FRED MARTIN RETIRES

Fred Martin retired from teaching on June 30, 1974 after a long and distinguished career. He joined the faculty of the Normal College in 1941 and then entered World War II as a Lt. Gunnery Officer in the U. S. Navy in 1943. He served in the South Pacific, North Atlantic and the Asiatic Theaters. In January of 1946 he returned to his teaching position at the Normal College, where he has served with distinction. His patience and dedication led to the Recognition Award in 1970, given annually by the Student Union Board for outstanding service.

The Indiana Association for Health and Physical Education and Recreation granted him the Honor Award for Achievement and service to the profession for the years he served as Treasurer and Membership Chairman of the Association. During his term of office, the membership doubled due to his strenuous efforts and constant work.

The American Red Cross recognized his professional achievements by presenting him with their Certificate of Appreciation for outstanding service in First Aid, Small Craft, and Water Safety.

Mr. Martin has written several courses of study and contributed to a number of Curricula published by the State Department of Public Instruction.

He served on the American Turners National Technical Committee for many years. He has been a District Counselor and Treasurer of the Indianapolis Alumni Chapter of Phi Epsilon Kappa.

Fred served as Director of Camp Brosius Children's Camp for two years and as the Treasurer of the Normal College Alumni Association for many years. He was the Editor of the Alumni Bulletin, a position he

held for nine years.

Mr. Martin was active as a gymnastic coach and judge. He has given many workshops and exhibitions to promote Physical Education.

He holds memberships in the American Association for Health, Physical Education and Recreation; the Indiana Association for Health, Physical Education and Recreation; the Amateur Fencer's League of America; and the National Association for Gymnastic Coaches.

His long years of service to Indiana University and to the teaching profession have earned him a host of friends and admirers. We all join in wishing him happiness in his retirement. The Alumni Association presented him with a large color television set which, he reports, he has put to good use all summer.

The Faculty, the Students and the Alumni all join in saying a very big THANK YOU to Freddie for the wonderful job of teaching and his dedication and hard work that he has given all these years.

A school the size of the Normal College does not lose a teacher the stature of Fred Martin without feeling his absence. Many students ask when Mr. Martin will be coming out for a visit so that they may see him and tell him how much he is missed.

Fred was always ready to take the time and help students with any problems. He never failed to be available whenever needed, and quickly volunteered for faculty responsibilities over and above his own teaching duties.

Mr. Martin possessed rare qualities not always seen in university teachers. He was patient with his students; generous with his efforts of help; kind in his criticism; enthusiastic in his work; and loyal to his profession and school.

The entire faculty, staff and students will miss not seeing his smiling face around our campus everyday. We all look forward to his frequent visits.

THANKS FOR THE MEMORIES

DEAR ALUMNI:

If you haven't already heard, I have joined the ranks of the retirees. The decision to terminate my teaching career at the end of last school year was made in February when health problems deemed it advisable. Needless to say, I have enjoyed every minute of my profession, but as we all know, there comes a time when all good things must come to an end.

I am happy to announce that Karen (Wagley) Teegarden has taken over the editing of the Alumni Bulletin. Karen, incidentally, is a superb photographer and I'm sure that she will be capturing school scenes for the Bulletin that will be interesting to all.

I am sorry I could not attend Homecoming; however, I am now recuperating slowly from a pleasant state of shock that hit me shortly after Homecoming when Nick Kellum, Treasurer, presented me on behalf of the Alumni Association a beautiful RCA XL-100 deluxe console with 25" picture plus electronic tuning. What a pleasure it is to sit in a chair and control the set without ever touching it; not to mention what you can do when a commercial comes on with the increased surge of sound.

How does one say "THANKS" to everyone for this beautiful gift, the many letters, pictures, and the news that many of you have sent, and to the wonderful team of reporters who have helped so much over the years----- I say "Dankeschon Sehr Viel" (Thank you so much) for everything. May I wish all of you continued success and the very best of everything in the days ahead.

Sincerely,

Fred Martin

INTRAMURALS

The School of Physical Education continues to serve the student body of IUPUI through a well rounded intramural and sports club program.

