1967 Brosius Homecoming Highlights

The stage was set, but the weather was wet.

"A REUNION TO REMEMBER"

WERE YOU THERE? If not, you missed a wonderful time. The eighth Homecoming has come and gone, but the memories will linger on. Over the three day period a total of 115 were "aboard". Who was the first to arrive? Honors for this probably go to Coila (Snider) Stevens and her family who were already residing at the hotel.

The "weather man" could have been a little more cooperative. Let's say, it could have been better and it could have been worse. The prediction for extremely warm weather did not materialize, but it didn't make any difference. When a group of Normal College alums get together the sun is always shining in their hearts. Incidentally, the sun did shine Saturday and Sunday--so, everyone had the opportunity to deepen his tan one or two degrees.

As in the past, the program was placed in the hands of the alums and in a very short time committees were organized and activities scheduled. The program included: A Hike Around the Lake; Volleyball; Campfire; Business Meeting; Sailing; Softball; Dance; Water Carnival; Free Time (Kaf-fee Klatsch) and Scavenger Hunt. A few changes had to be made because of weather but, like real campers, everything was taken in stride. In lieu of the outdoor campfire Friday evening, everyone assembled in Jahn Hall and had a glorious time doing all of the campfire activities. The program closed with colored slides and motion pictures taken by Mrs. Straub, Mrs.

Martha (Wigal) Walsh and Henry Lohse of the '65 Homecoming. In the absence of sound, comments poured forth that provoked a great deal of laughter which, figuratively speaking, rocked the rafters of Jahn Hall. Henry Lohse, a principal and jack-of-all-trades, operated the machines flawlessly.

One of the outstanding highlights was the softball game between the alums and the hotel guests. Alums, who have been attending the Brosius Homecomings, have always looked forward to this contest because it is packed with action, spectacular plays, interpretation of the rules (reading between the lines) and the humorous heckling by the spectators. Going into this game the alums had "two legs" on the trophy. Through the superb, razzle-dazzle pitching of Rudy Schreiber, who was in unusually rare form, and the excellent support of his teammates, the alums retired the trophy by winning the game 9 - 8. Accolades go to John Brogneaux, Branch McCracken and Wally Eberhardt for the splendid job they did in officiating this crucial game. No one flinched an inch when a decision was questioned--that's what you call top-notch officiating.

Elkhart Lake — At the end of our campus.

The dance Saturday evening under the leadership of Dorothea and Adolph Winter was a "Big Hit". Jahn Hall was converted into a ballroom and was gaily decorated with colored streamers and posters which were enhanced greatly by the subdued lighting effects. The theme for the evening was to come dressed in a costume depicting

ALUMNI OFFICERS

The Alumni Officers, elected for a three-year term at the annual business meeting of the Normal College Alumni Association in Indianapolis, November 25, 1966, are as follows:

President	Norman Schulte, 5017 Newfield Ave., Cincinnati, O. 46237
Vice-President	Nick Collis, 111 Doll Parkway Syracuse, N.Y. 13214
Secretary	Mrs. Melvin Oppliger, 7357 Carleton Street, University City, Mo. 63130
Treasurer	Fred Martin, 415 East Michigan Street, Indianapolis, Indiana 46204

a Song or Book Title. Talk about ingenuity and creativeness--well, one had to be present to really appreciate the costumes. The judges, Mr. & Mrs. Brogneaux, Mr. & Mrs. McCracken and Mrs. Gladys (Weisheit) Engelhardt had an extremely difficult time

"The Million Dollar Babies." L. to R.: Peggy Hope, Lanky (Muenster) Schueler and Marty Putthoff.

in determining the winners. Some of those who received recognition were: "Paper Dolls", Bressler family (Rosie, Whitey, Susan & Joey); "Me & My Shadow", Johanne (Guenter) Totten and daughter; "American Tragedy", Billie Boettjer Stewart; "Bobbie Twins", Shirley & Sharon Parrett; "Million Dollar Babies", Mabelle (Lanky Muenster) Schueler, Sarah (Peggy) Hope and Marty Putthoff; "Tiger Rag", Earl Vornheder; "Beer Barrel Polka", Mrs. Jean (Seager) Diehl; "Julius Caesar", Harry Stewart; "Of Human Bondage", Bob Schreiber with Karen Schulte, Kitty Baldrige, Deanna and Nancy Schreiber, Gail Wolf, Jan Myers and Marsha Crockett; "Mammy", Matt Schreiber.

The orchestra was smooth and had a repertoire of music that astounded everyone. With hardly a pause, they went from polka, rumba, cha-cha, waltz, tango--you name it and they played it. Everyone moved flawlessly from one tempo to another without a pause--that good old Normal College training.

Our good friend, Harry Grabner, MC'd the dance like a real "pro"; never was there a dull moment. To start things off, Harry and Henry Lohse called squares and mixers. It was then that good old Jahn Hall began to rock and sway. It was an evening of swing and sway in all the tempos--an evening to be long remembered.

