HERE'S A HINT FOR ALL TURNERS

Several bequests have already been made to the Jahn Educational Fund, and as it is a permanent endowment, which will grow to ever greater proportions as the years pass, there will be many Turners, no doubt, desiring to make provisions in their wills to perpetuate the principles of Turnerism through this Fund. For the guidance of such Turners the following form is given to write into their wills as a codicil:

*I give and bequeath to the Trustees of the Jahn Educational
Fund of the American Turners,
the sum of _____ Dollars*

MESSAGE OF THE PRESIDENT

April 1, 1940

Submitted herewith is the 90th Annual Report of the American Turners, together with the financial statements and the reports of the various standing committees.

Since assuming the leadership of the American Turners, we are gathered here at Elkhart Lake away from our hustling and crowded cities to discuss the good and welfare of our national organization.

Though I am not wholly satisfied with the progress made since the last convention that took place in Detroit, I can safely say that your National Executive Committee has done the best we could to further the cause of the American Turners.

Most noteworthy is the action taken in the attempt to secure property tax exemption on all Turner Societies that maintain physical and mental educational programs. There are numerous societies that have been tax exempted since their inception due to the services rendered in their respective communities. However, many of our societies did not enter into proper procedure for their just claim. The Buffalo Turnverein case, through the diligent efforts of Turner Dethloffs Klein made it possible for that society to receive property tax exemption from the local and state authorities. Likewise, the Detroit Turnverein has been declared an educational institution and therefore tax-exempt. The legal material used has been made available through the national office to all societies. With your cooperation in this matter we hope that we can report in the very near future that all societies of the American Turners are property tax exempt, by virtue of being declared educational institutions.

It is with reluctance that I must report a decline in our membership of a little over six hundred. This decrease in membership has been caused by the sharp decline in our larger societies, whereas the smaller societies have held their membership. What we need most of all is the formation of new societies in communities where there is no Turnverein.

Each district should appoint a special committee to carry out this work. Your National Executive Committee is handicapped because of the lack of funds to carry on a program of this nature.

Our new bookkeeping system, that has been in operation for more than a year, is in very good order, and our records now coincide with that of each district. Numerous adjustments have been made to the satisfaction of our national and district treasurers.

Our system of per capita tax collection has not been improved upon. Your National Executive Committee has given this matter considerable thought and are proposing several plans to be adopted by this convention.

During the past year our records show that most all societies, in placing their orders for 1940 membership cards, ordered as many as twice the number of cards as members shown on their statistical reports.

With the present system, there is no way of knowing accurately the membership of any societies other than what they report in their statistical reports. I trust that this convention will take drastic measures to eliminate this condition.

With the large amount of back per capita tax, as shown on our books, the National Executive Committee offer such societies that are in the arrears, a one per-cent per month not payment plan. Several societies have accepted this plan and are meeting their obligation as agreed upon and are also keeping up their current dues.

This is somewhat gratifying to us, and we encourage all societies that are behind in their dues to the National Executive Committee to take advantage of this method of liquidating their debt.

The National Executive Committee also found it very difficult to meet its financial obligations. We are some ten thousand dollars behind in our subsidy to our Normal College. Last year we were able to pay only four thousand dollars of the six thousand dollars subsidy granted to the Normal College by the last convention. The records show that in 1939 we had a total membership of 19,871 and were to collect \$9,935.00 current per capita tax dues at 50c per head. Actually we collected only \$7,413.39. Had we met our obligation to the Normal College in full, there would have been very little left for the operating costs of our national office. Considerable thought should be given this problem.

In sending to our societies a copy of the minutes of the monthly meetings of the National Executive Committee, we felt that the societies would appreciate the problems confronting the national office. Also the news letter attached to the minutes to all society secretaries kept them informed of activities, thus bringing about a closer contact between the societies and the national office. The plan has met with a great deal of enthusiasm and approval.

