6 Summer and Fall Registration and Schedule Adjustment

To Register at IUPUI, Follow These Steps

- 1. Be admitted.**

If you plan to enroll in credit courses at IUPUI, you must be admitted to the University before you may register. For more information see the admissions section of this schedule.

- 2. See your academic advisor or division.**

Meet with your academic advisor and obtain a list of recommended and alternate courses. Each student must assume responsibility for ensuring that he/she knows the academic requirements for the degree that is being pursued.

- 3. Course authorization.**

Sections requiring authorization (marked "AUTH") must be approved by the department/school offering the course before you register.

- 4. Register or waitlist your courses.**

You will register according to an assigned appointment. Appointment information for Priority Registration appears below.

March 25 – April 4

Priority Registration: By Appointment (Computer or Telephone)

All students enrolled during the previous Spring semester are scheduled to register during this priority period. You will be notified by mail of your exact appointment date and time. If you have not received your appointment notification or you are a returning student and wish to obtain an appointment during this priority period, call 274-1512 on or after March 17, 2003. If you are eligible to register, but missed your priority appointment or did not have an appointment to register, you may register by telephone or computer without an appointment during Open Registration. If you did not attend the Spring 2003 semester and did not receive a priority appointment, you may need to call the Office of the Registrar at 274-1512 to be sure your record is updated for the Summer and Fall 2003 semesters.

The Importance of Your PIN

Use of the touch-tone and computer systems will require you to enter your student ID number and your personal identification number (PIN). This number is initially set to your birth month and day (May 4 is entered as 0504, for example) when you are first admitted to the University. When you first enter the student record system, whether by phone or computer, you will be required to change this to a new four-digit PIN. Choose something you'll remember as you'll need to use the new PIN to register in the future, check your grades on touch-tone, use the Financial Aid FAST system, or any other system which allows you access to your personal record. You have one PIN in the Indiana University student record system. If you have used a PIN at another IU campus, use the same number at IUPUI.

May 22 – June 3

To Add

To add any section/course you must obtain the signature of your academic advisor and the section instructor on the Schedule Adjustment form. Bring the completed form to the Office of the Registrar during regular office hours.

To Drop

Obtain a Schedule Adjustment form from your school or division for each section you want to drop. These forms must be signed by your academic advisor. Bring the completed Schedule Adjustment forms to the Office of the Registrar during regular office hours. Course fees are refundable by the Office of the Bursar on the following scale:

Dates	% Refunded

Bring the signed form to the Office of the Registrar, CA 133, during regular office hours.

June 11 – June 25

Requests for withdrawal after June 10 require the signature of the instructor, advisor and the student's dean. These are considered only in extraordinary situations which are beyond the student's control and rarely are granted. **Poor performance in a course is not considered grounds for a late withdrawal.** No withdrawal forms will be processed in the Office of the Registrar after the last day of classes. Any requests for a late withdrawal after the last day of classes must go through the grade appeal process (consult your school or the Office of the Registrar).

A note of caution: If you alter your original schedule, whether by personal incentive or by University directive, you must do so officially by the procedures outlined above. If you do not assume this responsibility, you jeopardize your record by possibly incurring an "F" in a course improperly dropped and/or by not receiving credit for a course improperly added.

Drop/Add and Waitlist Requests by Touch-tone Telephone

No appointment is necessary to Drop/Add by touch-tone telephone.

- To Drop/Add courses or to add or modify a waitlist request by telephone, follow the instructions for Touch-tone Registration listed in the front of this schedule. The system will evaluate and respond to each section request as you enter it. When you request a section that is closed or cancelled, the system will report that status to you and will also report if there are available on-campus seats in other sections of that course. If there are, you will be asked to indicate whether you will take any on-campus section of the course that will not conflict with your current schedule, or if you want to restrict your selection to those sections that meet at the same time/day as your initial request, or if you will accept the open courses and waitlist the off-campus sections as “‘O’ this section only.” In this case if your waitlist request is satisfied it will be for that specific off-campus location you requested.

The system will log your request, then search for any available on-campus section that meets your restrictions. If the search is successful, the system will report the registered section. If not, the system will create a waitlist request for you (if the course is waitlist eligible) and will ask you whether you want to identify a course to be dropped in the event your waitlist request is satisfied.

- Remember to use the appropriate action code.
 - 1 = To add a section or change sections
 - 2 = To drop a section or waitlist requests
 - 3 = To modify or reinstate an existing request
 - 4 = To change credit hours for existing course or waitlist request
 - 5 = To drop or add time blocks
- You will receive a verbal confirmation of your changes.

Hours for Accessing the Registration System

Monday–Friday 7am–10pm E.S.T.

Saturday 7am–4:30pm

Sunday 10:30am – 4:30pm

All transactions by phone or computer for the current semester end at 6pm on the 100% refund date. **WARNING:** The office is not responsible for system downtimes or system transaction difficulties when the help line is not available. Please do your transactions in a timely manner so if a problem occurs it can be resolved before the deadlines.

Address Change:

It is important that you keep your address current with the Office of the Registrar. Many important documents such as the schedule of classes, schedule confirmation/fee statements, grade reports, etc. are mailed to your address of record. You may change your address on line in the Student Registration System from your home/office computer or any computer on campus. In addition you may change your address through INSITE. You may also report address changes by telephone or in person at the Office of the Registrar.

Registration by Touch-tone Telephone

To register by telephone you must use a touch-tone instrument. Telephones that make no tone or “pulse” telephones will not work.

Do not use a cellular phone, portable phone, multi-line, or a phone with call waiting.

1. Consult with your academic unit.

You should consult with your academic unit prior to your registration to ensure that the courses for which you plan to register will meet specific degree requirements.

2. Obtain all necessary authorizations and clearances.

Prior to your registration appointment be sure to obtain all required section authorizations or course approvals and any checklist clearance if required. Checklist clearance and/or required section authorizations may be done by your academic unit on-line, or may be forwarded to the Office of the Registrar. In either case sufficient time should be allowed for processing prior to your registration appointment time.

3. Complete Touch-tone Worksheet.

You should complete the entire Touch-tone Telephone Registration worksheet before calling the system number. Remember on the worksheet and when entering your course/section requests by telephone you must convert the section number to the all-numeric format described on the worksheet.

4. Call the touch-tone telephone registration number.

(274-4639) at or after your appointment time.

5. Enter your Student ID number and PIN.

To qualify you for registration the system will prompt you to enter your student ID number, in most cases this is your social security number, and your PIN. Your PIN is your personal identification number. This number is initially set to your birth month and day (see worksheet). If you are using the system for the first time, enter your birth month and day as a PIN; the system will prompt you to change to a new number of your choosing before allowing you to continue through the registration system. From this point on, the number you choose will be your new PIN to be used in all applications where a PIN is required.

6. Enter the campus and semester codes (See worksheet).

7. Enter course requests.

After you have entered the correct identification information, such as your student ID number (usually your social security number), your PIN, the campus and semester codes, the system will prompt you to enter your section numbers, not course number. Be sure you have converted your section numbers to the all-numeric format shown on the worksheet. Please listen carefully to the responses from the system and press the appropriate touch-tone keys when prompted. The system will evaluate and respond to each section request as you enter it. When you request a section that is closed or cancelled, the system will report that status to you and will also report if there are available seats in other sections of that course and if the closed section you requested is waitlist eligible. If there are, you will be asked to indicate whether you will take any section of the course that will not conflict with your current schedule, or if you want to restrict your selection to those sections that meet at the same time/day as your initial request, or if you will accept only specific sections.

The system will log your request, then search for an available section that meets your restrictions. If the search is successful the system will report the registered section. If not, the system will create a waitlist request for you (if the course is waitlist eligible) and will ask you whether you want to identify a course to be dropped in the event your waitlist request is satisfied.

When you have completed your course/section selection, press nine (9) followed by the pound (#) sign to complete section requests. You will then be prompted to select optional selections. All you need to do on the optional selections is to select the appropriate number as listed on the worksheet. When this activity is complete, press nine (9) followed by the pound (#) sign.

8. Corequisite Processing: Lecture/Lab/Recitations, etc. by Touch-tone Telephone

Courses that have corequisite parts attached, that is courses where students must take two or more parts, i.e. lecture/lab/recitations combinations, select the sections that is most important to you. The system will automatically register you in the required corequisites that do not have time conflicts with your current schedule or any timeblocks you have selected.

For example, in a course with one lecture and many discussions, add the desired discussion rather than the lecture since the system will automatically register you in the lecture. Or, in a course that offers a choice of lecture with multiple discussions (and/or labs) choose the most desired lecture, lab, or discussion. The system will automatically register you in the remaining corequisites that do not conflict with your current schedule or timeblocks.

After the system reports the registered corequisite sections for the desired course, you will be able to make section changes if you prefer different sections.

9. Make any additional semester registrations.

The touch-tone system is set up to allow multiple semester/session registrations on one phone call. When you have completed registration for one semester/session the system will query you if you desire additional semester/session registrations. There are no other semesters/sessions available during Spring registration. These additional semester/session registrations are available during the Fall or Summer registration periods.

10. Schedule Confirmation/Fee Statement by Mail.

After you have successfully registered by telephone you will receive a Schedule Confirmation/Account Statement by mail. Check the schedule of classes for the exact due date for fee payment. If you have not received your billing at least 10 days prior to the due date you should contact the Office of the Bursar.

It is your responsibility to maintain your current address with the Office of the Registrar so that information regarding registration and fee payment will reach you promptly. Please retain the top part of your confirmation for your records.

11. Help.

If you experience difficulty with the system or require help of any kind you may call the Office of the Registrar touch-tone help line at 274-1508 during the registration process.

12. Payment due dates.

16 Registration by Web

Registration by Web

Registration and drop/add on the Web are available from the date and time of your registration appointment through 6:00 p.m. on the last day of the first week of classes. See the calendar on the front inside cover of this Schedule of Classes for specific dates. The system is available Monday through Friday from 7 a.m. to 10 p.m., Saturday from 7 a.m. to 4:30 p.m., and on Sunday from 10:30 a.m. to 4:30 p.m. Help screens are available throughout the system. If you would like additional help during business hours call the registration help line at (317) 274-1508.

