## INSTRUCTORS' FUND OF THE AMERICAN TURNERS

The Instructors' Fund of the American Turners was established for the purpose of aiding Instructors who have served the Turners faithfully and who are seriously in need of assistance.

The following are some of the provisions of the Trust Agreement and Rules governing this Fund: All contributions must be added to the principal of the Fund. The principal must be invested only in high grade, United States Government, State, or Municipal Bonds. One-fourth of the income of this Fund must be added to the principal to insure the growth of the Fund. The balance of the income is available for distribution to worthy applicants. In order that an application for aid may be considered, the applicant must have rendered faithful service as an Instructor in a Turner Society of the American Turners. Application for aid may be submitted by the applicant or by the Executive Officers of a Turner Society, in which the applicant served. In making distribution of funds to needy applicants, it is obligatory upon the Trustees to take into consideration the acts of Instructors and/or their Societies in contributing to the Fund. All officers handling monies or resources of the Fund are adequately bonded. No Trustees can receive any salary or compensation from the Fund.