The editorial staff of the American Turner Topics are to be complimented very highly for their outstanding accomplishments. We can boast of having a national official organ comparable to any of its kind. I firmly believe that each Turner should subscribe to this splendid Turner publication, thus acquainting himself with

our national movement. I further recommend that financial support of the Jahn Educational Fund and that of the American Turners be continued.

As a result of my visit to the New England and Eastern Societies, following the American Turner's Day at the New York World's Fair, the 1941 National Turnfest became a reality. The National Turnfest was awarded to the Springfield Turners of Springfield, Massachusetts. The National Technical Committee Chairman and Secretary have made a thorough study of the facilities of New England States' Fairgrounds and reported very favorably on the Turnfest plans already in operation. Now is the time for Turner members and Turner societies to make plans and the necessary preparations to attend the Springfield National Turnfest. Let us all unite to bring about the largest Turnfest ever held, and be thankful that we are to meet on a battlefield of true American friendship rather than a battlefield of war.

Two new members were appointed as regional members of the National Executive Committee. Turner Herman G. Cramer of San Diego, Calif. replaced Turner Carl Entenmann of Los Angeles and Turner Julius A. Laffert of Lawrence, Massachusetts replaced Turner Henry Richter of Clinton, Mass. These retiring members, after serving the American Turners for many years, were made honorary members of the National Executive Committee.

Upon application from the Denver Turnverein to join the Kansas-Missouri District, the National Executive Committee recommends that this request be granted.

The Chattanooga Turnverein has been requested to consolidate with the Indiana District. These changes will eliminate two districts that have been inactive and will give these societies an opportunity to enjoy contact with districts that are active.

As a closing word, I would like to emphasize the appreciation voiced by the National Executive Committee for the splendid work of the Normal College and its Board of Trustees, the various standing committees for their fine spirit of cooperation. I cannot speak too highly of the service rendered by the members of the National Executive Committee who have carried out their duties to the best of their abilities for the benefit of all American Turners.

Turners, I call on every one of you to pledge yourself to increase your membership of your respective societies. It can be done if you put your shoulders to the wheel. Let us stand united for the principles we stand for so that this world may be a better place in which to live.

Gut Heil

CARL M. WEIDEMAN

REPORT OF THE SECRETARY

STATISTICAL RESUME

The membership of the American Turners has decreased this year. There are 19 districts and 127 societies, which is one less district as the former Ohio district consolidated with the Indiana district, and we have five more societies.

The membership of the American Turners and its various classes compare with the previous year as follows:

	1940	1939	Increase	Decrease
Members	19,327	19,951		624
Men's Classes—Actives	2,857	3,007		150

Annual Report of the Committee on Physical Education

The Annual Homecoming meeting in November, 1939 was not as large as usual, due to the change of Thanksgiving dates in some states. Topics of varied interests to Turnverein instructors were brought up and discussed, and all who attended were benefited.

The recommendation of the 37th Convention of the American Turners that annual championships be held in athletic events deemed advisable by the National Executive Committee has been carried out for the past two years. During the year of 1938-1939, a National Volleyball meet was held at Fort Wayne, Indiana, and our Gymnastic Championships were held at the New York Turnverein. This year the Volleyball meet was held at Lincoln Turners of Chicago, and the Gymnastic meet at Rochester, New York. A National Swimming meet is to be held in Detroit in May.

The Annual Turner Championships give our top performers an opportunity yearly to prove their ability, instead of waiting for National Turnfests. There will be no National Championships during the coming year due to the National Turnfest in 1941.

Reports read in society papers from over the country indicate that many Districts conduct meets in gymnastics, volleyball, basketball, badminton, etc. Several societies exchange visits for such events also. This practice should be continued, and increased wherever possible.

Your Chairman and Secretary visited Springfield, Massachusetts in March as a preliminary to the National Turnfest in 1941. Hotels, the auditorium, and the buildings and grounds of the Eastern States Exposition were studied, and a meeting with the local board was held.

