All requests for rosters, lists and mailing labels for campus communications among faculties and staffs will now be handled through that office. So will changes and additions to mailing lists. Requests should be made to Mrs. Shirlee Kendall, Ext. 296, at the 38th Street Campus.

NEWS 'N' NOTES FROM HERE 'N' THERE

Bad Check Ruling -- At their August meeting, the I.U. Board of Trustees approved increasing the charge for dishonored checks from \$2 to \$5 per check, effective September 1, 1972. Further approval was given for declaring a student "not enrolled" if a check in payment of fees is dishonored.

Gaga -- Tune in to the IUPUI Magazine on WIAN-FM radio (90.1 Mh on your dial) this week to hear Mrs. Anita DeFrantz, instructor in speech pathology, talk about the grammar of baby talk. It will be broadcast Friday at 8 p.m., Sunday at 1:30 p.m. and Wednesday (September 13) at 4:30 p.m. The News Bureau's Richard Rice is the interviewer.

New Face in Print Shop -- T.E. (Tom) Alberding has accepted the position as supervisor of the Print Shop in Riley Hospital. He replaces Bea Dailey who retired this summer. Alberding asks that you come in and get acquainted and reminds you that the Print Shop, as well as the other two Duplicating Centers (Law School and 38th Street), are here to serve you.

Speaking of Duplicating Centers -- After careful cost analysis, the charge rates for services performed by the Duplicating Centers at 38th Street and the Law School have been revised. Some rates went down, some up and some stayed the same. You can, for instance, get 500 copies of something on 8 1/2 x 11 paper for either \$2.60 or \$2.04, depending on whether you use Duplicating Center paper or your own. Other services include hole-punching, folding, cutting and trimming, stapling, etc. These rates are considerably lower than those now charged by other universities for similar services. (A similar rate study is now under way for services at the Riley Print Shop.)

Nursing Note -- The I.U. Board of Trustees approved (at its April meeting) the appointment of Miss Magdalene Fuller as professor and assistant dean in the School of Nursing. The appointment was effective July 1.

Churchill Grants -- The scholarship competition for the Winston Churchill Foundation of the U.S. Ltd. has opened. The fellowships offered annually by the foundation provide an opportunity for American students from 20 U.S. universities to pursue graduate work in science, mathematics or engineering at Churchill College, Cambridge University, England. Applicants are screened by a committee convened by the National Academy of Science. The deadline for completed applications is November 15.

Nominations Are Open -- National Medals of Science are awarded annually by the President to individuals "deserving of special recognition by reason of their outstanding contributions to knowledge in the physical, biological, mathematical, or engineering sciences." Dr. Doris H. Merritt, associate dean for research and advanced studies, is the person to contact for further information. She's in the Chancellor's Building, Ext. 8287. (October 15 is the deadline for nominations.)
