## Policy Statement

Any art and museum piece purchased or donated to the university shall be capitalized if the value is \$5,000 or greater. If a collection is greater than \$5,000 then it will be capitalized as a collection.

In order to assign a book value, donations to the university must be appraised. If the unit unto whom the item has been donated feels that the item is not worth an appraisal, the nominal value of One Dollar (\$1.00) shall be assigned. The Indiana University Foundation Planned Giving office is prepared to assist the university and donors in connection with the appraisal requirements and documentation of such in-kind gifts.

[Back to top](#)

## Reason For Policy

To establish what art objects will be capitalized as capital art and museum objects.

[Back to top](#)

## Procedure

In order for an item to be capitalized as an art and museum piece the correct object code must be utilized on the purchase and disbursement documents.

A list of the current object codes (income and expense classes) is available by contacting the Campus Chart Manager (see listing: <http://www.fms.indiana.edu/fia/coaman.asp>) or the Kuali Financial System's Object Code References Tables.
