THE GRADUATION.

Graduation exercises of the Normal College will be held on Friday, June 7, this year. The customary program will be followed, consisting of an Alumni meeting and initiation of the graduates in the forenoon; a banquet given the graduates by the Alumni at noon; a demonstration by the graduating class in the afternoon, and the closing exercises in the evening. The latter will again take place in the large auditorium of the Athenaeum because of the large number of graduates. The class will sing two songs and the chief address will be made by Mr. E. U. Graff, superintendent of schools of Indianapolis, while Mr. George J. Kalbfleisch will say farewell on behalf of the Class of 1918.

All graduates are cordially invited to attend the various exercises of the day, and it is hoped that a large attendance will be had for the Alumni meeting and banquet.

OUR SUMMER SESSION.

The 1918-19 catalog, as well as the 1918 Summer Session program, have been sent to all graduates. This summer's work ought to prove a drawing card as several new subjects are included which will be interesting to all teachers of physical education. Among them is Eurythmics, the system of rhythmic gymnastics developed by Dalcroze; it is to be taught by Mr. Rath, who will also teach English Folk and Country Dances. Miss Edna G. Henry, director of the social service work of the Indiana University, will lecture on Sociology, which subject should be studied especially by

our graduates, who also ought to attend Mr. Stecher's lectures on the philosophy of physical education.

Other subjects offered this year are: Personal Hygiene, Scoutcraft, Anthropometry, Playground Work, Physical Diagnosis, Tactics, Games, Free Exercises, Gymnastic Dancing, Apparatus Work, Aesthetic and Folk Dancing, Military Training, Soccer, Basketball and Indoor Baseball.

AN INNOVATION.

The Normal College has sent to the societies of the North American Gymnastic Union, as well as to all graduates an attractive poster which is intended to call the attention of young men and women to our school and to interest them in the profession. This is an innovation for our College, but it was thought necessary to arouse more interest in our work at this time as the demand for teachers is larger than ever and will continue to increase for many years.

The poster is printed in black on orange and shows in the four corners silhouette pictures of various athletic and gymnastic activities. In the center is a large half-tone showing Charles Smidl in a pole vault.

It is hoped that the graduates will put these posters up in their gymnasiums and schools and that they will try to interest promising pupils in the work. Remember that many good teachers of physical education will be wanted in the near future, as the public is recognizing that more physical exercise is needed to make our men and women physically fit.

EMBLEMS NOW READY.

The Normal College emblem, an illustration of which was printed in the March issue of the Bulletin, is now ready and will be mailed to graduates upon the receipt of 50 cents. It shows, on white background, the letters "N C N A G U." The emblem awarded to students for points acquired is of the same design with an additional blue border.

A. P. E. A. CONVENTION.

The convention of the American Physical Education Association held at Philadelphia, April 10-13, drew the largest attendance of any meetings the organization ever held; more than 500 teachers of physical education were present. The meetings were interesting throughout and our members are advised to watch "Mind and Body" and the "American Physical Education Review" for reprints of the various addresses.

During all meetings and discussions a desire for better physical education facilities was manifested; it was the keynote of the convention that more must be done in our country to make our men and women physically fit for work in peace as well as in war. Every one of the speakers brought convincing argument to prove the necessity of the extension of physical exercise in order to make the people strong. Much valuable material is contained in these addresses, which every teacher of physical education ought to read. Mr. Rath read a paper on "Fundamentals Regarding the Selection of Activities."

The meeting of the North American Gymnastic Union Teachers' Section on April 13th was not as well attended as might be desired; this is partly due to the fact that our members in the middle west were unable to secure leave of absence at the time. There were thirty-eight present to listen to Carl L. Schrader's address on minimum essentials for gymnastic associations; to Dr. D. M. Ferd. Krogh's lecture on muscle co-ordination and psychic processes; to Emil Rath's interesting figures on the number of N. A. G. U. members in service, and to H. Steichmann's words on the advancement of the work of our associations. The meeting of this section closed with a dinner at the Turngemeinde.

NEWS FROM THE COLLEGE.

