MAY, 1958

Sorry!
No Vacancy!

CAMP
BROSIOUS

HOMEcoming AT CAMP BROSIUS

It is a great pleasure to announce that our plans for Homecoming at Camp Brosius have been so well received by the Alumni. It is impossible for us to accept any more reservations for the camp except with the understanding that such reservations will be placed on a waiting list. In the event that any reservations are cancelled, those on the waiting list will be notified immediately in the order in which they were received in this office.

Mr. Heighway, manager of the Hotel, will be unable to accept any more reservations for us at this time. It may be that when the time arrives he may have some rooms, but it is impossible for him to assure that space now. We are sorry that cabins and dining space are limited so it will be necessary to use a waiting list for reservations. Any of our alums who still desire to attend may of course find accommodations in the vicinity of Camp Brosius and may take part in our activities. They will be very welcome.

It has been a pleasure for this Editor to correspond with some of our Alums who have not attended the regular Homecomings at Thanksgiving time. The many kind messages received have been greatly appreciated.

REMEMBER

First meal served will be lunch on Friday, August 12.

Last meal served will be breakfast on Monday, August 15.

Don't forget to bring your linen, blanket and pillow.

Don't forget to bring some pictures of your class at camp.

Don't forget the changeable Wisconsin weather. Prepare for any kind--- hot, cold, wet or dry!

Don't forget to bring some ideas. The program will be planned after you arrive.

Deadline for cancellation with refund is July 1st.

Thank you for your wonderful response.

SEE YOU IN CAMP BROSIUS!

VISITORS TO THE COLLEGE

It was a great pleasure to welcome Laura Elder Corson as a visitor to the College on April 15. Mrs. Corson could not say enough in praise of the training she had received here and did not consider her visit complete until she had made a complete tour of the school. It had been many years since she had last been in the building and yet she had a fund of vivid memories to recount, some of which were hilarious. Laura is the same as when she was in school, just as pretty, just as vivacious and just as gracious as she always was.

Mr. and Mrs. Edwin Hoppe stopped at the College for the express purpose of registering for Homecoming in Camp Brosius. The Hoppes, residents of Milwaukee, were returning from Florida at the time of their visit. Mr. Hoppe, former Director of Physical Education in the Milwaukee schools, is now retired but is far from inactive! Mrs. Hoppe is the daughter of Otto Greubel, our oldest alum who makes his home in Bradenton, Florida.

Karl and Margie Klein with son, Keith, and daughter, Karen, visited in Indianapolis this past winter. They were driving through on their way from Texas to Buffalo. Our only regret was that they were too pressed for time to stay long enough. Come back again, you Texans!

REPORT FROM THE FRESHMAN CLASS

As the second semester draws to a close, our thoughts turn to a month of fun at Camp Brosius. Judging from sophomores this camp on Lake Elkhart is quite a place. They are all anxious to get there.

On May 4, Honor Day was held in Bloomington. Ten students of Normal College attended the ceremonies and received certificates for scholastic achievement. Mrs. Hester and Mr. Martin took the others on an outing which consisted of a picnic and tennis at Riverside and a trip to Holliday Park. Both groups had a wonderful time.

Spring Demonstration is only a week away. The demonstration will be a new experience for all of us. It has kept us busy but we are enjoying every minute of it.

It is hard to realize that the year is almost over and we will soon be sophomores (we hope).

We would like to thank the sophomores for the help they have given us during the past year. We will be sorry to see them leave but wish them best of luck.

Hope to see all of you at Spring Demonstration.

Marilyn Murphy

REPORT FROM THE SOPHOMORE CLASS

The recent annual gym meet which was organized and sponsored by the sophomore class proved to be quite successful as the weeks of practice and of compiling exercises ended with the Cream team coming out on top by one point. Our thanks to Mr. Walter Lienert and Mr. John Lennox who acted as judges.