With these facilities at our disposal, and the enthusiasm shown by Springfield Turners and the entire New England District, the Turnfest will go over 100 per cent. It is now up to each society to start preparations for their own group.

With Turner Greetings

George M. Heeschen, Chairman
Chas. A. Geber, Secretary

REPORT OF MENTAL ACTIVITIES COMMITTEE

More than one hundred and forty thousand spectators witnessed the offerings of thirty-nine societies who reported one or more Cultural Activities during the past year.

Thanks to the extra efforts of secretary Turner Pletz, seventy-five societies reported their cultural activieies—a new record.

The number "NONE" districts remained at three, with the Minnesota District coming out of the cellar and Kansas-Missouri District slipping into it.

The year's report shows only an increase in attendance, mental meetings, and concerts. All other cultural activities show a decrease.

Attendance has jumped from a little more than thirty-two thousand to a hundred and forty-three thousand, thanks to the Glee Club of Moline Turners. Concerts have increased from fifty-five to eighty-seven. Credit is due to the Upper Mississippi and Pacific districts for the increase. The Mental Meetings increased from one hundred and twenty-nine to two hundred and thirty-four. Lake Erie and the Pittsburgh districts are responsible for most of this increase.

All other Cultural Activities show a decrease. Lectures dropped from one hundred five to one hundred one. Debates show a loss of four and dramatic productions show a decrease of twenty-five percent, while the per cent of members participating in dramatics shows a decrease of fifty per cent. Only one Camera Club and one Public Speaking class was reported.

The committee is at a loss to understand why the American Turners are on the down-grade dramatically. The Little Theatre Movement is on the up-grade and no National organization is better equipped with auditoriums than the American Turners to save the spoken drama. Is this not a Pioneer Movement that we might become interested in?

The Indiana, the Upper Mississippi, and the Pittsburgh Districts report a complete Cultural Activities program. New England, Illinois, Middle Atlantic and Lake Erie Districts lack but Debating, while New York lacks but Concert activity.

Societies should never forget that "Sound Mind" is one-half of the Turner slogan. No Turner Society is complete without its Mental Activities program. And no society is worthy of its endeavor if it fails to report. The Annual Report is the Badge of Accomplishment to Turners and Non-Turners as well.

The Committee recommends that all Societies make a special effort to establish and maintain the following groups: Dramatic, Singing, Debating, Lecture, Camera and Open Forum.

The Committee further recommends that a Chairman of Cultural Activities be appointed or elected. The system of having the vice-president assume these duties does not seem to get results in a Society.

The Committee still further recommends that the District Cultural Activities Committee take an active leadership in promoting this program. No district in the 1940-41 program should neglect to name a Cultural Activities Day on its Turnfest Calendar. The Lake Erie District held a Cultural Activities Day recently, which more than three hundred attended. It consisted of choral numbers, dramatic work, recitations and a beautiful exhibition of handicraft and hobby works.

The Committee recommends that all Societies and Districts start work to compete at the 1941 National Turnfest in Springfield, Massachusetts, to make this the best Mental Activities Turnfest in the history of the American Turners.

To make it a complete Mental Activities Turnfest there should be entries in the following classes of competition:

- A. Mental Activities of Societies.
- B. Literary Prize - Contests.
- C. Elocutionary Contests.
- D. Prize Singing and Choral Work.
- E. School Exhibits.

The following reports have been received for the year January 1, 1939 to December 31, 1939.

REPORT ON AMERICAN TURNER TOPICS

In less than two years, American Turner Topics has grown from an eight page to a sixteen page publication. This was due mainly to the diligent efforts of the present editorial staff, and the increase of additional subscribers to American Turner Topics. However, if it were not for the financial aid received from the Jahn Educational Fund and American Turners, it would be impossible to print the official organ in its present form. It will be necessary to depend on their continued support if we are to maintain a high standard of publication.