On Friday afternoon, April 26, the students of the Normal College "did their bit" towards making the Third Liberty Loan drive in Indianapolis a success, by taking part in a demonstration given at the Soldiers and Sailors Monument. The program was opened by a demonstration of first aid skill on the part of the ambulance corps of Fort Benjamin Harrison. Numerous shots were fired from various parts of the monument, followed by some "movie" acting on the part of the rookies who were selected to be the "victims" of the attack and the corps. It proved to be quite interesting, especially to some of the students who are studying Emergencies at the present time. Following this, came the exhibition by the students. The first number was a dance of the vigorous Russian type, performed by the Senior men and entitled "The Son of the Puszta." The Senior ladies next danced "Silver Stars," a combination of a more aesthetic nature. This was succeeded by free exercises and tactics by the entire student body, in which the disciplinary values of the training received, were brought out. The "Skaters' Waltz" by the Senior men and women, next held the attention of the audience, followed by an exhibition of skill on the parallel bars by some of the Senior men, which ended with a pyramid of no mean difficulty. The entire class then performed "Plyasovaia," a handkerchief dance, which ended rather surprisingly with an unexpected display of American flags. As a fitting finale, all sang "Land of Mine."

The popularity and success of the Liberty Loan Drive exhibition was well proven when Dean Rath was requested to restage the performance on Friday evening, May 3, to help further the efforts of the Hoosier workers who were

endeavoring to put Indianapolis "over the top."

Dr. Jewett V. Reed, instructor in physiology, has recently been called into the service. He is the fourth to leave, of the teaching corps at the college, Dr. Mumford, Dr. Maxwell and Dr. Segar having left previously.

In the course on Teaching and Values, the Senior Class has been holding an interesting discussion on "Play and Games." Mr. Rath has had several articles on the subjects outlined by students, bringing out the three fold value—physical, mental and moral. Especially interesting, however, was the study of the psychic element that is added through competition in games, and the fundamental importance of emphasizing ideas and standards of action which may be carried over to civil life. The striving for standards in various activities and the competition between individuals and teams must be directed in right channels so that ideals may be instilled which will lead to higher mental, moral and physical development.

The Junior Girls Basket Ball Team defeated the girls of the Shortridge High School Team on Friday, March 15.

OUR SOLDIER BOYS.

The graduates of normal schools for physical education will be interested in the announcement that the War Department will probably use all trained teachers of physical education of draft age in the training camps. Although exceptions can not be made for men of draft age, the necessity of having trained athletic directors may eventually cause a change in the present policy. Any graduate who desires to continue his teaching while serving in the Army, should apply to Dr. Joseph E. Rayercroft,

War Department, Washington, D. C., who has charge of the athletic activities in training camps.

The following graduates have been reported as being in service now; if any of our boys are omitted in the list or if their rank is not given correctly, we shall be thankful for further information so as to be able to keep the list as correct as possible:

STATISTICS BEARING ON MEMBERS OF THE NORTH AMERICAN GYMNASTIC UNION IN SERVICE.

When the United States Government took steps to create a great National Army it was to be expected that the North American Gymnastic Union would furnish its full quota of men, and the Executive Committee of the organization has considered it of interest to gather statistics bearing on the members in service.

Of the 208 societies constituting the North American Gymnastic Union, 180 have sent in reports showing 1,657 members in army and navy service. This number includes the members of one society which did not give a full report. In the following synopsis of the statistics only the complete reports thus far received were considered.

These reports show that 692 members volunteered for service, of whom 467 were "Actives," or members of the young men's classes; only 14 of them were rejected for various reasons. They show further that 1,071 members were drafted, of whom 765 were "Actives"; 203 of the drafted men were exempted for various reasons.

Therefore, of the 1,763 members who either volunteered or were drafted, 217 were exempted or rejected (12.3 per cent.), leaving 1,546 men in service. To these are to be added 111 members of the Philadelphia Turngemeinde, which gives the above total of 1,657. Owing to the large number of its members in the service the Philadelphia Turngemeinde was unable to answer the questionnaire fully and its report has, as previously stated, been omitted in the statistics.

The reasons for exemptions and rejections were as follows: Dependents, 58; government work, 11; foreign born members who had acquired only the first nat-

uralization papers, 18; too old, 1; too young, 1; physical unfitness, 120; unknown, 8; total, 217.

The percentage of rejections for physical unfitness is 6.8 per cent. This is a most significant showing when compared with the percentage of rejections for the same cause in the whole draft, which was over 33 per cent. The large difference undoubtedly proves that regular physical exercise is of great benefit to our young men and enables them to pass the rigid examination for army service easily.

