NOTE

The Student Activities office in the Student Union Building has closed. Mike Wagoner, Kathy Schroerlucke, and Virgie Montgomery will combine efforts in the Student Activities office in Cavanaugh Hall, Room 322 (Ext. 3931).

Most tickets formerly handled by the Student Activities office will be available at the check cashing and ticket window in the main lounge of the Student Union.

General Cinema tickets, however, will still be handled by Student Activities in Cavanaugh Hall. Price is \$2.50 for any ticket.

Parking on Other I.U. Campuses--Official action has been taken to insure reciprocation of parking privileges for faculty and staff members among the various I.U. campuses. To facilitate identification and administration, the first step, which most campuses already have adopted, is use of alphabetic designations on parking decals or tags. The following indicates by permit letter where you may park on the other I.U. campuses. Colors vary, the letter is the key.

1. "A" Permit--Good in all zones except those designated exclusively for students.
2. "B" Permit--Good in all zones except "A" and zones designated exclusively for students.
3. "E" Permit--Good in "E" zones or others that may have a letter designation farther along in the alphabet (except those designated for restricted parking).

For easier recognition by police and others, refinements to be considered later include greater standardization of design and colors from campus to campus, as well as placement of the decals or tags on vehicles.

NEWS 'N' NOTES FROM HERE 'N' THERE

A Word About the Green Sheet -- As of this issue, primary responsibility for the Green Sheet now rests in the hands of Joe Lehman, a News Bureau veteran. So this seems like a good opportunity to review a few ground rules for the Green Sheet, which now has a circulation of nearly 3,000 faculty and staff members on this campus. Deadline for copy is Tuesday evening or no later than 9 a.m. Wednesday of the week prior to publication. We publish advertisements for objects and services for sale as a public service only when the space allows. And unless there is some really extenuating circumstance we will publish an item only once. (We have been having requests to publish the same announcement two, three, or even four times.) The Green Sheet is primarily a calendar of events, but it also includes news of honors received by members of the faculty or student body, departments, schools, or the university as a whole. So keep the information coming to us.

Non-Credit Workshops -- Annual Saturday Seminars series sponsored by Continuing Studies began last Saturday (Jan. 31) and will continue next Saturday (Feb. 7) and (Feb. 14) at the 38th Street Campus. Among the 46 workshops are a number of personal money management courses offering tips on investing, financial planning and income tax preparation. A wide range of other courses are offered. Fees and times vary, most include lunch, most offer a 1/3 discount for full-time faculty and staff members. For more information call Continuing Studies, Ext. 4501.

To Retire--Lottie M. Rippy, courier in Materials Management, and a former laundry worker, will retire Feb. 1 after 20 years of service with the University. She plans to rest, travel to Texas, Utah and Mississippi to see relatives, crochet and do more church work. Gayola Frierson, phlebotomist with the Department of Pathology Blood Bank, will retire on Feb. 28 after 15 years of service in the same position. She and her family have a trailer at a campground at Thorntown. She plans to camp out and fish a lot and continue with her knitting and crocheting.

Apprenticeship -- Neil E. Lantz, director of Administrative Affairs, has announced the appointment of a Joint Apprenticeship Committee at IUPUI. This committee will begin implementation of apprenticeship programs in the craft areas of Physical Plant in conjunction with representatives of the U.S. Department of Labor. Members of the committee are Walt Mason, Personnel; Dan Moriarity, Physical Plant; Scott Evenbeck, Administrative Affairs; Tony O'Key, electrician; Frank T. Nelson, first class sheet metal mechanic; and Harold Purkerson, Sheet Metal.

Circle City Circuit Scholarships -- Students with a cumulative grade-point average of 3.3 or better for all college courses attempted through the fall semester of 1980 are invited to apply for one of the Circle City Circuit Scholarships. Applications may be obtained at the Student Activities Office (CA322) or the Office of Scholarships and Financial Aid (Berkey Bldg.). Applications must be received by 6 p.m. March 2 at the Student Activities Office.