The school first assumed this responsibility in the fall of 1969 and has continued to expand the program since. Nick Kellum's appointment to the faculty included an appointment as Director of Intramurals and Coordinator of Sports Clubs. The newest member to our faculty, Jeff Vessley, is serving as assistant director.

Over two thousand students participated in intramurals last year. Activities include football, softball, tennis, basketball, and volleyball. As would be expected in the Hoosier state, basketball was the most popular activity with sixty-two teams.

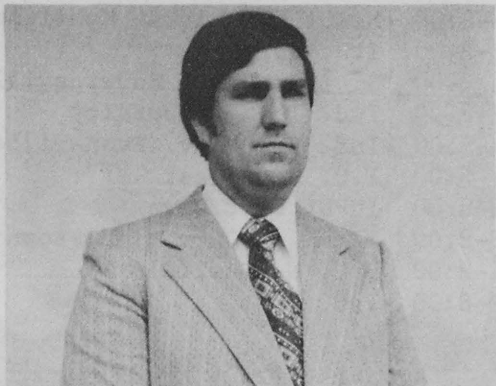

In addition to the intramurals, the sports clubs have been popular with karate, wrestling, volleyball, and gymnastics. A new soccer club was formed this year.

The program is not without its problems. Indoor activities are extremely limited due to lack of facilities. A new proposed School of Physical Education and Student Activity Building is anxiously awaited so that the school might continue to serve the needs and the interest of all IUPUI students.

Each year the intramural program gets larger and more involved, thanks to Mr. Kellum and Mr. Vessely the increase has not been a generator of confusion. All students are looking forward to the day when we will have our new building...then we can offer something for everyone.

Mr. Kellum and Mr. Vessely spend a good portion of their time and talents administering this program. Without their continuous efforts there would not be an activity program for IUPUI students.

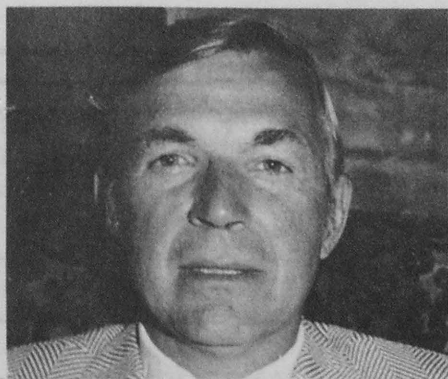

New Faculty

Jeffery Stephen Vessely

Some of our alumni may know our newest addition to the faculty of the School of Physical Education. Jeff is a 1973 graduate of our school, and before coming to us as a part of our faculty, he was Director of Health & Physical Education at the Jewish Community Center of Indianapolis. In addition to his teaching duties, Jeff is serving as assistant director of intramurals and officiating football and basketball in the Indianapolis area. Jeff and his lovely wife Susan, have four children, Tracy, Leslie, Sara and Thomas. He is active in PHI EPSILON KAPPA, IHSAA and the Indiana Officials Association. All of us at the school wish to extend our welcome to Jeff, for he is surely needed.

Walter Lienert Honored

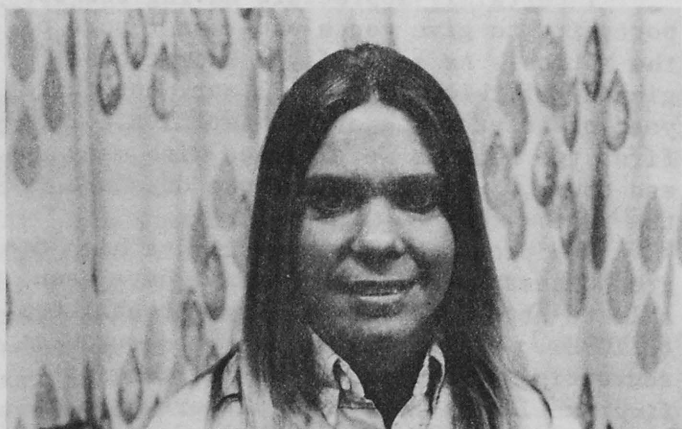

Walter Lienert was inducted last June into the Citizens Savings Gymnastics Hall of Fame. The induction ceremonies took place at Southern Illinois University. Walt was one of six men and four women who were so honored.