It seems that just yesterday we were welcoming the seniors back, but as all good things must end, we were forced to bid them adieu as with shaken knees, they broke into their practice teaching. However, all reports since have shown that the shaky knees are quite stabilized and all seniors are doing excellent jobs. We wish them the best of everything and are glad that they could have been with us even if for such a short time.

Another bit of news includes a trip to Purdue University by several of the girls, chaperoned by Mrs. Hester and Mrs. Lohse, where the girls demonstrated activities which could be done without expensive equipment to a class of physical education major and minors.

Several of the students participated in the circus portion of the Hoedown which was held at the I.U. Medical Center. Phyllis Minnich had charge of selecting the participants and did a fine job in all respects. Marjorie Black and Jody Gassert added to the Normal College bit as, with full clown costume, they injected a bit of humor into the show. Moz was delighted to present C.L.H. and L.L.L. with helium filled balloons.

Our days at NCAGU are numbered as Camp Time is approaching for soon we will all be rushing up to Camp Brosius to cut the 15 acres of grass that await us. Consequently, this will be the last report from the present sophomore class made up of Marjorie Black, Sue Anderson, Joanne Gassert, Sophie Lessing Robert Reen, Joseph Singer and David Mather. In closing, we would like to extend our sincere gratitude to the faculty. Needless to say, our days at Normal College will always linger in our memories and our appreciations will no doubt continue to increase with time. Here's to a large class for next year.

Sophie Lessing

OUR STUDENTS ON CAMPUS

It has been fine to see how our students have entered into many of the activities on campus. Ed Straub took part in the famous "Little 500", the bicycle race, as a member of the Dodds House team. They placed 8th in a field of 33. Betty Lou Roth was a participant in "Flashes and Splashes", a water ballet, which was a lovely production. Betty Lou was in charge of the costuming. Betty Lou and Terry Laba have joined the Dance Workshop and took part in the Dance Convocation. Dick Heeschen Ed Straub and Elmer Gates have been very active on the gym team. Ed is also a member of the "Gargoyles", a team now tied for first place in softball intramurals. He has also played basketball and football intramurals. In addition to these special activities, we hear that the students are enjoying the usual campus activities.

Ralph Hasch, now a senior doing his practice teaching, was honored by being named as a member of the All American Soccer Team.

BEST WISHES TO THE NEWLYWEDS

Albert J. Isler, an alum, was married to Lois Frances Symms on April 16 in Cincinnati.

Lt. Marcy Roberts was married on April 16 to Lt. Col. Joseph Bayne.

Patricia Quackenbush was married on May 15 to R.E. Whitaker.

ENGAGED

Shirley Diehl became engaged to John Beck, a teacher at Argo High School in Chicago. They plan a summer wedding.

CONGRATULATIONS TO THE NEW PARENTS

Gene and Natalie Campbell on the birth of their son, Craig Lee, born on March 12.

Barbara Andrews Thrasher and her husband on the birth of their son, Michael on March 4.

Bob and Barbara Sartor Owen on the birth of their son, Gregory Allan on April 7.

Kiki and Ed Fedosky on the birth of their son, Edward Wayne, on Feb. 20.

IN SYMPATHY

We are sorry to report that Corinne Hofmeister died of pneumonia on Christmas Eve following an illness in the hospital. Our deepest sympathy is extended to the family and friends.

William S. Jacobsen of Clinton, Iowa died on April 10. Mr. Jacobsen had been very active in local civic, business and political life for many years. He had served in the United States House of Representatives for three terms, and had served on the House Naval Affairs Committee during the Roosevelt administration. He remained in Washington as Senate liaison administrator for the War Assets Administration. Our deepest sympathy is extended to family and friends.

We are sorry to announce the death of May Paddock Beckert on July 31 at Athens, Ohio. Our deepest sympathy is extended to family and friends.

We are sorry to announce the death of Debra Ann Cross, 2½ year old daughter of Mr. and Mrs. George Cross of Missoula, Montana. Our deepest sympathy is extended to the family.