Registration or drop/add after the first week require other procedures outlined in the front portion of this Schedule of Classes.

To use the registration system you will need to enter your student identification number and your personal identification number (PIN).

1. Connect to Registration from the icon on registrar.iupui.edu.
2. After reviewing the text, scroll to the bottom of the page and select "I've read the fine print and I'm ready to register!" If a dialog box appears which asks if a window should be closed, select "OK."
3. Enter your student number and PIN. (If your PIN is still set to the month and date of your birth date, the system will prompt you to select a new four-character PIN).
4. Select the appropriate campus and semester, then select "Register or Adjust Schedule."

5. Select "Add a Course or Waitlist" and then use the course selection screen or the department/course menus to identify each desired course. Select from the available sections of desired courses and enter your choice in the "Select item number" field.

Closed course sections are usually eligible to be waitlisted. Watch for the waitlist option at the bottom of the screen. More information about the waitlist appears elsewhere in this Schedule of Classes.

6. After scheduling all desired course sections, confirm your schedule. You will then have the opportunity to request optional selections, such as parking and use of the recreation facilities.
7. The confirmation process will include a required review of your address and anticipated graduation date information. Update this information as necessary.
8. The final page will include your schedule and your account status. To obtain a list of your books or to see your course schedule in a day and time grid, visit insite.indiana.edu.

Waitlist Instructions Automated Course Exchange

The Automated Course Exchange (ACE) is designed to make registration and schedule adjustment easier to understand, convenient, and fair for all students.

The major change associated with the implementation of ACE is the creation of a waitlist for specific sections of courses that are closed (maximum enrollment has been reached). After a course section is closed, the waitlist becomes active. The first person to activate a waitlist request for that course section is placed at the top of the waitlist. If a seat becomes available in that section, the first person on the waitlist is moved into the section and the next person on the waitlist moves into the position of next in line. Students who have placed waitlist requests are strongly urged to check by telephone or computer to see if waitlist requests have been processed. This is particularly important the closer it is to the start of classes for a given semester.

Waitlist requests are processed through the first three days of classes. Results of ACE reveal that nearly 70% of waitlist requests are satisfied.

WHICH COURSES HAVE WAITLISTS?

Nearly all courses are waitlist eligible. However, courses that require section authorization are not waitlist eligible and authorization must be entered on-line by the department before your authorized registration time.

CAN I ADD A WAITLIST REQUEST AFTER I INITIALLY REGISTER?

Yes. Waitlist requests can be added to your schedule by touch-tone telephone or computer during any open registration period. This can be during your initial registration or as a schedule adjustment. For instructions on adding waitlist requests through the touchtone system, see "Registration By Touchtone Telephone" elsewhere in this schedule.

HOW DO I INVOKE A WAITLIST REQUEST ON THE WEB?

1. Connect to Registration from the icon on registrar.iupui.edu.
2. After reviewing the text, scroll to the bottom of the page and select "I've read the fine print and I'm ready to register!" If a dialog box appears which asks if a window should be closed, select "OK".
3. Enter your student number and PIN.
4. Select the appropriate campus and semester, then select "Register or Adjust Schedule".
5. Select "Add a Course or Waitlist" and then use the course selection screen or the department/course menus to identify each desired course.

6. Select "Request or Modify a Waitlist". Enter the number for your first desired waitlisted section in the "Select item number" field.
7. The waitlist restriction screen will be displayed. Note that the waitlist section chosen is displayed at the top of the screen as the Primary Waitlist Selection. Several options will be provided (see below).
8. Once you have completed the waitlist selection, you will be asked if you wish to take this course in addition to your other courses or if you wish to drop a course. If one is to be dropped, enter that number in the field. If you are adding this waitlist to your other courses (and dropping nothing if the waitlist works), select "No Contingent Drop". If this is your first course selection, the waitlist will appear immediately.
9. After scheduling all desired course sections, confirm your schedule. You will then have the opportunity to request optional selections, such as parking and use of the recreation facilities.
10. The confirmation process will include a required review of your address and anticipated graduation date information. Update this information as necessary.
11. The final page will include your schedule and your account status.
12. Review the rest of this section on how to check on the status of your waitlist request or for other information, including how to select a back-up choice that you would drop if your waitlist comes through.

WHAT ARE MY OPTIONS WHEN WAITLISTING A CLOSED COURSE/SECTION?

You may request a waitlist for:

1. Any section of the course that does not conflict with your current schedule (recommended option).
2. Any section that meets at the same time/day as the requested section. Choosing this restriction will decrease the likelihood of your waitlist request being satisfied.
3. Selected alternate sections that do not conflict with my current schedule. (This option is only displayed if there are alternate sections available.)
4. Only this section - totally restricted request. Choosing this restriction will further decrease the likelihood of your request being satisfied (even for single sections courses; see 1. above.)

Planner** in the
back of this book!

18 Waitlist Instructions

WHAT IF I WANT TO SCHEDULE A COURSE AND HAVE IT DROP IF I GET MY WAITLIST REQUEST?

This is known as a contingent drop. You may identify a course you have already scheduled to be automatically dropped (contingent drop) if the waitlist is satisfied. A waitlist request cannot be used as a contingent drop for another waitlist request.

WHICH OF THE ABOVE OPTIONS IS BEST?

Requesting any section of the course will increase the likelihood of your waitlist request being satisfied. Any restriction will decrease the likelihood of your waitlist request being satisfied.

WILL THE WAITLIST SYSTEM SCHEDULE A CLASS WHEN I HAVE OTHER OBLIGATIONS?

No, a timeblock system is available for students who want to restrict parts of the day or week from waitlist processing.

TIMEBLOCKS

As a component of the waitlist system, a timeblock system will be available for students who want to restrict part(s) of the day or week from waitlist processing. The waitlist matching system will not add course sections to your schedule during those times when you have registered sections or timeblocks.

HOW DO I ENTER A TIMEBLOCK?

When adding timeblocks, enter timeblock "begin time" and "end time" as four digits followed by an am/pm indicator: 1=am, 2=pm.

Enter days of the week using day-codes followed by the pound sign: #. 1=Monday, 2=Tuesday, 3=Wednesday, 4=Thursday, 5=Friday, 6=Saturday, 7=Sunday, 8=Daily (Monday-Friday).

You can enter up to five day-codes on a timeblock, unless you use day-code 8 (daily: Monday-Friday) which is used alone.

Examples:

Monday, Wednesday, Friday	135#
Daily (Monday-Friday)	8#

IS THERE A LIMIT ON HOW MANY SECTION WAITLISTS I CAN REQUEST?

No. However, you may not exceed the maximum hours limit with the combination of registered sections, waitlists requests and contingent drops. In addition, most courses can be waitlisted only once.

HOW CAN I VERIFY THE STATUS OF MY WAITLIST REQUEST?

After a waitlist request has been added to your record, it will appear on your Schedule Confirmation, on the web registration system. It will also be read when using the touch-tone telephone registration and continuous schedule adjustment systems.

You can also check the status of your waitlist request through the "Your Schedule" option of insite.iupui.edu. If a course is still on waitlist, click "More Info" to see your place on the waitlist for all closed sections of the course.

WHEN I USE THE TOUCH-TONE TELEPHONE SYSTEM TO DETERMINE THE STATUS OF MY WAITLIST REQUEST, DO I HAVE TO LISTEN TO MY ENTIRE SCHEDULE ON THE PHONE TO LEARN IF MY WAITLIST REQUESTS HAVE BEEN SATISFIED?

No. After you have entered your student ID number, your PIN and semester code, the system reports to you the date when your schedule was last updated. If you have called to hear your schedule since that date, you can assume that there has been no additional activity.

WHEN WILL THE WAITLIST MATCHING SYSTEM RUN?

The Office of the Registrar will monitor the ACE waitlist summary statistics daily and will run the waitlist matching system periodically as deemed necessary by waitlist activity. Waitlist matching will run daily during open registration and the first three days of the official start of a semester.

WHAT ELSE DO I NEED TO DO TO MAINTAIN A WAITLIST REQUEST?

Nothing. **It is however your responsibility to monitor your schedule for any schedule changes that result from waitlist processing.** You should check on the status of your schedule through the web registration system or through the touch-tone telephone system.

WHERE WILL I RECEIVE COURTESY NOTIFICATIONS OF SCHEDULE CHANGES RESULTING FROM WAITLIST PROCESSING?

Waitlist courtesy notification mailings will be sent to your current address.

HOW LONG WILL MY NAME REMAIN ON THE WAITLIST?

Waitlist requests will remain active until the end of the first three days of the official start of a semester.

ARE THE CREDIT HOURS FROM WAITLIST REQUESTS COUNTED IN DETERMINING OFFICIAL ENROLLMENT STATUS FOR FINANCIAL ASSISTANCE?

No. Official enrollment status is based on the number of credit hours for which you have registered. Waitlist hours are not counted when determining enrollment status.

WHAT ABOUT FEE PAYMENT?

Fees from waitlist registration/schedule adjustments are held to the same fee payment schedule as traditional scheduling (see bursar calendar or Web Page). Any waitlist request satisfied during the Continuing Student Registration is subject to Standard Termination of Enrollment procedures as stated in the Office of the Bursar Information section.

WHAT SHOULD I DO IF I DON'T GET THE WAITLIST CLASS?

After the 3rd day of the official start of a semester, you can go directly to the professor and ask him/her to sign a drop/add form (if they are willing to) and bring to the Office of the Registrar before the end of the 100% refund date. Pick up drop/add form from your academic advisor/school.

The IUCARE system automates degree and program requirements which a student or advisor can then use to produce an IUCARE Academic Progress Report. Students can use this tool in consultation with an advisor for planning course and career options; and on their own to experiment with different programs and courses. For example, students can experiment with the effect that changing their major or taking specific courses will have on their progress in meeting degree requirements. Individual exceptions which a student has had approved by their advisor, such as substituting one course for another course, are dynamically reflected in a student's progress toward meeting requirements and recorded at the end of the report.

