## IUPUI--IMPORTANT, PROFESSIONAL, PLEASING

Last August we told you about four task forces that were at work preparing data to help us see where we've been, where we are and where we need to go. Gerald R. Bepko, dean of the School of Law, was chairman of the Community Subcommittee and he wants to share some results with you. From the 202 questionnaires returned by leaders in business, labor, the professions, industry, neighborhood associations, civic and social organizations, people report they are pleased with us as a university and with our place in the community. They checked off answers like "professional," "essential," "clean," "convenient," and "practical." They think we are good, but can get better--but can't say exactly in what areas we need improving. More than half of those responding to the questions said they'd send their sons and daughters here, and that teaching, more than research or community service, is our most important mission and the thing they think we do best. Community leaders apparently want us to have better working relationships with business and industry, but that overall our progress in the past 15 years has been "outstanding" and "better than average."

**FLORIDA FRUIT TIME** Kappa Kappa Sigma, service sorority on campus, is again taking orders for Florida Indian River grapefruit and navel oranges. Prices are lower this year for both small (20 pounds) and large (40 pound) boxes. Grapefruit are \$7 for 20 lbs. and \$13 for 40 lbs. Oranges are \$10 for 20 lbs. and \$18 for 40 lbs. Orders are due by Nov. 15 and can be made by sending your check to the sorority at 7775 Melbourne Road, Indianapolis, IN 46268. Deliveries will be made to the above address Dec. 5-7, 9 a.m.-6 p.m. Delivery to campus will be made if there are more than five orders from the same building on campus. For more, call 872-8229 or 291-1432.

## TAKE CARE OF THOSE TELEPHONE CREDIT CARDS

John Williams, Telecommunication Services, wants to remind us that "faculty and staff members who have an IUPUI, AT&T Calling Card are responsible for the safety and security of the card." He explains: All calls made on the card will be the responsibility of the department listed when the card was issued. If the card is lost or the number has been "compromised," the Telecommunications Services Business Office must be notified in writing immediately so that card can be revoked. Until the notice is received, the department will be responsible for all calls made on the card--no exceptions. Cases of credit card abuse will be turned over to the telephone company toll investigation unit, but departments are apprised that cases of complete recovery of wholesale misuse of credit cards in cases where they have been stolen are rare....

**EDITOR'S NOTE:** The Green Sheet is now back to a regular mailing schedule following two weeks of total computer glitch. If you want to be added to or deleted from the mailing list or if you have items for the Green Sheet, they must be written (typed, if possible) and mailed to the office, AO 139. The News Bureau thanks everyone for their patience and also thanks Printing Facilities and List Management Services for their help in getting the Green Sheet out.

NEWS 'N' NOTES FROM HERE 'N' THERE

Lofty Month--It's the month to focus on creative children and adults--like the brothers Montgolfier who about 200 years ago filled a paper bag with smoke and hot air and freed us forever from gravity and prompted National Aviation Month.

Transportation Moving--Transportation Services, which handles vehicle rentals, jump starts and other services on campus, has moved from Physical Plant to 1701 W. 15th St.--near Bush Stadium. They should be settled in and ready to roll by Nov. 4. The phone number is still Ext. 8688.

Grammar Polishing--Everyone is invited to the Writing Center workshop "Grammar Controls Even Kings" on Nov. 11, 2:30-3:30 p.m., CA 427, where a panel of experts will answer the questions you're supposed to bring with you.

Biochemistry Special--Dr. Cord-Michael Becker, Center for Molecular Biology, U. of Heidelberg, West Germany, presents "Purification and Characterization of Glycine Receptor from Spinal Cord" on Nov. 8, 4 p.m., MS 321. Coffee/tea at 3:30 p.m., MS 409.

Physiology/Biophysics--Dr. James Hyde, postdoctoral fellow, Dept. of Physiology and Biophysics, I.U., presents "Unilateral Cerebral Drug Administration: Pharmacological and Neurochemical Studies of Cerebral Lateralization in the Rat" on Nov. 6, 4 p.m., MS 205.