It may be argued, however, that this comparison is not correct since the volunteers are included in the percentage of 6.8 while the 33 per cent. referred to pertains only to drafted men. Considering only the drafted men of our organization, we find that 114, or 10.65 per cent., were rejected for physical unfitness. Even this compares very favorably with the rejections of the whole draft, being less than one-third of the latter.

Of the volunteers only six were rejected because of physical unfitness, or 0.87 per cent.

All of the above figures pertain only to the first draft and to volunteers who entered the service during last year. Twenty-eight societies have not returned the questionnaires. On the basis of their membership we may estimate the number of their members in service at 100. Reports received since the completion of the first draft indicate that a large number of members of our organization have since been drafted. We may safely say that at least 2,000 members of the North American Gymnastic Union are now serving the country.

Of the 1,657 members in service on whom reports were received, 207, or 12.5 per cent., are officers, as follows: 1 navy commander, 3 colonels, 5 majors,

31 captains, 60 lieutenants, 57 sergeants, 50 corporals.

As shown by the reports, 692 of our members, or almost 39 per cent. of the whole number in service, volunteered. It is also interesting to note that 1,079 "Active" members joined the colors.

HAIL 1918!

This was the heading of the programs for one of the cleverest performances ever given at the Normal College. The Class of 1919 gave a farewell party to the Senior Class, which consisted of a vaudeville performance followed by dancing.

The program opened with a dance by Miss Smathers, which was very much appreciated by the audience. Then followed a duet by Mr. Schiferle and Mr. Kieffer. "Cupid enters Boarding-School," a little sketch written and directed by Miss Neubarth, was next in the program. Following this came a reading given by Miss Jahn, an Hawaiian sketch presented by Miss Hoesterey and Miss Neubarth and a clever negro dance by Miss Holzbauer and Mr. Gilson. As a smashing finish came a Minstrel Show, directed by Mr. Seelbach. The students who took part in the sketch were: Dorothy Smith, Jewel Gordon, Ethel Emrich, Amelia Vorndran, Bess O'Gorman, Phoebe J. Bentley, Constance Arbaugh, Anita Fuhring, Edna Goedde, Alfred Seelbach, Roland Dollins and Harold Quinlan. Those in the minstrel were: Ray Schiferle, William Gilson, Alfred Seelbach, Harold Quinlan, Allen Schmidt, John Kieffer and Roland Dollins.

I will tell you my rule. Talk about those subjects you have had long in your mind, and listen to what others say about subjects you have studied but recently. Knowledge and timber shouldn't be much used 'till they are seasoned.—Oliver Wendell Holmes.

STUDENTS ALLIANCE.

Owing to the spring recess, the April meeting was omitted. The May meeting proved of great interest and provided a pleasant evening with ample excitement. The program consisted of a tenor solo by John Kieffer; piano accompaniment by Miss Martha Evans; violin obligato by Mr. Alfred Seelbach; violin solo by Mr. Seelbach, Miss Margaret Schnitzer at the piano.

Through the courtesy of Dr. Spath, the influence of anaesthetics and the stages passed through by patients being "put under" were shown. He demonstrated with ether on Mr. Seelbach, with chloroform on Mr. Schiferle, and with ethylchloride on Mr. Lorenzen. In addition to its educational value, this number was very interesting.

It is doubtful if the Alliance will meet during the month of June, by reason of the exams and graduation. Here's hoping all the present Juniors return to boost the Alliance next fall and make it a real, live wire society.

RAY SCHIFERLE.

1918 GYMNAST.

The 1918 Gymnast arrived May 15 and was fully up to expectations. Those of the Alumni who purchased the annual have already received them and we sincerely hope that satisfaction has been obtained. There are still a number of copies left and those wishing them can be accommodated if they mail their checks to Albert F. Schaffner, care of the Normal College. Price, \$1.25.

ALUMNI MEETING.

Because of the success of the meeting of the Alumni Association held during last year's summer course, the Executive Committee of the Association has again called a meeting to be held Saturday, July 13, 1918.

IF—

If you can keep your head when all about you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or being lied about don't deal in lies,
Or being hated don't give way to hating,
And yet don't look too good, nor talk too wise;
If you can dream and not make dreams your master;
If you can think and not make thoughts your aim;
If you can meet with Triumph and Disaster
And treat those two imposters just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools;
If you can make one heap of all your winnings
And risk it on one turn of pitch-and-toss,

And lose, and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them:
"Hold on!"
If you can talk with crowds and keep your virtue,
Or walk with Kings nor lose the common touch;
If neither foes nor loving friends can hurt you;
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And—which is more—you'll be a Man,
my son! —Rudyard Kipling.