IUCARE is intended as an advising tool only. Students should contact their advisor or the Office of Student Services in their school to ensure progress toward meeting degree requirements, with questions about their IUCARE Academic Progress Report or degree requirements, or the availability of a set of degree or program requirements to the system. Students are required to meet formal admission requirements to their academic unit. Students are also required to meet requirements based on placement testing and course pre-requisites.

Students can access this on-line advising system through INSITE at insite.indiana.edu by using a web browser from a computer workstation in the Learning Centers or through dial-up with a modem, communications software, and a web browser. Information about producing and interpreting the advising report is available online at registrar.iupui.edu/iucare.html.

Except for laboratory, clinical, studio, and other activity-based sections, final exams — whether comprehensive or not — are to be given at the appropriately scheduled time during the formal final examination week. Tests or major writing assignments may not be required during the week before the formal final exam week. However, papers, projects, or oral presentations may be due during the last week of class when assigned on the syllabus or announced at the beginning of the semester. Exceptions must be approved in advance by the dean of the particular school involved.

Final examinations are given in all courses except those in which the instructor decides an examination is not necessary.

Final examination conflicts should be resolved with the course instructors.

Classes which meet TR, TWR, MTR, TRF, RF, or TWRF will have examinations at the time set for TR classes.

Classes meeting on MW, MF, MTW, WRF, MTWR, or MTWRF will have examinations at the time set for MWF classes.

Students should consult the final exam schedule early in the semester to discover problems such as more than three exams in one day or insufficient time to cover the distance between successive exams.

The final exam schedule is established to limit potential conflicts in a student's final exam schedule. If an exam is given, it must be held on the day and time published. If the exam time is changed by the instructor, and that change creates conflicts for a student, he/she should first consult with the instructor. If the problem is not resolved he/she should report the change to the instructors department chairperson. If the problem is not resolved at that level, the student should contact the chairpersons dean or director. If the conflict is not resolved at that level the student may contact the Office of the Dean of Faculties. An instructor giving a final examination before the final exam period should be reported in the same way.

Contact the Office of Admissions/IUPUI Enrollment Center if you wish to enroll in an undergraduate degree program, to be a visiting student, or to acquire adult special student status. Please read the sections describing each of these enrollment categories and qualifications and also note who should not use an undergraduate admissions application.

Contact the following offices if:

1. You have a bachelor's degree and you are seeking graduate, temporary, or transient admissions. Contact the IUPUI Graduate School Admissions, Union Bldg., Room 518, 620 Union Dr., Indianapolis, IN 46202-4023 or call 274-4023 for degree programs or 274-1577 for visiting student or adult special student enrollment.
2. If you hold a bachelor's degree (including IUPUI and IU degree holders) and now wish an undergraduate certificate, associate, or another bachelor's degree, you must apply through the Undergraduate Admissions Office.
3. You are not a U.S. citizen or a permanent resident. Contact the Office of International Affairs, IUPUI, Room 207, Union Bldg., 620 Union Dr., Indianapolis, IN 46202-5167 or call 274-7294 for an international application. (U.S. citizens and permanent residents who have not completed at least two years of secondary school and/or all of any post-secondary study in the United States must also complete the international application.)
4. You are a high school or junior high school student in the metropolitan area of Indianapolis and wish to take courses at IUPUI while currently enrolled in school. Contact the Honors Program and request information about the SPAN Program, 274-2660.
5. You previously enrolled at any of the OTHER seven IU campuses as a degree student. Contact the IUPUI Enrollment Center at (317)274-4591 or visit www.iupui.edu/~moveiu. That office will explain the steps to follow. If you attended college elsewhere after leaving IU, make arrangements with Undergraduate Admissions for a credit evaluation of your non-IU work.
6. You previously attended IUPUI as a degree-seeking student. Contact the IUPUI school you wish to enter and request information about returning to IUPUI. If you attended college elsewhere after leaving IUPUI, make arrangements with Undergraduate Admissions for a credit evaluation of your non-IU work.

OBTAINING AN APPLICATION

You may apply on-line or download an application at www.enroll.iupui.edu. Follow all directions carefully.

APPLICATION FEE

You must pay a non-refundable application fee. Your application fee is valid for two years. This fee must be paid even if you applied to another campus of IU or Purdue. Students transferring from another Purdue campus do not need to pay an application fee.

WHEN TO APPLY AS AN UNDERGRADUATE STUDENT

You may apply as early as one year in advance of your proposed enrollment. All required credentials must be received before an application will be reviewed. After all credentials are received allow four weeks for the review process.

Applicants who file an application with all required credentials and who have paid the application fee by the priority date will receive full consideration for the semester requested. If admitted, you will be invited to register at a date earlier than final registration provided you participate in the new student orientation program. Applicants who file an application after the priority date will be considered on a space-available basis and, if admitted, will likely register for classes during final registration. Conditional admission will close without prior notice sometime after the priority date.

We want to help you get off to a good start at IUPUI, and the sooner you apply, the better we will be able to serve you.

Types of Undergraduate Admission, Required Credentials, and Qualifications

The University offers you three categories of undergraduate admission: degree-seeking, visiting, or adult special student. Please read the following for definitions, qualifications, and required credentials.

DEGREE-SEEKING STUDENTS

If you wish to enter an undergraduate certificate, associate, or bachelor's degree program, you will apply as a degree-seeking student, even if you are unsure of which degree program. You will apply as either a beginning or a transfer student.

BEGINNING FRESHMAN

You are a beginning freshman if you have never enrolled anywhere (college, business, or vocational school) after high school graduation. We will examine your high school record including courses completed, grades earned, and standardized test results. The trend in your marks and the degree of difficulty of your courses are also important.

Required Credentials

1. High school seniors and high school graduates: official high school transcript showing work beginning with the ninth grade.
2. GED: General Education Development Equivalency Certificate required if you left high school before graduation. Provide a copy of score results.
3. Official SAT I or ACT test results.

Current high school students are required to take the ACT or SAT I test. Applicants with a GED who are 18 must also take the ACT or SAT I. We must have these results before making an admission decision.

Students who have graduated from high school within the past three years should submit SAT I or ACT scores, if taken while in high school.

Students who have graduated from high school more than three years ago are not required to submit ACT or SAT I scores.

4. All beginning students are required to take IUPUI placement tests following admission. The Office of Undergraduate Admissions will notify students of placement testing requirements and procedures for taking the tests once we receive an application for admission. Delay in taking placement tests may result in cancellation of admission for the desired term of entry.

166 General Admission Information

IUPUI Admission Standards

Beginning Students

High School Graduates Admission Requirements — Regular Admission

- Graduated from High School or will graduate before enrolling at IUPUI.
- Provide the results of your SAT or ACT**.
- Indiana high school graduates are expected to complete Core 40. (Academic Honors diploma highly encouraged).

For students who have completed Core 40 with a C average or higher in all Core 40 courses, SAT scores should be 900 or higher or ACT composite of 19 or higher.

For students who have earned an Academic Honors diploma, the applicant will be considered fully qualified regardless of test scores; however, scores must be provided.

- We recommend that all high school students complete the following:
 - 4 years of English
 - 3 years of Math (including second year Algebra); a fourth year is highly recommended.
 - 3 years of Social Sciences
 - 3 years of lab science
 - 4 years of additional college preparatory courses selected from English, mathematics, social sciences, lab sciences or foreign language.
- ** (Seniors in high school must take one of these tests.) If your class has graduated and a fall semester has passed since you graduated, you do not need to take the SAT or ACT. (however, if you did take the test, we would like to see the results.)
- Returning adult students should note that SAT or ACT scores are not required and although a high school transcript is required, the admissions committee also considers such things as military experience, life experiences, and job responsibilities when reviewing the application.

Conditional Admission

If you do not meet the above criteria, you will be considered for conditional acceptance based on other factors that will indicate your potential for success at IUPUI: overall quality of your high school coursework, work experience, maturity, and military service.

If you have significant deficiencies in either academic preparation or performance, we will defer your acceptance until you complete designated courses at the Community College of Indiana or another two-year college. A deferral contract outlining the courses to complete will be sent to you. Our program with the Community College of Indiana (Ivy Tech State College/Vincennes) at Indianapolis is called **Partners**, and admissions counselors at both schools are prepared to assist you with a program of study leading to transfer to IUPUI.

GED Admission Requirements

Students enrolling at IUPUI who have not attended college after earning a GED are considered beginning freshmen students. The following are the admission requirements:

- Earned the GED with a score of 56 (560) or higher.
- If you are under 19 years of age, you must provide the results of an ACT or SAT I test.

If your GED score is below 56 (560), you will be deferred to the Community College of Indiana. (See above section on conditional admission.)

TRANSFER STUDENT

If you enrolled at any post-secondary school after leaving high school, you are considered a transfer student. We will examine your college transcripts including courses completed and grades earned. Your high school record will be examined for academic units and will play a role if you **Visit enroll.iupui.edu**

have less than sophomore standing or your college work is below our requirements.

The Office of Undergraduate Admissions maintains a website which shows how courses transfer from many institutions. For more information visit: enroll.iupui.edu

Required Credentials

1. Official high school transcript showing all work beginning with ninth grade. (This requirement is waived if you have 25 hours of transferable college work.)
2. GED score results if you left school before graduation.
3. Official SAT I or ACT test results. This requirement will be waived if you have been out of school for one year or if you have 25 hours of transferable college work.

Transfer Admission Standards

General Policy — For regular admissions you must have a cumulative grade point average of 2.0 on a 4.0 scale and be eligible to return to your previous college. *If you do not have a 2.0 or you are not eligible to return to your former school, you must sit out for one regular semester**.* Summer sessions do not count. If you have been dismissed twice, you must be out of school for two full semesters. Please mail a statement with your application explaining what caused the low grades and how you will approach your studies at IUPUI.

** Purdue students are exempt from this policy unless they are on drop status or are required to sit out one semester.

Admission on Probation

If you are below a 2.0 you will be considered for admission on probation provided you have met or are meeting the required time out of school. In some cases students below a 2.0 will be required to file a petition and perhaps schedule an interview. After reviewing your application, the Undergraduate Admissions Office will advise you if you must take these steps. We encourage you to apply three months in advance of your proposed starting date.