AT THE MIDWEST CONVENTION

The following Normal College Alums were seen at the Midwest Convention in Columbus, Ohio. Clarence Abrams, Robert Colwell, Sallybelle Dodds, George Farkas, Bob Goeke, Harry Grabner, Johanne Guenter, Marie Hanss, Clara Hester, Nelson Lehston, Lola Lohse, Arch McCartney, Rudie Memmel, Henry Montoye, Lou and Mutzi Roth, Rudy Schreiber, Bill Streit and Catherine Wolf.

AT SPRING MILL

At the Indiana Association meeting at Spring Mill state park the following Alums were seen. George Farkas, Caryl Gaines, Harry Grabner, Clara Hester, Mary Ellen Lehr, Henry and Lola Lohse, Katherine Wolf and Gladys Weinsheimer.

EBERHARDT REPRESENTS THE AMERICAN TURNERS

The Alumni will be interested to know that the Trustees of the Jahn Fund of the American Turners have arranged to sponsor an annual lecture on Health, Physical Education and Recreation to be given at Indiana University. The series of lectures was opened by our own alumnus, Walter Eberhardt, Director of Physical Education of St. Louis University, who gave the first talk on the Influence of the Turners on American Democratic Society. The lecture covered such topics as history, principles and contributions of the Turners. Wally did a superior job. His paper was interesting, his delivery excellent. He injected the usual Eberhardt humor and held his audience throughout the entire talk. The audience went away with a clear cut picture of the impact of the Turners on America. It certainly was a fine beginning and we can say that the Turners and the Jahn Fund Trustees can be proud to have started such a worthwhile project.

A printed copy of this speech will be available to educational institutions upon request. Dr. Marjorie Phillips, School of Health, Physical Education and Recreation of Indiana University is Chairman of the Jahn Fund Lecture Committee.

BRADFORD WOODS

Indiana University has again been honored. The American Camping Association has accepted the generous offer of the University to establish its national headquarters at Bradford Woods. This area, a few miles north of Martinsville, has been established as an outdoor education center operated by the School of Health, Physical Education and Recreation. It is a wooded area of about 2300 acres, devoted entirely to camping and other related activities.

Several other sites were considered, but because of the excellent location and the unusual opportunities offered, the Camping Association decided in favor of the I.U. offer. Reynold Carlson, Associate Professor in the Recreation Department was instrumental in the development of the area and through his efforts the Camping Association will come to Indiana.

The Indiana Section of the American Camping Association also makes good use of Bradford Woods. Their spring leadership training institute was held there the week-end of May 13-15. Most of the staff of Camp Brosius Children's Camp was there. Many types of camp craft were shown. Those attending experienced a variety of activities from whittling to building a lean-to. It was a most enjoyable and profitable week-end.

NORMAL COLLEGE - INDIANA UNIVERSITY

After all these years I still find that many of our Alumni and Turners are confused about our relationship to Indiana University.

In 1941 we became an integral part of Indiana University. When the School of Health, Physical Education and Recreation was organized, we became one of the seven departments of that school. Dr. Patty is our Dean and we operate in the same manner as the other six divisions of the HPER School. We have a regular budget and our faculty members have the same status and privileges as other University faculty members. We are on tenure, we are included in the retirement and insurance plans of the University.

Our students are considered resident students and are entitled to all privileges the University offers. We are proud to be a part of an old and established university which offers the school--the faculty, students and alumni security and status.

Clara L. Hester

GEORGE HEESCHEN REPORTS FROM CLEVELAND

Paul Fiening is preparing for his summer camp duties at the Oakwood Day Camp where he is second in charge.

Jean Wagner Daniels--a student for only several months--now has two children as a baby brother for her first child was born in March. Both she and Albina Macyauskas Walsh are active in the local AAU Gym Committee.