MY RELIGION.

To love justice, to long for the right, to love mercy, to pity the suffering, to assist the weak—to forget wrongs, and remember benefits—to love the truth, to be sincere, to utter honest words; to love liberty, to wage relentless war against child and friend, to make a happy home, slavery in all its forms; to love wife and to love the beautiful in art, in nature; to cultivate the mind, to be familiar with the mighty thoughts that genius has expressed, the noble deeds of all the world; to cultivate courage and cheerfulness, to make others happy, to fill life with the splendor of generous deeds, the warmth of loving words; to discard error, to destroy prejudice, to receive new truths with gladness; to cultivate hope, to see the calm beyond the storm, the dawn beyond the night; to do the best that can be done and then be resigned: This is the religion of reason, the creed of science—This satisfies the brain and heart.—Robert G. Ingersoll.

PHI DELTA PI.

Greetings, Alumnae:

We come to the end of the second year of Phi Delta Pi and you are wondering what the progress of 1917-18 has been.

We'll tell you.

Beginning with last summer a splendid new addition was made to Phi Delta—Delia Gipe, who was taken in during the Summer Session. You may be sure we are very proud to have her name enrolled with ours.

Besides the regular Freshman initiation there were two other additions to chapters, one to the Alpha, Marguerite Holzbauer, on February 21, and Emily Nowack to the Cincinnati Alumnae Chapter.

And individual membership has not been all. This year has marked that big step in the progress of Phi Delta Pi, for it has joined the Sorority ranks of national character. Beta was installed at Temple University, Philadelphia, by Ruth Evelyn Mason. Fifteen enthusiastic girls comprise this chapter and theirs is the real Sorority spirit. Next, the Gamma Chapter was installed at Northwestern University, Illinois. Installation was given by Gertrude Law, Edna Goedde and Ethel Emrich. There are twelve in Gamma this year, each of whom is imbued with the real Phi Delta spirit. We are very proud of Beta and Gamma and expect big things from them. Their situations are such as to warrant, not only a high standard of work owing to their normal professional nature, but also an Inter-Chapter association and friendship.

Recent additions to Grand Council have been made and are as follows:

Vice-President—Hazel C. Brown (Beta)
 Cor. Secretary—Ruth Evelyn Mason
 Asst. Treasurer—Francis H. Points
 Investigator—Nelda Rehrer (Gamma)

At the annual meeting held May 15 at the Athenaeum the following officers for 1919 were elected.

President—E. Pauline Smathers
 Vice-President—Ethel H. Emrich
 Rec. Secretary—Amelia Vorndran
 Cor. Secretary—Marguerite Holzbauer
 Treasurer—Edna Goedde
 Chaplain—Dorothy A. Stoops
 Sergeant-at-Arms—Meta B. Jahn

Dean Emil Rath has consented to become Grand Patron of Phi Delta Pi. We are very proud to have him and take this opportunity to again express our appreciation.

Now here's a word and the very heartiest invitation extended to the Alumnae. We have instituted an Annual Banquet and this year is to be the first. It will be held at Hotel Claypool, Saturday, June eighth, and we want just as many of our Alumnae to join us as can possibly arrange to come. Send in your order for reservation not later than June first and know that we'll be very happy to have you with us for our last social affair this year.

But the Annual Banquet is not the last "get together" for the Active Alphas. We have a week's delightful camping trip ahead, from June 8 to 15. Dorothy Stoops has invited all of us to spend the week with her at her summer home, Wawasee, Indiana. You may think of us canoeing and motoring, hiking and swimming often that week. We are all very excited about it and can hardly wait for the time to come.

