BONE MARROW TRANSPLANT HELPS YOUNG BRIDE

Lisa K. (Heare) Filips, 19, who had to delay her honeymoon for medical treatment, was released last week from our bone marrow transplant center at the Medical Center following four weeks of successful recovery from the transplantation process to treat acute myelocytic leukemia (AML). She will stay in the Ronald McDonald House on campus for two or three weeks where her progress can be assessed frequently by her physicians. Her primary physician is Dr. Jan Jansen (pronounced "Yon Yonsen"), associate professor of medicine and pediatrics and director of the bone marrow transplant center--the first in the state that was established last January. Lisa was diagnosed as having AML last May, received standard treatment, after which the disease went into remission. She was admitted to the transplantation unit at Riley Hospital on Jan. 16, soon after her wedding. She began the transplant process on Jan. 25 using bone marrow from her 17-year-old sister, a matched donor. Dr. Jansen said, "Mrs. Filips still has a ways to go. Though we are very optimistic, we will not be able to say that she is cured of her leukemia until it has been in complete remission for one year."-PP

IUPUI/SPEA HOSTING HUGE NATIONAL CONFERENCE

Given Indy's success in attracting a wide variety of conventions and conferences dealing with the ever-changing domestic and international political landscape, it will probably come as no surprise to find that IU, IUPUI and more specifically, the School of Public and Environmental Affairs, is sponsoring the National Conference for the American Society for Public Administrators (ASPA), March 23-27 at the convention center. John Hunger, associate dean in SPEA and president of ASPA in Indiana, and a host of other folks are planning for speakers and panel members who are in the forefront of budget-making, reshaping foreign policy and other important areas of our time. Senator Lugar, Jill Ruckelshaus, Tom Bell and Congressional Budget Office Director Rudolph Penner are but a few of the luminaries who will participate. For more details and a preliminary schedule of events, call Beverly Abraham at SPEA, Ext. 2107.

EVENT-PACKED DAY SET FOR WOMAN'S CONFERENCE

"From a Women's Point of View," a special perspective on life and health, is the title of a woman's conference March 9 that will feature Georgia Witkin-Lanoil, Ph.D., professor in the Psychiatry Dept. of Mt. Sinai Medical College and member of the editorial board of the Journal of Preventive Psychiatry. The conference opens in the Convention Center at 8 a.m. with exhibits by many community health and service organizations. Carolyn Mutz, educational psychologist and wife of the lieutenant governor, gives a welcome at 9 a.m. with the keynote at 9:15 a.m. From 10:45 a.m.-1:30 p.m. participants can choose from six presentations in two separate sessions. Topics include PMS, women and sexuality, single life, fertility, nutrition, menopause and today's woman and women's roles in relationships. Fee is \$10. Co-sponsors are the IUPUI Continuing Education Center for Women, Community Health Services Foundation and Community Hospital of Indianapolis. For registration or more information call Pat Boer, Ext. 4784.

TWO BOAZ PERFORMANCE MEETINGS SET

The committee appointed by Dean Howard G. Schaller to analyze the performance of Acting Dean for Student Affairs Patricia Boaz will hold open meetings for gathering information and to discuss student affairs. Under consideration is a recommendation that Boaz be appointed Dean for Student Affairs for the period of July 1, 1985 through June 30, 1987. The meetings are in the University Library on March 4, 4-6 p.m., Room 318 and March 5, 10 a.m.-noon, Room 131. Written comments can be sent to Barbara Fischler, chairman of the committee, at the library.

NEWS 'N' NOTES FROM HERE 'N' THERE

Martha Moves On--Martha Watson, Budget Office, is retiring after 10 years service. Before she travels to "someplace warm" and resumes painting, a reception in her honor is Feb. 28, 3-5 p.m., Administration Building conference room. Budget welcomes all.

Two Genetics Seminars--Medical Genetics Seminars are Feb. 26 at 4 p.m. with Ann Bogle, graduate student presenting "Alcoholism in Women: Is There Evidence of a Genetic Component?," and on Feb. 27 at noon with Dr. Caleb Finch, U. of Southern California, Andrus Gerontology Center, speaking on "Genetics and Gerontology." Both are in the Riley Research Conference Room 138.