Female View--Barbara Jackson, associate professor of anthropology and adjunct associate professor of women's studies, presents "Feminist Perspective in Anthropology" on Nov. 6, 4-5 p.m., CA 438, sponsored by Women's Studies Program. All welcome.

Need One More--Carpool with Bloomington beginnings wants another driver/rider to and from Med. Center. Leave 7 a.m., return 6 p.m.. Call Cheryl, Ext. 3486.

Faculty Forum--Sue Bishop, Ph.D., and Elizabeth Choi, Ph.D., School of Nursing, present "Orientation to Wife, Mother & Husband: Roles in Korean College Students" on Nov. 13, noon, CA 537. Brown bag lunch OK.

Physics--Sid Ochs, Dept. of Physiology and Biophysics, I.U., presents "The Form of Mammalian Nerve with Respect to Function" on Nov. 6, 3:30 p.m., KB 125. Refreshments at 3:10, KB 118.

Register Now--Vicki Hogancamp, Nursing Services, is taking registration fees for a "Patient Care Research Colloquium" scheduled for Nov. 26, 8 a.m.-4:30 p.m. in the School of Nursing. Call Ext. 3519.

Biophysics--Dr. W. Armstrong presents "Mechanisms of cAMP-Induced Secretion in Epithelia" on Nov. 8, noon, MS 205.

Morgan from Magnovox--"Artificial Intelligence in Support of Productive Management" is the subject of the next industrial update seminar to be presented Nov. 5 at 1 p.m. in KB 257 by Michael L. Morgan, Magnovox Electronic System Co.

Chemistry--Jeff Skolnick, Washington U., presents "Theory of the Helix-Coil Transition in Two-Chain Coiled Coils: A Globular Protein Model," 4:30 p.m., KB 231. Refreshments at 4 p.m.

Essential Cinema--Alain Resnais' film, "Hiroshima, Mon Amour" will be shown in the Herron Auditorium on Nov. 6 at 9 p.m. and Nov. 7 at 8 p.m. No charge; not recommended for children.

Still Circling--City Center lectures continue with Edmund J. Byrne, chairman, Dept. of Philosophy, presenting "Jobs on the Line: Should Machines Take Over?" on Nov. 6 at noon.

## BOOK SALE JUST IN TIME FOR HOLIDAY GIVING

Hundreds of books in categories of cooking, art, gardening, crafts, children's fare and many more are offered in the annual Campus Bookstores sale that begins Nov. 4 at Cavanaugh Hall, the Union and the Krannert Building. Sale ends Nov. 22.

\*\*\*

**ROAD REBATES** The good ol' IRS has changed mileage rates to 21 cents a mile, and beginning Oct. 1, rates change for the university. Reimbursement is 21¢ for the first 700 miles; 12¢ for the next 2,300 miles, and 7¢ for more than 3,000 miles--all with one official passenger. For two official passengers the rate is 21¢--regardless of mileage.

Remember, says the Travel Center, to return your Diners Club credit card application--you'll need it after Dec. 1, when there will no longer be any Travel Advances.

## MORE NEWS 'N' NOTES

Balloon Ride For Two--The Geography Club is sponsoring a fund raiser that can net you a ride for two in a hot air balloon. Donations are \$1 for the chance to go aloft. Contact the Geography office, Mon.-Fri., 9 a.m.-4 p.m., CA 213. Winner will be determined Nov. 14 during Casino Nite in Ball Residence.

Goal Setting--The next Management in Action Seminar Series offered by the School of Business is "Management Excellence Through Goal Setting," Nov. 14-15, Business/SPEA. For fees and more info, call IUB, 335-0229.

Alice Still Looking--Listener's Theatre presents "Through The Looking Glass," Nov. 8-9, 8 p.m., Mary Cable Building. Call Ext. 4519.

Economics--David Altig, Business Economics, IUB, presents "Permanent Income in General Equilibrium: An Empirical Test" on Nov. 7, 1 p.m., CA 438.

Fun Friday--Non-members pay only a \$1 for Friday Night at the IMA. Two special exhibits, food, jazz and more on Nov. 8, 5-8 p.m.. For more, call the Indianapolis Museum of Art, 923-1331.