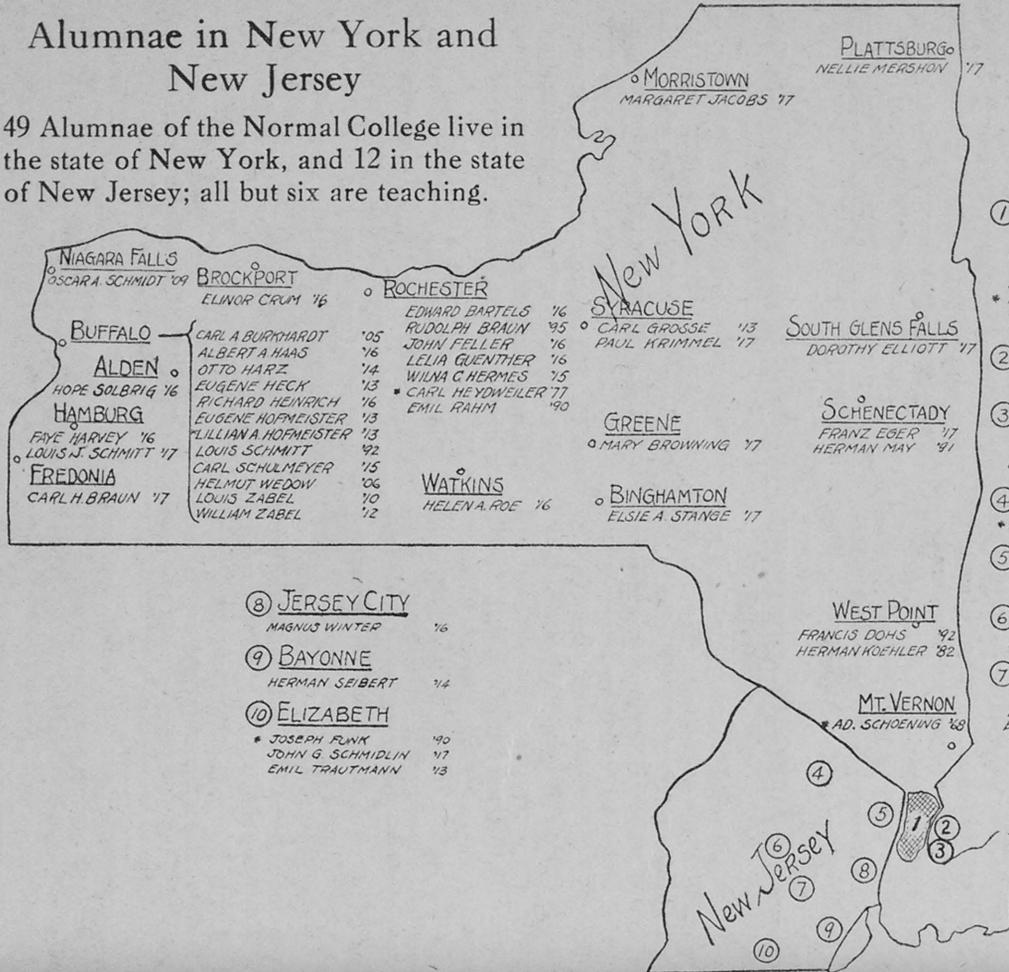

For those who cannot come to graduation, here are our best wishes for a happy summer.

And for those who do—we're ready to assure you that you won't regret it!

"Auf Wiedersehn."

DELTA PSI KAPPA.

One of our March meetings was held at the home of Gladys Gray. How we did enjoy the tea and home-made dainties!

The week of spring vacation, the girls who did not go home, had several little pleasure trips.

The April meeting was held at the home of Constance Arbaugh in Irvington.

Charlotte Herringer, Chicago, paid us a short visit, en route to Muncie. She came back, accompanied by Mildred Jost, to be present at the initiation services, which took place at Mrs. A. E. Metzger's. Lilly Beckman of Frankfort was also present. Dorothy Smith, '19, of St. Louis; Marie Teague, '19, Rockville, and Mabel Gipe, '13, Indianapolis, were initiated.

One of the most charming May parties was arranged by Dorothy Smith on May 1. Each detail was perfect and it was only when the clock pointed to a late hour, that we tip-toed back to our own rooms.

May 4 the gymnastic contest for the awarding of emblems took place. There were four events and we were all so proud of Louise Bessire, who received three first places and one second place. Marie Hartje took second place in one event, while Ann Hoestery took a second and a third place.

The "Foil," the official bulletin of the Delta Psi Kappa, is making its second appearance this month and is better than ever. Don't you enjoy reading it?

The school year is almost over, but we feel that the week of camping at Broad Ripple, June 8 to 15, will exceed all anticipations. There will be no meals to plan, no dishes to wash, nothing for us to do but revel. Ye Psi Kaps, come join us, plenty of beds, a cook, and plenty to eat. Come just for the week-end if not the whole week.

