

SPORTS MEDICINE INSTITUTE OPENS

Reflecting the needs and growth of athletics and sports-related agencies in Indianapolis, the newly created International Institute of Sports Science and Medicine has begun operation at the Indiana University Medical Center under the direction of Dr. Merrill A. Ritter, professor of orthopedic surgery.

Located on Clinical Drive as an administrative and academic unit of the I.U. School of Medicine, the Institute has a comprehensive mission, including the support and development of education, research and service programs in the field of sports science. According to Associate Director Marjorie Jean Albohm, the Institute has already made several grants to individuals doing research in this area. The Institute also has become active in the area of education. A model program was initiated at Ben Davis High School this fall.

Through the Institute, Albohm and Ritter hope to develop a system that can be used by high schools all over the country. "Our work at Ben Davis could mean a lot to high school athletes all over and we're excited about the way its' progressing," says Albohm, who is also a lecturer at the I.U. School of Medicine.

The Institute is working closely with the United States Olympic Committee to assist in its drug testing programs. Plans to bring internationally known sports science experts to Indianapolis are in progress. Several projects that include a series of Sports Science Seminars, a research fellowship in sports medicine, an independent study program with area colleges and universities and an International Conference on Sports Science, are projected. The Institute will continue to develop these projects with the goals of establishing an academic degree in sports science and/or sports medicine at I.U. and a faculty athletic trainer program for coaches throughout the state. A program of stress testing and fitness analysis/prescription for athletes at all levels will be developed. The Institute is working with the American College of Sports Medicine, the U.S. Fitness Academy and the Governor's Council on Physical Fitness.

KIDNEY FOUNDATION HONORS DR. KLEIT

Dr. Stuart A. Kleit, professor of medicine and chief of the Renal Division at the School of Medicine, is the recipient of the National Kidney Foundation's 1983 Martin Wagner Memorial Award. Dr. Kleit, a past president of the Foundation, has served as a dedicated volunteer for more than 16 years, both on the affiliate and national level. This award is the highest tribute the Foundation pays to one of its volunteers.

"Dr. Kleit, the father of the goals of the National Kidney Foundation, is truly an outstanding volunteer," said E. Burns McLindon, chairman of the Foundation, who presented the award Dec. 3 during the organization's 33rd Annual Meeting in Washington, D.C. "He has spent tireless hours in our nation's capital working with our Washington representative and congressional and departmental staff members," McLindon said.

NEW STUDY

There's a new study out called "A Review and Recommendations for the Organization and Delivery of Student Support Services at IUPUI". It is being distributed to all deans, all IUPUI libraries, and the executive committee of the Student Assembly among others. The seven-member Student Services Task Force was appointed by Executive Dean Howard G. Schaller last March to prepare a comprehensive examination of the student services area. The task force interviewed nearly 70 persons at IUPUI, plus others at I.U.-Bloomington and Purdue-West Lafayette to prepare the report which was published this month. Neil E. Lantz, Administrative Affairs, is chairman of the task force. Other members are Patricia A. Boaz, Science; David Bostwick, Engineering and Technology; Barbara A. Fischler, University Libraries; Richard A. Fredland, Political Science; Stuart Keefer, Student Association, and Rebecca T. Markel, Nursing. After you have read the report, please address any comments or questions to Dean Schaller, AO 106, by Jan. 10.

MINI-CALENDAR

Two-Career Couple Discussed--Kenneth Lipkowitz and Raima Larter, husband and wife faculty members of the chemistry department at the Purdue School of Science at IUPUI are the panelists for a discussion on a "Two-Career Couple in Science" at a meeting of the Indiana Chapter of the Association for Women in Science at 7 p.m. Tuesday at the Krannert Science Building, Faculty Lounge, 1125 East 38th Street.

NEWS 'N' NOTES FROM HERE 'N' THERE

Ride--Ride wanted or share ride from Luett Avenue and 10th Street to Medical Center. Ask for Paula, ext. 2651.

News Bureau Staff Addition--James E. Grim Jr., has joined the staff of the IUPUI News Bureau as a writer-editor. He comes from a position as a writer and publications specialist with IUPU-Fort Wayne.

