To encourage more on-campus departments to hire student employees,
this year there will be no charge for on-campus employers attending SEEF.
So if you want to hire 1 student or 50, please complete the registration form on the link below.

The Student Employment and Experience Fair (SEEF) offers your department/division the opportunity to meet face-to-face to discuss your current job openings with our students looking for part-time employment. SEEF is promoted and marketed to all incoming freshman and current IUPUI students.

At IUPUI 80% of our 30,000 students work while attending school. Usually over 1,500 students attend SEEF. Remember, students bring employers a wealth of new skills and ideas that will assist you in achieving your organizational goals and objectives. Students also provide an excellent pool of future employees, they are already right here on-campus, provide a flexible source of labor, and keep us in touch with our mission at IUPUI - students. Students working on-campus are more likely to be engaged in the overall thrust of the University so they are more likely to stay and graduate.

Online Employer Registration:
