Foreword

To cherish
The traditions and ideals
The activities and achievements
of our *Alma Mater*
And to enshrine
The true *Normal* spirit
In the heart of every student
Has been the purpose
Of the *Gymnast* of 1929

Dedication

To Health

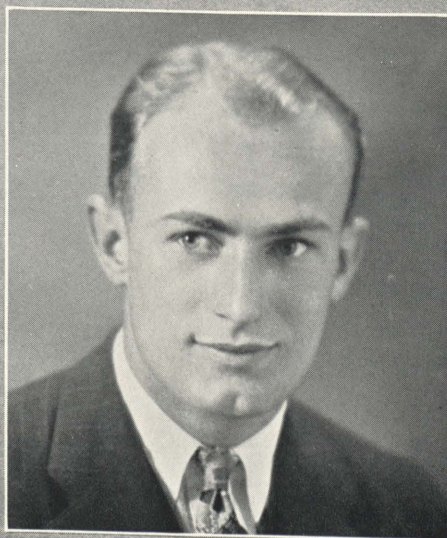

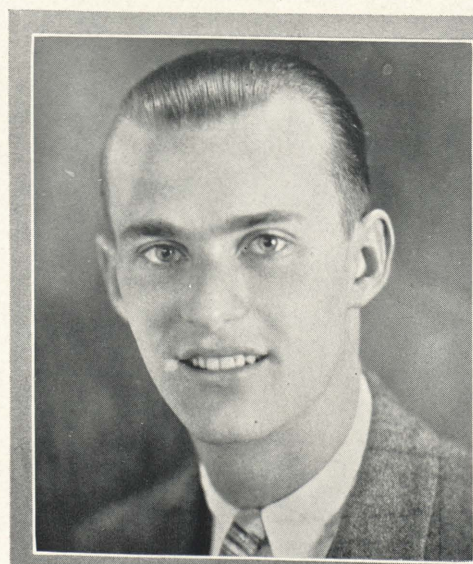

Sweet is the blessing of health. It is like the caressing peace of bright soft sunshine, and endows its possessor with all those powers that can make of the most desolate world a garden of enchantment. Guard it and it will prove a source of unfailing delight; neglect it, and it will distract and beguile the soul.

THE Student Council is composed of one representative from the Senior class, four from the Junior class, four from the Sophomore class, and two from the Freshmen class. The purpose of the Council is to assist the Administration in upholding the moral standards of the College.

The duties of the organization include grading of monitors, supervision during examinations, decision on cases of misconduct upon presentation of proper evidence, and the recommending of expulsions to the Board. Everyone is given a fair chance and no decisions are made until matters have been thoroughly discussed. The duties also carry over to Camp Brosius where the Council helps to enforce rules and regulations, inspects the tents daily and grades the occupants of the various tents.

Each Student Council member has a great deal of responsibility and only the best and most conscientious members of each class are elected to serve.

In order that the Council may function efficiently, the terms of office overlap. In this way there is at no time an entirely new Council. So far the organization has functioned admirably well and it is hoped that it will continue to uphold the high ideals and moral standards of the College.

THE All-Student Association is an organization within the school, the main purpose of which is to promote the athletic and social interests of the student body.

The executive body of this organization is composed of a president, a vice-president, a secretary-treasurer, a budget committee of three, and a social committee of three. Each class is permitted to nominate one candidate for each position on the staff. The secret ballot system is used in electing the officers at the general election, which takes place in May. At this time, the newly elected members take over their duties, and serve for one year.

During the past year, the All-Student Association has faithfully conducted the athletic and social functions within the school. It is our fond hope that the new staff will carry on to another successful year.

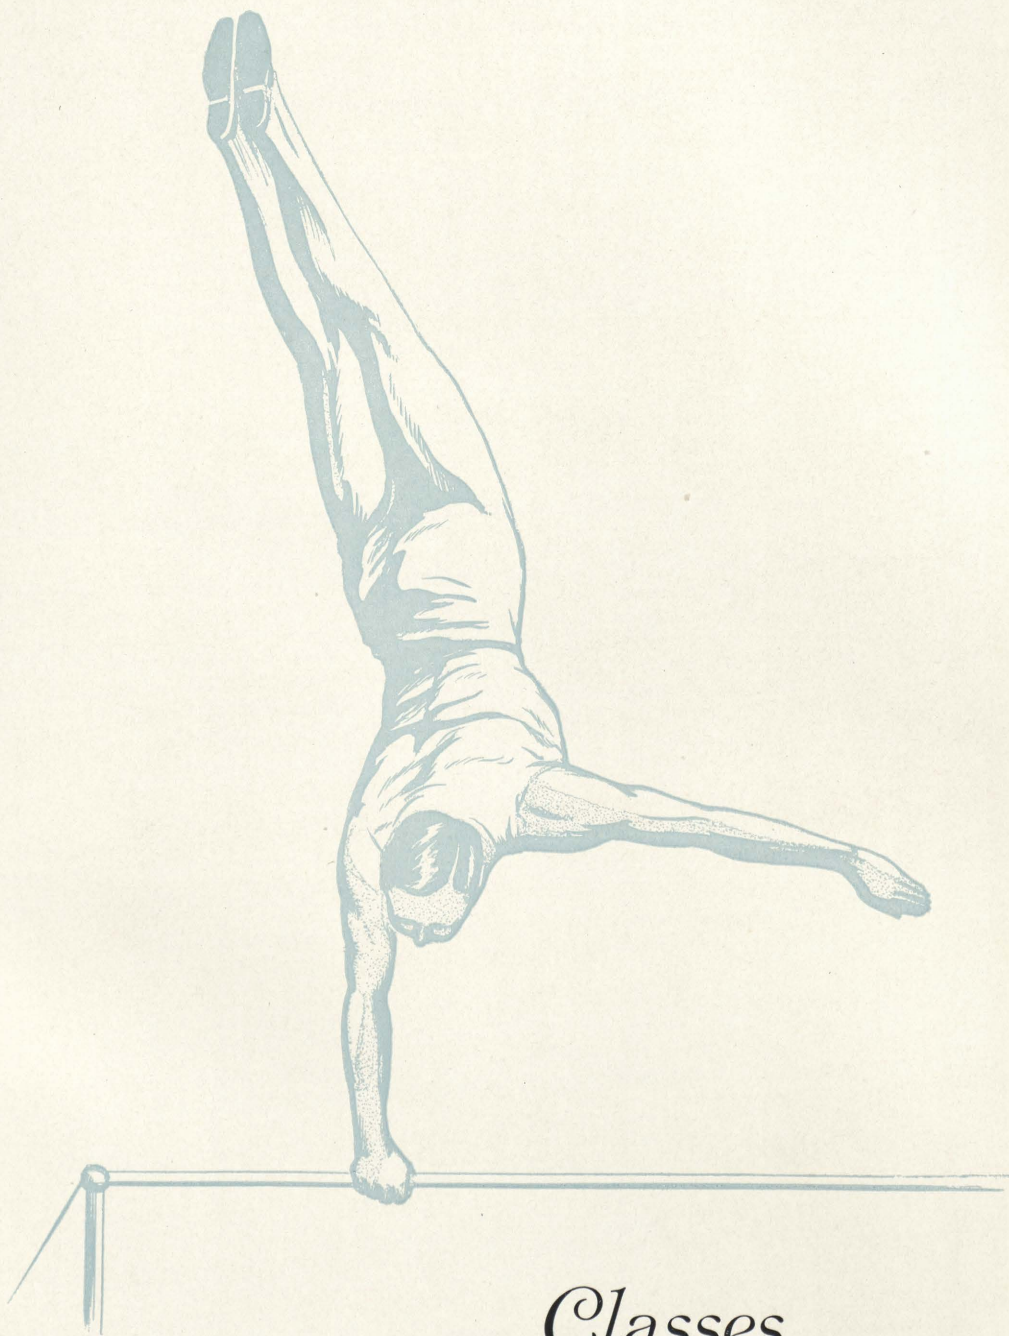

The American Turnerbund

IT has been recognized by the educators of the past centuries that physical education should be incorporated in the process of general education, and that the need for physical welfare is of no less importance than that of intellectual attainment. The American Turnerbund, founded upon the years of experience derived from actual work in Germany, has been a pioneer in this phase of education. The organization began in 1850, and has increased in size and importance until it now stands as one of the most influential organizations in the field of Physical Education.