VISITING STUDENTS

If you are working on a degree from another institution and wish to take courses at IUPUI, apply as a visiting student. You are responsible for verifying that your home institution will accept the course credits. Your permission to enroll is for one term; however, an admissions counselor can authorize enrollment for additional terms if you are completing your final courses for a degree or if you are in the area on an internship or co-op program. You are not eligible for financial aid as a visiting student. If you wish to enroll in mathematics or English courses, you must either have completed a freshman level (non-remedial) college course or complete the IUPUI placement tests. If the course at IUPUI has prerequisites, you must provide a full transcript to the IUPUI academic adviser who will authorize your registration in the course.

Special note: Students working on degrees at other IU campuses and who wish to register for courses at IUPUI should visit www.iupui.edu/~moveiu or call the IUPUI Office of the Registrar, 274-1512, to schedule a registration time. Foreign students on nonimmigrant visas who wish to attend IUPUI as a visiting student should apply through the Office of International Affairs, Union Bldg., Rm 207, (317) 274-7294.

Required Credentials and Qualifications

1. Must be a current college student (enrolled within the last 12 months). If you have not enrolled within the past 12 months, provide a letter from either the dean or your academic advisor at your home institution stating that you have permission to transfer credits from IUPUI to their degree program.
2. Provide a photocopy of your most recent grade report or transcript.

3. Have a cumulative grade point average of a 2.0 on a 4.0 scale and be eligible to return to your school.
4. For high school seniors who have graduated and wish summer school enrollment before attending another college, provide a copy of the acceptance letter from the other college and a copy of the high school record. You must meet all IUPUI admission requirements for beginning students.

ADULT SPECIAL STUDENTS

If you are sponsored by your employer to enroll in a specific IUPUI course or you wish to take a course for self-enrichment, you may apply as an adult special student. You are strongly encouraged to discuss your plans and previous educational background with an admissions counselor before filing an application. If you have attended college but interrupted your education for three or more years and need additional time to complete your application for a degree program, you may request consideration for temporary student status. Permission to enroll is usually for one term.

You are not eligible for financial aid as an adult special student.

If you wish to enroll in mathematics or English courses, you must either have completed a freshman level (non-remedial) college course or complete the IUPUI placement tests.

Required Credentials and Qualifications

1. You must be 21 or older.
2. If you never attended college, you must be a high school graduate or have a GED and provide a photocopy of your diploma, high school transcript, or GED results.
3. If you previously attended college, you must not have enrolled anywhere for the past three years and provide photocopies of grade reports or a college transcript.
4. If you are being sponsored by an employer and you are not able to obtain the above documents, you may submit a letter of sponsorship from your employer.

ORIENTATION, EVALUATION OF CREDITS, FINAL TRANSCRIPTS

Orientation

After admission, you will receive information about our New Student Orientation (academic advising, orientation, and registration) from the Office of Orientation.

Evaluation of Credits

With your admission letter, you will receive a credit evaluation report for all college work completed, military training and courses, CLEP test results, and the College Board Advanced Placement (AP) exam results.

Final Transcripts

If you are enrolled in high school or college at the time of admission, you must arrange for final transcripts to be sent to the Office of Undergraduate Admission. The final transcript will be reviewed for satisfactory completion of entrance requirements, and a final credit evaluation will be completed.

Graduate Admissions

Degree-Seeking Applicants

Website: www.iupui.edu/~resgrad

IUPUI has a decentralized process for graduate-level admissions. Each degree program has different admission requirements, and the admission process will normally take between three and nine months to complete. A prospective graduate student should discuss the application process and receive academic advising from the IUPUI school or department offering the degree program. General information on most graduate and professional programs is available in the IUPUI Graduate Office, Union Building, Room 518, but it is best to request it directly from the department.

Graduate Non-Degree Admissions

GRADUATE NON-DEGREE PROGRAM APPLICANTS

ELIGIBILITY

Graduate Non-degree classification is for, but not limited to, the following applicants who held at least a bachelor's degree from an accredited college or university:

1. Applicants who are awaiting acceptance to a graduate program and wish to take graduate courses with the guidance and approval of a graduate degree program advisor.
2. Applicants who want to take course for professional or personal development.
3. Applicants who are unsure of what graduate program to which they wish to apply and wish to sample available programs.
4. Applicants who are taking prerequisites required for admission to a graduate or second bachelor's degree program.

Education applicants, who want license renewal, endorsement, or certification for Indiana Teacher's license, should contact the School of Education, ES 3131, (317) 274-6801 for admission. Graduate Non-Degree students may take no more than 12 graduate hours of education coursework prior to admission to a degree program in the School of Education. Web: education.iupui.edu

Your admission to the Graduate Non-Degree Program will not ensure admission to another degree program nor does it guarantee that the courses taken under this admission status will later count toward that degree.

Most degree programs will accept no more than 9-12 credit hours toward their degree of coursework taken in Graduate Non-Degree status. Graduate courses in Law, Medicine, Social Work, Business, Informatics and Library Science are not open to Graduate Non-Degree students. You should always contact the school or department offering the degree program before taking any courses that you may later wish to count toward a degree.

GRADUATE NON-DEGREE POLICIES

- Students must maintain a minimum GPA of at least a 2.5.
- Students may not take more than 18 credit hours in a single subject area. Exceptions may only be granted with written permission from the department.
- Students are not eligible to take medical research courses.
- Returning Graduate Non-Degree students who were admitted after January 1, 1993 but have stopped out for a year or longer will need to complete a GND Update Form obtained from our website. Those admitted to the GND Program prior to that date will need to complete the online application.

Bursar Terminology

ACCOUNT ENCUMBRANCE

The Office of the Bursar is responsible for the collection of any outstanding University financial obligations. All outstanding items must be paid or cleared by the originating department. An encumbered account will be denied certain University services until paid in full. These withheld services include receiving transcripts or diplomas, obtaining short-term loans, validating registrations, and bursar check cashing. Future deferments may be denied if there is a late-payment account history.

GUARANTEED FUNDS

Guaranteed funds are considered cash, money order, cashier's checks, or certified checks. When guaranteed funds are required, personal checks and company or business checks will not be accepted as payment.

IDENTIFICATION (Bursar)

Identification is required for transactions with the Office of the Bursar. Valid ID is any official form of identification with a photo and signature (i.e. current driver's license or student ID card). Additional (Universal Student Photo) ID Card information may be found in the Student Information segment of this schedule.

SCHEDULE CONFIRMATION/ACCOUNT STATEMENT (Billing, Statement or Account Statement)

In addition to confirming the current course schedule, the statement indicates all obligations owed the University and may have the following notations or flags. Make note of these flags and follow all instructions.

1. Contact Student Loan Administration

A notation to contact Student Loan Administration (SLA) means that SLA has encumbered the account. If SLA does not release the account, the enrollment may be terminated even if full payment has been received. Recipients of financial aid will not receive financial aid credits until a clearance has been obtained from the SLA office. For SLA information please telephone 1-800-458-8756.
2. No Checks Accepted

If this notation appears on the statement, payment of fees or other items must be made with guaranteed funds only. Guaranteed funds include cash, cashier's check, certified check or money order. No personal or company checks will be accepted on this account. If a personal check is sent, the check may be returned and the enrollment is subject to termination. For reinstatement of check writing privileges, look in the Appeal Procedures section under Check Cashing Privilege Appeals.

3. Personal Deferment Option Denied

If this notation appears on the statement, the deferred installment option is not authorized. The deferment option is denied for a one-year academic period. All fees must be paid in full by the due date. For reinstatement of personal deferment privileges, look in the Appeal Procedures section under Deferred Installment Plan Appeals.

4. "CR" After Total Due

Do not pay an amount which has a "CR" in the Total Due box. This credit balance indicator may indicate that an excess of funds has been previously applied to the account. A review of the bursar account may generate a refund check, which will be mailed to the address on the Registrar's record. Payments for a "CR" amount may be returned unprocessed.

MULTI-CAMPUS ENROLLMENT

1. Students who enroll on more than one campus of Indiana University must verify that satisfactory financial arrangements have been made by the due date of each campus. Fee payment information varies from campus to campus. Contact the Office of the Bursar at each campus for specific fee payment information.
2. In the case of multi-campus enrollments, bills may be prepared and mailed by either or both campuses for each semester or session. These bills will include charges from all campuses. To maintain IUPUI enrollment, IUPUI charges must be paid or removed by the IUPUI due date.
3. Deferred installment plan (Personal Deferment Option) charges must be verified at each campus.
4. Payments made at IUPUI for other campus' charges, which are due that same day, should be confirmed with an IUPUI Account Representative. The representative will take appropriate action to avoid possible penalties assessed by the other campus.

STUDENT ADDRESS

Addresses on file with the Office of the Registrar are used for all bursar mailings. It is important to keep ALL information up-to-date. Inaccurate or outdated address information may result in the delay or even loss of your important financial materials. Because the campus is responsible for maintaining the security and integrity of the file update, changes may be made on-line through insite.indiana.edu or through one in-person source, the Office of the Registrar, CA 133, 425 University Blvd., Indianapolis, IN 46202-5144.

STUDENT TECHNOLOGY FEE RATES

Student technology fee income is used to fund technology resources that are directly accessible to students, and of which students are the primary beneficiaries. Resources are interpreted to include not only technological equipment, but also personnel to support student use of, and access to, the equipment. Guidelines for the allocation of Student Technology Fee funds by academic units require student participation in the planning process. Technology fees are based on your class standing as determined by your academic unit at the time the fees are assessed. The IUPUI semester technology fee schedules are as follows:

2. Do not place signed traveler's checks in the bursar drop box.

This amount includes 100% of prior-term charges, if any; 100% of campus housing charges, if any; 100% of any optional selections; 40% of credit hour, course related and mandatory fees; and the personal deferment service charge. Denial of subsequent plans may occur when the second or third payment is received after the deferment balance due date.

1. The minimum payment will be calculated and listed on the initial semester billing for the fall or spring semesters. Students who have enrolled on more than one campus should read the Multi-Campus Enrollment section for more details.

