ANNUAL REPORT OF PRESIDENT CARL M. WEIDEMAN

The year ending December 31st, 1946 marked another year of progress and growth of the American Turners. Our membership on December 31st, 1945 was 23,949. On December 31st, 1946 we had 25,376 members showing an increase of 1,427 members. I want to congratulate the Turners generally on helping to make this gain. However, all districts did not participate in this gain. If your district showed a loss in members this year, it is time that you call a meeting of your leaders to find out the reason for this loss. Most of our societies are trying to operate with a membership that is too small and a scale of annual dues that can lead them to nowhere but bankruptcy. How any society can hope to employ a competent physical director with a membership of two or three hundred members and dues as low as five dollars a year is beyond my comprehension.

I would suggest that, in order to build for a stronger society in the future, those societies that are charging less than ten dollars dues raise their dues to ten dollars immediately and that they attempt to build their membership up to a minimum of three hundred members this year. If you will examine the reports of those societies that operate proper Turner societies, you will find that their dues run upwards of eighteen dollars per year and that they pay their instructors a salary as large as is paid in the public school system. Some societies pay even more. It is ridiculous that anyone should expect free gymnasium instruction for the family and the right to participate in cultural educational programs on dues as cheap as ten dollars per year. The highest dues paid by any society is thirty-six dollars per year. One or two pay thirty dollars per year and the rest of the societies twenty-four dollars per year.

We have in our federation eighteen districts—fourteen of which should each be active. The other four are the Pacific Coast Districts and the Southern District with one society. Five of our districts represent 17,034 out of 25,376, leaving the other districts with 8,342 members. These smaller districts should try to increase the size of their societies and increase the amount of their dues so they will be in a position to hire competent instructors and operate completely as a Turner Society.

We are sending to each society, a copy of our American Turners Endowment Trust pursuant to the direction of the National Convention held at Indianapolis. I have explained the workings of this Trust to most districts and all of our Regional Members, I believe, are familiar with it. I would appreciate your taking a vote upon the acceptance or rejection of our Trust Agreement immediately. The first Board of Trustees, in accordance with the provisions of the Trust are as follows: Carl M. Weideman, William M. Ludwig, Emil L. Pletz, Karl Schaltenbrand, all National Executive Committee Officers, Harry Erickson of Moline, Alvin Steinke of Cleveland and Frederick H. Meyer of New York. All of these Trustees are men who are well known in the Turner Movement. Each of them have been successful administrators of their local societies and have been brought up in Turner gymnasiums for many years. In accordance with the Convention, we have set aside 10%

of our income for this Fund. We have received donations to this Fund as follows: Auburn Turners, Western New York District—\$100.00; Members of the National Executive Committee—\$250.00; Fred G. Folberth, Lake Erie District—\$100.00; Carl M. Weideman, Lake Erie District—\$100.00; Upper Mississippi District—\$65.00; Frank W. Boyler, Upper Mississippi District—\$25.00; and the Ladies' Auxiliary of the Upper Mississippi District—\$100.00; pledged—Lake Erie District—\$200.00. The total amount of the Fund is now \$2,804.80. We believe that this Endowment Trust will be the salvation of the Turner Movement in the future. We expect that each person interested in the growth of the Turner Movement and the building of new societies or re-building of old, should and will donate to this Fund. It is the one thing that, in the course of time, will both save and re-build our Movement to greater heights.