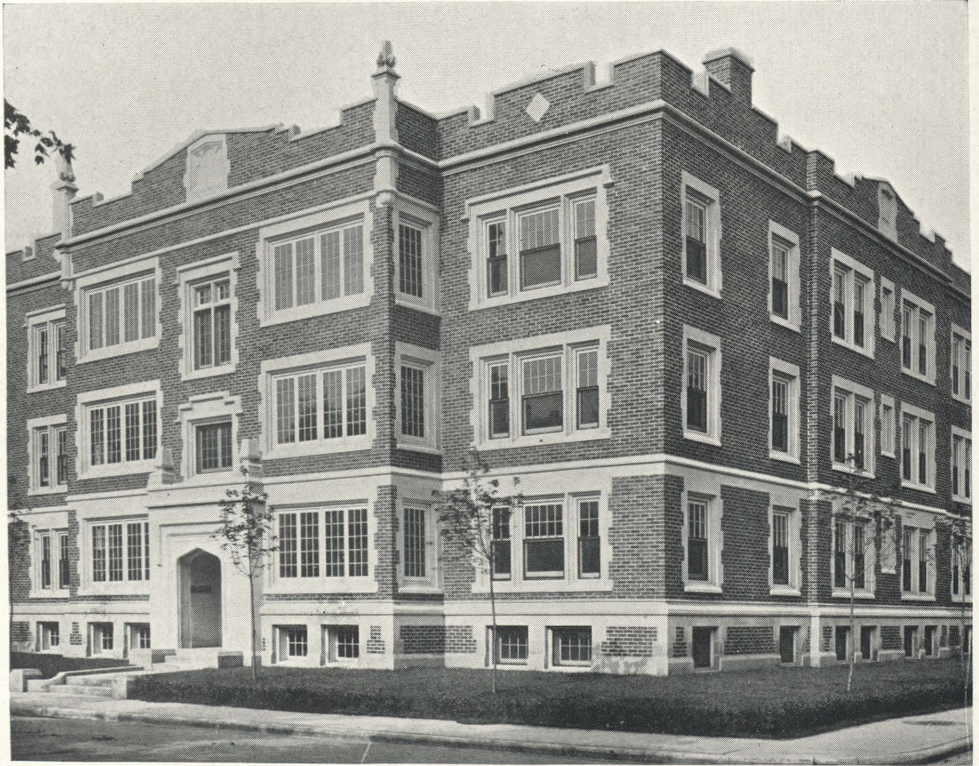

The society is extremely democratic in its principles and organization. Some of the most prominent Turners form the National Committees, which meet from time to time and make rules governing the various activities. Their jurisdiction extends over gymnastic turnfests, festival field days, district meets, and other activities. Every four years a huge national festival is held in which the best Turners from all over the world take part.

To develop more efficient instructors of Physical Education, and to further the liberal principles of the Turnerbund, the Normal College was established in 1861. Its purpose is to train teachers of Physical Education for Turn Vereins, schools, and colleges. Its curriculum is extensive and complete for any type of work that may be encountered in the field of physical welfare. In fact, the American Turnerbund is doing everything in its power to increase the physical attainments of the people of the United States.

It is with great pride that students attend the Normal College, knowing that they are whole-heartedly supported by such a noteworthy organization as the American Turnerbund.

THE class of '29, seven strong, is the largest to graduate from Normal with the degree of Bachelor of Physical Education. The title, Bachelor, is really the wrong terminology, for we are all members of the "fair" sex. However, this didn't hinder us (as most would suppose) from upholding our motto, "Deeds, not Words."

Indiana is very well represented by four "Hoosiers," "Del" LaDuron, Irene Doup, Georgia Healy, and "Katy" Wolf. "Dotty" Schulz comes from the "show me" state, and though not one in reality, "Pat" Wolff is a "sucker." Charlotte Eck is our only claim to an easterner as she hails from the "buckeye" state.

Before entering here, Georgia Healy attended Earlham College at Richmond, Indiana, and all the others have spent the entire four years here laboring with aesthetic, graded apparatus, anatomy, psychology, and all of the rest.

Our "laboring" has not been in vain though. After having been classed as everything but "dignified seniors," for even the Dean called us "the left overs" the first day of school, we are now graduating with a degree.

No matter where we go or what we do,
We can never forget our college days spent at Normal.

Farewell Song of the Class of '29

Words and Music—ISABELLE KLING, '29

I.

We as freshmen came to school
Where we learned work was the rule,
But we hope we've proved the test
'Cause we're different from the rest.

CHORUS

To Normal College A.G.U.
We must now say adieu,
But we will never ne'er forget
The things that we have learned from you;
You taught to devote our time
To body, health and mind,
Time will tell to you what we cannot express tonight,
We leave you now this class of twenty-nine.

II.

Three years now we've done our best
In our classes or in tests,
But of the fun we can not tell
How we have spent our time so well.

III.

Sail on, Sail on, Normal dear,
Thoughts of you we all hold near;
We will ever e'er be true,
Normal College, dear, to you.

IT barely seems possible that we entered the Normal College three years ago as green Freshmen. We have been so busily engaged in gaining an education and assimilating new experiences that we have had little time to stop and review the past.

As we progressed along the road of our profession, some of our classmates branched off onto other roads. Even with that loss, our class has always made itself felt, both in quantity and quality.

As Juniors we have a chance to stop and realize the responsibilities that are in front of us. Who knows that perhaps some day the members of our class will be influential in the field of their chosen profession. We have gained a basic knowledge and experience that can only be enriched by actual contact with the outside world.

We shall always look back upon our sojourn at the Normal College with a feeling of satisfaction. Our life here has been one of many trials and disappointments, but out of these we have acquired a new outlook.

OUR Sophomore year marked another milestone along the road of experience. We profited by happenings of last year, when we were merely Freshmen, and prepared for those days next year, when we will be Juniors.

The men of our class won the track and field meet at Camp Brosius, while the girls won the swimming meet. With such a start we were back here at the Normal College ready to do big things during the school year.

Remembering those dear old days not quite beyond recall, we were very lenient to this year's Freshmen and didn't try to impress them too much about their greenness, inferiority, and lack of sophistication. They were mighty good sports and we pass on to them our title of "Sophomores" with the feeling that they will carry it with befitting honor and dignity.

Well do we remember the good times at the dances, the football, hockey and basketball games, and the thrill of Christmas vacation. Then back to school

(Continued on Page Thirty-three)

(Continued from Page Thirty-one)

again and the anxiety of final exams which marked the close of the first semester. The second semester ushered in a new era, for then we began teaching in the public schools. How grown-up we felt and how we looked down in pity on those poor mortals who didn't have the opportunity to experience the thrill of being a real teacher in the Indianapolis Public School system—everything but the pay.

On March the eighth the Sophomores presented their stunt night before a large audience and many were the requests to hold another one. Our class edited the Annual so that practically all of the Sophomores were busy up to the last minute. Some of the Sophomore boys had the thrill of fooling the City of Indianapolis by impersonating the "Bunion Derby" cross-country runners and really doing it successfully. Policemen stopped traffic, the crowds gaped, and some remarked, "How young they really are!" Cameramen steadily turned their cranks in an attempt to get movies of these far-famed athletes.

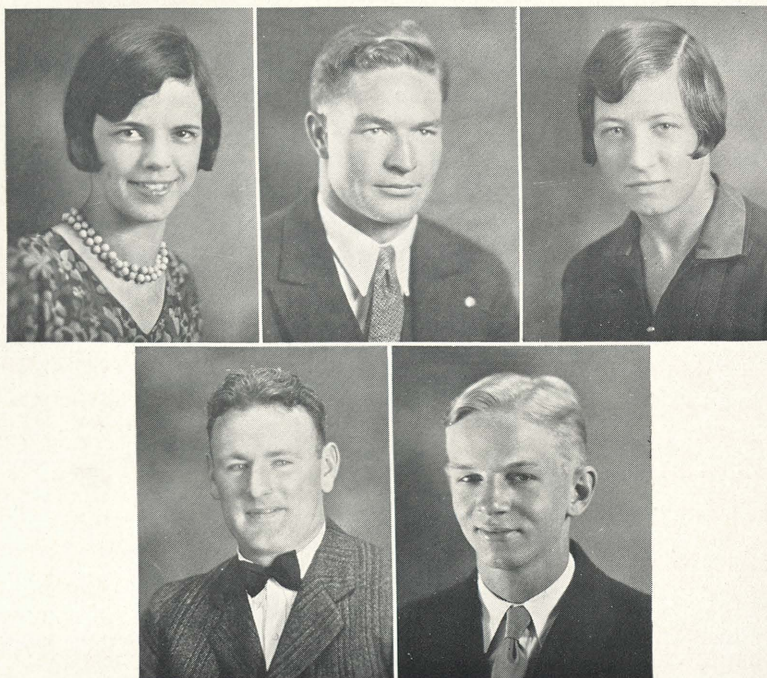

On May the first, in co-operation with the Juniors and Seniors, the Sophomores gave an exhibition in apparatus work, tumbling and dancing, on the Circle.

The last month in Indianapolis went only too swiftly. Again came final exams, with the resulting joy and relief at their completion. Then Commencement and the hurry and bustle of leaving for camp.

We will to the next Sophomore Class, our good times, our Sophomore duties and the Sophomore name. Good Luck! And we accept from the Junior Class their duties, pleasures, and the name "Juniors." May we continue our work and accomplish much in order that the Class of '30 will ever be remembered at Normal.

FRESHMAN! Normal College! Combine these two words and you have a group of embryo physical educators, who have set a goal and are out to do their best in order to attain it.

Our first days at the Normal College were a period of confusion and uncertainty, but we soon became acquainted with the new routine and fell into the regular college grind without much trouble.

The second semester found us more settled and with a greater realization of what was to be accomplished. As our period as Freshman is now rapidly coming to a close, we look back and review our past with a certain amount of satisfaction.

Our only hope is that future college years will be as beneficial and as enjoyable as this past one.

JUST what is the Pan-Hellenic Council? It never shows itself and yet it is ever alert and ready to act. What are its functions? It is the governing body of inter-fraternity relationships in the college. It is the duty of the Pan-Hellenic Council to regulate rushing, bidding and pledging of prospective members for the various fraternal organizations. Should any differences arise between the fraternities, the Pan-Hellenic Council endeavors to settle them justly and to the satisfaction of all concerned. Meetings are held only when circumstances demand.

