

IUPUI GAC Reviewer Form

Documents Reviewed: Translational Science Proposals

Summary of Proposal:

- 1. Are the goals clear and achievable? Yes**
- 2. Is the program academically sound? Yes**
- 3. Are faculty resources available to offer this certificate without undercutting other key missions of the unit? Yes**
- 4. Is there overlap, either real or potential, with any other unit that could harm the program or be exploited to help the program? None Anticipated**
- 5. My recommendation, comments/concerns regarding this proposal...**

I recommend approval of the application. The certificate program goals and rationale are clear, based on alignment with current programs in Translational Science including the MS and Minor in Translation in the PhD program. Proposed courses are already part of these existing programs or have been scheduled and taught over past year. Comparison with other Universities' translational science programs shows consistencies in types of courses offered and range of credit requirements.
