

ARTICULATION AGREEMENT
between
INDIANA UNIVERSITY PURDUE UNIVERSITY INDIANAPOLIS
and
IVY TECH COMMUNITY COLLEGE-CENTRAL INDIANA
for the following programs:
DESIGN TECHNOLOGY (Interior Design Option) (A.S.)
to
INTERIOR DESIGN TECHNOLOGY (B.S.)

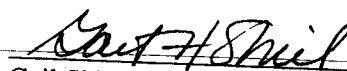

The purpose of this Articulation Agreement is to provide a framework for students at Ivy Tech Community College-Central Indiana (ITCC) to continue their formal education. These students have indicated that Indiana University Purdue Indianapolis (IUPUI) is their selection for continuing their education in order to complete the requirements of the baccalaureate degree program.

To ensure a smooth transition to the baccalaureate degree program at IUPUI, the faculty of both institutions has developed the attached listing of course equivalences approved for transfer beginning with the Fall Semester 2005-2006. The course listing consists of an identification of each course in the Ivy Tech Community College-Central Indiana **Design Technology (A.S.)**, Associate of Science degree program and exactly how that course will appear on the student's official IUPUI transcript on completion of the transfer. To ensure consistence and accuracy, the document must be periodically received by representatives from both institutions to communicate and update information regarding curriculum and textbooks. A grade of "C" or above must be earned in a course in order to obtain credit toward the baccalaureate degree.

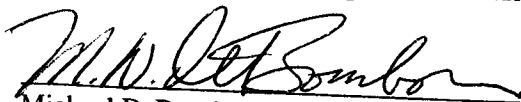

Any course taken prior to Fall 2005-2006 or any course taken at an institution other than ITCC-Central Indiana, will be evaluated by faculty from IUPUI in order to determine the transferability of the course work. Students not completing their Associate of Science degree program at ITCC-Central Indiana may be required to repeat some courses at IUPUI. This Articulation Agreement, including any modifications, may be reviewed by either institution upon request. All parties to this agreement understand its purpose is to maximize opportunities for individual students, they also recognize that limits may be placed on courses accepted under provisions of this agreement should the student subsequently decide to change to another program other than that covered by this agreement.

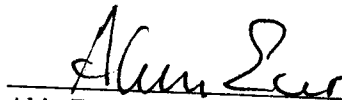

Thomas Trusty, Asst. Professor
Program Chair, Design Technology
Ivy Tech Community College-Central Indiana

Gail Shiel, Program Chair (coordinator)
Interior Design Technology
Purdue School of Engineering and Technology, IUPUI

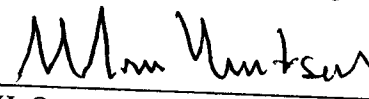

Michael DeBourbon, Division Chair
Technology, Business, Arts & Design Division
Ivy Tech Community College-Central Indiana

Akin Ecer, Chair
Department of Construction Technology
Purdue School of Engineering and Technology, IUPUI

Dr. Kathleen Lee, Dean of Academic Affairs
Ivy Tech Community College-Central Indiana

H. Oner Yurtseven, Dean
Purdue School of Engineering and Technology, IUPUI

June 13, 2005