One of the most popular places aboard Camp Brosius during the free time and practically any other time, was Peg & Jack Stocker's "YE OLDE". A most congenial atmosphere (Gemutlichkeit) was al-

Mr. and Mrs. "Camp Brosius" incomparable host, Peg and Jack Stocker.

ways prevalent; everyone was welcomed--no one was a stranger. The inside of their cabin was beautifully decorated with posters and designs drawn by Henry Lohse who, as we all know, is quite an artist. A great big "THANKS" to Peg & Jack for their wonderful hospitality.

It has been said, "If you don't listen, you won't learn anything". It happened during the Women's Balloon Breaking Relay (inflate-sit on it-break it). One of the mothers was experiencing difficulty in breaking the balloon when the excited voice of her little son screamed, "Mama, use your stomach muscles"--it worked!

Mr. & Mrs. Powell and all the kitchen help deserve a big vote of "THANKS" for the delicious and appetizing meals they served; everything moved along smoothly. When you serve an average of 112-115 meals per sitting, it's obvious that everything must be well organized.

We certainly wish to express our sincere gratitude and appreciation to John Brogneaux and Branch McCracken for coming to represent the School of HPER.

Honors for the largest family present go to Dr. & Mrs. Fred Rohdes who have six boys; Fritzie-10; Geoffrey-8; Hans-7; Harold-5; Ole-3 and Larry-1.

The alum who drove the greatest distance was Bill Bischoff from Mt. Dora, Florida in his little green VW. Bill is retired and taught formerly in Cincinnati.

Special thanks to Bob Owen for repairing the "lift"! What a lift it was to many of us to ride up and down the hill again.

Following breakfast Monday, the whirr of the motors was the signal for departure. After many "farewells; and "aufwiedersehn" many were going home or to other parts of the country; Walter Eberhardt and family were going North; Herb & Mary Beth All-

ender to Knoxville, Tenn.; Jack & Betty Bridge to Middleport, N.Y.; Bobbie Larsen, Rosie & Whitey Bressler, Dorothea & Adolph Winter, Mr. & Mrs. Walsh to Chicago; Elise & Chauncey Linhart, Frances & Mel Opplinger to St. Louis and Gene & Charlie Jecmen to Creve Coeur, Mo.; Mr. & Mrs. H. Engelhardt to Linthicum, Md.; Sophie Lessing & Hilda Simon to Cleveland; Dr. & Mrs. Roscoe Miller, Bob & Barbara Owen to Indianapolis-- this is just a few of the many alums who attended Homecoming. The person who probably had the shortest distance to travel was Lanky Schueler--just 7 miles to New Holstein,

The "Winter's Sail" in the summer.

Behind the scene of every project there is someone who, quietly and unassumingly, sees that everything is well organized, functions smoothly, and that the welfare of everyone is considered. Credit for all this goes to our charming and gracious hostess, Mrs. Lola Lohse, Director, for making our Homecoming so pleasant and enjoyable.

In closing we certainly want to extend our sincere thanks and gratitude to everyone for making this Homecoming another memorable occasion. It isn't the weather, it isn't the place, it isn't the comforts or luxuries that make our gatherings such a great delight and enjoyment--it's that common bond of togetherness, fellowship, comradeship, or whatever you want to call it, and mutual understanding. Another Homecoming at Brosius has come and gone, but the happy memories will always be remembered. F.M.

"To the Point." L. to R.: Chauncey Linhart, Dorothea (Holubek) Winter and Rosie (Singer) Bressler.

BIRTHS

Congratulations to the following proud parents:

CHRISTOPHER SCOTT POLLOCK, son of JANE (VOGT) and THEODORE POLLOCK of Indianapolis, who was born September 11, 1967.

ROBERT KEONI OLLIGES, son of BETTY LOU (ROTH) and LARRY OLLIGES of Ewa Beach, Hawaii, who was born May 31, 1967.

KENNETH JOSEPH HEESCHEN, son of TERRY (LABA) and DICK HEESCHEN of Tampa, Florida, who was born March 22, 1967.

MITZIE LEE KIMBALL, daughter of MARY and DAVID KIMBALL of Indianapolis, Ind., who was born June 11, 1967. Mary is a member of the Normal College faculty and teaches dance.

MICHAEL JOHN TOPEL, son of SYLVIA JUANITA (BARKER) and BRITT TOPEL of San Lorenzo, California, who was born July 13, 1967.

CAROL KATHRYN KAUCHAK, daughter of BARBARA (LUNSFORD) and PATRICK KAUCHAK of Indianapolis, Ind., who was born June 16, 1967.

JENNIFER ZOE LEACH, daughter of DOROTHY and RUSSELL LEACH of Monongahela, Pennsylvania, who was born July 16, 1967.

DEBBIE MARIE LOHSE, daughter of JOYCE and LT. DAVID LOHSE of Warner Robins, Georgia, who was born April 16, 1967.

