UNITED WAY CAMPAIGN IN HIGH GEAR

Most units at IUPUI already have exceeded their United Way contribution totals of last year as the 1981 campaign moves toward a close on campus. Contributions to date are \$81,896.36, which compares to \$107,000 for the entire 1980 campaign. Most units also have increased the number of contributions. Of particular note is Parking and Transportation Services which includes all employees in Parking and the Motor Pool/Garage area. The department achieved 100 percent participation.

UNFINISHED IUPUI FACILITY IN DEMAND

The I.U. School of Physical Education/Natatorium still is being built, but that hasn't stopped major sports organizations from booking it for some big events. The \$21.5-million building will be completed by next spring and is scheduled to host all the swimming and diving events for the 1982 National Sports Festival next July. But that isn't all that's in store for the natatorium, heralded as "the country's finest swimming complex." Here is what else is slated so far:

- U.S.-Russia Diving Dual Meet -- September 1982
- U.S. Senior Swimming Short Course Championships -- April 1983
- U.S. Indoor Diving Championships -- April 1983
- U.S. Junior Swimming Long-Course Championships -- August 1983

Just this month another large event has been announced: The 1982 NCAA Swimming and Diving Championships have been booked into the natatorium for March 24-26, 1983.

West of the three-pool natatorium work goes on preparing the ground for the outdoor playing fields and the 13,500-seat track and field stadium which will draw competitors and spectators from across the globe.

Along with the tennis complex, the physical education/natatorium building and playing fields and stadium promise a bright athletic future for Indianapolis and the university.

SLIDE SHOW: LECTURE SET AT HERRON

A symposium by noted archeologist Nunzio Daniele entitled "Paestum: Origins and Historical Evolution," will be presented at 2 p.m. Friday, Nov. 6 in the auditorium of the Herron School of Art. At 8 p.m. that day 11 Herron students will give a special slide presentation, HERRON "ITALIA '81," an outgrowth of an IUPUI Honors course that included a six-week trip to Italy. A. Ian Fraser, Herron assistant professor and coordinator of the art history program, guided the class through Rome, Naples, Florence, Venice and Ravenna.

The Herron group met Daniele at the Greek ruins at Paestum, near Naples, where he had worked extensively. Fraser invited him to speak at Herron and view the students' show. Both programs are open to the public at no charge.

SCHOOL OF SOCIAL WORK RECEIVES GRANTS

More than \$316,000 in federal grants have been awarded to the I.U. School of Social Work at IUPUI, according to Dean Leonard Schneiderman.

A grant from the National Institute of Mental Health is being used to form a new mental health unit at 520 East 12th Street to service racial and ethnic minorities and underserved rural populations in Indiana. It is staffed by faculty members and graduate students of the school.

The needs of dependent and neglected children and their families in situations of emergency separation are the focus of a grant from the Office of Human Development Services of the U.S. Department of Health and Human Services. Faculty members and students of the school will work in the Marion County Children's Guardian Home on a demonstration project in family and child welfare. The project includes a cooperative arrangement between the school and Family Services of Indianapolis in offering special training to students preparing for a career in these fields.