Walt was a member of the U.S. Olympic gymnastics coaching staff for the 1956 Olympics. Two of his women gymnasts have been on the Olympic Team and one qualified two more times for this honor. A number of other gymnasts under his guidance have received national honors and scholarships to various universities.

Walt and his lovely wife Mary, own a beautiful children's camp and offer special sessions for children during the summer months. The camp is located on the northwest side of Indianapolis in a quiet suburban area.

P.E. Representative Chosen

Congratulations are extended to Julie Evans who was elected to represent the School of Physical Education on the IUPUI Student Association. During the spring of 1974 the students ratified a Constitution for the Student Association of the IUPUI School of Physical Education. Student activities are made possible by a volunteer student fee of \$2.00 per semester.

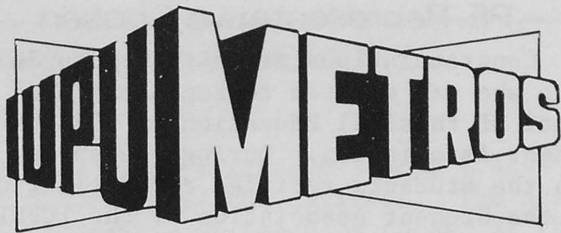

Badminton Champ Honored

BEA MASSMAN, who entered the Normal College in 1930, and retired after teaching thirty-five years in the Buffalo Schools was inducted this year into the State Lifetime Sports Association Hall of Fame at the State HPER Convention. Bea is presently U.S. Women's Senior Division Doubles Champion with Ethel Marshall, also of Buffalo. Bea is the editor of the national magazine "Badminton, U.S.A."

In a way Bea is not really retired, she is busily engaged coaching tennis teams, adult badminton classes, and other activities.

Marjorie Young Inducted

MARJORIE YOUNG is the second woman to be honored and inducted into the Ft. Wayne Gymnastics Hall of Fame. She has an excellent background of experience in physical education. She taught in the elementary, junior high, and senior high schools in Indianapolis. Marjorie was also an instructor and supervisor in the Indianapolis Park and Recreation Department. She served as a health educator with the State Board of Health prior to moving to Ft. Wayne. She continued to teach in junior and senior high schools in Ft. Wayne and is presently sponsoring intramural gymnastics.

Dear Alumni:

I certainly appreciate having the opportunity to give you a progress report on the Metros. As some of you know the beginning of this season will mark our third year of intercollegiate competition. The first two seasons were filled with many ups and downs, but I believe those days are in the past.

Our program has now reached a high degree of respectability since we have been able to attract some fine student athletes to IUPUI. The past year has been our best recruiting year with the recruitment of five excellent basketball players, two of whom have enrolled in our School of Physical Education. We also have enough good returning lettermen to give our team a strong base of support for the current season. Our 1974-75 schedule will be more demanding than the past two with the addition of Ashland College, Western Illinois University, Purdue Calumet University and Indiana Tech.

My major concern at the time is the program of future development. In order for any collegiate program to advance it must receive financial support from the alumni. In 1972 we organized the Metro Booster Club. The major purpose of this club is to allow interested persons to give a minimal \$25.00 donation to our athletic scholarship fund. I can say at this time that your response in this area was great. My goal for this season is to expand the present 50 memberships to 100 members for the 1974-75 season. I hope I can rely on your help this season. Thank you so much for your help.

George I. Dickison
Basketball Coach

Mr. Dickison served as part-time coach when the team was first formed in '71-'72. Before coming to IUPUI George was department chairman at Crispus Attucks High School in Indianapolis, and taught at Marion Col-

lege. He has worked in supervision with the Indianapolis Parks Department.

STUDENT SPOTLIGHT

Judy Ramsey and Tracy Mitchell

Each year the faculty of the School of Physical Education has the difficult task of selecting the recipients for the Stecher Award and the Carl B. Sputh Memorial Scholarship. The Stecher Award is given annually to a graduating senior who has excelled in scholarship; skill accomplishments; and who possess personality; character; professional attitudes; leadership; and who has been a service to the profession. Miss Kathryn Amwake was selected to be the 1974 recipient of the William H. Stecher Award. Kem, as she is known by her friends and classmates is from West Falls, New York, and is a second generation alumni. Her mother, Elfrieda Wandrey preceded her in the class of 1942. Kem is now a resident of Indianapolis and is teaching at the high school and coaching gymnastics in Plainfield, Indiana.