Who compose the Pan-Hellenic Council? Membership is restricted to one representative of each fraternity, two faculty members and one member of the Board of Trustees. The fraternity representatives are elected by their respective organizations. The faculty and Board of Trustees members are selected by the latter group who designate one of their choice to act in the capacity of president. This year the following people comprised the Council: Anna Mae Zitzman, Phi Delta Pi; Marion Notley, Delta Psi Kappa; Adele LaDuron, Omega Upsilon; Emil H. Rothe, Phi Epsilon Kappa; Clara Ledig, faculty member; and Dr. Carl B. Sputh, faculty and Board of Trustees representative. At the conclusion of the first semester of this year, Marion Notley left school and Lydia Wolff took her place in the Council.

This year the Rules and Regulations of the Pan-Hellenic Council were revised, changed, and brought up-to-date. It is believed that this new organ, governing the actions of the Pan-Hellenic Council, will prove very beneficial to all the Greek letter organizations in the Normal College.

Athletics

The Athletic Board

THE Athletic Board is the student organization which governs varsity sports at Normal.

This year the Board has functioned admirably well, and many special meetings had to be called in order to complete the necessary work. The biggest accomplishment was the formulating of a permanent point system for the awarding of the athletic insignia. Many discussions and arguments finally culminated in what we hope will be a favorable system. Points may be made in the following sports: Football, Basketball, Baseball, Track and Field, Swimming, Volleyball, Field Hockey, Gymnastics, Soccer, Fencing, Boxing and Wrestling.

We may only close with the fond hope that sports continue to prosper under the guidance of the Athletic Board.

Exhibition Tumbling Team

ACALL for the Exhibition Tumbling Team in the early part of our school term was eagerly answered by quite a number of aspirants. Due to graduation, Duquin's tumbling skill was greatly missed, but he was capably replaced by Mixie, who was unanimously elected captain.

The first exhibition by the tumblers was given in the Ratskellar of the Athenaeum on January 8, 1929, for the Medical Association of Indianapolis.

The team next demonstrated in the First Presbyterian Church on March 5, 1929, in connection with the dedication of their new gymnasium. Besides the splendid individual tumbling, some hand-to-hand work given by Ellison and Mixie put the number "over" in great style.

The team gave an excellent performance in the Normal College Gym on the night of the Girl's Gym Meet, March 16, 1929, probably due to the favorable surroundings.

April 16, 1929, the boys traveled to Greenwood. Although greatly handicapped by the absence of their leader, Mixie, the team gave its best performance of the season. The tumblers knew their routines perfectly and the program went over without a break.

The team consists of six Sophomores: Mixie, Schmitt, Schack, Hicks, Zingg, and Alvin; and three Freshmen: Ellison, R. Flanegin, and Scheitlin.

VARSITY—35

ALUMNI—30

The first Varsity competition of the year witnessed the annual downfall of the Alumni during Homecoming. However, the "grads" admitted defeat only after the hardest of battles. LeCollier and Freuck showed best for "ye ole timers," while Boehm led the scoring with 12 points.

VARSITY—26

MUNCIE—35

On December the 6th, Normal journeyed to Muncie to open the season with the Cardinals; and although defeated, it was only after a hard struggle. The first half ended 14-12 in favor of the home team; but our boys, unaccustomed to the large court, weakened somewhat in the final period, and the victors widened the gap.

VARSITY—39

INDIANA CENTRAL—49

On the night of December 13, A.G.U. journeyed across the town to Central's barn and lost a free scoring contest 49-39. The game was much like the weather, in that it literally "rained" baskets. The score see-sawed back and forth during the entire game with Central making a winning burst near the finish. Score favored the Hilltoppers at the half, 22-20. "Bill" Neu found the hoop for 15 points, while "Red" Rothe chalked up 11 for Normal.

VARSITY—12

HANOVER—26

In the last game before the holidays, Hanover visited Normal Gym and left town a few hours later with an Xmas gift in the form of a well-earned basketball victory. The first half was very close with Hanover leading by the slim margin of one point, 13-12. We are inclined to believe that someone put a lid on our basket between halves for our boys did not score a single point after the intermission.

VARSITY—17

HANOVER—41

During the first week after the Holidays the Normalites journeyed to Hanover to renew pre-holiday hostilities. Sad to relate they returned with a defeat attached to their belts. Were our boys handicapped by lack of practice, or hadn't they fully recuperated from the effects of the strenuous activities of the holidays? We leave the question for you to decide. The close guarding of the home team featured.

VARSAITY—33 INDIANA CENTRAL—32

Oh yes! Oh yes, we shall have our revenge! Dreams which had existed since December 13th came true on the night of January 26. On that night our South Side rivals felt the bitter sting of a one point defeat. What a game! Normal led at the half 24-17, but Central gradually crawled up. Plunk! Central scored! Swish, Larry's shot skimmed through! Central another! Larry another, and Bang!!! the final gun—the smoke cleared and Normal was one point to the good. The entire team fought hard and deserve praise for the gallant victory.

VARSAITY—25 HUNTINGTON—42

"Mental fatigue causes physical fatigue." This old maxim was truly exemplified in this basketball game. After going through several hard exams earlier in the day, the Normal boys travelled to Huntington and tried to win a basketball game. They fought hard but to no avail, since Huntington was destined to win that day.

VARSAITY—57 DENTAL COLLEGE—32

Normal chalked up its biggest score of the season in this game. They ran "wild" and couldn't be stopped. There was no let-up throughout the game and the baskets were peppered from all angles. "Lou" Goldstein led in the scoring with 28 points.

VARSAITY—21 MANCHESTER—30

The Normalites entered the second round of the Tournament with high hopes of defeating the up-staters, but succumbed after a hard fight. Manchester went to the finals so we have the satisfaction of knowing we lost a close game to a good team. This game marked the end of a fairly successful season.

The Baseball Team

THE Varsity Baseball Team shows excellent promise of making a good showing during the present season.

Wallenta was elected Captain, and it is expected that his third year on the mound for Normal will be an exceedingly good one. Packanowski is coaching the team and will also play "first." The remainder of the infield presents the biggest problem, but likely looking candidates will fill the gaps well. Fissler and Nowak are veterans for the outfield positions, and Gallagher is ready for duty behind the bat. With a great deal of practice and additional help from Freshman and Sophomore candidates, a good team should be moulded to play though the stiff schedule which follows:

Danville.....	April 15th
Muncie.....	April 20th
Danville.....	April 29th
Manchester.....	April 30th
Butler.....	May 3rd
Butler.....	May 9th
Indiana Central.....	May 10th
Danville.....	May 13th
Indiana Central.....	May 21st

Normal defeated Danville 5-1 in the first game of the season.

1928 Baseball Resume

NORMAL enjoyed a very successful baseball season in 1928. With the return of many of the veterans and through use of new material a good team was moulded. Indiana Central, the strong Muncie Normal, and Huntington teams fell before the attack of the Normalites; while our boys bowed to Butler and Kohler.

NORMAL—7 MUNCIE—6

On May 8, Normal travelled to Muncie and defeated their strong team in a hectic battle. The score see-sawed back and forth during the entire game, but in the eighth inning our boys put across the winning marker. Gallagher poled out a homer in the third.

NORMAL—13 HUNTINGTON—9

Normal made it three straight against Huntington on a field more suited for swimming than baseball. Many errors were committed by both teams and the game was finally called at the end of the seventh.

NORMAL—4 BUTLER—5

On May 18, Butler halted the winning streak of the Phy. Eds. Our boys were going along in grand style, keeping the lead until the eighth inning when Wallenta's knee snapped and severely handicapped him. Butler scored two runs, nosing our boys out by one run.

NORMAL—4 CENTRAL—3

On May 26, Normal defeated Indiana Central for the second time. Wallenta outpitched LeRoy and Bailey in a tight battle. The Phy. Eds. scored four runs in one big inning, the fifth, which proved enough to win the game. George held Central to seven scattered hits.

NORMAL—5 KOHLER—11

While at Camp Normal played the strong Kohler team at Kohler and lost their second game of the season. The team showed the effects of a long lay-off and lack of practice by making many errors. Our boys fought hard to the end but lost in the face of superior odds.

The Volleyball Team

THE Normal College Volleyball Team under the guidance of Captain Zabadal had an extremely successful season. Surmounting many obstacles, both material and spiritual, they "kept faith", fought hard, and managed to finish second in the City League.

The fact that volleyball is taking its place as a recognized college sport was evidenced this year by the presence of a team representing Indiana Central. The officials at Butler College have also signified their intentions of putting a team in the field next year; so all in all, volleyball enthusiasts have much to be elated about.

Our team, though feeling the loss of the ability and fine spirit of Captain Staiber, Eddie Uhlig, and Eddie Koenig, was bolstered up in a fine fashion by the Freshmen who "answered the call", namely—Brown, Scheitlin, Robt. Flanegin, Morse and Barrick. These men, along with some of last year's men; namely—Hicks, Mixie, Engel, Zabadal and Roth, and two new men—Roberts and Bauman, comprised the entire squad of twelve.

With the majority of these men returning next year, we have a nucleus around which to build another very successful team.

The Gym Team

TO say the least, Normal had an outstanding Gym team this year. The mainstays of the team were two men who had made a good showing in the International Turnfest at Cologne during the previous summer; namely "Bernie" Brockman and "Joe" Mueller.

Headed by these two and Captain "Bill" Meissner, the team literally "walked away" with the two big meets in which it was entered—a dual meet with the Fort Wayne Tourners and the Indiana-Kentucky A.A.U. Championships.