Physiology/Biophysics Seminar--Dr. Patrick Bankston, associate professor of anatomy, IU-NW, speaks on "Functional Mechanism in Developing Capillaries from a Morphological Viewpoint" on Feb. 27, 4 p.m., MS 205.

Religion And The End--In the series "Perspectives on Nuclear Warfare" is Terry Hall, editor of Catholicism in Crisis, speaking on "Visions of the World's End as They Appear in the Literature of the Major Religions" on Feb. 28, 5:30 p.m., Lecture Hall 101.

Rehab Research Seminar--Gloria Hamilton, Ph.D. candidate, Dept. of Psychology, IUPUI-Columbus, speaks on "Maternal Language and Child Language Development in Down's Syndrome and Language Delayed Children" on March 1, noon-1 p.m., Psychology Conference Room.

Classroom Communications--Annual Learning Resources Committee Symposium, "Communication in the Classroom," is March 1, 8:30 a.m.-3:30 p.m. For locations, call Ext. 7442.

Physics Seminar--B. Thomas Smith, associate section manager, Optical Applications and Systems, Battelle Memorial Institute, speaks on "Fiber Optic Sensors" on March 6, KB 127. Refreshments, 3:15 p.m., KB 118.

Biology Seminar--Dr. Ellen Ketterson, Dept. of Biology, IU-B, presents "Regulation of Distance Migrated in the Dark Eyed Junco," on March 1, noon, KB 357.

Women's Pro Tennis--Spring can't be far away. The Virginia Slims of Indianapolis women's professional tennis tourney is March 4-10. Call the Racquet Club, 849-2531.

Microbiology/Immunology Seminar--John Black, M.D., assistant professor of medicine, Division of Infectious Diseases, IUMC, presents "Common Antigens in the Pathogenesis of Neisserial Infections" on Feb. 28, 4 p.m., MS 205. All welcome.

Get Your Tickets--Tickets for the three-day NAIA Swimming and Diving Championships can be had by phone, charge or in-person. Events are Feb. 27-March 2. Call Ext. 7364.

Better Letters--Faculty and staff can take advantage of a Writing Center workshop, "Composing Business Letters," on March 4, 1:30-2:30 p.m., CA 427. Call Ext. 2049.

The training of team captains this week kicked off the IUPUI Campus Campaign. Volunteers from all over the campus will be talking with colleagues and encouraging them to support the campaign and give, if possible, a five-year commitment to the upcoming Campaign for Indiana.

POSITION AVAILABLE

The Student-Employee Health Service is accepting applications for the position of University Physician (MD00). This is a non-tenured classification. Service to students and employees at IUPUI will be the primary responsibility. Preference given to Board Certified Family physicians. Send resume to Dr. A. Alan Fischer, director, S.E.H.S., 299C Long.

DENTISTS PRACTICE 'OUTDOOR' DENTISTRY IN KENYA

Dr. Charles E. Hutton, professor and chairman of the Oral and Maxillofacial Surgery at the School of Dentistry, and other dentists recently returned from a month in Kenya, East Africa, where they carried instruments and medication to patients in primitive villages in a 1,500-mile trek. The team was part of a larger group arranged through DePauw University to assist the Institute of Cultural Affairs in its African missions. Working outdoors to take advantage of the sun for lighting, dentists in the team saw as many as 350 patients a day. The last two days were spent treating patients in the Nairobi ghetto where 80,000 people live in two square miles. Kenya has approximately 20 million people and fewer than 300 dentists. The first venture of its kind, the success it brought will help further missions and possibly set the stage for an East African Dental Congress to be held in 1986 as a cooperative effort between IU and the Kenyan Dental Association.