During the next year, a survey will be conducted to determine which societies are not operating as Turner Societies should. Those societies that are not maintaining their gymnasium classes and are doing nothing in the way of Cultural Education and who are able to do so, will be suspended within the next few months and their expulsion will be asked at the next National Convention. Some years ago, I suggested that we would be better off by suspending those societies that are a drag on the Movement and that do not contribute to the growth or respect of our Movement. The National Committee has before it now recommendations for suspension of two societies. We believe we will suspend these societies as they are contributing nothing to the Movement and using their licenses as a Turner Society so that they can sell intoxicants on Sunday under state laws. These societies do nothing to help the Turner Movement. I repeat, and I have not changed my mind in the last eight or ten years, we will be better off with sixty good societies than with one hundred twenty societies, half of whom are doing our Movement no particular good. We are rapidly getting in a financial position where we can accept the challenge of societies who are no longer conducting themselves as Turner Societies. Many so-called Turner Societies holding a charter from our National Organization do not conduct one single educational function either in the physical or cultural branches of our work nor are they "Turners" at heart. These societies will be recommended for expulsion in the Convention in 1948 if they do not immediately resume activities. However, our over-all picture is excellent. Improvements in every district are going on and the caliber of local leadership is getting better. So I am hopeful of the future and the cooperation of local and district leaders has been excellent.

TURNER OBJECTIVES TODAY

I believe the following plan represents the objectives of the Turner Society today: The American Turners are a group of societies composed of American citizens made up of all nationalities, races and creeds who have as their objectives the developing of a sound mind in a sound body in a free country in which liberty and tolerance are the keystone. A Turner Society should be composed of intelligent and thinking citizens of both sexes. We should confer full membership in all our societies to women, who are desirous of becoming Turners, in order to carry

out our fundamental ideas. The program of each Turner Society should provide, in its ultimate aim, for a man and woman teacher in its physical education department as a minimum requirement. It should have a well rounded program of physical and health education for men, women and children of all ages. It should have a complete and well rounded program of cultural education and instruction; and development of such arts and crafts as singing, ceramics, dramatics, little theatre and such other departments as will assist its members to attain mental happiness through their direct participation in the cultural field. A social program should be developed for the enjoyment of all of our members, boys and girls and the older age groups. A conscious effort should be made to participate in all worthy local and national patriotic movements.

One bright spot during the past year which I believe will help the growth of a society and also increase its membership, is the step taken by the Central Davenport Turners to establish 12 bowling alleys in what was formerly the old opera house which had been unused for several years. I believe that this is a step forward which will turn a loss into a profit. Do you have an unused auditorium of forty years ago lying idle? Why don't you seriously consider the establishment of bowling alleys in your hall? The profits from it can help defray a decent salary for your teacher.

Another progressive step taken by one of our societies during the past year, was the establishment of an Endowment Trust by Concordia Society of St. Louis to make it possible to always have funds for the employment of a physical director of competent ability at all times.

The Pension Plan for the teachers of the local Turner Societies has been completed. Is your teacher in this? If not, why not?

The Ladies' Auxiliary is to be highly complimented, especially Ida Mae Lange, their National President, for the interest and the financial help given to enable us to conduct the Leaders' Course. The following are the donations: St. Paul Turners—\$25.00; Central States District—\$260.00; Illinois District—\$330.00; Lake Erie District—\$300.00; Middle Atlantic—none; New England District—\$80.00; New Jersey District—none; New York District—none; Pittsburgh District—\$105.00; St. Louis District—\$20.00; Upper Mississippi District—\$295.00; Western New York District—\$50.00 and Wisconsin District—\$85.00. We wonder what is wrong with the Ladies' Auxiliary in the Middle Atlantic, New Jersey and New York Districts which, as you note, donated nothing; the ladies of the St. Louis District donated only \$20.00. Nevertheless, one-third of the students of the Leaders' Course will be from these districts which did not help much. Girls, we would like a little more support from you next year for the Leaders' Course.

1948 will mark the birth of the One Hundredth Anniversary of the Turner Movement in America. We are planning a tremendous festival in St. Louis providing competition in both the physical and cultural educational departments. Agreements have been reached with Washington University of St. Louis for the use of their splendid facilities which are better adapted to our Turner Tournament than any other place

visited by your Committee. The Committee is functioning in St. Louis and room reservations have already been contracted for. It is my wish that each society send to St. Louis as large a class as possible to participate in the mass drill and to send along as many participants in the cultural field as possible. I attended the 50th Anniversary Celebration of a similar organization last week and they had approximately 1,000 on the field in their mass drill. Let us see if we can double this number. We want to make this the largest event in Turner History in recent years and, if we do, we will get ample recognition from the press and public of the job we are trying to do in America. I'll meet you in St. Louie!