The outstanding members of the present team will be back at school next year, so we may again look forward to a successful season.

Kentucky-Indiana A. A. U. Meet

THIS meet was held at our gym on the evening of March 23, under the auspices of the Turn Verein. Everything was well-handled by "Senky" and his assistants.

Brockman of A.G.U., and Schleuder of Ft. Wayne provided the majority of the thrills.

"Bernie's" exercise on the horizontal bar, Schleuder's performance on the parallel bars, F. Flanegin's ring exercise, and Bumpas' club swinging were the outstanding features of the meet. Mueller's Free Exercise was practically perfect.

Added attractions were, a fencing meet in which Purdue dominated and a women's apparatus competition.

Women's Interclass Gym Meet

THE girls' gym meet, held on March 16, 1929, proved to be one of the most enthusiastic events of this year. Although there were but a few entrees, the girls succeeded in making the meet a snappy and thoroughly interesting one.

There were sixteen in all, who took part. Miss Holtzhauser and Miss Horschke were the outstanding contestants in the majority of events.

In adding up the final number of points for each class, it was found that the Juniors had won the meet by a very narrow margin.

The results of the meet are as follows:

Varsity Track---1928

OWING to unfavorable weather conditions and lack of proper accommodations for training, not as much interest was evidenced in the Varsity track team as in previous years.

In a triangular meet with Butler and Rose Poly, the following scored points for Normal:

Duerr took second in the discus; Hicks and Bauer tied for second in the pole vault; Fissler finished third in the half-mile; and Zingg tied for second in the high jump.

Varsity Track—1929

THE call for Track Candidates was made about the 15th of April with the prospects of a busy season ahead of us. A few days later Karl Bauer was elected Captain of the Team.

With only a few days of training to our credit, we met Indiana Central in a Dual Meet at the Shortridge Field. As this was our first meet, it served to show just what material we had in our ranks of seasoned upperclassmen and yearlings. As the Meet progressed many of us thought that Normal had a chance to make a decent showing, but when the score was computed we learned that Indiana Central had amassed about 90 points to our 24. The following men placed for Normal:

Graves	Fissler	Boehm
Golden	Hicks	Mulholland
Rammacher	F. Flanegin	Bauer

While these men "placed" in the Meet with Indiana Central, there were others who came very near gaining places in their events and who should be point getters with a few weeks of training. The next time we meet the Indiana Central delegation, we will try to avenge this year's defeat.

At the writing of this article we are looking ahead to three or more Meets. We will send some of the best men to the "Little State" Meet at Terre Haute, and to The "Big State" Meet at Bloomington. These two Meets will be on May 11th and 18th respectively. We are also planning to try our strength with Butler during the first week of May.

With such a Squad as: O'Connor, Alvin, Schmitt, Roth, Zingg, R. Flanegin, Ellison, Kremzier, Barrick, Minella, Hockin, Schack, Klier and Arps, the men who "placed" in the first Meet will have to keep improving or their winning ability may be taken over by some of the ambitious men on the Squad.

We are looking ahead to a successful season and we are bound to have it for success in Athletics cannot always be measured by Points gained, although such an attainment seems to add flavor to the efforts of the Boys. We will come Home with "Points" or we will have the satisfaction of knowing that our Rivals had to extend themselves to the fullest extent in order to beat us.

Men's Intramural League

AN intramural basketball league, composed of all the men in the school, played a regular schedule during the second term this year, and some exciting games resulted. Members of the Varsity basketball team acted as coaches and in this way keen rivalry was aroused. A win counted two points, and a tie, one point in the standing. Carl Mesch's team defeated Bill Neu's team in a hard-fought game, score 9-8, for the league championship. Members of the winning team were: Captain Zabadal, Roberts, Engel, Rammacher, Minella, Barrick, Hill and Tinsworth.

Final standing of the league:

<i>Team</i>	<i>No.</i>	<i>Coach</i>	<i>Won</i>	<i>Lost</i>	<i>Tie</i>	<i>Points</i>
Black	6	Mesch	5	1	1	11
Brown	8	Bauer	5	2	0	10
Purple	7	Wallenta	5	2	0	10
Green	4	Boehm	4	2	1	9
White	1	Howard	3	4	0	6
Orange	5	Rothe	2	5	0	4
Blue	3	Neu	2	5	0	4
Red	2	Goldstein	1	6	0	2

INTERCLASS BASKETBALL

This annual can hardly go to press without mentioning the undefeated Junior Basketball team, which did not lose a game in the last three years. The team is composed of Wallenta, Goldstein, Rothe, Bauer and Howard. These men succeeded in beating both the "Frosh" and the "Sophs" for this year's championship. The score of the latter game was exceedingly close, 32-30. It is our hope to see this group come back to Normal at some future Homecoming and again give an exhibition of their skill.

FRESHMAN BASKETBALL

NORMAL FROSH—8 BUTLER FROSH—16

A Normal College Freshmen Basketball team had the thrill of playing in Butler's big field house before some 12,000 people in a preliminary to the Butler-Notre Dame game on March 2. The first half ended 5 all, but the big floor proved too big a handicap in the second half and the Butler frosh scored a few more than our yearlings. Ed. O'Connor scored all of our 8 points.

Fencing Tournament

AT the end of the fencing course the annual Freshmen tournament was successfully conducted under the capable supervision of Instructor Hubbard. Some very good material was developed and lively and interesting bouts ensued. In the men's finals "Bill" Horschke defeated "Southpaw" Spaeth by a narrow margin while in the women's finals Lucille Luetje, another southpaw, defeated Grace Peterson in a close match.

SOPHOMORES—9

At the end of the baseball courses in May the "Frosh" and "Sophs" locked horns in battle. The upperclassmen displayed their ability at the national pastime and had an advantage of one run after seven innings of squabbling, arguing, battling and advice from the sidelines on how to play the game. Well, better luck next time, Frosh.

Women's Track and Field Meet

THE Women's track and field meet was held at Camp Brosius, June 22, 1928.

A drizzling rain handicapped the contestants slightly, but nevertheless, the meet was finished in due time with the Sophomores at the long end of the score. The best performance of the day was turned in by Gretchen Klee who broke the Camp Shot Put record with a heave of 33 feet, 6 inches.

The results were as follows:

50-Yard Dash

(7 seconds)

- 1 M. Muenster(So.)
- 2 G. Klee(Fr.)
- 3 D. Ernsting(So.)

Standing Broad Jump

(7 feet, 3¾ inches)

Men's Swimming Meet

SOPHOMORES—37

FRESHMEN—17

“LARRY” Howard proved too big a handicap for the Freshmen to overcome in the annual swimming held at Camp. Thus, the “Frosh” went down to defeat by a score of 37 points to 17. Howard placed first in four of the six events and scored 20 points for his class.

The Freshmen made their best showing in the fancy diving contest, in which they took all three places.

The place-winners were as follows:

50-Yard Free Style

(24.4 seconds)

- 1 Howard(So.)
- 2 Aiken(So.)
- 3 Roth(Fr.)

50-Yard Backstroke

Women's Swimming Meet

SOPHOMORES—30

FRESHMEN—46

THE women's swimming meet which was held at Camp Brosius June 21, 1928 proved to be of great interest to all. Everything was efficiently handled and all events were run off on schedule time.

All entrees did very well, and in many instances the races were very close, although Nora Fischer carried away highest honors. Keen competition was prevalent throughout the meet and live interest was shown by the spectators.

The outcome of the meet was as follows:

50-Yard Free Style

(35.6 seconds)

- 1 G. Peterson(Fr.)
- 2 A. Tiefert(So.)
- 3 G. Healy(Fr.)

50-Yard Backstroke

Camp Brosius

THERE was a tremendous commotion in Ling Hall. Word was being passed around to the various tents that an advance squad of students was to arrive in Elkhart Lake that very afternoon.

(Old worn weather-beaten Tent to a new small Tent) "Well, it's about time we got out of here. I've been cooped up long enough and couldn't stand being indoors much longer."

Being inquisitive like most small people, the new Tent asked, "Won't you please tell me how the students live and what they do here?"

There was a moment of silence in which a warm summer breeze wafted thru Ling Hall and aroused fond and tender memories in the heart of the gruff old tent, then the answer,

"Yes, I will tell you the experiences of the students during the last season's Camp term, which, in my estimation, was the most impressive and enjoyable of all."

Late in the afternoon of May 31st, the advance squad came and took out some of my companions and set them up in the girls' tent area. Being sort of old and worn I was, of course, reserved for the boys' area. On the following day, the remaining students arrived and soon we saw them rush to the Mess Hall for the evening meal. Most of the boys slept in Ling Hall and Stecher Hut the first night since we were not yet set up.

The next morning the students were awakened by a screeching noise which turned out to be Reveille. I well remember that day. There was plenty of noise and confusion as those who had not been here before did not know just how to proceed.

June 4th, school began and the boys and girls had plenty of extra work to do. The Dean assigned groups to various tasks such as repairing paths, fixing boats, mending steps and a thousand and one other things.