A second deferment service charge will be assessed for electing a third installment. The second deferment charge is about half that of the first deferment charge.
4. A payment received that is equal to or greater than the required down payment and less than the total amount due, will be treated as an installment payment. The service charge will be applied to the account.
5. Financial aid credits, fee remissions, sponsor authorizations, etc., may not be used for personal deferment down payments.

Financial Aid Recipient Information

Financial aid recipients are considered those students who have their tuition obligations reduced by other than out-of-pocket means. These include, but are not limited to:

1. Grants: SSACI, Pell, Lilly, etc.
2. Scholarships
3. Monies borrowed from banking institutions
4. Monies borrowed through the University: Perkins, NDSL, Federal Nursing, Health Professional, etc.
5. University fee courtesy for full-time employees
6. University departmental fee remissions.

When you register, all processed financial aid will be indicated on your Schedule Confirmation/Account Statement.

1. Financial aid recipients whose aid is not posted on their statement must verify aid status at the Office of Student Financial Aid Services. A deferment may be requested from that office. See Financial Aid Deferment information below.
2. Any aid or deferment awarded by the Office of Student Financial Aid Services must be confirmed before the due date at the Office of the Bursar.
3. For a revised Account Statement, please see a Bursar Account Representative who can verify that aid has been applied to the account. Students must request a revised bill.

FINANCIAL AID DISBURSEMENT

When financial aid awards are greater than the amount of fees due, refund checks may be generated. Direct Deposit or refund checks are available to eligible recipients starting the first designated day of financial aid disbursement each semester. See the Bursar Calendar for specific semester dates. Federal regulations state that:

1. Title IV grant and loan monies may not be used for non-educational purposes (including but not limited to: parking decals, recreation and locker fees, parking and library fines, etc.) without a signed Student Letter of Authorization on file. The letter is valid for the student's entire career at the institution where it is filed. Those students who are eligible for federal aid will receive mailings detailing and including authorization letters and cancellation policies.
2. Delivery of bank loan monies to educational institutions may begin no sooner than 13 calendar days before the first day of class.
3. Monies can be disbursed by the IUPUI Office of the Bursar to students no sooner than 10 calendar days before the first day of class.

Bank loans and University loans must be paid back, both principal and accrued interest, by the student or parent as defined in the terms related to the loan type.

Any account charges that remain unpaid after all aid has been applied or award(s) canceled become the responsibility of the student.

FINANCIAL AID DEFERMENTS

A Financial Aid or Loan Deferment may be obtained through the Office of Student Financial Aid Services. A deferment is for current semester fees and other current semester charges. The presence of a deferment will preserve the enrollment and allow the payment of fees to be handled by the aid when it arrives.

1. The deferment must be posted before the due date (most deferments are posted automatically when a student qualifies — please check “insite” or your bill details for the deferment entry).
2. To avoid jeopardizing enrollment status or credit history with the University, students must monitor their account to ensure aid is applied. Be sure to see a member of your financial aid team to verify the status of your aid.
3. If you get a financial aid deferment and you do not receive your expected aid, you are still responsible for the outstanding fees due.

Visit www.bursar.iupui.edu

4. If you get a financial aid deferment and subsequently decide you do not wish to attend school, you **MUST** pursue a total withdrawal by notifying the Office of the Registrar. Doing so prior to the close of the 100% refund period will ensure full crediting of your account for assessed instructional and course fees.
5. If a deferment is received, it is expected that the related aid will be processed within a one-month timeframe. Late payment charges may accrue if not processed within the timeframe.
6. While the presence of a deferment on your account will preserve your enrollment, your outstanding fees will automatically be flagged as “past due” if not paid by the due date shown on your bursar bill. Even though “past due” the terms of the deferment are still in force.

SCHOLARSHIP CHECKS PAYABLE TO THE STUDENT

Because the Office of Student Financial Aid Services administers federal, private, state, and University funds, that office must acknowledge all scholarships. If scholarship checks are received from someone other than the IUPUI Office of Student Financial Aid Services, those checks must be presented to that office. Do not use the familiar bursar return envelope, as that will slow the processing of your important financial aid. Contact the Office of Student Financial Aid Services for additional information and instructions.

BANK LOANS

(Stafford and Guaranteed Student Loans [GSL])

By the semester due date and to maintain enrollment status, you must obtain a Loan Deferment, if qualified. Refer to the instructions above for getting financial aid deferments.

If undergraduate students are enrolled in less than six hours for fall or spring semesters or less than 3 hours for the summer sessions, an approval is required from the Office of Student Financial Aid Services prior to processing of a bank loan or loan deferment. Graduate students enrolled in less than four hours for any session must have an hours approval from the Office of Student Financial Aid Services before processing a loan deferment.

The section entitled Financial Aid Disbursement has more information detailing processes and procedures.

UNIVERSITY LOANS

The Office of Student Financial Aid Services awards Perkins Loans, National Direct Student Loans (NDSL), Federal Nursing Loans, Health Professions Loans, or other University loans. Promissory notes are created by Student Loan Administration (SLA) and are forwarded to the Office of the Bursar for audit, student enrollment eligibility verification, and mailing to the borrower. The original loan note and any enclosed documents must be signed by the student and returned to the Office of the Bursar in the envelope provided. When the Office of the Bursar receives the signed promissory note, it is recorded on the student account and the appropriate credit is posted. An unsigned loan note is not a valid credit and may jeopardize your enrollment status. If an expected University loan has not been received, signed, and returned, the student must contact the Office of Student Financial Aid Services to request a financial aid deferment before the due date.

SPONSORED STUDENTS

Sponsored students are those for whom an agency outside the university is paying student fees. This usually is an employer but includes government agencies, Vocational Rehabilitation, Military branches, foreign governments, and others. Sponsored students should present a billing authorization to a Bursar Customer Service Representative before the due date. Mail authorizations at least 5 days prior to due date to: Office of the Bursar, PO Box 6020, Indianapolis, IN 46206-6020. Authorizations can be delivered directly to a Bursar Account Representative or placed in the bursar drop box. A fax may also be used for submitting an authorization by dialing (317) 278-1579.

180 Office of the Bursar

The authorization must, at a minimum, reference the student's name, identification number, and state the amount and type of fees the sponsor intends to pay, ie, course fees, lab fees or other mandatory fees associated with the course such as the technology and activity fee. The authorization must include the effective period for the authorization and be on official letterhead or billing form of the sponsor. A revised account statement will be provided to students presenting authorizations in person.

1. Authorizations maintained in the Office of the Bursar will be applied to the student account. Payment of fees cannot be conditional upon: grades, completion of courses, or employment status. The billing authorization must include a complete mailing address and a telephone number of a contact person. Automatic authorization application changes must be made in writing.
2. Sponsoring agencies are not routinely billed for library charges, returned checks, parking decals or tickets, ID cards, recreation fees, locker fees, late charges, etc. Students may be responsible for these fees.
3. When the sponsored student chooses not to attend IUPUI, enrollment must be terminated by written request to the IUPUI Office of the Registrar. Fee payments not paid by the sponsor per the terms stated on our sponsor billing may become the student's responsibility. If the student has applied for financial aid, it is the student's responsibility to notify the Office of Student Financial Aid Services of any sponsorship for which they may be eligible. Failure to remit payment in a timely manner could result in the Bursar Office not accepting future authorizations from a sponsor.
4. Fee payments not paid by the sponsor within 30 days of the billing date become the student's responsibility.

DEPARTMENTAL FEE REMISSIONS

All IUPUI departments may submit award notifications to the Office of the Bursar for processing. An award from another campus for IUPUI courses must be posted by the IUPUI Office of the Bursar. The student must:

1. Verify the award is on the Account Statement before the due date.
2. Pay any remaining balance after application of the award.
Nonpayment of fees may jeopardize the enrollment.

FEE COURTESY POLICY

The following fringe benefit of fee courtesy will be extended to all full-time (not hourly) Indiana University employees, their spouses, and dependent children.

1. A full-time (100% FTE) employee of Indiana University enrolled for one to three credit hours in a semester or combined summer sessions will be given 100% fee courtesy credit for one to three resident credit hours. A full-time (100% FTE) employee of Indiana University enrolled for an additional one to three credit hours in a semester or combined summer sessions will be given fee courtesy for one-half the resident credit hour rate. Course fees for any courses in addition to the six hour entitlement will be assessed at the full resident credit hour rate. Upon completion of courses, if a grade of C- or less is obtained in the course receiving 100% fee courtesy, 50% of the fee courtesy will be reversed and fees must be paid by the employee. If a grade of "I" (incomplete) is reported, the employee will be billed for and must pay one-half of the fee courtesy benefit. If the grade is later changed to R, S, P, or C or higher, the employee must contact the IUPUI Office of the Bursar to obtain an adjustment.
2. If the employee withdraws after the 100% fee refund period from hours covered by the 100% fee courtesy, the employee will be billed for one-half of the forfeited fees.
3. The spouse of a full-time (100% FTE) employee of Indiana University is entitled to a fee courtesy credit of one-half the resident undergraduate credit hour rate for a maximum of three credit hours per semester or combined summer sessions.

4. The dependent child of a full-time (100% FTE) employee of Indiana University is entitled to a fee courtesy credit of one-half the resident credit hour rate. The credit is applied to all courses taken in a semester provided the student has not already earned a baccalaureate degree.

For fee courtesy information and applications, contact the Office of Student Financial Aid Services on your campus. It is recommended that these applications be completed by the following dates to ensure that the credit will be available for registration.

Summer Session II	March 1

Spring Semester	September 1

Schedule Adjustments

ADDING COURSES

Charges resulting from adding a course will appear on your Schedule Confirmation/Account Statement. These charges must be paid by the due date listed. Failure to make payment or, when eligible, obtain a deferment of fees from the Office of Student Financial Aid Services by the listed due date may jeopardize your enrollment status and your ENTIRE enrollment may be subject to termination.

DROPPING COURSES

To receive credit for a dropped course, the schedule adjustment form must be received in the IUPUI Office of the Registrar for processing. For refund information, refer to Refund Schedule.

1. Verify the correct course has been dropped.
2. Any credits for dropped courses will be applied to the account.
3. Refund amounts are determined by the date the drop activity is processed by the IUPUI Office of the Registrar.