Frieda Martens, '16, Kansas City, is now a Delta Psi Kappa. We are so glad!

May 13 brought us to the beautiful country home of Dr. and Mrs. Henry. We had an out-door luncheon which surely was appreciated. The evening was spent in dancing.

May 16 was another memorable day. The Epsilon Chapter of Delta Psi Kappa was installed at the University of Southern California at Los Angeles. The Chapter boasts of eleven members, two of which are on the faculty, namely the Associate Professor of Physical Education and her assistant.

Miss Ada Crozier was hostess to the sorority, May 18. A very pleasant time was had.

The last meeting, we say it with regret, the year has seemed too short, will be at the hospitable home of Mrs. Boos. Installation of officers for the coming year will take place.

DIDN'T KNOW HIS NAME.

Willie—"Boo-hoo."

Stranger—"What are you crying about?"

Willie—"I'm lost."

Stranger—"Where do you live?"

Willie—"I don't know, we just moved today."

Stranger—"Well, what is your name?"

Willie—"I don't know, mother just got married again."

OFF, TOO.

A visitor at a hospital for the insane, was about to leave for the train, when he pulled out his watch to compare it with the clock that hung in the hall. Turning to a patient, he asked, "Is that clock right?"

"Right? You d— fool! If that clock was right, do you suppose they'd have it in here?"

PERSONALS.

George Altmann, '13, has been called to the colors.

Mabel Gipe, '13, is back home in Indianapolis again.

Sophie Eid, '13, will attend the Normal College this summer.

Gus Braun, '15, has been recommended for a captaincy in the army.

Mildred Jost, '15, will succeed Miss Hein as assistant to Mr. Rath.

Erna Wuesthoff, '13, is in Los Angeles, Cal., and dead in love with the place.

We were glad to receive those checks for the Bulletin from the Stechers, '81 and '14.

Cecelia Heilbrunn, '14, passed through Indianapolis on her way to Louisville, Ky., recently.

William F. Hofer, '17, remembered his duty toward the Bulletin and Alumni Association.

Carl Hein, '14, was married to Miss Maude Nicholas of Cleveland, February 23, 1918.

Karl Hofer, '05, has left Cincinnati to take a position in the public schools of Newark, N. J.

Hans Reuter, '11, has had a siege of illness which kept him in the hospital for three weeks.

John Feller, '16, is getting desperate before the draft—takes two girls home in one evening.

Alexander Harwick, '13, has completed a comprehensive syllabus for use in the schools of Reading, Pa.

I can not afford to miss an issue. It is news from a large family, "a letter from home."—Schuettner, '15.

It seemed like a few years ago to see Helen Homan, '15, among the dancers at one of the recent students' affairs.

"The proper age for getting married?" Ed Bartels, '16, will give any advice needed per pamph- or booklet free on request.

My marriage brought me two nice letters from Indianapolis, one from "Doc" Crozier and one from Mr. Rath.—Margery Reynolds Kelley, '14.

Among the out-of-town Alumni present at the recent monogram contest held by the College were May Paddack, '14; Charlotte Herringer, '15, and Lily Beckman, '16.

William J. Ruzicka, '17, of Marshal High School, Chicago, is one of the live ones who stepped up to the counter, kissed his dollar bill goodby and sent it off to us to do its bit.

Corinne Guenther, '11, had much to do with the success of the Greek games staged by Central High School, St. Louis, at the Municipal Theater in May. Five hundred girls participated.

Hope Solbrig, '16, of Alden, N. Y., spent one of the April week ends visiting in Rochester. Word o' mouth says Hope got the loan of a parallel bar and then trucked it from Buffalo to Alden for her high school boys.

Wilna Hermes, '15, is living a life of varied escapades, as usual. She now makes her rounds on a bicycle and recently a gander disputed her right o' way. We are grateful to her for the money and good wishes she sent the Bulletin.

Arthur Reisner, '17, a staunch supporter of the Bulletin, was disappointed when he did not receive his March issue. The Staff are complimented to think he missed it and hope to hear the same strong protest from others who are likewise mistreated.

