AFFIRMATIVE ACTION SETS THREE-DAY FALL CONFERENCE

While the current presidential policy appears to be toward a weaker stand on affirmative action, the philosophy at IUPUI remains the same--equal treatment is not a matter of law, but a matter of fairness. Faculty and staff are invited to a three-day seminar Sept. 25-27 that is designed to help staff and faculty find ways to fulfill affirmative action on campus. Officers from the state and city (which is defying federal orders in regard to affirmative action) will speak about local issues and national trends and court issues. Sexual harassment in the classroom, affirmative action in higher ed, goal setting and grievances procedures are among the many topics to be covered. Interested persons can attend all or any of the

sessions that are in the School of Nursing auditorium from 9 a.m.-4 p.m. on Wednesday, and from 8 a.m.-4 p.m. on Thursday, and in the Roof Lounge, Union Building from 8 a.m.-noon on Friday. The Affirmative Action fall conference is sponsored by the Office of Affirmative Action. For a complete schedule, call Cecilia Hawkins, assistant director, Ext. 3963.

FELLOWSHIP, FUNDING DEADLINES GROW NEAR

The Office of Research and Sponsored Programs reminds faculty that deadlines are approaching for several important fellowships, grants and funding. Preliminary proposals for the Lilly Endowment Faculty Open Fellowship are due Nov. 1 by 5 p.m. It is designed for mid-career teachers/scholars who seek a break from academic routine in order to gain personal or professional enrichment.

Following are INTERNAL FUNDING DEADLINES:

- Sept. 30--International Institute of Sports Science and Medicine Grant-in-Aid
- Oct. 1 --Overseas Conference Fund
- Oct. 18 --Summer Faculty Fellowship
- Grant-in-Aid for Research and Scholarly Activity
- Nov. 1 --CYBER 205 Access Grant
- Dec. 1 --Honors Program Summer Faculty Fellowship
- International Sports Medicine Fellowship

For application forms and more information, call Ann Kratz, Ext. 8385.

ICLU and LAW SCHOOL SET SEMINAR-- Should a prisoner be able to sue someone because a jail cell has an average temperature of 68 degrees--close to the same temperature we all live in? If that average temperature is figured on a range from 105 degrees in summer to 35 degrees in winter, lawyers from the Indiana Civil Liberties Union think yes. In a seminar on Sept. 27 at the School of Law, co-sponsor, they will tell other lawyers how to take cases like this one and others that deal with sub-standard, and sometimes sub-human, jail conditions in the state. A panel of cooperating attorneys from the ICLU, including William Marsh, professor of law, and Alvin J. Bronstein, executive director of the American Civil Liberties Union National Prison Project, will lead the "Jail and Prison Conditions Litigation Seminar" sessions from 8:30 a.m.-12:45 p.m. and from 2:15 p.m.-4 p.m.

NEW PROGRAM NEEDS QUALIFIED HELPERS

Remember those good ole college days and the bad ole headache of struggling through such courses as English Comp, calculus, anatomy and econ? Nothing much has changed and some students here need help in the "headache" courses, but cannot afford to hire tutors. The Office of Student Affairs is creating a tutoring program for minority and disadvantaged students. Qualified people with a few spare hours every now and then can register to be tutors and can get more information in the Office of Minority Affairs, CA 101, Ext. 7531.