Med Women--The Faculty Women's Club, School of Medicine, is sponsoring "An Evening in the French Quarter--and All That Jazz" on Nov. 9, featuring a Cajun/French dinner at the Ritz Charles and Tom Mullinix and the Naptown Strutters. For reservations, call Janet Siakotos, 291-4408.

Meet the Authors--The 10th annual IU Press holiday book sale is Nov. 12-14 in the Georgian Room, IMU. For appearing authors, time and more info, call IUB, 335-4203.

Biochemistry Seminar--Peter J. Roach, professor of biochemistry, School of Medicine, presents "Liver and Muscle Isozymes of Glycogen Synthase" on Nov. 4, 4 p.m., MS 321; coffee/tea at 3:30 p.m.

So What's The Use--Your United Way Campaign pledge card is somewhere on your desk, waiting to be filled out. Your pledge will be used to help feed senior citizens, help low birth weight babies, and to help in many other ways....

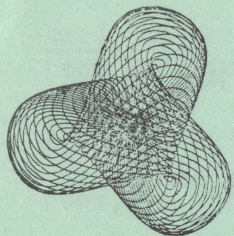

## ICH OFFERS \$8,000 SUMMER FELLOWSHIPS

The Indiana Committee for the Humanities is soliciting applications for its 1986 Summer Fellowships that provide \$4,000 for two consecutive months of full-time scholarly research to develop materials in the disciplines of the humanities that can be communicated to the general public. Deadline for the receipt of applications and reference letter is Jan. 6. Materials are available from Ann Kratz, Research and Sponsored Programs, Ext. 8285.

## CONCERT TO CELEBRATE/BENEFIT OUR THINK TANK

The Hudson Institute, the public policy research folks who joined us a year ago, is having "A Celebration" concert on Nov. 15 at 7 p.m. in the Circle Theatre. Charles Dutoit, conductor of the Montreal Symphony, will collaborate with his friend and colleague, Grammy-award winning cellist, Yo-Yo Ma, to conduct the Indianapolis Symphony Orchestra in international music featuring an all-Dvorak program. Tickets are \$40 (includes champagne reception) and \$250 (includes post-concert reception and a gourmet dinner in the Columbia Club ballroom). Proceeds will benefit Hudson's Independent Research Program, which involves issues that are frequently unpopular, controversial and even overlooked, but which have long-term importance to the nation and the world. Research areas include national security, the economy, education and employment, and future studies. Tickets are available from Shaun Howard at the Institute in the Union Building or at the ISO box office.

## JOHNSTON COLLOQUIUM SPEAKER TO FOCUS ON FOURTH DIMENSION

George K. Francis, professor of math, University of Illinois, is the keynote speaker for the annual Ernest R. Johnston Colloquium, Nov. 8, sponsored by the Dept. of Mathematical Sciences, School of Science. He will speak on "Shadows from the Fourth Dimension" at 11 a.m. (students welcome) and again at 4 p.m. on "Mathematical Graphics in Transition: Freehand and Computer." Both talks are in KB 321 and will include movies and slides of

projections of four-dimensional objects: The hypercube, the Veronese surface and others. Related micro-computer-based instructional software will be displayed in KB 60 from 1-3 p.m. Throughout the week, Nov. 4-8, other seminars, colloquia and meetings will be held. For a schedule of speakers, call 923-1321.

\*\*\*

**HEAR YE! HEAR YE!** Operations to implant two new multi-channel cochlear implant devices were performed two weeks ago by physicians at our medical center. A cochlear implant device is an electrical stimulator that, when implanted, enables profoundly deaf persons to hear sounds. The new multi-channel cochlear implant device has been shown to enhance a deaf person's ability to hear not only sound, but to understand speech.... Dr. Richard T. Miyamoto, associate professor of otolaryngology and the Arilla DeVault Distinguished Investigator, is director of the program, which is now one of the world's most complete programs of cochlear implant devices. The two patients receiving the implants are now receiving training and follow-up care and some time early next year a progress report will be made.-PP
