louis Societies—Schiller, Southwest, and North St. Louis are to be commended on their splendid efforts which made the Festival possible, and your Committee herewith thanks every Turner who participated either as competitor, judge, or in any other capacity.

For the first time in Turner history, through the Special Physical Activities Fund set up three years ago, every Turner in the U. S. had an active part in the National Festival. Unquestionably, this Fund has fully justified itself. Without it, the Festival, and the yearly National Championships could not be continued.

Two major changes were made at the 1948 National Convention in Lawrence, Mass., regarding this committee; changes we believe will put our program on a sound National basis, both in representation and in activity.

The new setup of the Committee increases the membership to eleven men; one from each of our nine Regions in addition to the two members of the National Executive Committee.

The other change was the division of our Societies into five "Activity Areas" as follows:

- A. New England, New York, New Jersey, and Middle Atlantic Districts.
- B. Pittsburgh, Western New York, and Lake Erie Districts.
- C. Wisconsin, Illinois, Central, and So. Central, Districts.
- D. Minnesota, Upper Mississippi, and St. Louis Districts.
- E. Kansas-Missouri, and Pacific Districts.

Our yearly National Turner Championships in Swimming, Basketball, Volleyball, Gymnastics, and Badminton are now designated one to an "Area" every year, with the meets moving westward one Area each succeeding year. This, we believe, will help interest all our Societies in all these events, and encourage participation by more Turners. Although Swimming and Badminton are the least attended, we will continue them and build them up.

The 1948 Swimming Championships were held in Detroit in November, with only one other Society than Detroit entering. Basketball again drew 6 teams as in 1947. Volleyball attracted 10 men's and 7 women's teams. At this writing our Gymnastic meet has 18 men and 10 women entries.

With our next National Festival in 1951—only 2 years away—it is time now for every Turner to make plans, and to start the financial ball rolling.

With Turner Greetings,
Geo. M. Heeschen, Chairman.

ANNUAL REPORT OF THE CHAIRMAN OF THE NATIONAL CULTURAL EDUCATION COMMITTEE

The second year of the promotion of Cultural Education for the American Turners culminated in the National Cultural Festival at St. Louis, Mo., June 30 through July 4, 1948. This event marked the progress thus far in the exhibits in Cultural competitive events. One hundred and fifty-six individuals and 28 societies competed. The full report was published in the September 1948 issue of the American Turner Topics.

Another progressive step was taken at the National Convention in Lawrence, Massachusetts in September 1948, where the National Cultural Committee organization was approved on a regional membership basis. This therefore, provides for a member from the nine regions of the American Turners, plus the last Local Chairman of Cultural Education of the National Festival and the next Local Chairman of Cultural Education for the next National Festival, as soon as he is appointed by the Local Arrangements Committee for the next National Festival. This Committee will be functioning by the time this report is published.

The National Festival was the incentive for some Districts and Societies of the American Turners to develop programs and Festivals. Two Districts the Western New York and the New York have reported the results of festivals. Many societies are requesting information for procedures for efforts in this direction. In conforming with these requests a procedural directive has been prepared by the National Rules Committee for distribution to all District and Society Cultural Chairmen.

Three events were added to the National Cultural Rules. They provide for competition in music composition, poetry writing and drum and bugle corps. These will be incorporated in the next issue of the Cultural Rules.

The acceptance of Cultural Education by societies of the American Turners is slow. In order to grow all societies must provide a full program of Physical Education, Cultural Education and Social events, so all members of families will have some phase of activity in a Turner society. Only in this manner can societies grow and new societies be established on the American Turner principles.

With Turner Greetings,
E. A. Eklund, Chairman
Cultural Education

AUDITOR'S REPORT

To the National Executive Committee

American Turners:

We have examined the Balance Sheet of the American Turners as of December 31, 1948 and the related Statement of Profit and Loss for the year then ended.

Our examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all the procedures which we considered necessary.

In our opinion, the accompanying Balance Sheet and the related Statement of Profit and Loss, present fairly the position of the American Turners at December 31, 1948 and the results of operations for the year then ended.

Yours truly,

F. J. & W. A. WOLF,
