

## ***Neighborhood Partnership News***

By Starla Officer, Center for Service and Learning  
Volume 1. Issue 6

The Center for Service & Learning is excited that three of our long-term partners in the Westside neighborhoods were recently awarded funding from the new IUPUI Charitable Giving class, "Learning by Giving", from the IU Center on Philanthropy.

In Dr. Greg Witowski's course, students learn the process of giving wisely and making grants, from deciding what issues to address and writing requests for proposals to conducting site visits and evaluating applications.

[Hawthorne Social Service Association, Inc.](#) (\$4,000); [Mary Rigg Neighborhood Center, Inc.](#) (\$3,000); and [Christamore House](#) (\$1,000) received this innovative funding to support their programming. Four awards totaling \$11,000 were awarded. Grant funds were provided by the Learning by Giving Foundation founded by Doris Buffett, sister of Warren Buffett.