Dick Heesch is again on the honor roll and his mother, Lucille Luetje Heesch, plans to drive to Bloomington for Honor Day, May 4th. Lucille and George will compete at the Milwaukee National Turn Fest, while Dick works at Andy Voissard's camp this summer. Jerry Heesch was awarded a Chemistry Fellowship at Illinois University so he can continue his Doctorate.

George also reports that Harry Warnken of Detroit is recovering quite well from his tragic experience last December.

RUDY SCHREIBER REPORTS

Louis Montgomery was honored at the ICAAAA track meet at Madison Square Garden on Feb. 26 when he was named Coach of the year and was presented with a Bullova stop watch. Lou is track coach at Cornell.

Nick Collis is teaching Chemistry and Physics in a high school at Syracuse.

Charlie Sutton is still a member of his local school board. His team recently won the Junior High Foul Shooting contest in Syracuse, defeating Cliff Sollinger's team which has held the title for many years.

ESTHER HEIDEN REPORTS FROM MILWAUKEE

Three cheers to Henry Schiget for producing a most outstanding gymnastic exhibition entitled "Broadway to Hollywood." From the beginning to the very last number, this two and a half hour show held the interest and attention of the vast audience. In my opinion, it is shows like this which will make the Turner Movement grow by leaps and bounds. Like all good shows, this exhibition showed evidence of a great deal of planning, there was continuity, variety and order, all of which sent the audience home feeling that they would like to see more.

It must be gratifying to the Milwaukee Turners to see their children's classes grow as they have, for we in Milwaukee have so many activities offered by our Social Centers which are free of charge which definitely give both the Turners and Dance Studios a bit of competition. Except for a few boys and men's numbers, the entire show was costumed, so you see it really was, "Broadway to Hollywood."

WALLY EBERHARDT REPORTS FROM ST. LOUIS

The St. Louis Alumni Chapter of Phi E.K. recently held a Founders' Day Banquet. Al Weiss was chairman and ably assisted by Bob Marx and Chauncey Linhart. The usual operation program was substituted with all Germudlichkiet. This proved very successful and all present had a most enjoyable time.

Marie Hanss, Assistant Director of Physical Education of the public schools in St. Louis, has been a busy person in the past year. Marie has been responsible for the organization of a high school teachers inter-school activities program; the purpose of which is to encourage physical education activities on a city wide basis. The first dance program conducted on March 17 at the new Hadley gym was very successful. Nine schools were represented and all forms of the dance were presented by the visiting schools. The annual play day May 14th is also part of Marie's work. This event annually involves 12 high schools with 300 to 400 participants.

Louis Kittlaus, Jr., Director of Physical Education for the St. Louis Public Schools, is preparing a physical education demonstration for the Fall Missouri State Teachers Convention which will be held in St. Louis. Louie is also getting his feet wet with preparations for the Central Health Physical Education and Recreation Convention to be held in St. Louis in 1957.

ROSIE BRESSLER REPORTS FROM CHICAGO

Jackie Horney Niernberger, husband Hal and daughter, Adrienne stopped over for a visit with the Bresslers.

Rosie has returned to teaching and is assigned to Lake View High School in Chicago.

The Bresslers will be among those present at Homecoming in Wisconsin. This will be Rosie's 5th reunion and a good time in Camp is anticipated.

RUDIE MEMMEL REPORTS FROM CINCINNATI

Ray Wirth has been teaching entirely in the field of health education in the Cincinnati Public Schools during the past year. Just recently some photographs of a unit in his health program appeared on the front page of his school's newspaper. These pictures told the story of a health unit for boys including home nursing and handling bedridden patients.

The annual banquet of the Cincinnati School Masters Bowling League was held on Saturday, April 16. Approximately 180 men bowl in this league. The department of physical education is well represented and a goodly number of these bowlers are Normal College alumni, including the following who are charter members of the bowling league: Harry Struck, Carl Cornelius, Carl Schulmeyer, W.K. Streit and Clarence Abrams.

