STATE BOARD FOR VOCATIONAL EDUCATION

Topeka, Kansas

September 2, 1941

Mr. W. A. Ross  
Federal Security Agency  
Department of Vocational Education  
U. S. Office of Education  
Washington, D. C.

Dear Mr. Ross:

We have a future farmers chapter located in a small Kansas town where there is a public high school and a parochial high school. This year some of the boys in the parochial high school are enrolling in vocational agriculture for two units of work. The balance of their studies are in the parochial high school. The vocational agriculture, of course, is in the public high school. The teacher has raised the question as to their FFA status. Their chief identity will be with the parochial high school. They will compete on its athletic teams and in scholastic activities.

The question is: "Can these boys be admitted to membership to the FFA?" I regret to pass this problem to you as you are doubtless busy, but frankly I do not know what to say in regard to the matter.

Sincerely yours,

/s/ LESTER B. POLLOM

L. B. Pollom, State Supervisor  
Vocational Agriculture