Fritz P. Jacobi, '17, teacher of the Davenport Turngemeinde, sent us the necessary wherewithal to continue the Bulletin and we return the compliment by saying we read glowing accounts of his Schauturnen in both "The Democrat" and the "Iowa Reform" with pleasure and pride.

William G. Braun, '17, stopped off and spent several days at Rochester, N. Y., on his way back to Camp Dix. He had a round of pleasure among some of his old cronies, including John Feller, Ed Bartels and Lelia Guenther. The latter, by the way, is very popular in the Turnverein (Junior Class).

Among my papers I found this Alumni notice. Evidently I have forgotten to pay my dues. I am sorry I have neglected such an important matter. I certainly appreciate the Alumni Bulletin. It is the one thing that keeps me in touch with school life. I wouldn't miss it for anything.—Frieda C. Flaig, '16.

I enclose check for the Bulletin. I enjoy reading it, as it puts one in touch with what is going on and brings the Alma Mater closer. To me "The Bulletin" is a medium of introduction between individuals at a distance; it is a connecting link (even if a loose one) of the members of our large family of brothers and sisters.—D. M. F. Krogh, '88.

It is with pleasure that I renew my membership in the Alumni Association and my subscription to our Bulletin. Not a word in the past issues has been overlooked by me. Now that I have enlisted in the hospital corps of the navy it will be doubly appreciated. I will be stationed at the Great Lakes for training and will forward my address later. Clarence Whipple, '17, is located at the Dunwoody Institute, Minneapolis, in the Quartermaster's Aviation Corps.—Percival U. Duebendorf, '17.

We now are in a way to tell you why Art Pfaff, '14, has never contributed to the Bulletin. He and "Fritzie"—Miss Erna Fritson, '14,—were too busy making plans for their marriage. We have heard it from very reliable gossip that they are wedded, and so "Sitzy and Fritzy" '14, are disposed of.

TRUE CULTURE.

The highest culture is to speak no ill;
The best reformer is the man whose eyes
Are quick to see all beauty and all worth;
And by his own discrete, well-ordered
life,

Alone reproves the erring.

When thy gaze

Turns it on thy own soul, be most severe,
But when it falls on a fellow-man
Let kindness control it; and refrain
From that belittling censure that springs
forth

From common lips like weeds from
marshy soil.

—Ella Wheeler Wilcox.

A happy man or woman is a better thing to find than a five-pound note. He or she is a radiating focus of good-will; and their entrance into a room is as though another candle had been lighted. We need not care whether they could prove the forty-seventh proposition; they do a better thing than that—they practically demonstrate the great Theorem of the Liveableness of Life.—Robert Louis Stevenson.

The moving finger writes; and, having writ,

Moves on; nor all your Piety nor Wit
Shall lure it back to cancel half a line,
Nor all your tears wash out a word of it.

—Omar Khayyam.

The largest quantity of work will not be done by this curious engine for pay, or under pressure, or by help of any kind of fuel which may be supplied by the chaldron. It will be done only when the motive force, that is to say, the will or spirit of the creature, is brought to its greatest strength by its own proper fuel; namely by the affections.—John Ruskin.

E. R.

FRA ELBERTUS SAYS:

Home is the place we go to change our clothes to go somewhere else.

The outcome of the battle is of no importance—but how did you fight?

Life is just one damn thing after another.

Work is for the worker. We become

robust only through exercise, and every faculty of the mind and every attribute of the soul grows strong only as it is exercised.

God doesn't need us so much as His children do; so let us help them. God can shift for himself.

A man possessing initiative is a creator.

When in doubt, mind your own business.

It takes at least five bad men to make one bad woman.

The man who can't forget is quite as bad as the one who can't remember. Everybody should remember to forget.

No man is to be pitied except the one whose future lies behind.

Dirt is merely the useful in the wrong place. So is sin merely misdirected energy.

INTERRUPTED TOO SOON.

Johnny—"I is—"

Teacher—"No, don't say 'I is'; say, 'I am.'"

Johnny—"I am the ninth letter of the alphabet."

Teacher—"Spell specimen."

Pupil (hard of hearing)—"Singular or plural?"

Teacher—"Singular."

Pupil—"S-p-e-c-i-m-a-n."

DO IT NOW.

Stop a minute and say "Hello"
 As down life's road you smoothly go.
 For a kindly word and a cheery smile
 Will shorten the way by many a mile
 For some poor fellow that's moving slow:
 Stop a minute, and say "Hello."