P.S. The National Executive Committee believes all societies, which have not already done so, should change their names to "American Turners—your city".

With Turner Greetings,

CARL M. WEIDEMAN,

National President

ANNUAL REPORT OF THE CHAIRMAN OF THE NATIONAL PHYSICAL EDUCATION COMMITTEE

April 27, 1947

Greetings:

Your Committee feels a greater responsibility to every individual Turner than ever before since it has been entrusted with the administration of the American Turners Physical Activities Fund set up at the 1946 National Convention through the additional per capita tax. We will not fail in this confidence.

At a meeting just prior to the National Convention we felt it best to offer our Turner Champions an opportunity to perform oftener than at National Festivals, and so arranged a series of National Turner Championships for the 46-47 season as follows:

Volleyball—March 8-9, in Cleveland East Side Turners
Basketball—March 22-23, Moline Turners, Moline, Illinois
Swimming—April 12, Lincoln Turners, Chicago
Gymnastics—April 26, Schenectady Turners, Schenectady, N. Y.
Badminton—May 10-11, Buffalo Turners, Buffalo, New York
Track and Field—June 7, Concordia Turners, St. Louis.

The response of our Societies and Districts to these meets will be an indication as to whether we should continue these in the years between our National Festivals.

At another meeting in February it was found best to make several changes in the meets and events. Although last minute changes are not advisable, these were necessary in the best interests of all.

Herewith is a brief summary of the National meets held up to the moment of this writing:

VOLLEYBALL—Men's and Women's teams from six Districts—St. Louis, Upper Mississippi, Central States, Lake Erie, Pittsburgh, and Western New York.

MEN first—N. W. Davenport, Second—Evansville.

WOMEN first—Athenaeum, Indianapolis, second—No. St. Louis. Only the two winning men's teams were outstanding, the balance being very mediocre in comparison. The women's group was very much more evenly matched, with the winners playing superb ball at all times.

BASKETBALL—Teams from six Districts entered—New England, Lake Erie, St. Louis, Upper Mississippi, Central States, Chicago. First—Moline, second, No. St. Louis. The teams were much more evenly matched than in volleyball.

SWIMMING—Entries from only four Societies—Lincoln, Swiss of Chicago, Moline, and Social of Chicago. Nineteen entries from Lincoln, and one each from the others. First place—Lincoln, second—Swiss of Chicago.

GYMNASTICS—48 entries, mostly from the Eastern seaboard region. Preliminary preparations are being made in an effort to make our 100th Anniversary Festival in 1948 a superior meet in every way. At a summer meeting in 1947 this Committee will make a complete survey of our Festival rules and events in an effort to clarify and simplify them, and to add to or change events if it will be to the advantage of the American Turners and our National Festivals.

Changes, improvements, or additions will be to no avail unless every Turner starts planning now to attend or actively support our Physical Activities to the fullest extent.

With Turner Greetings,

GEO. M. HEESCHEN,

Chairman.

INSTRUCTORS' FUND OF THE AMERICAN TURNERS

The Instructors' Fund of the American Turners was established for the purpose of aiding Instructors who have served the Turners faithfully and who are seriously in need of assistance.

The following are some of the provisions of the Trust Agreement and Rules governing this fund: All contributions must be added to the principal of the Fund. The principal must be invested only in high grade, United States Government, State or Municipal Bonds. One-fourth of the income of this fund must be added to the principal to insure the growth of the Fund. The balance of the income is available for distribution to worthy applicants. In order that an application for aid may be considered, the applicant must have rendered faithful service as an Instructor in a Turner Society of the American Turners. Application for aid may be submitted by the applicant or by the Executive Officers of a Turner Society, in which the applicant served. In making distributions of funds to needy applicants, it is obligatory upon the Trustees to take into consideration the acts of Instructors and/or their Societies in contributing to the Fund. All officers handling monies or resources of the Fund are adequately bonded. No Trustee can receive any salary or compensation from the Fund.
