IUPUI GIVING TREE LETS YOU BE SANTA TO PEOPLE IN NEED

The lobby of Cavanaugh Hall is adorned with the IUPUI GIVING TREE on which are hung ornaments bearing the names of people whose holiday will be brighter when you buy them a gift. The IUPUI Wellness Education Committee decorated the tree with the ornaments that have the name, gender, age and size of the person who is in need. Directions on what to do with the gifts you select also are included. Individuals, departments and units can take one or more ornaments from the tree and make Christmas truly joyous for our neighbors. Names have been provided by local social service agencies. The Committee asks that no more than \$15 be spent on each gift and that gifts be delivered to the Bursar Office by Dec. 14. Hours are weekdays, 8:30 a.m.-4:30 p.m.

PERSIAN GULF TOPIC IN OPEN FORUM

Specialists on the Middle East—a Kuwaiti student, a freedom activist, a political science instructor and a military spokesman—will discuss the situation in the Persian Gulf in a free public form Dec. 3 at 6:30 p.m. in room 200 of the Business/SPEA Building. They include Charles Winslow, Middle East specialists and assistant professor in political science; Mona Quaili, IUPUI student from Kuwait, and Tim Quigly, representative from the Peace and Justice Center. Also in the discussion will be representatives from the U.S. armed forces and another from Citizens for a Free Kuwait. There will a question-and-answer period. The IUPUI International Affairs Club and the political science department are sponsors. For more, call 4-2735.

DENTISTRY SEALING PITTS AND FISSURES OF 700 KIDS

This week it was kids from the Gorman Boys Club; next week they will come from other places in the city and, before it is over, 700 children ages 6-16 will enter the School of Dentistry and receive care and a protective sealant for their teeth that will last several years. The project is made possible through a two-year \$27,500 grant from the Indianapolis Foundation, and it focuses on children who have limited access to dental services. The "pit and fissure sealant" is a resin coating that is applied to the biting surface of permanent molars and it makes teeth more resistant to cavities by shielding tooth surfaces from plaque and acid. Second-year dental hygiene students apply the sealant under the guidance of pediatric dentistry faculty. Elizabeth Hatcher, special projects coordinator in the Dept. of Pediatric Dentistry, said that about a third of the children who will be in the program have never been to a dentist and without the painless treatment, are at higher risk for dental decay. While they are visiting dentistry, the children also will receive dental exams, x-rays, oral hygiene instructions and a dental health report for their parents. With the information they get and with good care and the sealants, the program can help a child establish oral health habits that will last a lifetime.

HOLIDAY BREAK There will be no Green Sheets published the weeks of Dec. 23 or Dec. 30. Publication resumes Jan. 6. More on holiday hours next week.

EDUCATION STUDENTS HELP PARTNERSHIP THRIVE

When more students than could be handled became interested in an At-Risk Grant program at North Central High School, the School of Education was asked and agreed to help. That was three years ago and already more than 65 students in education at IUPUI have been involved in helping hundreds of young people. When the program in the Metropolitan School District of Washington Township began it was intended to give a boost to high school freshman who were considered at-risk in their education. However, there came a great demand for assistance for students in grades 10, 11 and 12. Lynn Slivka, coordinator of the learning center at North Central, said the demand was overwhelming, so she asked IUPUI for help. This semester alone, 21 of our education majors spent 14 hours each semester as aides in study halls or in the learning center helping high schoolers learn. The At-Risk project is a low-budget operation that is showing good results. "There is no question," Slivka said, "that the IUPUI students helped us achieve the good results by their work with individual students, their role modeling and by bridging the generation gap." "Everyone around the block benefits," said Jill D. Shedd, director of student teaching and field experience in education. "Our students are getting a better understanding of what is involved in teaching."--M. Hopper

CHANCELLOR'S OFFERS SPECIAL ON DINING BEFORE THE CITY SOUNDS CONCERT ON CAMPUS

Chancellor's Restaurant in University Place is offering free parking in the garage and a free glass of wine or a dessert to those who enjoy dinner before the "Christmas Extravaganza" concert and reception by the IUPUI City Sounds, Dec. 7 and 8 in University Place. Just bring this Green Sheet, your concert tickets or the concert flyer. Call 269-9000 for your dinner reservations. City Sounds is the new IUPUI song and dance group directed by Mark McCreary. Tickets for the debut concert and reception are \$10 and are still available by calling 4-4000.

NEWS 'N' NOTES FROM HERE 'N' THERE

Not Just Cars--Japanese companies have funded 206 endowed professorships at MIT And, back in Tokyo, the Mitsukoshi department store has a gold-plated refrigerator for sale for a mere \$6,181. (Harper's Index, December.)

Pager Update--Recently several people on campus have reported missing pagers. Telecommunication Services reminds us that pagers should be kept on you or locked away. Missing pagers should be reported by calling 4-3002, and they will be "inactivated" so that others cannot use them. Each department is responsible for expenses associated with pagers.