The next day a series of yells broke loose down the alley and I observed a bunch of the fellows surrounding something. At first I thought it was a new kind of an animal, for it had a great bullet-shaped head that was all face and made funny noises as it walked, but when it came closer I saw it was only one of the fellows, whom they called, "Stolte," with his hair shaved off. In the evening I got it straight from Stecher Hut that the men met in Ling Hall and had an entertainment. He said, "They had a clever fellow at the piano whose name was Roth and he kept those keys in perpetual motion." Another fellow with a very long name played the accordin by ear until I thought he'd never stop. Pack, Hicks, and Bauer received plenty of applause for their dancing. Even the Dean contributed several numbers on the violin. The men sang a variety of songs

which ranged from "Sweet Adeline" and "Schnitzlebank" to "We're Drifting Back to Brosius."

Small Tent:—"What happened to the girls, did they go to bed early?"

Big Tent:—"I almost forgot about them. They had a get-together in Jahr Hall, but as to going to bed early that's a foolish question. Get four girls together in the same tent, and they talk all night and when there are fourteen tents, it's just too bad."

The rest of the first week went by quickly. The regular school work continued and there was plenty of extra work to fill spare moments. The pier was put in place, float towed around to position, steps were fixed and paths smoothed out.

I well remember the time Miss Ledig came to the boys' area in an attempt to find out who was playing with the lights. Some fellow by the name of "Koenig" offered a solution in the form of "The Sandman."

Wednesday evening was the first date night and the boys and girls explored the "ins and outs" of Lover's Lane. I know quite a little about Schmidt and Alvin that I'll tell you one of these days.

One thing really pitiful was the sore lips of the Bugler. He had a terrible time wrestling with that horn and the sounds he extracted from it were simply pathetic. The whole camp suffered with him.

Thursday night a party was held in Stecher Hut, in which pinochle and bridge dominated with billiards a close second. At the same time the girls had a Hobo party. Some rare costumes were displayed, some, in fact, that would put a real hobo to shame. Marion Notley received first prize for the best costume. She was dressed in a burlap sack, Jumbo's football jersey, Kraus' hat and she conveniently lost her teeth for the evening. Oh! what a scream.

Friday night was the occasion of the first camp-fire and Dick Aiken was master of ceremonies. Contributions came from both the boys and the girls. Dotty VanAller crooned a few SENTIMENTAL songs, and several well-known numbers were sweetly whistled by Miss Leutje and Schmidt contributed several numbers on his violin. Even the mosquitoes did their share with annoying buzzes accompanied by frequent nips. The night was especially pretty and the general feeling was that the next Camp-fire couldn't come too soon.

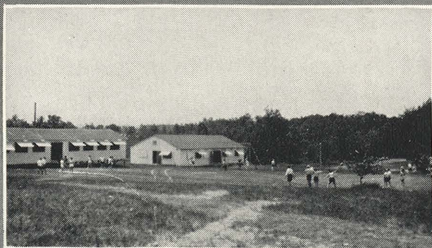

Date night rolled around again and gave several conspicuous couples opportunity for extra-curricular activities. Ask Heeschen and Wallenta.

WEEK OF JUNE 10-16

Small Tent:—"What's the attraction in town to which everybody goes in his spare time?"

Big Tent:—"Oh, they go over to Gessert's and the men generally wind up at Mike's Hotel, for you see, Mike is always in good spirits." Then, too, there is an occasional movie that some of the students attend.

The second Sunday passed with a noticeable increase in the number of hikers (couples) to grasshopper hill and similar spots.

Men's night was again run off in Ling Hall; this time under the direction of Louie Goldstein. The boys felt more at home this time and the entertainment was rather noisy. A German song was reeled off by Bernie and the boys certainly gave him a hand. Oh! yes, that fellow called "Stolte" sung a little ditty called, "Alfonso Spugonie" and the song left a deep impression for that was all that could be heard from the fellows, the rest of the camp term. Meanwhile the girls were far from idleness. It appears that Tent Five held a Treasure Hunt that finally ended at Grasshopper Hill, the prize being a box of candy which was captured by Vivian Ruell. All returned to camp tired and happy after the long hunt.

During the next few mornings, the boys were kept busy making baskets. Boehm struck a snag in his basket and called over to Uhlig, who had finished his, "Hey you! I'll give you 'half a rock' if you finish mine."

Uhlig looked up and said, "What's that?"

Boehm answered, "I said, I'll give you two bits if you finish my basket."

Uhlig: "I heard ya the foist time."

Friday, the Sophomores entertained with an "Old-Fashioned Dance" in Jahn Hall with Emma Hunt and Lou Roth at the piano. The "frosh" were introduced to the "Rye Waltz." What a hand Miss Ledig and Bauer received for their exhibition dance, al-a-clog. No one wanted to leave at the end of the evening but rules are rules at Brosius.

Say! the birds were in luck up this way. Miss Ledig had all the boys building houses for them. Bernie even built a chicken coop. The girls, in the meantime, were occupied with making handbags. Some of the boys helped also in this, but Miss Ledig didn't know it.

Thursday night was a night of nights and the boys made "whoopee" at Mike's. They had a real Kommers with plenty of eats and drinks. Dean Rath and Mr. Steichman attended and proved extremely valuable guests. Several of the boys were called upon to perform and the famous "Rund Gesang" aided materially in the evening's entertainment.

On Friday, the students searched the vicinity for flowers and leaves such as were needed for the course in "Nature Study." That night the weekly camp-fire was held with Bauer in charge. A little sketch was put on, Schmidt played the violin, Stolte initiated the girls to "Alfonso Spugonie" and a funny little chap by the name of Schack raged up and down the camp circle reciting "Hamlet."

Saturday was a big day for N.A.G.U. They played Kohler in baseball and lost 5 to 9. Paddy hit the only circuit blow. Two trucks took the gang to the bathtub town.

WEEK OF JUNE 17-23.

Sunday turned out to be a miserable day and the night was even worse for it

rained terribly. A few went to Elkhart While Miss Ledig chaperoned impromptu dancing in Ling Hall.

Another week of hard work. There were even boating classes in the evening. The men's entertainment in Ling Hall yielded the same performers with a few variations. Judge Stolte held court and several "Trios" operated on the bunch. Dean Rath gave an exam in "Track and Field" and in spare moments the students recorded aims in practical work.

One night the Sophomores got high hat and passed up Mess for a boat trip on the Queen and dinner at "Siebkins." "Frosh" substituted for them at Mess Hall.

Only one member at Camp was honored by having personal swimming lessons from the Dean and that was the singing fool, Stolte. The track meet between the "Sophs" and the "Frosh" was held and the latter cleaned house. "Zaby" lowered the camp record for the mile by 3 seconds. Freshmen women won their swimming meet. Great day for the "Frosh!"

The men had a treasure hunt which lasted for an hour and a half over hill and dale, round lake and what not. Rudy aroused an enraged group of Wisconsin steers enroute to the goal and really thought he was a cowboy (when he was on the other side of the fence). False note led to VanAller but correct note led to Round House and the Treasure. Oh Boy! what a treasure! Thirsty? I'll say. Twenty-nine pops and a keg disappeared in a short time, also several dozen sandwiches. Uhlig contributed a recitation, and Mr. Steichman added to the merriment with a new German Song. All went well and no buckets were needed at the end of the evening.

The following day proved to be a lucky one for the Sophomores, as they retaliated for previous defeats by winning the girls' track meet and the boys' swimming meet."

New Tent:—"Oh! they didn't have any school that day then?"

Big Tent:—"No school—well, I should say they did have school and plenty of it 'cause if I remember correctly, the Dean had them all dizzy making up charts of some kind or another."

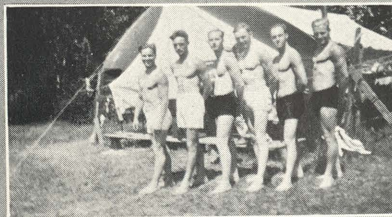

That Friday there was no Camp-fire on account of the rain but instead an entertainment in Ling Hall. The Dean surprised the students by passing around sheets of popular jazz hits which all sang and enjoyed. Lou Roth certainly did himself credit at the piano. They were also allowed an extra half hour for dancing. All through the night visitors arrived in cars and Fords for the Turnfest the following day.

Saturday—What a day and what a crowd of people, they even had to serve double meals at the mess hall. That night the students were allowed to go to a Dance over at Osthofts Pavillion, which was chaperoned by Miss Ledig. The latter, in conjunction with Wuest "Jew Hopped" all over the scenery. When Herb Schack came home he found himself ejected forcibly from Tent Six, for reasons it is best thought not to mention.

The Turnfest finally wound up with the distribution of prizes in the afternoon and the Turners were all gone by 5 P.M. The evening brought rain with it which continued on till noon of the next day.

Monday evening Engle landed one of the biggest pickeral ever caught in Elkhart Lake, being 13 lbs. in weight and fully three feet long.

The last few days were entirely filled up with basket weaving, checking of aims and making of handbags.

The final night in camp was the occasion of a Farewell Dance in Jahn Hall. Students made "whoopie" after the dance and the Dean made "whoopie" the following day in the form of suitable punishment "How well I remember the last day in Camp. It hurt me to see them leave."

Small Tent:—"Did they leave in the morning?"

Big Tent:—"No, the morning was spent in packing and cleaning up and the students left on the three o'clock train. The Queen was not as speedy as usual, but finally, after many nickles had been put into the engine, the goal was reached. The few who remained at the Camp returned in a dejected manner and that is exactly how I felt."

Small Tent:—"Did they take you down?"

Big Tent:—(Long deep sigh) "Oh! no, the summer students came but they could never take the place of my old friends. I don't think that there has ever been a summer that I enjoyed more than the one spent with last year's students."