The editorial staff feels that more encouraging support of American Turner Topics could be given by the members of the various societies throughout the country. We need additional subscribers. Our societies should encourage their members to enter a two-year subscription to the official organ.

A sample copy of the magazine will gladly be sent to all new members accepted by the branch societies of the American Turners upon receipt of the names and addresses of the candidates. In doing so, the new members will become familiar with the National Organization and its functions; they also will become acquainted with the activities of the other societies throughout the country.

The editorial staff takes this opportunity of extending sincere thanks to all Turners who have so graciously submitted articles and pictures which have contributed so largely to the interest and appeal of American Turner Topics throughout the past year.

With Turner Greetings,
 Turner Topics Editorial Staff

THE JAHN EDUCATIONAL FUND

From the figures of Secretary-Treasurer Henry J. Thier it will be seen that there has been a slight renewal of interest in the Jahn Educational Fund during the past year, though there has been no campaign to gather large sums. There is no desire to interfere with the drive for the College Endowment Fund, and the present income of the Jahn Fund suffices to meet the demands for support of "Turner Topics", which is our main educational and propaganda organ. This was one of the original objects of the Fund—"the support of an English organ as soon as the time had come to establish one." The efforts to enlarge and improve "Turner Topics" must meet the approval and support of all who have the future of the Turner cause at heart. The Trustees of the fund feel that they are justified in applying the greater part of the income to this important purpose.

None the less, various friends of the cultural work, which is so important a part of the Turner program have contributed to the growth of the Jahn Fund during the year and have shown wisdom together with a liberal spirit. It was the purpose of Theodore Ahrens, who established the Fund, to provide a permanent financial basis for our mental work which is so often sorely neglected in Turnvereins, and this purpose is never lost sight of. Mental training committees who apply to the Fund are supplied with stimulating literary material, libraries that really function receive new books and pamphlets, and the archives and museum in the keeping of the Jahn Fund trustees is being augmented by books and relics of Turner history. Handicapped by the lessening returns of municipal bonds during the present peculiar financial situation, plans for lecture tours of the chairman and others have been held in abeyance, but will be resumed.

Dramatic sections are also to be encouraged as an effective mode of interesting young people in our societies.

Let the Turners throughout the wide confines of the "Bund" bear in mind that the Jahn Educational Fund is here to stay, that its capital and usefulness will increase during the years to come, and that it is in the hands of Turners tried and true, who will conserve it for the mission it has to fulfill, the perpetuation of the Turner principles and the ideals of the founders of our early Turnverein.

Also note a change in the address of the Jahn Educational Fund. It is no longer 1108 Century Building, but Allegheny Carnegie Library, Pittsburgh, Pa., where the chairman of the Fund, Turner George Seibel, is the librarian. Turners visiting Pittsburgh are invited to this fine library of 250,000 volumes in a million-dollar building, to inspect the collection of books on Turner history and the interesting Jahn relics now housed there.

Correspondence may be addressed either to George Seibel at the Library, or to William Voelker, Secretary at 1812 Evans Street, McKeesport, Pa. The treasurer's address is still as before, Henry J. Their, 5802 Morrowfield Street, Pittsburgh, Pa. To the undersigned this address of the treasurer seems very important, in case any Turner should be moved by the spirit of Father Jahn to send

a voluntary contribution or, as many have done, to remember the Jahn Educational Fund in his will.

George Seibel, Chairman

INSTRUCTORS' FUND OF THE AMERICAN TURNERS

The Instructors' Fund was established by the American Turners for the purpose of aiding Instructors who have served the Turners faithfully and who are seriously in need of assistance.

