## IUPUI PHOTOGRAPHY CONTEST

A month-long contest to depict the growth of IUPUI photographically has opened. Up to 13 winning entries may be published in the 1981-82 IUPUI Campus Calendar. More than 25,000 copies are distributed on campus each year.

Amateur and professional photographers are invited to photograph IUPUI in any way to show its growth, dynamism or development. Black and white photographs only will be accepted. Deadline date for submission of photos is June 15.

Photo entry indicates clearance to use in the Calendar or any subsequent IUPUI publication. There is no prize, but all photos used for reproduction will be credited. A full list of contest rules may be obtained from the Publications Office, Ext. 2101.

Contest prints in either 8 x 10 or 4 x 5 size should be submitted, mounted or unmounted, to the IUPUI Publications and Information Services Office, Administration Building, Room 136, 355 Lansing Street, Indianapolis, 46202. Judges will be the creative staff of the Publications and Information Services Office.

## DENTAL RESEARCH PARTICIPANTS NEEDED

The Oral Health Research Institute of the I.U. School of Dentistry is looking for participants for an upcoming dental research program. Participants must have teeth missing in areas where a partial denture can be placed and should plan on being available for a series of short term studies for an extended period. Persons with existing partials will also be acceptable.

A new partial denture (or a replica of an existing partial denture) will be made without cost for all participants, which they will be able to keep after the study terminates. The partial denture will be identical to the one that would be made in a dental office, except for a small area in which can be secured an enamel chip. After the partial dentures are made, the program will begin and participants will be reimbursed according to the number of visits required. If you feel you meet the requirements for participation or wish further information, call Ext. 8822 and ask for Cathy Drook.

## 16TH MULTIDISCIPLINARY CHILD CARE CONFERENCE SET

Lisbeth B. Schorr, chairman of the Select Panel for the Promotion of Child Health in Washington, D.C., will be the banquet speaker for the 400-plus persons from throughout the United States and Canada who will attend the 16th Annual Indiana Multidisciplinary Child Care Conference at the Hyatt-Regency Hotel Wednesday and Thursday.

Because the conference is the foremost meeting of its kind, attendance has been limited. Dr. Morris Green, Lesh professor and chairman of pediatrics for the I.U. School of Medicine and physician-in-chief for Riley Hospital, started the conference in 1965 and has organized it each year since. Participants will be able to attend four of the 12 three-hour seminars offered during the two-day conference. Special events besides the banquet, which will be held at 7:30 p.m. Wednesday, will be the annual breakfast for alumni of the I.U. Pediatric Residency Program at 7:45 a.m. Thursday and a business luncheon for members of the Indiana Chapter of the American Academy of Pediatrics at noon that day.

#### WORKSHOP ON ALONENESS

Children leaving home, retirement, divorce and death are all personal losses that can cause grief, often guilt and a feeling of aloneness.

A free workshop on aloneness, "Loss and the Personal Awareness of Grief," will be offered from 9 a.m. to 4 p.m. Saturday May 23, in Room 318 of the University Library by the Office of Personal Counseling of IUPUI. Teaching skills to cope with grief, guilt and "unresolved feelings of aloneness" will be Dr. John Whitesell, senior consulting chaplain, and Dr. Donald Wakefield, director of the Counseling Center.

To register for the workshop, call Ext. 2548.