We have come to the time when we must say farewell
To the class that all of us have loved so well,
To the classmates that have stuck thru thick and thin,
To the school that has helped us all to win.

Our defeats and troubles are all in the past,
Our victories and pleasures will cling to the last,
For where will you find in all this land
A more perfect example of "United we stand."

PANSY LANNING

1928 Summer Session

JULY third marked the opening of another summer session at Camp Brosius. Though the enrollment was comparatively small, the session was one of the most enjoyable experienced by the regular comers.

Dr. Sputh made his debut as director of the summer session and made many friends by his personal interest in all students.

Several new instructors joined the ranks to make things interesting. Dr. Stomberg made camp unusually different by her assignments which necessitated the burning of more than midnight oil. Mr. Paine produced some real swimmers in a remarkably short time. Both Mr. and Mrs. Reichelt became quite popular through their sincere efforts to give only the best. The only really finished dancer produced by Miss Ledig was Mr. Reichelt who proved an apt pupil in learning the grace and expression needed in performing "The Bowery Dance."

Many "alums" came back to add to the fund of knowledge. Imagine the joy of having two real pianists in the ranks: "Babe" Snyder and Helen Young certainly gave the camp pianos plenty of exercise to say nothing of the students.

Peter Gray accompanied by Gladys were with us again. What is a camp without a mascot?

Though we were kept pretty busy, everyone had time to indulge in a few pleasures. Joe Schweitzer surprised everybody by promptly falling in love. (And How!)

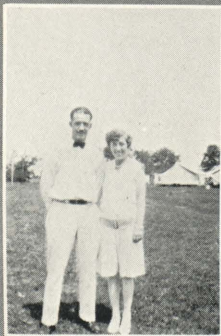

The biggest event of the whole season took place when Julia Leshner and Henry Holz slipped over to Sheboygan and became Mr. and Mrs. Holz. Since Dr. Sputh was in on the big secret he arranged another big surprise in the form of a wedding supper. Imagine piling into the mess hall at the usual signal, to find the place all decorated with flowers and at the head table a big cake! Imagine the still greater surprise when Charlotte and Buddy Sputh came in strewing flowers and behind them the Holz's plus the faculty singing "Here Comes the Bride!" Everyone was "floored." It was a grand and glorious celebration though, with chicken 'neverthin'.

Several stunt nights helped to break the monotony and all the campers were given opportunities to display their talents. Some strange and wonderful effects were produced.

Altogether, it was such an enjoyable season, filled with enthusiasm, good spirit, and profit, that all were sorry when the session was finally over.

Calendar of Events

September 29-Oct. 8—The 47 new possibilities for the "Griper's Club" arrive. Only 12 girls but an abundance of men. Pennsylvania sends the biggest parcel in the form of "Bob" Ellison (240 lbs.) "Sophs" give the new class the once over in Aesthetic. One dumb "Frosh" mistakes the Dean for the janitor. Lecture on musculature by Stan Stanley of stage fame. Freshmen indulge in extra-curricular activity by forming a night hiking club with the "Sophs" as sponsors. We venture to say that Minella remembers the hike. Juniors defeat "Sophs" in baseball 13-7. Men hold smoker at "Ath." Plenty of new talent unearthed. Girls at "Dorm" were serenaded but police rudely interrupted, much to everyone's disgust.

Oct. 9-23—Football begins with Schrieber as first casualty. "Get Acquainted Dance held at "Ath." Some of the students certainly became acquainted—and how! Juniors beat "Frosh" 13-1 in baseball. Schack buys a pair of "half-burned" shoes at Em Roe's fire sale. Mr. Otto claims that a public school is an institution to teach children to raise the devil. Fire at Fraternity House put out by "Cliff" Sollinger and his bucket brigade. Ford revolts and pushes Bauer through a fence. Hockins takes high dive out of chair in Principles of Teaching class. Mesch demonstrates natural dancing. Girls get lecture on smoking from the Dean.

Oct. 24-Nov. 9—Dean Rath versus Jazz music in Methods course. Heeschen breaks shoulder in football game. "Hard Time" dance at "Ath." Card party at Fraternity house. Evelyn Ellison back. She teaches in Deaf and Dumb School. Purity Club organized at Fraternity House with "Senky" as president. Fissler reports on "How to Study."

Nov. 10-30—Volleyball team loses first game. Sophs receive enjoyable present from Dean in form of questionnaires. Zingg in Graded Apparatus, "Hand hopping sideways and take your feet with you." "Mully" roped in on Purity Club. Lena Rogin finally gets to class on time. Schack spies on "E.B." meeting. Ask "Herb" what happened. Heeschen claims that the index is at the front of a book. Laundry washes the stripes out of "Mully's" beautiful underwear. Normal College Campus (Goldsmith's) moves. Homecoming enjoyed by all. Alumni lose annual Basketball game. Several new couples developed. "Sophs" present a novelty in the form of a dance, "The Side-walks of New York."

Dec. 1-22—Clark's moustache forcibly removed. "Flu" hits the school and almost forced a vacation. No such luck, however. Sororities hold rushing. Big time for "Frosh" girls. "Sophs" go out observing. Lecture on feet in As-

sembly. Basketball season opens with a defeat by Hanover. Grades appear and some students feel like disappearing. Vacation time arrives and students go home in anticipation of wonderful times.

Dec. 19—SPECIAL. On this eventful day the long-awaited miracle made its appearance and the Sophomore class had the entire morning off. Imagine it! No Proficiency and no Observation.

Jan. 7-Feb. 15—School resumes. "Butch" returns with a pair of spats and "Mully" with a derby. Mrs. Link holds card party at the "Dorm." We find out that "Lou" Goldstein worked for the Board of Education last summer. He helped to dig the foundations for new schools. Entire school gets half day holiday before finals. Exams! Exams!—more Exams! Then relief and plenty of "whoopee." New semester commences. Much rejoicing and some lamentation as "Sophs" go out to teach. "Paddy" gets a school all by himself. "Crumbo" explains Mendel's theory to Dr. Richardson,—one-half parents, one-quarter grandparents, and twenty-five cents other relations. Party at Dr. Sputh's for Phi Epsilon Kappa. Schrieber discovers new way in which to use the "Proficiency Period."

Feb. 16-28—Schmitt dispossessed by roommates. Wonder why? Kraus entertains strange woman for two hours on the Fraternity phone. Zingg used magnesium for tumbling and Goeghan falls asleep while eating supper. Dean does a real cartwheel for the benefit of "Sophs." Schrieber fails to tell Dr. Sputh what the action of the heart is. Little boy wants to know what Mixie is going to be when he grows up. "Sophs" get a new eraser for their blackboard. Must have been made out of cast iron. Dean skips rope in Apparatus class. Semester grades appear. Weeping by some, rejoicing by others. Basketball team goes to Muncie, wins its first game but loses to Manchester in the second round. Volleyball team loses to Newport.

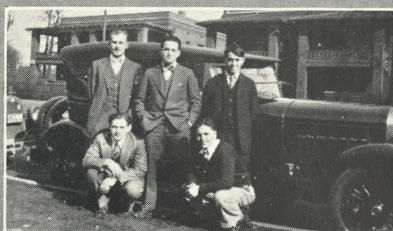

Mar. 1-9—Fraternity holds bowling party at "Ath." Boehm rolls 190. Mr. Lieber talks on Conservation. "Frosh" win Interclass Gym Meet. Alice Teal breaks her arm, and "Willy," not to be outdone, does the same with her leg. "Sophs" hold an entertainment which was followed by a school dance. Guess we all remember "Pokey Huntus."

Mar. 10-April 30—More lectures on Conservation. Some exams before Spring Vacation. Easter arrives and with it the annual pilgrimage home. Eakin gets "hooked" for a 70 cent dinner at the Chelsea. Pat Wolff heard singing "I Love You." Kraus returns minus his Fraternity Pin. Senky and Sistek hold a party and finish up with a track meet. Ask them for further particulars. Baseball team beats Danville while the Track Team loses to Indiana Central. Exhibition at Greenwood followed by eats at Wheeler's, thanks to Sollinger. Bunion Derby staged by Sophomores. Phi Epsilon Kappa holds rough initiation which 15 men survive. Formal followed the next day.

CALENDAR OF EVENTS

(Continued from Page Eighty-eight)

Since the GYMNAST must go to press before the school year is over we may only mention coming events.

May 1-31—The Turn Verein Exhibition will be held on May 3. May 11th is the date set for the inter-sorority formal, which offers a very enjoyable evening for those who attend. Then Phi Epsilon Kappa will run their annual dance at the Marott on May 18th. After this there will be finals, graduation, and the farewell dance in rapid succession. Lastly, the Sophomores and Freshmen will leave for another enjoyable month at Camp Brosius while the Juniors and Seniors will bid Indianapolis and the Normal College "Adieu."

Trip to Camp Brosius

THE time is again approaching when the over-worked Normalites leave for their haven of rest, Camp Brosius. We say rest but we don't really mean it since camp means work combined with an enormous amount of pleasure which far over-balances the scale. Let us take you back to last year when, after a week of nerve-wrecking exams, automobile races, graduation dance, hasty packing and last minute farewells, we finally met at the Union Station ready to board our *Pennsylvania Railroad Special*. After a slight delay in which our last minute Romeos dashed up, we started out on the first lap of our journey. The trip to Chicago was real enjoyable since the cars provided by the *Pennsylvania* were very spacious and comfortable. After a short sojourn in which our enormous appetites were appeased we resumed our trip and finally arrived at Elkhart, our destination, tired but joyously happy.