Chemistry--Phil Fuchs, Purdue West Lafayette, presents "In Quest of the Electronic Graduate Student," Dec. 5, 4:15 p.m., KB 231. Refreshments at 4 p.m.

MCBRIDE GETS HONOR, DIRECTS NEW GRANT PROGRAM

Angela Barron McBride, who was recently recognized for her contribution to psychiatric nursing, will direct a new program developed from a five-year institutional research training grant from the National Center for Nursing Research in Washington, D.C. McBride, executive associate dean for research at the School of Nursing and adjunct professor of psychiatry at the School of Medicine, was recognized by the Coalition of Psychiatric Nursing Organizations (COPNO) for her "outstanding contribution to the psychiatric nursing community." The new program in the School of Nursing that she is directing supports students who will contribute to advances of health behaviors which promote wellbeing, facilitate early detection of disorder and encourage coping in illness situations. The grant for the program totals more than \$360,000. She will have the assistance of an interdisciplinary advisory committee that includes Joan K. Austin, Jan Beckstand, Victoria Champion and Beverly Flynn, all nursing faculty, Deborah Freund from the School of Public and Environmental Affairs and C. Conrad Johnston Jr. from the School of Medicine.

MORE NEWS 'N' NOTES

Linda Brothers and the students and faculty in Restaurant, Hotel and Institutional Management thank you for your support all year.

Philanthropy Special--Two special philanthropy courses are being offered on campus for the spring semester. "Principles of Fund Raising Management" by the Center on Philanthropy and the Higher Education Program, School of Education will be taught by Vice Chancellor Gene Tempel. "Philanthropy in American Culture" by the Center on Philanthropy and the School of Liberal Arts will be conducted by Janet S. Huettnner. Call 4-4200.

BOYS CLUBS TO HONOR TAYLOR AND EAST IN FUND RAISER ON CAMPUS

Boys Clubs of Indianapolis will honor two IUPUI people during its 24th annual Horatio Alger luncheon, Dec. 14, 11:30 a.m.-1:30 p.m., in the ballroom of University Place Hotel. Joseph T. Taylor, former dean of the School of Liberal Arts, will receive the Horatio Alger Award and James R. East, associate dean of the School of Liberal Arts, will receive the clubs' first "outstanding alumnus award." Single tickets are \$50, of which \$35 is tax deductible; tables are \$350. Proceeds will support the clubs' scholarship fund which East started in 1968 and still directs. Reservations close Dec. 4. For tickets, call the Boys Clubs office, 241-1712.

IUPUI WINS WALDO AWARD "The only gift is a portion of thyself," wrote Ralph Waldo Emerson, and for doing that, IUPUI was recently given the Waldo Award for its involvement in the Summer Training and Employment Program (STEP) on campus. The Indianapolis Network for Employment and Training (INET) paid the salaries of at-risk young people who worked half-days and learned half-days all around campus. Thomas McCarthy, Div. of Continuing Studies, was primary coordinator for STEP this year, and he attributes the program's success to the help and support he received from Richard Slocum, associate dean for student affairs; Robert Keck, associate dean in the School of Science, Hank Miller in Human Resources Administration, and Mary Ann Black in the Office of the Registrar.

FACULTY LECTURING AT IMA In conjunction with the exhibit, "Richard Pousette-Dart: A Retrospective," originator of the American Abstract Expressionist Movement, American Studies has arranged for two IUPUI faculty members to lecture. Joining Robert Hobbs, co-curator of the exhibit was Rowland A. Sherrill, chairman of the Dept. of Religious Studies, who was to present "The American Artificer: The Romantic Theory of Expression," Nov. 29. On Dec. 4 at 7 p.m. at the IMA in the DeBoest Lecture Hall, Bernard Friedman, professor emeritus of history and former chairman of the Dept. of History, will present "Appearances and Reality in an Age of Ideological Crisis." The exhibit runs through Dec. 30. For more call the Indianapolis Museum of Art, 923-1331.

FINALLY...

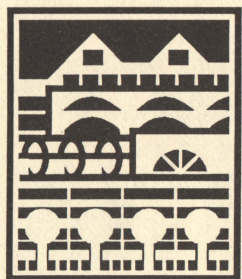

...David N. Schramm, University of Chicago, will present a special physics seminar, "Experimentally Probing Creation: Testing the Big Bang," Dec. 6, 4 p.m., KB 131.

...the 1985-86 Campus Campaign for The Campaign for Indiana was well supported on all campuses and was made easy for many through payroll deductions. Many of the five-year pledges are completed, but you can reinstate your payroll deduction gift, or you can arrange to begin giving. The payroll deduction cards are available in units or dean's offices and through the IU Foundation on campus, IP 241. For more, call 4-3711.

...the annual pre-Christmas apparel sale is on now through Dec. 8 at the IUPUI Bookstores. There is a 25% discount on all sweatshirts, jackets, sweaters and sweatpants.
