

INVITATION

The campus community -- students and members of the faculty and staff -- is invited to share in a housewarming, sponsored by the School of Public and Environmental Affairs, in celebration of the new Business/SPEA Building.

The housewarming is Monday through Thursday of this week at the new building. A reception follows each day's events at 5:15 p.m. in the Champions Room, Indianapolis Sports Center.

Academic Dimension Day begins at 1 p.m. Monday with panel discussions. At 3:30 p.m. there will be remarks from I.U. Vice President Glenn

W. Irwin Jr., Charles F. Bonser, dean of SPEA, and Lori Wolner, student representative. I.U. President John W. Ryan speaks at 4 p.m.

SPEA welcomes state government on Tuesday. A panel of state officials opens at 1:30 p.m. and a historic meeting of five Indiana governors takes place at 4 p.m. Wednesday is federal and local day for the housewarming. Seminars begin at 10:30 a.m. Indianapolis Mayor William Hudnut speaks at 3 p.m. Addresses from other national figures continue throughout the afternoon.

Finally on Thursday SPEA welcomes private and not-for-profit sectors. U.S. Senator Dan Quayle will lead a panel discussion on productivity in America beginning at 10 a.m. Executives from the Dana Corporation, Cummins Engine and Lilly Endowment also will speak.

For a more complete schedule of events and speakers, call SPEA, ext. 3418.

IMPORTANT ELECTION DATES

- September 28, 1981: Deadline for Nomination Forms to be returned
- October 12, 1981: Ballots mailed to IUPUI Employees
- November 2, 1981: Ballots must be returned by 5:00 p.m.

By now you've received your Nomination Form for the upcoming Staff Council election. Staff employees throughout the campus are expressing their interest in either running for a seat on the Council or serving on one of the committees. You have an opportunity to run for Staff Council and be part of a group who will continue the constructive work of the first Council, and develop innovative ideas for making IUPUI an even better place to work.

You and your ideas are needed. You are needed at Staff Council meetings and at committee meetings to communicate the ideas you've had for a long time that will make positive changes. You have sound ideas for solutions to problems, but may have felt frustrated about expressing them because you didn't know how to go about it. Serving on the Staff Council will give you the opportunity you've been looking for.

Worried about the amount of time involved and how long you would be away from work? The Board of Trustees authorized two hours per month for Staff Council members to attend Council meetings. These are held the third Wednesday of the month from 1:00 p.m.-3:00 p.m. If you

MESSAGE FROM DR. IRWIN

If you are among the persons at this campus who are represented through the IUPUI Staff Council, you can help to make the Council's work more representative by voting (and encouraging others to vote) in Council elections. Information on this year's election is provided in this issue of Staff News. To insure continued fulfillment of the purposes of the Council, your interest, your support, and your participation will be essential.

volunteer for committee work, these meetings are generally held during the lunch hours. Staff Council members are very conscious of time used for meetings, and plan carefully in order not to interfere with the work schedule.

At Staff Council meetings, Council members are able to communicate with each other, and frequently with representatives from departments around the campus. Key people from the following departments have met with the Staff Council: School of Medicine, Personnel Department, University Administration, Parking Services, IUPUI Police, Nutrition and Dietetics, and Continuing Studies.

The purpose of inviting guests to speak is to provide a forum for communication. The Council's intent is to become informed of campus operations and to communicate the information to IUPUI employees. Questions are raised and problems presented to guest speakers, not for the purpose of putting anyone on the spot, but to acquire correct, reliable information and solve problems in a positive way. The Council strives to work with people to solve problems, and we believe we've been successful.

The IUPUI Staff Council is a means for you to do something about improving the working life of the campus. You know what needs to be done, so fill out the Nomination Form and send it to the Council Office. **BE A CANDIDATE FOR YOUR DISTRICT. BE SOMEONE WHO TALKS AND TAKES ACTION; NOT JUST SOMEONE WHO TALKS.**

Misplaced the Nomination Form? Call the Council Office (2215) for another.

IRWIN'S PARTY

Last June 25, Dr. and Mrs. Glenn W. Irwin, Jr. hosted a reception for Staff Council members and their supervisors. The Irwin's gracious friendliness set the tone for a delightful afternoon where people became better acquainted, and especially, where supervisors were honored for supporting employees who take part in Council activities. Everyone had a wonderful time talking, sampling hors d'oeuvres, and strolling the picturesque grounds.

Staff Council Office
AO 122A

Dear Folks:

Blue Cross/Blue Shield has a special telephone number for IUPUI employees only: 263-4840. Jot this down in your telephone book for future reference. You now have a definite telephone number where you can reach someone in tune with IUPUI employees. Let us know how this works for you.

I & P

The message this month is to vote for the representative of your choice in the upcoming Staff Council elections. We encourage you to run for office; if you aren't able to this time, please volunteer to serve on one of the Staff Council committees. Your valuable ideas and opinions are needed.

WELCOME, BERNICE

Bernice Chumley is the new secretary at the Council Office. She is a former Staff Council member and is highly qualified for the position. Bernice worked at the School of Education before moving to the AO Building. She has a friendly smile, and knows how to get things done. We're happy to have Bernice on Board.

SHARON'S MOVED

Sharon Graves, former Council secretary, is now secretary to Dean Carol Nathan and Dean Paul Nagy. Council members admired Sharon's smooth, efficient handling of Council matters. We're happy she is still at the AO Building, only a short walk from the Council Office.

PARKING IMPROVES

One of the advantages of serving on the Staff Council is hearing representatives from various campus offices explain their programs and answer Council questions. At a meeting earlier this year, the Council invited Neil Lantz (Director, Administrative Affairs), Robert Tirmenstein (Director, Parking Services), and John Mulvey (Chief, IUPUI Police) to discuss parking and safety conditions throughout the campus. Council members asked questions concerning difficult parking problems, along with safety considerations.

While the Staff Council can't claim total responsibility for the improvements that have taken place, we do appreciate the improved parking, especially in the Medical Center's congested parking areas near the Medical Science Building, Riley Hospital, Nursing Building, and the Union Building. Staff in these areas told Council members how happy they are with the improvements, because it's made getting to and from work much easier.

The Staff Council is happy that these three gentlemen took their time to communicate with us, and listen to our concerns. We thank them again for taking steps to improve the parking "situation."