Printing and Duplicating--Duplicating Central, located in the Post Office Building behind Long Hospital, will be open the week of Dec. 27 through Dec. 30 from 8 a.m. to 5 p.m. For your duplicating needs, visit this center, or call ext. 4323.

1984 Honda for Sale--A visiting faculty member in economics had to resign due to health reasons and leave the United States. He left a nearly new Silver Honda Civic DX (3,700 miles) that has a very good Am/Fm/Cassette, rust-proofing, and a two-year/24,000 mile warranty. The IUPUI Credit Union is willing to turn over the loan it made on the car to a qualified member of the credit union. The monthly payments are \$177 for 47 months. The car will be sold with no down payment, plate fee, or title fee. The buyer need only cover the monthly payments and the sales tax. For more information contact Robert Sandy at 2176.

Poinsettia Sale--The Goodwill Greenhouse is offering a 20 percent discount on poinsettias to faculty and staff members and students at IUPUI. Shoppers need only provide identification in order to take advantage of the discount. Conveniently located across the White River, 1635 West Michigan Street, the Goodwill Greenhouse is open from 10 a.m. to 5:30 p.m. Monday through Friday.

Positions Available--The Biology Department has a part-time teaching position available for a qualified person to teach the laboratory section in the Human Anatomy course N261 that meets from 8 a.m. to 9:50 a.m. this spring semester.

Contact the Biology Department at 923-1321, ext. 269.... Two positions in the School of Journalism at Bloomington. Associate or full professor to play a key role in professional M.A. program. Responsibilities include teaching public affairs reporting, press and society, and a specialty such as magazine reporting, or reporting of the arts, courts, business, economics, or science. Professional stature required; advanced degrees desirable. Rank and salary negotiable. Assistant professor--teaching responsibilities include communication law, and skills courses such as reporting or editing (any medium). Additional expertise in areas such as media management, public relations, advertising, or graphics would be desirable. Ph.D. and professional experience preferred. Rank and salary negotiable. For both positions, research or creative activity and service required in addition to teaching. Generous fringe benefits. Forward a letter of application and resume, and arrange for four letters of reference to be sent to Professor James W. Brown, Chairman, Search Committee, School of Journalism, Indiana University, Ernie Pyle Hall, Bloomington, Ind. 47405 by Jan. 31, 1984.

Retiring--Dollie M. Snorten, nursing assistant in obstetric nursing for 19 years, retired at the end of November. She will care for a sick husband and do more church work. Retiring the first of the year are Clara R. Grigley, unit secretary in pediatric nursing for 37 years, and Lem Garrett Jr., janitor with Building Services for 16 years. She plans more church work, he intends to fish and do charity work.

Research and Sponsored Programs Holiday Hours--This office will close at 5 p.m. Friday, Dec. 23, and reopen at 8 a.m. Tuesday, Jan. 3. Grant applications having an agency receipt date of Jan. 6 or earlier must be received by R. and S.P. by Friday, Dec. 16. Persons preparing materials for review by the IUPUI Committee on Protection of Human Subjects at the Jan. 10 meeting must have completed materials to R. and S.P. by 5 p.m. Thursday, Dec. 22. Contact Joan Straszewski, ext. 8289, for additional information.

Accredited--The clinical psychology internship training program in the Department of Psychiatry of the School of Medicine again has been accredited by the Education and Training Board of the American Psychological Association. This is the 22nd consecutive year of accreditation for this program which is under the direction of Dr. Elgan L. Baker Jr., under the section of Psychology headed by Dr. Eugene E. Levitt.

HONORS & ACCOLADES

Dr. Eugene M. Helveston, Coleman Professor and chairman of the Department of Ophthalmology, was the principal invited guest at the Catalonian (Spain) Society meeting Nov. 23-25. At the meeting, in Barcelona, Spain, Dr. Helveston lectured on the classification, diagnosis, and treatment of congenital esotropia.

Dr. Dorothy Webb, associate professor of Speech-Theater-Communications in the School of Liberal Arts, has just returned from Toronto, Canada, where she served as chairperson and moderator for a "Drama and Learning" Symposium co-hosted by the Ontario Institute for Studies in Education and the Children's Theatre Association of America.
