PART OF JONES' 'TEXAS TRILOGY' OPENS NOV. 15

"Lu Ann Hampton Lavery Oberlander," part of the Preston Jones' acclaimed "Texas Trilogy," is the next production of IUPUI University Theatre. Presentations are Nov. 15-16 and Nov. 22-23 at 8 p.m. in the Mary Cable Building. A three-act play about the passage of time in a small Texas town, it spans 20 years from 1953 when Lu Ann Hampton was a senior in a small, West Texas high school, to when she married twice, cared for an invalid mother and an alcoholic brother and reared her own daughter. IUPUI junior Elaine Clapp plays the title role. Directing is J. Edgar Webb, director of the theater and associate professor of speech, theater and communication. Tickets are \$2.50 for students and senior citizens, \$5 for others. For ticket information, call the theater at Ext. 2094.

COZMANOFF IS NEW BURSAR

Thirteen-year veteran staffer Michael Paul Cozmanoff has been named the IUPUI bursar, replacing Robert Martin. The former Gary resident began his career in 1972 in the Bursar's Office and most recently served as acting bursar. He is a Navy veteran of Viet Nam. He majored in business administration-accounting at the Lear Siegler Institute where he earned an associate degree. He is active in the Lutheran Church. Bob Martin is still with us as associate director of administrative affairs.

SOUTHERN CULTURE--IUB's Arts Weekend '85, Nov. 15-16, will feature everything from free-form poetry readings to a nice mix of music, dance, drama and cinema. A prelude to the weekend is the official opening Nov. 14 of the IU Art Museum's third floor gallery that houses 550 works from Africa, Oceania and the Americas. For a schedule of events, call Fran Snygg at 812-335-2809.

MED STUDENTS WANT YOUR BLOOD

Members of the IU Medical School Student Council probably know better than most of us just how important it is for all of us to give blood whenever and as often as we can. The council is sponsoring a blood drive on Nov. 22 from 9 a.m.-4 p.m. in the basement lounge of the Medical Science Building. They'd like for you to make an appointment but you will be welcome to walk-in anytime. Remember, there is no danger of contracting any disease when giving blood, and there is simply no other way to get blood except from people who donate. (End of sermon from your five-gallon doner/editor.) Call Ext. 7175 for your appointment.

NEW PHONE NUMBERS CAN DATE YOUR DATA Our new telephone system is going to change major phone numbers to the university and the Medical Center. If you're preparing letterhead, annual reports, catalogs, brochures for conferences and seminars and such, you may want to use the current numbers and also the new ones that are set to change July 6, 1986. The general IUPUI number changes from 635-8661 to 274-5555, and University Hospitals changes from 635-8431 to 274-5000. For more, call Ext. 8275.

It is unique for IUPUI that college credit for the conference will be given to students enrolled in a parliamentarian procedure course offered through the department. For more information, call Sanford W. Peterson, Ext. 4519.

SEEKERS SOUGHT SHOPPING CENTER SECRETS

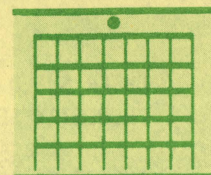

About 1,500 students take our courses in shopping malls in our successful Learn & Shop program, and people from Hawaii, Texas and 22 other states and Canada came here last week to see how we do it. James R. East, designer of our program and dean of Weekend College, led the workshop and also learned how others have used similar, but varied programs of marketing higher education.-JG

Editor's Note: Some of our proudest moments come without a lot of fanfare and so it was last Sunday when Josef Gingold and two charming and talented young people, Corey and Katja Cervosek, gave our first "Music for Indianapolis" concert at the Circle Theatre. People left the theater smiling, not only happy with the music, but warmed by the "performance" of the young and old thoroughly enjoying one another. It's safe to boast that we, the IU School of Music, the Indianapolis Opera and Cathedral Arts can be proud of the first in this series. And, that Gail Plater in the IUPUI office of the IU Foundation is content that her hard work paid off....-chw