The Social Activities of Delta Psi Kappa

AT the commencement of the school year in the fall we were all back at school with plenty of Psi Kap enthusiasm, vim, and happiness.

On October 21st each Psi Kap wore a "Mrs. Aaron Ward" rose in honor of the day of our founding. We celebrated the "Founder's Day" with a banquet at Lumley's Tea-room. Helen and Ina Johnson were pledged shortly after this.

Homecoming was here almost before we knew it and old and new Psi Kap friends met again to recall old times and to plan future events and parties. Friday night we had a "Kaffee Klatsch" at the "As You Like It" and on Sunday morning our annual Alumnae breakfast at the Spink-Arms.

Just before Christmas vacation we had our "rush day." The "rush" luncheon was held at the Lumley tea room, where butterfly favors in the form of blue and gold handkerchief cases and sachets were presented. The rush dinner-dance was held at the Meridian Hills Country Club with blue and gold lamps for the rushees, collegiate decorations, and later, men in attendance at the dance.

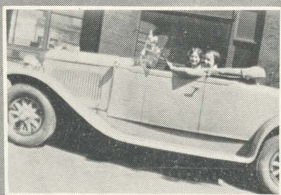

Our first educational lecture was a most interesting one given by Mrs. Albert Metzger, the honorary president of Delta Psi Kappa. She gave a talk on "Spitzberg and Iceland" and illustrated it with slides, relics and articles of interest which she had brought back with her from a several months stay there.

The beginning of the year 1929 marked the commencement of our activities from a business view-point. A five-dollar goldpiece was raffled off successfully due to the co-operation of our school friends, alumnae and patrons.

Just before spring vacation, Mr. Emmet Rice gave us our second educational lecture dealing with the subject of tracing physical activity in play and sports during ancient civilization. This lecture was held at the home of Mrs. Jule Ernsting and after the lecture the Alumnae chapter of Delta Psi Kappa surprised the Activities by giving a bridge party with prizes, food and all the fur-belowes.

On May 11th the Psi Kaps joined with the other two sororities and gave an inter-sorority dance at the Traviture Room of the Lincoln Hotel.

At camp we plan to have a reunion of Junior, Senior and Alumnae Psi Kaps and to entertain with a canoe party and breakfast on Grasshopper Hill.

Social Activities of Phi Delta Pi

OUR first activity of the season was the banquet held at Homecoming for the purpose of welcoming all old members back.

On December 12th, we had a luncheon for our rushees at the Athenaeum and a dinner-dance in the evening at the Lumley Apartments.

December 20th, pledging was held at the home of Louise Schulmeyer, with a dinner afterwards at the Spink-Arms Apartments.

Soon afterwards Christmas vacation arrived and our anticipations concerning the holidays certainly came true. However, we all came back to school full of renewed energy for the work before us. We had many new plans for raising money for the next convention which is to be held in Indiana.

Founder's Day celebration was held on February 3rd, which incidently marked the completion of final exams.

On March 21 we were invited to have our meeting at the home of Louise Schulmeyer after which we were most agreeably surprised at the entrance of the pledges. They had sprung their party on us, and not one of us had been let in on the secret. Needless to say, we all enjoyed ourselves exceedingly.

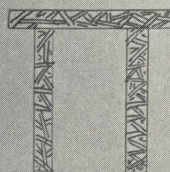

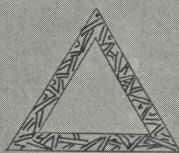

On May 11th Phi Delta Pi, in conjunction with the other two sororities of the Normal College entertained with an Inter-Sorority formal spring dance.

Social Activities of Omega Upsilon

THE past year has been one of great activity and excitement for the members of Omega Upsilon. There were not many Omegas that returned, but just the same, we set out with high hopes and strong determination.

Our first week of excitement came during Thanksgiving when the Omegas enjoyed the largest turn-out they have ever witnessed. The actives gave a bridge party at the home of one of our new patrons, Dr. and Mrs. McElwee, in honor of the Alumnae. In order to end a successful Homecoming, we all attended the school dance, Saturday evening. The departure of our alumnae left a big void in our lives, for we felt that never before had we had such an enjoyable and eventful Homecoming.

Our next important event was "rush day," December the tenth. We entertained our rushies with a luncheon at the "As-You-Like-It" Tea room and an informal dinner party at the "Copper Kettle."

On December the seventeenth, we pinned the Nile and Myrtle on the Omega pledges, Violet Mae Wilhelm and Mary Elizabeth Templeton. December the twenty-first, marked formal pledging at Helen's after which we all went to a show.

Then came a brief breathing spell of Christmas holidays, only to plunge once again into a round of social activities and—finals! There was a period of foreboding quiet that remained unbroken until the grades were given out, and therein lay the explanation of all the silence.

On April the nineteenth, we had the big event of the year—Formal Initiation. After the ceremony we went uptown for dinner and then a show. The new members of Omega were given necklaces with the crest thereon, and in addition received Omega corsages.

We are all looking forward to the convention which will be held May the third to the fifth at Alpha Chapter, located at Northwestern University.

The crowning climax of our social affairs will be the formal dance to be given the eleventh of May. This year the three sororities are giving one big dance, and we are all certain that it will be a success.

We are all hoping for the continuance of our progress and prosperity in coming years.

Social Activities of Phi Epsilon Kappa

ABOUT a week after settling into the routine of school life once more, Alpha sponsored a "smoker" for the purpose of getting acquainted with the "Frosh." Talent galore was discovered among the newcomers by Brother Engel who had charge of the activities. After all the gingerale had been soaked up, the freshmen were lined up and marched to the "Dorm." Serenading of the girls was begun but terminated with the untimely arrival of a grouchy "guardian of the law." In spite of this, the evening was voted a complete success.

On November 1, 1928, a meeting was held at the Fraternity House which was well attended by our own Indianapolis Alumni. The customary dinner preceeding the meeting put everyone in fine spirit. Shortly after this, Alpha held a card party, the first step toward making financial preparations for the Tenth Grand Chapter Meeting to be held in Indianapolis in 1930 with Alpha and the Indianapolis Alumni Chapter acting as hosts.

Homecoming, that big Normal College occurrence, found the house decked out in its best, November 29th was "open house" and we received countless visitors. The next day witnessed the Tag day for the 1930 Convention and the day culminated in a dinner at the Fraternity House. Grand President, Brother Dr. Carl B. Sputh, gave a fine talk and presented leather medals to Brothers Streit and Lascari for their perfect attendance at these annual events since their graduation "way back when." Brother Boehmer received the Alpha Scholarship Award given each year to the ranking man of the graduating class.

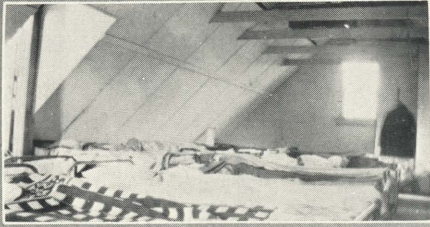

Things died down until after the Xmas vacation and then opened up with a bang. Several bowling parties on the Athenaeum alleys found Brothers Boehm and Schwegler with loving cups as trophies of their skill.

February 21st, witnessed the pledging of eight new men. On March 10th, we pledged six more and also initiated Brother Mixie formally. The next evening our Pledge banquet was held at the Severin Hotel and it was a "wow." The toastmaster, Brother Mulholland, performed his office admirably. The entertainment was furnished by the pledges, and our own famous dancing team, "Bauer and Pack." Brother Rothe spoke for the actives and Pledge McMasters did likewise for the new men.

Pledge duties followed with the actives reaping the benefits until the grand climax, informal initiation on April 20th. What a night! The following day was set aside for the formal initiation. At six o'clock we celebrated Founder's Day and the acquisition of fifteen new brothers with a banquet in the Fraternity Room of the Athenaeum. Brother Dr. Ocker acted as toastmaster. The speakers included Grand President Dr. Sputh, Brother Dean Rath, Brother Hertler and Brother Rothe.

This year our Convention was held in St. Louis and Alpha was represented by Brothers Schrieber and Rothe. The Convention was very successful and Phi Epsilon Kappa seems to be making rapid progress.

The climax to our social year was the Annual Spring Dance. It was held in the beautiful Marott Ballroom on May 18th. Did we have a splendid time? You bet!

Goldbrickers' Association

THE most popular and successful organization of the year has proven to be the "Goldbrickers' Association. It has so increased its ranks—thanks to the Freshman class—that they have been forced to make certain entrance qualifications. Only those with sluggish reflexes are accepted.

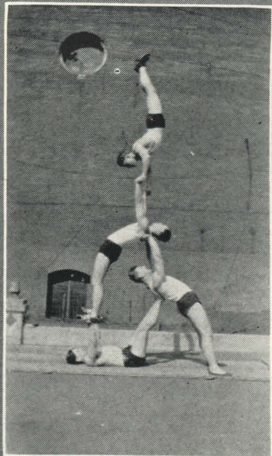

The unanimously elected president has proven to be none other than the short and precarious Mr. Packanowski who has shown himself to be the most versatile and consistent "Brick." By virtue of his facile and fertile brain the societies' constitution has more than once been saved from falling into the convenient oblivion of a wastebasket.

The pass-word is rather unique, namely: "bunk fatigue," and suggests the easy-going indolence of a sedentary life. They have adopted for their official seal a can of ether. This too is appropriate, insinuating the stony insensibility that their members have to the pricks and frictions of daily life.