DROP/ADD EVEN EXCHANGES

1. Courses with the same credit hours and course-related assessments may be dropped and added within any given refund period as an even exchange.
2. After the refund period there is no refund credit given for a dropped course, even if the exchange is for equal value. The student will be required to pay in full for any added course, plus the late program change fee.
3. Section changes (changing from one section to another section of the same course with the same number of credit hours) are permitted, throughout the semester, as an even exchange.
4. A late program change fee will be assessed for EACH change.

TERMINATION OF ENROLLMENT

After the semester's first due date and upon completion of payment and deferment processing, a system-generated termination is initiated which may cancel student enrollments and reverse enrollment fee charges. Cancellation of classes and reversing of fees is completed to:

1. Allow reports to be generated and sent to schools and departments, providing them with accurate enrollment statistics.
2. Assist students choosing not to attend classes, but who do not advise the Office of the Registrar of their decision.

This is not a means of withdrawal on the part of the student. If you do not wish to attend your confirmed classes and you wish to preserve your academic record, follow the procedures outlined in the front of this Schedule of Classes or on the IUPUI Registrar's website: registrar.iupui.edu.

VOLUNTARY WITHDRAWAL FROM SCHOOL

1. Please refer to the procedures listed on the Registrar's website at: registrar.iupui.edu or under the registration header in the front of the Schedule of Classes.
2. Do not depend on nonpayment to terminate your enrollment. Prior term credits may have applied to current term charges, which may maintain current enrollment status.
3. If you have a deferment and subsequently decide you do not wish to attend school, you **MUST** pursue a total withdrawal by notifying the Office of the Registrar.

Check and Account Information**REFUND CHECKS**

The Office of the Bursar conducts all of its business directly with the student. Just as monthly charges are listed in the student's name, so is any course withdrawals that might produce a refund. Therefore, refund checks are drawn in the name of the student. Reviews are conducted periodically, resulting in the mailing of refund checks. Refund checks will not be generated on the day a class is dropped. Financial aid recipients may be required to wait an additional length of time for an extra screening by the Office of Student Financial Aid Services. If your refund check is not received within 35 days from the date the drop was made, please contact the Office of the Bursar.

Eligible students are those who have credit on their bursar accounts resulting from:

DELINQUENT ACCOUNTS

IUPUI Charges A Late Fee On Past Due Bursar Accounts.

University policy requires timely payment for all charges owed to Indiana University, including but not limited to, tuition and fees, library and parking fines. Failure to make payments on time will subject you to an additional charge. Any payment due by you to the University that is not received by the due date is subject to a late payment charge of (\$11.50). Timely payment of your account with approved financial aid, personal check (unless restricted), credit card or cash will ensure that you avoid the late fee assessment and keep your account in good standing.

In addition to monthly late fees the University reserves the right to restrict services, terminate enrollments, contract for outside collections, and pursue legal action in the collection of any past due debt.

STOP PAYMENT ON CHECKS

A stop payment order issued through your bank does not constitute official withdrawal. See the section entitled Dropping Courses to withdraw from classes. A service charge will be assessed and is nonrefundable on all stop payment orders. See Returned Checks, below, for service charge information.

RETURNED CHECKS

Upon the return by the bank of any nonnegotiable check, your account will be assessed a nonrefundable service charge. Nonnegotiable checks for fees may cause termination of enrollment in addition to the service charge. The current service charge is \$20.00 per check or 5% of the face value of the check (whichever is greater). The return by the bank of two or more nonnegotiable checks will jeopardize check-cashing privileges and your credit standing with Indiana University.

NONNEGOTIABLE CREDIT CARD

Upon the return by the bank of any nonnegotiable credit card, your account will be assessed a nonrefundable service charge. Nonnegotiable charges for fees may cause termination of enrollment in addition to the service charge. The current service charge is 5% of the value of the charge. Your credit standing with Indiana University may be in jeopardy and monthly late fees may be assessed. Also, refer to the delinquent accounts section.

Bookstores

The IUPUI Bookstores have four convenient locations, three in Indianapolis and one in Columbus. The stores are a non-tax funded, self-supporting auxiliary service, owned and operated by Indiana University and the state of Indiana. We are unique from other bookstores and internet companies serving the IUPUI campus in that revenues generated from our sales are used to fund student projects and activities on the IUPUI campus.

The mission of the IUPUI Bookstores is to serve the academic community by making available books and supplies required for course work. In addition, each store maintains a selection of general books, supplies, imprinted sportswear, gifts, computers, and other merchandise and services which contribute to the overall educational experience offered by IUPUI. After you register, visit insite.indiana.edu for a list of your books — typically available 2 weeks prior to the start of the term. Click on **your schedule**. Then click on **textbooks**.

TEXTBOOKS

You will find books arranged by department and then numerically by course and section. Each text book has a shelf card that lists course, section, instructor, and if it is a “required” textbook. Recommended titles are so stated on the card (in these instances attend the class before you make your purchases.)

Locating your textbook can be made easier by having your class schedule with you. If you can't locate a book you need, don't hesitate to ask the staff for help. Each store has an alphabetical-by-the-author listing of all books being used for the current semester, and a listing of all courses, and the required books for each course. They also have a copy of each faculty request for any book used at their location.

ORDERING TEXTBOOKS ONLINE

The e-commerce solution to ordering your textbooks is here. Simply go to the IUPUI Bookstores' website: bookstore.iupui.edu, click “mail order textbooks,” and provide your course information when prompted. Once you've placed your order, you can track it by visiting the same web location. It's simple and easy, and you don't have to stand in line. Go online instead!

USED BOOKS

The Bookstores make a major effort to provide as many used books for students as possible. Used books are obtained from two major sources:

- Books bought from our own students during Buyback.
- Orders placed with used-book wholesalers throughout the nation.

TEXTBOOK RETURN POLICY

- A receipt is required for all refunds or exchanges.
- Dates for refund periods will be posted in each store and given to each customer at the cash register.
- Return of purchases made by credit cards must be accompanied by:
 1. The credit card.
 2. The cash register receipt.
- Books purchased new must be in resaleable condition to be returned. We are not able to accept returns on new books that have been marked in, have a name written in, are stained, have bent covers, etc.

BUYING USED BOOKS

- Used books are in great demand and should be bought early.
- Used books sell for 25% less than new books.
- If there are used books available for a class, they will be shelved with the new books for that course.

SELLING USED BOOKS/BUY-BACK

- Cash is paid for used books during finals week, during late registration and other announced Buy-back dates. Current Student ID is required to sell books back.
- If a book is required for the upcoming semester, and is on the Buy-back list, the Bookstores may pay half of the current new price.
- If a book is not required reading for the following semester, wholesale prices ranging between 10% and 30% will be offered.

EXCEPTIONS

- We are unable to buy back old editions, trade paperback, work-books, and desk copies.
- The Bookstores are unable to buy used books if there is an overstock of inventory.

OTHER MERCHANDISE

The Bookstores stock a selection of gifts, greeting cards, magazines, candy, sundries, and imprinted sportswear. You'll find school supplies, office supplies, writing instruments, calculators, computers, academically priced software, PDAs and accessories, PDA software, and computer supplies. IUPUI Career Center

The IUPUI Career Center is a key resource for students, particularly exploratory students, who are considering academic majors and career paths. The center's primary purpose is to aid students in developing, evaluating, and effectively implementing a sound career planning strategy. Tools provided to assist in this process include self-assessment inventories, career counseling, workshops, the Student Employment Office and the IUPUI Internship Program. In addition, the Career Center houses JagJobs, the latest web-based technology for posting internships, non-degreed jobs and senior/alumni employment opportunities. The Career Center sponsors several large job fairs throughout the fall and spring semesters, including the Indiana Multicultural Job Fair and the Indiana Collegiate Job Fair.

For additional information about Career Center programs and services, see the web site: www.iupui.edu/~career, or visit the Career Center, Business/SPEA Building, BS 2010, (317) 274-2554.

Computing Support and University Information Technology Services

At IUPUI, information technology plays a vital role in the campus goal of becoming one of the nation's best urban universities. University Information Technology Services (UITS) offers a wide range of tools, services, and resources to students at IUPUI in support of this vision.

Tech support via e-mail, a walk-up window, phone, or the Web.

You're never far from tech support at IUPUI. First, look for answers to your computing questions in the award-winning IU Knowledge Base (kb.iu.edu). If you require further assistance, contact the UITS Support Center by phone at 274-HELP (4357), through e-mail at support@iupui.edu, or by visiting the walk-up location in ES2126. For the UITS Support Center's hours of operation and other information, go to support.iupui.edu.

Computers on campus

The Student Technology Centers (STCs) offer the latest in hardware and software, as well as on-duty Consultants ready to offer help should you have any questions or problems. There's even a 24-hour STC in BS3000, available for your convenience! For a complete list of STC locations and hours, see www.iupui.edu/~stc. If you would like to use a laptop computer on campus, UITS offers wireless access at some campus locations. For more information about using IU's wireless Virtual Private Network Service, see <http://kb.iu.edu/data/akbr.html>

Computing classes and technology training

UITS IT Training and Education offers free computing classes for students that cover a broad range of topics: Access, e-mail basics, Excel, Oncourse, Photoshop, PowerPoint, statistics (SPSS), Web development, and word processing. The classes are held in BS3003 and don't require advanced registration — just bring your student ID. Low-cost classes for faculty, students, and staff are also available. See the IT Training & Education home page at ittraining.iu.edu for a complete list of classes and dates and times. Self-paced technology training is another online resource for students, faculty, and staff. You can learn computer skills — anytime, anywhere — through tutorials on CD or the Web at ittraining.iu.edu/iupui/tutorials.

Incredible software offers

Affordable and up-to-date software for students, faculty, and staff is readily available — thanks to IU's license agreements with companies such as Microsoft, Macromedia, and Symantec. Offerings include operating systems, antivirus programs, and software for word processing, spreadsheets, Web development, and more. IUware, a compilation of must-haves for computing at IUPUI, is available to students on CD at campus bookstores, or through the Web (iuware.iu.edu).

