

## ***Office of Neighborhood Partnership News***

By Starla Officer, Center for Service and Learning  
Volume 1. Issue 2

---

Since the late 1990's, IUPUI has made a commitment to developing and sustaining partnerships with our neighbors just west of campus. Through the Office of Neighborhood Partnerships (ONP), IUPUI students, faculty, and staff work diligently with non-profits, schools, and other strategic partners to assist in enhancing the quality of life in the [Near West](#) and [West Indianapolis](#).

To learn more about ways in which you can engage with the Near West and West Indianapolis neighborhoods, look to **Neighborhood Partnership News** in each Connections issue.

Current community news and opportunities for partnerships will be highlighted. Currently the Near West neighborhood is looking for assistance with documenting their community's rich history via mini presentations or brochures, digital stories, or documentary. This would make a great service learning or experiential learning project for students studying communication, public relations, or anthropology, just to name a few!

The ONP staff looks forward to sharing more with you about our neighborhood partners and IUPUI projects taking place on the Westside.