The following are some of the provisions of the Trust Agreement and Rules governing this fund: All contributions must be added to the principal of the Fund. The principal must be invested only in high grade, United States Government, State or Municipal Bonds. One-fourth of the income of this fund must also be added to the principal to insure the growth of the Fund. The balance of the income is available for the distribution to worthy applicants. In order that an application for aid may be considered, the applicant must have rendered faithful service as an Instructor in a Turnverein of the American Turners. Application for aid may be submitted by the applicant or by the Executive Officers of a Turnverein in which the applicant served. In making distribution of the funds to needy applicants it shall be obligatory upon the Board of Trustees to take into consideration the acts of Instructors and/or their Societies in contributing to the Fund. All officers handling monies or resources of the Fund are adequately bonded. No Trustees can receive any salary or compensation from the Fund.

The fact that this Fund has been urgently needed is proved by the deserving applications for aid which have been received and the number of veteran instructors, in pathetic circumstances, who have been aided in their hour of need.

It is unfortunate that so many Instructors, who unselfishly sacrificed their lives in behalf of the Turnverein, find themselves in serious financial straits after their years of service. We apparently cannot look to the individual Turnvereins to aid their former instructors. As the need for aid is great, further donations are solicited from Societies and individuals.

Attention is called to the fact that there is nothing in the rules of this Fund limiting the distribution of aid to aged Instructors. All Instructors who have served the Turners faithfully are eligible if they become incapacitated or are in serious need. We also invite attention to the obligation upon the Trustees to consider the contributions of the Instructors or their Societies, when making distributions from the Fund.

the following three suggestions:

With these rules in mind, the Trustees lay particular stress upon 1. All Societies employing Instructors are urged to contribute to this Fund.

2. All Instructors anticipating that they might possibly at some time be seriously in need of aid, are urged to contribute something to the Fund, in order that they may have an interest in this Fund even if they cannot give more than a few dollars from time to time.

3. Every Society and Section of the Society is asked to arrange a card party or other entertainment from time to time for the purpose of raising a contribution for this Fund.

It is our hope that in the near future every Society in the American Turners will be represented by a donation to this Fund, either from the Society or from a Section, or from an individual member of the Society. There is no limit to the size of the donation; any sum will be very gratefully received.

The Instructors' Fund of the American Turners is a regularly established Trust Organized and operated exclusively for charitable purposes, no part of the net earnings of which inures to the benefit of any officer, trustee or employee, and is accordingly exempt from income and inheritance taxes.

It is the sincere wish of the Trustees to see this Fund grow to a size to meet the deserving demands and sufficient to produce other benefits for the American Turners.

The Trustees sincerely regret to record the untimely passing of Henry W. Luther who served as our Chairman since the inception of this Fund, and who was, for many years, one of the most faithful members of the American Turners. The Trustees have elected Oscar Grothe as the new Chairman, and Carl F. Hein has been appointed to fill the vacancy on the Board of Trustees.

Respectfully submitted, with Turner greetings
TRUSTEES OF THE INSTRUCTORS' FUND

OSCAR GROTHE, Chairman
HERMAN EISELE, Secretary

TURNERS' NORMAL COLLEGE

The Normal College of the American Turners is affiliated with Indiana University; its students can acquire the degree of the State University as well as that of the Normal College. The College remains an independent institution, however, and continues its courses as given heretofore.

The Board of Trustees of the College consists of the following: President, George Vonnegut; Treasurer, Richard A. Kurtz;; Oscar H. Koster, Leo M. Rappaport, Carl F. Hein, Cleveland; August H. Pritzlaff, Chicago; Paul Krimmel, Syracuse; Max Strass, Chicago; W. K. Streit, Cincinnati; Joseph Weismueller, Louisville; Dr. Carl B. Sputh, President of the College and Dean of the Department of Science and Hygiene; Emil Rinsch, Dean of the Department of Education. Social Science and Languages, and Secretary of the Board; Rudolph Schreiber, Dean of the Department of Theory and Practice of Physical Education.

The faculty, consisting of sixteen instructors, includes members of the teaching staff of Indiana University.

The following courses are offered:

A four-year course leading to the degree of Bachelor of Physical Education (B.P.E.) and to certification as Teacher of Physical and Health Education.