In seasons of difficulty and trial, special meetings are called in which all members indulge a train of gentle recollection. The most liked ritual is a form of seance, in which the operator, by a labored and far-fetched elocution reduces all present to a state of coma. Thus perfect tranquility is maintained, and impotent outbreaks, such as winking and swallowing are avoided. Armchairs and couches dominate every meeting.

From the standpoint of one who moralizes, the eager pretentiousness of youth to "goldbrick" is the inevitable outcome of a never ceasing deluge of books and floor classes. In the Goldbrickers halls the dullest and most vacant mind becomes the mark of authority. The rigor of school laws, the ring of the tardy bell, the stings of faculty reprimands, all become of the most absurd and elementary importance. Do not be deluded then into the opinion that the Goldbrickers' association, Inc. has for its tenets, unsound and childish assumptions!

At the last conclave, it was decided to change the name of this fraternity to "The Sons of Rest."

Homecoming 1928

ALUMNI from all parts of the country rallied to the call of A.G.U. for the 1928 Homecoming. Cars belonging to the rich phy-eders were to be seen everywhere along the streets. At the dormitory the girls followed the call-to-arms, while the boys at the fraternity house went into the huddle system, as the latest news was exchanged with much chattering and gusto, mingled with words of greeting and hand-clasps.

Thursday was banquet day and also "open house" at the fraternity house and the dormitory. As usual, both places were very tidy and neat. They usually are on that certain day. Occupants of the houses didn't quite feel at home but to visitors the places seemed quite normal. Some even tried to prolong the length of time but finally the goats and the sheep were separated and all sent to their allotted domiciles.

Friday afternoon everyone motored down to school to attend the annual exhibition. Although everyone had predicted that he or she would be the one to distinguish himself by a dramatic fall, everyone seemed to keep his equilibrium more or less, and the exhibition came through with flying colors.

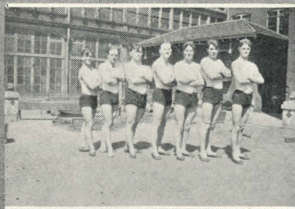

After the exhibition while the "alums" were showing the Normalites of today that they, the "alums" were far from having one foot in the grave and the girls were having a worth-while basketball game of their own, a movie of Bode's gymnastics was shown in the assembly hall.

Friday evening, Phi Delta Pi gave their annual banquet, Delta Psi Kappa had a "Kaffee Klatsch" and Phi Epsilon Kappa a big "get-together."

Of course, the Normalites had to attend class on Saturday morning, however, that evening the Homecoming Dance was held in the Athenaeum. The orchestra was excellent, the floor well waxed and the company the best to be found anywhere.

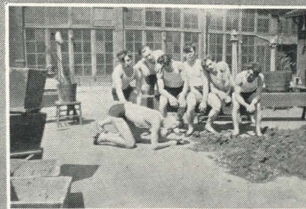

But all good things must come to an end so fond farewells were exchanged and promises made "to come again" next year and "let's make it one hundred per cent next year."

We hope most heartily that everyone will do that very thing and those who couldn't get back this year will come next year to greet old friends and renew old ties with our Alma Mater.

Why Meat Balls Don't Bounce

IN setting forth my personal experience upon the bounceableness of the nutritive meat ball, it is of the utmost importance to be exact in all my contentions.

After years of personal observation and experience, I have arrived at the definite conclusion that the only reason for the lack of activity in a meat ball is because of its peculiar internal molecular structure and its curious electronic arrangement. To understand this it is necessary to know that there is an affinity between beef and pork, depending upon the amount of expenditure involved to procure the proper quantity and quality. Now that this assumption is understood, we shall proceed further. The beef in relationship to the pork content is the inhibitory factor and is a solid and basic foundation upon which the meat ball is conceived. The characteristics of pure beef is shown and understood better by its comparison to the common element known as lead.

When the beef comes in forceful contact with an immovable object it immediately endeavors to cover more area than is natural. In more common language it becomes flat. This flattening process involves a rearrangement of the molecules and electrons and completely disintegrates the rotundity of the meat involved. Since it is no longer a meat ball it cannot bounce. Proving therefore, that a meat ball is not capable of bouncing.

New Publications CHALIF FOLK DANCES

(COMPLETE)

In Three Volumes

The dances in these volumes are arranged according to degree of difficulty. Volume I containing the easiest dances, Volume II those of medium difficulty, and Volume III somewhat advanced dances.

Many nations are represented in each volume.

A new folk dance (h'therto unpublished) will be found in each book.

PRICE, \$2.00 EACH VOLUME,
POSTAGE 18c

Normal School teachers in particular please note that these new books will give their students an abundance of teaching material at the very low rate of 20 dances for \$2.00.

We suggest that Summer and Winter Normal Schools would be doing their students a favor by making the ownership of one or more of these books compulsory, since it would guarantee them ample teaching material for the future.

All folk dances are still for sale separately at the former price of 50c.

Please accompany your order by a remittance or state that it be sent C.O.D.

MONEY

If you save all you earn, you're a miser; if you spend all you earn, you're a fool.

If you lose it, you're out; if you find it, you're in.

If you owe it, they're always after you; if you lend it, you're always after them.

It's the cause of evil; it's the cause of good.

It's the cause of happiness; it's the cause of sorrow.

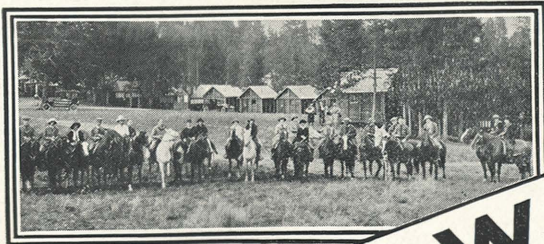

If the government makes it, it's all right; if you make it, it's all wrong.

As a rule it's hard to get, but it's pretty soft when you get it.

Some people get it at the bank; Other go to jail for it.

It talks: To some it says, "I've come to stay." To other it whispers, "Good-bye."

The mint makes it first; it's up to you to make it last.

Over Trails of Old thru New Gallatin Gateway

Low Summer Fares

To Yellowstone, Spokane [Inland Empire], Seattle and Tacoma [Mount Rainier National Park, Puget Sound Country, Olympic Peninsula]. Go west via The Milwaukee Road. Choice of routes returning.

IF adventure you seek, or you glory in thrills, by all means take the trip up Gallatin Canyon this summer—to the mystic Yellowstone wonderland. Sights you've never seen, inspiration at every hand.

Long ago the sinuous 85-mile route was the trail of the Indian and trapper. Now, newest of all entrances to Yellowstone. Snow-capped mountains, cloaked by pine and aspen, cut by turbulent waters, cleft by chameleon canyons—here is the birthplace of old West romance.

Only the *electrified* line to Gallatin Gateway. Where rails end, The Milwaukee Road's hospitable, mountain-cradled Gallatin Gateway Inn—and motors for your glorious ride to geyserland.

Travel independently, either all-expense, or pay-as-you-go; or with personally-escorted all-expense tour parties. Any Milwaukee Road travel specialist will gladly help you plan a trip to Yellowstone—or on over the *smokeless, cinderless, electrified* route to the Inland Empire (Spokane) and the Puget Sound country—Seattle and Tacoma, Mount Rainier National Park, Puget Sound, the Olympic Peninsula—and farther on, Alaska. Write for free literature and sample trips, some as low as \$145, all-expense (from Chicago).

There are thousands to tell you it
cannot be done;

There are thousands to prophesy
failure;

There are thousands to point out to
you, one by one,

The dangers that wait to assail
you.

But just buckle in with a bit of a
grin,

Then take off your coat and go
to it;

Just start in to sing as you tackle
the thing

That cannot be done—and you'll
do it.

Gratitude

THE GYMNAST is at last ready for the press. It is by no means perfect but we, who have put our heart and soul into its publication, feel that our work has not been in vain. Words cannot express my appreciation to those who have contributed in any way whatsoever to the 1929 Annual.

Mr. Heeschen, who was assisted by Mr. Schrieber, is responsible for the financial success of the book. Mr. Hockin and Miss Templeton are hereby thanked for their calendar write-ups. Miss Johnson's assistance was invaluable as was also Mr. Scheitlin's. To Miss Leutje, Miss Healy and Mr. Mesch are due credit for various write-ups, and Mr. Roberts must be mentioned for his willing services in typing the manuscript. The aid of Mr. Rothe, last year's editor, Mr. Worley of the Indianapolis Engraving Company, Mr. Theurer of the Interstate Printing Company and Mr. Hough of Mecca Studio is also respectfully acknowledged.

Success

It's doing your job the best you can,
And being just to your fellow man;
It's making money, but holding friends,
And staying true to your aims and ends;
It's figuring how and learning why,
And looking forward and thinking high,
And dreaming a little and doing much;
It's keeping always in closest touch
With what is finest in word and deed;
It's being thorough, yet making speed;
It's daring blithely the field of chance
While making labor a brave romance;
It's going onward despite defeat
And fighting staunchly, but keeping sweet;
It's being clean and it's playing fair;
It's laughing lightly at Dame Despair;
It's looking up at the stars above,
And drinking deeply of life and love;
It's struggling on with the will to win,
But taking loss with a cheerful grin;
It's sharing sorrow, and work, and mirth,
And making better this good old earth;
It's serving, striving through strain and stress,
It's doing your noblest—that's Success!