184 Student Information

E-mail, Internet access, other computer accounts, and security

Students get access to the Internet and e-mail, computer accounts for personal Web pages, online file storage space, and more. See itaccounts.iu.edu for information about your current computer accounts, and instructions on setting up new accounts. For the latest information about computer viruses, worms, security patches, and other related issues, turn to the IU Information Technology Security Office (www.itso.iu.edu).

Learning online

Through Oncourse at oncourse.iu.edu, students can access their class schedules, syllabi and grades; turn in assignments; send e-mail; engage in live chats; and participate in discussion forums with other students and instructors. Students also get 200MB of public and private storage space on the Web. Oncourse is accessible from any place that offers an Internet connection.

Confidentiality and Access to Student Records

IUPUI, in compliance with the Family Educational Rights and Privacy Act, provides that with the exception of directory information, all student records are confidential and available only to the student.

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

Access

The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

Right to file a complaint

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by Indiana University to comply with the requirements of FERPA.

Confidentiality and Disclosure

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University may disclose education records without consent to officials of another school in which a student seeks or intends to enroll. Finally, "public information" may be released freely unless the student files the appropriate form requesting that certain public information not be released. This form is available online at registrar.iupui.edu/confiden.html or from the Office of the Registrar.

Public information at IUPUI is limited to:

Name	School or Division
University E-mail Address	Class Standing
Major Field of Study	Degrees and Awards
Dates of Attendance	Activities
Admission or Enrollment Status	Sports and Athletic Information
Campus	

Parental access to student records

Under the Family Educational Rights and Privacy Act, parental access to student records may be granted if the student is under 21 years of age and the parent certifies in writing that the student is a dependent as defined by the Internal Revenue Service (IRS). In the case of divorce either parent (custodial or non-custodial) has access to the record of a dependent student. Dependent students may prohibit parental access by filing a Restraint of Release of Student Information Form with the Office of the Registrar. Information then will only be released to a third party by written permission of the student. These forms are available in the Office of the Registrar.

Availability of Public Information

Certain student information maintained in the Office of the Registrar is considered public. The complete list appears above. The university maintains an on-line address book which allows a user to find a limited set of information for an individual student by searching on a student's name or university network id. The address book displays the student's school, major, class standing, and, if available, the student's e-mail address.

The university makes limited public information for a student available through the "Public Services" option of insite. This screen displays a student's name, school, major, class standing, current and future semesters for which the student has registered, any semesters completed, and any degrees awarded to the student. The screen does not show the student's address, phone number, or any specific courses for which the student has enrolled or has completed.

IUPUI uses a course management system called Oncourse. Through use of Oncourse, all students enrolled in a course section will see the names of their classmates unless a student has filed a restraint of information in the Office of the Registrar (see below). The list of names is only available to the instructor and those enrolled in the specific class and does not provide a student's complete course schedule. A student's course enrollment is available only to students enrolled in that course section and not to anyone outside of the university. Only the name will appear unless the individual student releases additional information to fellow classmates through use of the Oncourse Profile system. See the Oncourse Students Guide for additional information.

Restraint of Release of Student Information

If you do not want all or some of the information released to any person other than IUPUI faculty or staff, complete a Restraint of Release of Student Information Form and return it to the IUPUI Office of the Registrar. A confidentiality flag will be added to your record by the Office of the Registrar. The restrainer will also block all information from appearing in the on-line address book, to classmates in Oncourse, or in the Public Services option of insite. To remove the restrainer, complete a Removal of the Restraint of Release of Student Information Form and return it to the IUPUI Office of the Registrar.

These forms are available on the Web at registrar.iupui.edu/confiden.html or may be obtained in the Office of the Registrar.

Disclosures

From time-to-time, the university is served with a subpoena for portions of a student's record. In these cases, we will write to the student or the student's attorney (if known) and inform them that unless we receive written notification that the student will attempt to quash the subpoena, we will provide the information requested, even if the student has placed a restriction on his or her record.

A number of IUPUI degree programs prohibit enrollment to anyone listed on the Indiana Sex Offender Registry. The Office of the Registrar will notify the school dean of any student on the Registry attempting to enroll in such programs.

Records of arrests and/or convictions and traffic accident information are public information and may be released to anyone making inquiry of the University Police.

For additional questions regarding the policy on the release of student information, contact the Office of the Registrar. For a full copy of the university policy on student records, see Appendix 4 in the Code of Student Rights, Responsibilities, and Conduct.

IUPUI does not provide lists of students or an individual student's address or phone number to outside businesses, agencies, students, or other parties. We will provide phone numbers in emergency situations and only following consultation with university police. However, because IUPUI participates in Federal Programs, we are required by Federal Law to make available to military recruiters the name, address, age, and prior military service status of all students at IUPUI.

The university sponsors an affinity credit card to IU students and alumni. A small portion of each charge is paid to the university while students and alumni have the opportunity to demonstrate their support of the university. A list of students is provided to the vendor each year for purposes of solicitation for this credit card only. Under terms of the contract the vendor may not share the list of students or alumni with other vendors. Students who have filed a restraint of release of information will not appear on this list.

Drug-Free Campus Policy for Students

As an institution of higher education, Indiana University Purdue University Indianapolis (IUPUI) has a responsibility to establish and maintain a safe, healthy academic environment for all students. In keeping with its policy stated in the Indiana University Code of Student Rights, Responsibilities and Conduct concerning the possession and/or use of alcohol and illegal drugs in compliance with the Drug-Free School and Community Act amendment of 1989, enacted by Congress as Law 101-226, this policy document is provided to each student.

IUPUI Regulations for Students

The following are examples of situations in which the University may discipline a student:

A. Unauthorized possession or use of alcoholic beverages

1. The following actions are prohibited by Indiana University of which IUPUI is part of Indiana University:

(I.C. 35-48-1-9)

APPLICABLE LEGAL SANCTIONS

The following information concerns state and federal criminal penalties related to alcohol and drug possession or use:

- All students are reminded that conviction under state and federal laws that prohibit alcohol-related and drug-related conduct can result in fines, confiscation of automobiles and other property, and imprisonment. In addition, licenses to practice certain professions may be revoked, and many employment opportunities may be barred.
- It is impractical to list all the alcohol and drug-related state and federal crimes and penalties. But all persons should be aware that in Indiana any person under 21 who possesses an alcoholic beverage, and any person who provides alcohol to such person, is at risk of arrest. Any person who is intoxicated in public risks arrest. A person convicted of driving while intoxicated may be punished by fine, be jailed, and lose his/her license to drive an automobile. Any selling of alcoholic beverages without a license is illegal.
- Illegal possession, use, distribution, or manufacture of controlled substances (drugs) can result in arrest and conviction of a drug law violation and:

3. University Sanctions for Violations of Alcohol and Drug-Free Campus Policy

The University may discipline a student for acts of personal misconduct that are not committed on University property if the acts occur in the course of University-related activities that are being conducted off the University campus or if the acts relate to the security of the University community or the integrity of the educational process. Such acts include, but are not limited to, the following: drug trafficking, use, possession, or sale.

186 Student Information

SANCTIONS

The Dean of Students is authorized to impose any one of the following sanctions for an act of personal misconduct:

- Reprimand and warning
- Disciplinary probation
- Restitution
- Participation in a specific program (such as drug education or counseling)
- Provision of a specific service
- Expulsion from University housing

Sanctions in each case are made only after a hearing and a determination of responsibility. Sanctions will vary depending upon the nature and circumstances of the offense and the student's record. Indiana University is a signatory to the Standards of the Network of Colleges and Universities Committed to the Elimination of Alcohol and Other Drug Abuse. These standards require the usual sanctions for drug dealing to be suspension or expulsion from the University.*

NOTE: Both campus disciplinary charges and criminal charges may be filed for the same action. Students may be subject to sanctions by both the campus and the courts for the same action.

*For more complete details of these sanctions and of the hearing process, students are referred to the Code of Student Rights, Responsibilities and Conduct.

4. Health Risks Associated with Alcohol and Controlled Substances (Drugs)

All persons should be aware of the health risks caused by the use of alcohol and by the illegal use of controlled substances.

- Consumption of more than two average servings of alcohol in several hours can impair coordination and reasoning and make driving unsafe.
- Consumption of alcohol by a pregnant woman can damage the unborn child. A pregnant woman should consult her physician about this risk.
- Regular and heavy alcohol consumption can cause serious liver problems, damage to the nervous and circulatory systems, mental disorders, and other health problems.
- Drinking large amounts of alcohol in a short time may quickly produce unconsciousness, coma, and even death.
- Use of controlled substances can result in damage to health and impairment of physical condition, including:
- impaired short-term memory or comprehension anxiety, delusions, and hallucinations
- loss of appetite resulting in general damage to the user's health, over the long-term
- a drug-dependent newborn, if the mother is a drug user during pregnancy (pregnant women who use alcohol and/or drugs or who smoke should consult their physicians);
- AIDS, as a result of "needle-sharing" among drug users
- death from overdose.

The health risks associated with illicit drug use and/or excessive use of alcohol are many, and they are different for different drugs. But all illicit, non-prescription use of drugs and excessive use of alcohol endangers your health. There are no good reasons for abusing drugs or alcohol.

Financial Aid

GENERAL INFORMATION

Visit: www.iupui.edu/finaid

The Office of Student Financial Aid Services administers federal, state, university, and private funds in the form of scholarships, grants, fee remissions, loans, and work-study part-time employment. All financial aid, except work-study, is disbursed by the Bursar Office. Work-study students receive paychecks biweekly.

The Office of Student Financial Aid Services is located in Cavanaugh Hall. The office is open 8:00 am – 6:00 pm Monday – Thursday; 8:00 am – 5:00 pm Friday; and 9:00 am–12:00 noon on Saturday.

Students can contact the office by phone 317-274-4162 or FAX to 317-274-5930.

Students can also contact an advisor via email at:

FINAID@IUPUI.EDU

Students can use INSITE (insite.indiana.edu) to see if all required documents have been submitted or to view their awards.

