Procedure

1. When the University intends to contract with a private outside contractor to perform a substantial amount of work that has been exclusively and routinely performed by AFSCME Police Local or AFSCME Service bargaining unit employees as of the effective date of this policy, and this contracting out of work will directly and immediately result in substantial reduction of bargaining unit positions, the University will provide the Union with notice prior to a contract being awarded, except in cases of emergency.

2. As in the past, the administration must reserve the right to make final determinations as to whether work shall be done by university personnel or outside contractors. In making this determination, however, the administration intends to always keep the interests of University personnel in mind. Ordinarily, University personnel and equipment will be utilized whenever it is deemed advisable to do so.
3. Employees in the bargaining unit will not be laid off as a result of the use of prison labor or any other individuals under the jurisdiction of county, state or federal judicial or penal systems.