An elementary two-year course, open to male non-matriculants who have attained a high degree of proficiency in gymnastics (gymnasts of the second and third grades) and meet such individual requirements as may be prescribed, including a satisfactory knowledge of German. Students who complete this course receive a certificate attesting that they are qualified to teach physical education in schools maintained by societies of the American Turners.

Complete information about these courses is given in the catalogue of the Normal College, sent upon request.

The Board of Trustees of the Normal College offers seven scholarships to members of the American Turners (one for each of the circuits), consisting of free tuition for two years. Full information about these scholarships will be sent upon request.

Similar scholarships are offered to 20 members (one for each of the districts) without the high school education required for those mentioned above, consisting of one year's free tuition for the elementary course. Complete information will be sent on request.

BUILDING AND ENDOWMENT FUND OF THE NORMAL COLLEGE OF THE AMERICAN TURNERS

At the time the Trustees took over this Fund, there were 118 pledges, totalling \$22,512.30. Since that time certain of these original subscriptions have been cancelled because of death or retirement.

Since taking over the campaign the Trustees have obtained 170 new pledges, totalling \$9,031.78, which, in addition to the remaining 116 pledges from the old committee total \$27,464.08.

Of the 286 pledges, 182 (totalling \$12,223.78) are from the Alumni of the College; an average pledge of \$67.15.

The Alumni are now organized in certain cities and plans for organization are under way in other cities.

Special efforts and events on behalf of the Endowment Fund have been increased among Turner Societies and are giving individual Turner members occasion to become more familiar with the College and its purposes.

Also, during the year the College received a bequest in the form of a share in the estate of an old Turner member.

The Endowment Fund is a worthy cause and represents an excellent opportunity for Turners to set up a truly worthwhile memorial in honor of self or loved ones.

The Endowment Fund now has a good start. It needs the active support of the officers of the Turner societies. This has been woefully lacking up to the present.

The Normal College is the one and only undertaking of the American Turners which is pursued on a national scale and which directly benefits the American public.

It constitutes the best argument for our claim for recognition. It is an excellent reason for the best people to join a Turner society.

Its value to the Turner societies has been clearly demonstrated during the past year. The fact of its existence and the fact that it supplies Teachers of Health and Physical Education to public schools played a major part in securing tax exemption for certain of the societies.

It is suggested that other societies seeking tax exemption make note of the fact. Also those now enjoying exemption keep it in mind when asked to give their support to the Endowment Fund.

There is one item of \$500.00 under "Disbursements" in the financial report that perhaps calls for an explanation. This amount was advanced to the campaign manager for stenographic help, postage, stationery and miscellaneous items incident to furthering the campaign. It is to be returned to the Fund at such time as it becomes self-sustaining.

AMERICAN BOY TURNERS

The Youth Committee of the Illinois District has been very busy with organization work. The greatest problem has been to get leaders for our boys. Usually the people that volunteer for such work are not exactly able to handle it. Thru this new arrangement we expect to overcome our leadership difficulties.

It is very gratifying to see how eager and interested the boys are. It is a little puzzling at times to understand why Turners will work for outside Youth organizations but not much for their own.

I believe, however, that we have found the answer to that now. We know that every boy goes for a uniform and merit badges but it never dawned on us that this and only this is the reason we have had difficulty in keeping the older Turners interested. They secretly like to be dolled up like Astor's horse. We propose to do it.

In the past year we have had inquiries from California and from New England. The various conventions either touch very lightly on this subject or not at all. After all the only help any Turnverein can get through its Youth is what they put into it.

The Youth Committee for Illinois has provided an instructor for the various Turnvereins and he travels from one to another to organize the groups and keep them going.

However, the local committee must be present at each meeting so they can also learn and eventually take over themselves. This same Turner is the editor of the American Boy Turner, a local paper that we are launching this month.

With Turner Greetings

R. Koenig