ACADEMIC REQUIREMENTS

To be considered for most types of financial aid, students must be enrolled at least half-time (generally 6 credits for undergrads and 4 credits for grad students) in a program that leads to a degree or certificate.

The academic progress of students is monitored annually in compliance with federal guidelines. Students who fail to complete courses with a grade of C or better, have excessive withdrawals or incompletes, stop attending classes, repeat courses or have attempted more than 150% of the required credits for their degree, may expect to have financial aid adjusted or terminated. Students receiving financial aid should always consult with a Financial Aid Advisor before dropping classes.

APPLYING FOR FINANCIAL AID

Undergraduate & Graduate students must complete the Free Application for Federal Student Aid (FAFSA) each year. Undergraduate students must file by March 1st to be eligible for state grants and most university funds. Applications filed after March 1st will be considered for the Pell Grant and student loans. Students are encouraged to use FAFSA on the Web (www.fafsa.ed.gov) to file the FAFSA electronically. This will save 1-2 weeks in processing time. Paper forms are available in the Financial Aid Office for those who do not have Internet access. Students should expect to receive notification of their eligibility for financial aid six to eight weeks after filing the FAFSA form.

Students or parents who want to apply for the Federal Stafford Student Loan or Parent PLUS Loan must file a separate student loan data sheet in addition to the FAFSA. The Loan forms are available at www.iupui.edu/finaid. Paper forms are available in the Financial Aid Office for those who do not have Internet access.

Students are notified by mail once financial aid awards have been finalized.

Grade Replacement Policy

The IUPUI Grade Replacement Policy (FX) was revised effective with the Fall 1996 semester. The new policy will allow approved undergraduate students seeking their first degree to repeat a maximum of 15 credit hours subject to school/division approval. If a student chooses to repeat a course and achieves the same or a higher grade, only that grade will be counted in the cumulative GPA. Certain restrictions apply and the grade replacement policy may not be honored by some schools when considering admission determinations or computing graduation honors. Please contact your school/division for more information on the grade replacement policy and to determine if this option is available to you. This policy is not available for graduate students or students seeking any second undergraduate degree. registrar.iupui.edu/replace.html

IUPUI Libraries

There are five separate libraries on the IUPUI campus. Each is open to all students enrolled at the university. The University Library is located in the center of the campus. The dental, art, law, and medical libraries contain specialized collections reflecting their respective curricula and are located at the School of Dentistry, Herron School of Art, School of Law, and School of Medicine.

The University Library collection supports undergraduate courses and covers a wide range of academic disciplines, from liberal arts to science, engineering, and technology. This collection contains over 660,000 volumes and approximately 4,500 subscriptions to current periodicals. The Library has 600 general and graduate study carrels, 30 group study rooms, class and meeting rooms, including a 100-seat auditorium.

The University Library information system hosts more than 300 computer workstations permitting patrons to search for information through one of the most extensive and sophisticated online research systems in the country. The system provides access to a wide variety of resources such as library catalogs from around the world, bibliographic databases, full-text and numeric databases, cable television, and the internet. Word processing and other electronic applications are also available on these machines, combined with file storage on the university main system for use by students. Access to any of these resources is provided from computer stations around the campus, plus a newly established wireless laptop service between the University College and University Library facilities.

The hours for the campus libraries are subject to change, particularly during the summer sessions and when classes are not in session. Because lending policies and procedures vary slightly among the different libraries, students should consult with personnel at the main desk of each library before checking out books and other materials.

Religious Holidays

IUPUI respects the right of all students to observe their religious holidays and will make reasonable accommodation, upon request, for such observances. On occasion conflicts may occur between a student's obligations in a course and the student's obligations in observing major religious holidays.

Any student who is unable to attend classes or participate in any examination, study, or work requirement on some particular day or days because of his or her religious beliefs must be given the opportunity to make up the work that was missed or to do alternative work that is intrinsically no more difficult than the original exam or assignment. Upon request and timely notice, students shall be provided a reasonable accommodation. It is recommended that dates and times for examinations and other major course obligations be announced at the beginning of the semester or summer session and that students let instructors know of conflicts very early in the semester, so that accommodations can be made.

Students seeking accommodation for religious observances must make a request in writing by the end of the 2nd week of the semester to the course instructor and should use the Request for Course Accommodation Due to Religious Observance Form available on the Web. The University will not levy fees or charges of any kind when allowing the student to make up missed work. In addition, no adverse or prejudicial effects should result to students because they have made use of these provisions.

Taxpayer Relief Act of 1997

Education-Related Federal Income Tax Credits

The Taxpayer Relief Act of 1997 offers two nonrefundable Federal income tax credits for qualified education expenses paid each calendar year. Through tax year 2001, this act provides for a maximum tax credit of \$1,500 per student for the Hope Scholarship and a maximum tax credit of \$1,000 per family for the Lifetime Learning Credit. After 2001, the amount of the credit is adjusted for inflation. Refer to IRS Publication 970 for more information about the associated eligibility requirements.

Beginning in calendar year 1998, all eligible education institutions are required to submit an information return (Form 1098-T, Tuition Payment Statement) to the student and to the IRS. The information filed with the IRS must contain the student's Social Security Number (SSN). Since Indiana University does not use a student's SSN exclusively as his/her student identification number (SIDN), every student must complete Form W-9S (Request for Student or Borrower Social Security Number) each calendar year in which the student is enrolled. This form is available electronically through *insite* at insite.indiana.edu and can also be obtained from Financial Management Services at (812) 855-5657.

For more information about the education tax benefits, visit the Taxpayer Relief Act of 1997 Web site at taxpayer.fns.indiana.edu or send email to taxpayer@exchange.ucs.indiana.edu.

192 Student Information

Transcripts

Official transcripts of your course work at Indiana University may be obtained either in person, through the mail, by FAX or by a 3rd party. The mailing address is IUPUI Office of the Registrar, CA 133, 425 University Blvd., Indianapolis, IN 46202-5144, 274-1517. The charge is \$7.00 per transcript. Written requests require your name, student identification number, address to which you would like the transcript sent, and your signature. Transcripts requested in person require a photo ID. You may authorize another person to pick up your transcript by providing him/her with a written request with the above information as well as identifying him/her as the person who will pick up the transcript. You may FAX your request providing us with the same information above, payment by charge card only (Visa, MasterCard or Discover) including the charge card number, expiration date, daytime telephone number and a current address. The FAX number is (317) 278-2240. This information can also be obtained from our web site: registrar.iupui.edu.

University College Learning Center

Located on the second floor of the University College Building (UC) the Learning Center is the home of student programs focused on providing students with academic, social, personal and institutional adaptation skills at the university level. The components include Resource Center, Structured Learning Assistants, and Supplemental Instruction. In addition to the above-mentioned programs the Learning Center's environment provides study spaces for students along with a Student Lap Top program in which students can check out a lap top for use while in the Center. The following programs are based in the enhancement of academic skills through peer support and collaboration.

Supplemental Instruction (SI)

Provides an environment conducive to academic excellence through a philosophy of collaborative approach of "students helping students". IUPUI students have the opportunity to participate in SI Sessions for a variety of academic courses held throughout the week, such as Chemistry, Anatomy, Physiology, Criminal Justice, Religion, and Physics.

Structured Learning Assistants Program (SLA)

A program, which incorporates a team approach between the faculty members and the student facilitator on behalf of students, encourages collaboration in a structured and supportive manner. SLA is course content centered and applies study and learning skills to the specific content a student is learning. Students are given specific background information to assist them in making connections to the lessons and lectures of the class. SLA is a mechanism for teaching students how to work collaboratively and learn to form study teams.

The Resource Center

Student Mentors work with students one-on-one providing a variety of peer support services including academic assistance, resource referral and assisting students in their acclimation to campus life. Mentors prepare study skill, time management, student success, and campus handouts for students. The mentors provide support for the students throughout the semester with phone calls and/or email contact.

Hours:

Monday - Thursday	8:00 am - 7:00 pm
Friday	8:00 am - 4:00 pm

Students are encouraged to contact the Learning Center by calling 274-4818 with any questions regarding services. Please visit us on our web page at www.iupui.edu/learningcenter/.

Veterans' Affairs

All students eligible for VA benefits should notify the Office of the Registrar when registering. See your VA representative in Cavanaugh Hall, CA 133 or phone 274-1521. However, students eligible for Child of Disabled Veteran State Benefits (Fee Remission), contact Office of Financial Aid, Cavanaugh Hall, Room 103 for information or call 274-4162. Website: registrar.iupui.edu/va.html.

Voter Registration

IUPUI makes your voter registration forms available in the following locations:

Office of the Registrar
Cavanaugh Hall, Room 133

Office of Student Financial Aid
Services
Cavanaugh Hall, Room 103

Information Desk
Student Activities Center

You can also obtain the voter registration form in your county's voter registration office, public libraries, state license branches, and other locations. Visit the Indiana Secretary of State for more information on voting eligibility requirements, a list of phone numbers for each county voter registration office, and the Indiana election schedule.

The Federal Election Commission makes a voter registration form available from the web which is acceptable in Indiana.

Wherever you pick an application up, simply complete it and mail it in. Mail-in voter registration applications must be postmarked no later than the registration deadline. Visit: registrar.iupui.edu/voterregistration.html

Weather Closings

Adverse weather conditions may cause university classes to be cancelled. Class cancellations will be announced by means of area television and radio. Visit registrar.iupui.edu/adverseweather.html for a complete list of stations IUPUI notifies and the current opened or closed status of the campus.

We have established a special phone number, (317) 278-1600, which will give the latest open or closed status for the campus.

Please understand that none of these options will address individual courses. Be sure to keep your phone number current and check your IUPUI e-mail for announcements from individual faculty who may not be able to make it to campus. This information may appear on the web via Oncourse pages. In some cases the information might be maintained by the department teaching the course.

Zachary's Law

The State of Indiana maintains a registry committed against minors. As a number of degree programs and specific courses either prepare students to work with minors or place them in contact with minors as a part of the course, enrollment in those courses or programs is not available to anyone who appears on the Sex Offender Registry. Consult the individual schools or departments to see if appearance on the registry will be a barrier to enrollment. Website: registrar.iupui.edu/zachary.html
