HOOSIER HYSTERIA'S HOOP HORDES HEADED FOR CAMPUS

Anyone doubting the mystical hold of Hoosier Hysteria need only visit the campus June 13-14 to find 25,000 reasons why basketball remains king in Indiana — even in the heat of summer! The 5th annual Indianapolis Gus Macker 3-on-3 basketball tournament will come to the IUPUI campus for the first time, featuring 125 basketball courts, 1,916 teams, 7,664 players and up to 25,000 family, friends and other onlookers during the two-day event. Division of teams by gender, age, experience and size will make for hard-fought, close competition for the 'Gussies' (the trophies awarded to first-, second- and third-place teams). Commemorative coins and t-shirts also will be awarded. The opening ceremonies

will be at 8:30 a.m. Saturday (June 13), with games running from 9 a.m.-7 p.m. Sunday games will run 8 a.m.-6 p.m., and the event also will feature slam-dunk, three-point shooting and free-throw shooting contests. There is no admission fee and anyone can watch, though there are no bleachers.

APRISON GIVEN UNUSUAL BIRTHDAY CELEBRATION BY INTERNATIONAL MAGAZINE

His 68th birthday will be a memorable one for Dr. M.H. Aprison of the School of Medicine, thanks to Neurochemical Research magazine's May 1992 edition. The magazine is filled with articles his colleagues, former students and fellow scientists to recognize his contributions to scientific knowledge related to neuroscience and biochemistry. During his 35 years of service to I.U., he headed the Institute of Psychiatric Research and was appointed a distinguished professor in 1978. He was secretary of the International Society for Neurochemistry from 1975-79 and chairman from 1979-81. He received the Gold Medal Award given by the Society of Biological Psychiatry in 1975.

'92-93 ACTIVITY CALENDAR DUE DATE APPROACHING

Those individuals and organizations wanting a mention of their events in the 1992-93 IUPUI Activity Calendar should turn in information by June 15 to Noel Duerden. The deadline allows the calendar to be published and available by mid-August to cover events from August 1992 to August 1993. Calendar forms are available in Duerden's office, Union Building 115, or the information can be sent to his office along with the event name, time, date, place and contact number.

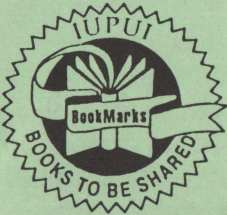

EARLY DEADLINE FOR NEXT GREEN SHEET

Vacation season is upon us, and with it comes the mid-summer juggling act to keep everything flowing — including the Green Sheet. Because a trip to Maryland beckons, copy deadlines for the June 21 edition of the Green Sheet are being moved up. All copy must be turned in by 5 p.m. on Thursday, June 11 in order to be printed in the June 21 edition. Subsequent editions will be dated July 5, July 19, August 2 and August 16. Deadlines for those editions will be 5 p.m. the Tuesday preceding the publication date.

GOVERNOR'S ENVIRONMENTAL CONFERENCE OPEN TO ALL

The conference, which is open to the public, will run from 8 a.m. to 5:15 p.m. and focus on such issues as recycling, wetlands protection, energy conservation, pollution prevention and stewardship of public lands. Among those scheduled to take part are Denis Hayes, organizer of the first Earth Day in 1970 and its 1990 successor, who will deliver the keynote address, and W. William Weeks of The Nature Conservancy. For registration information, call (317) 232-8863.