The Carl B. Sputh Memorial Scholarship is presented yearly to junior level students who have completed one year of academic work at the School of Physical Education, and who are enrolled in a full time academic program. Selection is made on the basis of scholarship, financial need, professional promise and character. The 1974 Sputh Scholarship was presented to Miss Beverly Brogan, Miss Clara Caito, Miss Tracy Mitchell and Miss Judy Ramsey. Tracy and Beverly are second generation. Tracy's father Gene, deceased and her mother Loraine Colston Mitchell were in the class of 1947. Beverly's father, Jack attended the Normal College with the class of '39. Last Spring, two of the Sputh recipients were selected for membership in Sigma Pi Alpha, an honorary academic society for men and women of IUPUI. Tracy Mitchell serves as president of the organization while Judy Ramsey is the Vice President. The girls were selected on the basis of academic excellence. All of the faculty and staff of the School of Physical Education are very proud that two of our students were honored and wish to extend our congratulations.

The School of Physical Education decided to present an award for the year 1974 entitled the Faculty Award. This award will not be given annually, but whenever a student of outstanding qualities graduates from the School of Physical Education. The recipient is selected on the basis of scholarship, character, service, and professional promise. The first Faculty Award was presented to David Weimer, a graduating senior. Dave is presently teaching physical education at the Ewing-Lane Elementary in Jeffersonville, Indiana.

PHI EPSILON KAPPA NEWS

The fraternity, this spring designated the Alpha chapter, began the new school year by sponsoring a slow pitch softball tournament for Indianapolis teams. The annual school picnic co-sponsored by the fraternity and sorority, Delta Psi Kappa, was held in early September and proved to be quite a success. On October 12th, the fraternity and the IUPUI athletic department sponsored a basketball clinic for Indiana coaches. The clinic held in the new Market Square Arena in Indianapolis hosted approximately 100 basketball coaches from throughout the state. Guest speakers included David Craig, athletic trainer for the Indiana Pacers and Bobby Leonard the coach of the Pacers. Representing the high school coaches Steve Coffmann and Don Lostutter, coaches at Beech Grove and Arlington High School respectively, spoke on the defensive game. Arad McCutchan of Evansville University and Dean Grove, the physician for the Indiana Pacers were also guest speakers. Future events planned include installation of new members, canned food drive for a needy family in the Indianapolis area, and a basketball tournament. It appears the members of PHI EPSILON KAPPA will be very busy during the 1974-75 school year.

DELTA PSI KAPPA REPORTS

New officers were elected for the 1974 school year, Beth Mascari will serve as the President; Vice-President Cindy Williams; Secretary Judy Ramsey; and Treasurer Clara Caito; Chaplain Carol Mount, and Sergeant-at-Arms Elaine Elliott.

Activities planned for the coming year include a Square Dance, Roller Skating, 50's Dance and a Michigan Ski Trip.

One project, which was a success last year, will be repeated this year on a larger scale. The Easter Orchids will be available again, as well as a Christmas flower of some type.

Delta Psi Kappa is certainly looking forward to a busy and prosperous year. The Psi Kapps hope each member will find something beneficial and worthwhile from contact with others.

HENRY & LOLA LOHSE and RUDY & MARG SCHREIBER had a wonderful four week trip visiting many countries throughout Europe in the Schrieber's V.W. bus that Rudy had purchased prior to the trip but was taking delivery in Germany. They had a grand reunion with some folks in Ireland who were the guests of the Lohses a few years ago. The high cost of food is rather contagious as the Lohses and Schreibers experienced. When you pay \$1.50 for a cup of coffee you can imagine what the other items on the menu cost. All-in-all they had a glorious time and enjoyed every mile of the 3,000 they covered. At present, Rudy is patiently waiting word to pickup his bus in Toledo, Ohio.
