The students residing in the Women's Dormitory presented a petition asking for permission to take their noon lunches outside of the dormitory, and to be allowed 30 cents for each lunch. The reasons presented were, that the lunches served at the dormitory were not entirely satisfactory, and that the time between classes is too short to permit the students to go back and forth between the College and the dormitory. The matter was referred to the Women's Advisory Committee for investigation. The committee appointed by the President, consists of Mrs. Kate Steichmann, Mrs. Margaret Segur, and Mrs. Else Spath.

The program and faculty were approved.

The Administrative Board recommended the changing of the evaluation of credits so as to conform of the rules of other colleges; that is, one hour's credit to be given for two hours of work in physical education activities and laboratory work. The Board also suggested that the class periods be lengthened five minutes, to 55 minutes so that the total time devoted to a subject be equal to the time that would be spent on a subject if the semester consisted of 18 weeks. Both recommendations were laid over.

Mr. Rath reported that a committee of the Indiana University consisting of Deans Rothrock and Smith and Messrs. Clevenger and Schlafer visited the Normal College for an examination for the purpose of giving the Normal College a definite rating for credit to be granted students and graduates.

The Administrative Board recommended the granting of the title of Graduate in Gymnastics to the following graduates of the Normal School who have been in the profession for 25 years: Oscar Fager, Carl Knapp, Dr. Otto Koenig, and Hans Lehrmann, and the granting of the same title to Carl J. Mettler; also the granting of a diploma to Rudolph Babnik and Ernst Behnke. The secretary was instructed to send ballot cards to the members for a vote on these candidates.

Mr. Rath reported that the present class consists of fifty-four Freshmen, fifty-two Sophomores, fifteen Juniors, and two Seniors, totaling one hundred twenty-three.

Mr. Rath further reported that the third-year students are doing corrective work in the clinic of the Riley Hospital. The arrangements for teaching in the high schools, he reported, are not so satisfactory this year because only two of the high schools would admit student teachers this year, one of them admitting only one man and one woman. However, he hopes to be able to get more students into the high schools during the second semester.

The Treasurer, Mr. Lieber, reported that the income from tuition will be about \$17,250 this year against \$21,206 last year, and the income from the dormitory \$19,500 as against \$24,800 last year. The expenditures in the dormitory last year were about \$24,200. Although expenses will be somewhat reduced because of the smaller number of students in the dormitory this year, a deficit is to be expected unless additional income can be secured. Mr. Lieber and Mr. Steichmann were authorized to make an endeavor to secure additional boarders from teachers in the public schools and students in other private schools in the city.