CORKY RUEDLINGER REPORTS FROM INDIANAPOLIS

Doris and Roy Aberson have reason to be very proud of their daughter, Toni, who recently won a \$4,000 scholarship to Western University. Congratulations!

Henry and Betty Bernard Montoye recently visited here with their 3 children.

Sally Zimlich has made the Honor Society and will enter Hanover in the fall.

ELIZABETH RUPERT REPORTS FROM SYRACUSE

WE RECOMMEND FOR YOUR CONSIDERATION

Bill Kittlaus is still carrying on as principal of Bellevue School. He and his wife have reason to be proud of their two children. Nancy is a student at Albany State Teachers College, majoring in Science and minoring in health, and has made the Dean's list. David, a student at Bellevue is a budding scientist. At a recent science exhibit he had an incubator exhibit of 50 chicks and did work on the research and development of chicks.

Litz and Gebby Gebhardt are busy getting their garden and yard ready for spring and summer. Gebby reported that the Phi E.K.s were having a Founder's Day dinner April 23rd.

Marie Clark, Marie Hanss and Vera Ulbricht are planning on being at Camp Brosius. They are looking forward to sharing a cabin together and having lots of fun.

Mrs. William Roache (Betty Byrne) has a new baby boy, born in March.

Mrs. Hugh McDougald (Cora Baldauf) is still teaching at North High. Her son, Hugh, is in the upper half of his class at Pebble Hill School.

Mrs. John Moran (Sis Carroll) and Cliff Sollinger put on an exhibition of Square Dances, Tumbling and Exercises for the Principals and Supervisors Meeting and were asked to give a repeat performance at Veteran's Hospital.

Mrs. Dwight Stowell (Marian Notley) will again operate her Shawnee Day Camp for the summer. She had an interesting TV show on the Physical Education Series.

Mrs. Robert Hettler (Dotty Van Aller) put on a modern dance and a social dancing show on TV. Both were excellent.

Harold Quinlan is President of N.Y. State Turners. He reports that the Syracuse Turn Hall building which will replace the one which burned will be done in May.

Al Maley recently was married to Loretta Hoffman of Syracuse. His daughter Margaret will be married in June. Another daughter, Catherine is a nurse at St. Joseph's Hospital, Syracuse.

Betty Madden will visit Chicago this summer and the Ruperts will be at Lake Ontario.

Mrs. George Babson (Lorraine Smith) had a baby boy last July.

"Basic Physiology of Exercise" by Ferd John Lipovetz, Burgess Publishing Co., Minneapolis, 1954, 170 pp., \$5.00. This text is divided into 2 sections: A. The Phenomenon of Muscular Action, Control and Movement, B. Exercise in Physical Education and Athletics. There are many illustrations and tabulations to make the text more meaningful. Designed for college courses in Physiology of Exercise at both the undergraduate and graduate level, for Schools of Physical Therapy and for Physical Education Directors and Athletic Coaches and Health workers, this book presents a wealth of material in easily understood form. It would make an excellent text and would certainly be a fine reference book for most physical educators.

NOTE TO HIGH SCHOOL TEACHERS!

Now is the time to speak to any good potential teachers of physical education. Remember, let's get some teachers in training so they will be available when the big boom of students arrives in the high schools. You are going to need help or carry twice the load you are managing now!

BASKETBALL TEAM NOW COMPLETE!

Congratulations to Dr. and Mrs. W.W. Patty upon the completion of the 5 man grandson basketball team. Robert and Chris Patty just presented them with the 5th member of the future All Stars.

IT'S A SMALL WORLD

Martha Washburn Whipple called the office after reading the last Bulletin to report a coincidence. She had gone swimming on New Year's day at the Fort Lauderdale beach as it had been reported that Edna Hurst had done. From Indiana to Florida to Oregon and home again had been Martha's itinerary within a month's time.

SEE YOU AT HOMECOMING IN CAMP BROSIUS!
