PARKING PROBLEMS

Chancellor Maynard K. Hine called a meeting last Wednesday of representatives from the Veterans Administration Hospital, LaRue Carter Hospital, State Board of Health, Marion County General Hospital, Riley Board of Governors and IUPUI, to discuss methods of easing the critical parking problems on this campus. Two subcommittees were recommended -- one to study parking problems on the west side of the campus and the other around Riley Hospital and the proposed Regenstrief Health Center.

It was agreed that the only solution to our parking problem is the construction of two or perhaps three high-rise parking garages. It is also probable that there will have to be a redistribution of assigned parking areas so that patients coming into the area will have first priority and visiting physicians second.

Any suggestions which might improve parking on this campus would be welcomed by the chancellor.

SKIING AND SUNNING

Planned for February 23-25, the trip costs \$57 which includes transportation, lodging, meals, lessons, equipment rentals and lift tickets. The trip is limited to 40 persons. Pick up your application form in the Student Activity Office in the Union Building.

If sunnier climes seem more appealing, there are still about 10 places left for the IUPUI spring break trip to Acapulco, March 3-10. Call Mrs. Helen Zapp, Ext. 8265, for more information.

RYAN NAMES COMMITTEE TO FIND SUCCESSOR TO DEAN FOUST

I.U. President John W. Ryan has appointed a 20-member committee to find a successor for the retiring dean of the Indianapolis Law School, Cleon H. Foust. A former Indiana attorney general, Dean Foust will retire on June 30 as dean of Indiana's largest law school, but he will continue as a professor of law.

Chancellor Maynard K. Hine said the committee has been carefully selected to represent the state's legal profession and judicial system as well as the school's students, alumni and faculty. "The school's importance to the practice of law in Indiana is so substantial that we need an outstanding committee to find an outstanding dean," he said.

In appointing the committee, Dr. Ryan said, "The dean of law in Indianapolis is one of the university's most important positions. The committee will have an important job in discovering a new dean who can continue the progress which has been achieved under Dean Foust."

Indianapolis law professor R. Bruce Townsend will head the committee which includes representatives of the school's faculty and its students, alumni, and prominent members of the Indiana legal profession.

Among the members are United States District Court Judge William Steckler, Warrick Circuit Court Judge Addison Beavers, and Indianapolis attorneys Douglas Church, John T. Dillon, C. Ben Dutton, John M. Holt, William F. LeMond, Ted B. Lewis, and Ben J. Weaver.

Dean Foust has continued an Indianapolis Law School tradition which has closely aligned the school, its faculty, students, and graduates with the practice of law and public service in Indiana.

The Townsend committee has been instructed by President Ryan to conduct a national search for a successor to Dean Foust, interview the leading candidates, and to present its recommendations in April. Nominations and recommendations are invited from readers of the Green Sheet.