SLIGHTLY FEWER STUDENTS ENROLL FOR SPRING

While it could be that they knew what a rotten winter this would be, it is more likely that the reason that 167 fewer students enrolled this semester than a year ago is that the economy is better and more are working and that we are a victim of statistics that show there are fewer college-age students. Officially, we enrolled 22,432 students for second semester compared to 22,599. That is only a drop for IUPUI of .7 per cent. Systemwide, the total decline was 1.3 percent. IU now has 75,270 students. We also showed a drop in credit hours. The 2 per cent drop now has faculty teaching 206,471 hours compared to 210,704. Following are enrollment figures for all campuses:

<u>Campus</u>	<u>Second Sem. 1983-84</u>	<u>Second Sem. 1984-85</u>	<u>Change</u>	<u>Percent Change</u>
Bloomington	31,011	30,890	- 121	- 0.4
IUPUI	22,599	22,432	- 167	- 0.7
East	1,325	1,313	- 12	- 0.9
Fort Wayne	4,551	4,552	+ 1	0.0
Kokomo	2,627	2,404	- 223	- 8.5
Northwest	4,721	4,455	- 266	- 5.6
South Bend	5,178	5,002	- 176	- 3.4
Southeast	4,244	4,222	- 22	- 0.5
TOTAL	76,256	75,270	- 986	- 1.3

Note: Fort Wayne, Kokomo and South Bend include IU students only.

NEED VOLUNTEERS FOR HIGH BLOOD PRESSURE DRUG STUDY

The Hypertension Research Center, IUMC, needs people 50 years old or older who have diastolic blood pressures (the bottom number) of 95 mmHG or greater, and who would be interested in trying a new drug for the treatment of high blood pressure. The study lasts four months and compares the effectiveness of a diuretic against a new calcium channel blocker. People who meet the criteria must be willing and able to be off all high blood pressure medication for one month. Free blood pressure medication, lab work, EKG, chest X-rays and close individualized blood pressure follow-up provided. For more information, call Drug Study Info, Ext. 8153.

March is National Social Work Month, and in celebration the Social Work Dept. is sponsoring an openhouse on March 7, 2-4 p.m. in Riley Hospital, Room 369. (Medical Social Work, a branch of the discipline, is celebrating its 80th anniversary.) All are welcome to the openhouse.

MORE NEWS 'N' NOTES

Womens's History Week--A four-day celebration of the contributions of women entitled, "Remembering Our Foremothers," is March 4-7, hosted by the Women's Studies Program. Events include noontime talks Monday through Thursday, films on Wednesday and Thursday afternoon and evening and the details of an essay contest. A noontime sampling of ethnic foods is set for Thursday (March 7), 11 a.m.-1 p.m. in CA 438. For more details call Prof. Anne Donchin, program coordinator, Ext. 7611.

Geology Colloquium--Max T. Henschen, Dept. of Geology, presents "Stained Mussel Shells from the Upper Mississippi River: Pearls of Wisdom About Pollution" on Feb. 25, CA 435, 4-5 p.m. All welcome.

Chemistry Seminar--Dr. Marye Anne Fox, Chemistry Dept., U. of Texas at Austin, presents "Selective Organic Photoelectrochemistry" on Feb. 27, 4:30 p.m., KB 231.

Great Decisions '85--Dr. Benjamin E. Haddox, head, Dept. of Sociology, Butler U., presents "Revolutionary Cuba: Toward Accommodation or Conflict?" on March 5, 7:30 p.m., International Center of Indianapolis. Call Prof. Fedor, Ext. 8877.

Biochemistry Seminar--Dr. Merrill Ritter, director, and Marge Albohm, associate director, International Institute of Sports Sciences and Medicine, present "Drugs and Athletes" on Feb. 25, 4 p.m., MS 326. Refreshments, 3:30 p.m., MS 409.

Multi-Media Art Contest--Any artist whose work can be reproduced on a postcard format can enter Arts Insight Postcard Series V Contest--deadline is March 8. Entry forms and rules available at 47 S. Pennsylvania, Indianapolis, 46204.

Physiology/Biophysics Seminar--Dr. James W. Edmondson, professor of medicine, on "Regulation of Taurocholate Uptake by Isolated Hepatocytes," IUMC at 4 p.m. on Wednesday, March 6, MS 205.

Big 10 Men's Swimming/Diving Championships--Defending champion I.U. will challenge strong swimming and diving teams from the University of Michigan and the University of Iowa for the Big 10 title. (Olympic Silver Medalist Bruce Kimball from Michigan will dive.) Natatorium, March 7-9, preliminaries at 12:30 p.m. and finals at 7:30 p.m.