WEDDING BELLS

Our sincere and best wishes are extended to the following newly-weds:

ROBERT MASON, '67, of Indianapolis and LINDA CROUCH, '69, of Indianapolis, were married August 20, 1967. Bob is teaching in the Warren Township Elementary Schools and Linda will continue her studying on the campus.

MICHAEL RAY McCLEISH and CATHY JANE SCHULLER, both of Indianapolis, were married August 26, 1967.

KATHLEEN JOHNSON, class of '67, of Springville, N.Y. was married the 19th of August to B. TERRY MORRIS.

GLORIA JEAN McCALLUM, and BERNARD CHARLES HAUSER, both of Indianapolis, were married May 19, 1967.

DEANNA CAROL WEBBER of Indianapolis, was married to JAMES F. CARROL of Indianapolis, September 2, 1967. Deanna and her husband will continue with their studying on the campus.

MICHAEL C. McCLELLAN, class of '65 and MARAGRET K. SPARKS, both of Indianapolis, were married June 16, 1967. Mike and Margaret are teaching in the Indianapolis Public Schools.

BEVERLY DEANE AMBROZ, class of '67 and DAVID C. HERRICK of Bloomington, Ind., were married June 18, 1967. Beverly is teaching in a junior high school in Pennsylvania. Her husband is working toward his Ph.D. at Pennsylvania State University.

ANN STANTON RITSERT, class of '61, of Louisville, Ky. was married the 10th of June to EDWARD R. SCHNURR. Ann teaches in the Senior High School, Clarksville, Ind.

LYNDA LEE SOHRWEIDE and STEPHEN J. KUCHLER, both of Indianapolis, were married August 19, 1967.

LINDA JEAN BOLMER, class of '64, of Silvis, Illinois and EUGENE C. WADSAGER were married August 12, 1967. Linda teaches in the United Township High School at Silvis.

SANDRA LEE GERDTS of Mooresville, Ind. and THOMAS DEAN ZIKE of Indianapolis were married August 26, 1967. Sandra and Tom are living in Bloomington where they are continuing with their education at I.U.

GENE DOBBINS of Liverpool, N.Y. was married August 8, 1967 to NANCY POWERS.

SANDRA MARIE FLESER of Indianapolis was married last June to DRAGOS A. NUTA.

JEAN (SEAGER) DIEHL and CHARLES CAMPBELL, both of Indianapolis, were married October 26, 1967.

OUR DEEPEST SYMPATHY

Our deepest sympathy is extended to the friends and families of the following who have passed away:

JOSEPH J. PALMERI, who entered Normal College in 1931, passed away July 19, 1967 in Buffalo, N.Y. Joseph, who taught physical education for more than 10 years, suffered a fatal heart seizure while driving home after conducting a swimming program.

He was employed by the City Recreation Department for many years before beginning his teaching career in the Buffalo Public Schools.

Joseph Palmeri is survived by his widow, Sarina, a daughter Jeanne and a son, John.

CHARLES W. BATES, a former member of the staff, passed away June 7 at the age of 94. He was employed by the college for more than twenty-one years and was known to all the students as "Dean" Bates. Following his retirement, he was ever faithful attending the students' demonstrations at Homecoming and greeting those of years gone-by with a warm smile and a twinkle in his eyes.

Charles W. Bates was the father of two daughters and two sons. He is also survived by seven grandchildren, 13 great-grandchildren and five great-great-grandchildren.

"PEG" STOCKER REPORTS FROM BUFFALO:

C. LESLIE BOEHMER and wife, ROSE, had quite a busy summer. In June they flew to St. Louis, and Chicago to visit relatives and friends. Later in the summer, they went on a conducted tour through the Canadian Rockies to Victoria, Vancouver, Lake Louise and Banff. Les reports that the scenery and flowers were just beautiful.

CARL BAER and MRS. BAER spent some time in Chicago visiting their son and family.

RAY and RENILDA GLUNZ visited HAZEL and "SWEDE" NILSON in their home in Wisconsin.

The GEORGE GOEGHANS were in Florida.

The "BILL" MEISSNERS who live in Phoenix, Ariz. in the winter time, spent the summer in their summer home at Tupper Lake, New York. They always stop in Buffalo to see their friends.

The GEORGE JACQUINS and the "JACK" STOCKERS attended the National Turnfest in Moline, Ill. Congratulations to "GENE" MITCHELL for a job well done. It was nice seeing several A.G.U. graduates, not only taking part, but as spectators.

RUTH SONDERMAN JOHNSON was quite ill early in the summer, and had to be hospitalized. She is now home, and we hope feeling very much better.

LaMAR KELTZ WHALLEY slipped while retrieving her golf ball, near a water-hole, fell and broke her leg. She is at home now, but on crutches. Imagine, breaking a leg while playing golf?

DR. LOUIS SCHMIDT and wife are planning an extended tour to Japan and the Orient this fall.

ARNO LASCARI, youngest son of "ANDY LASCARI, who now is attending the University of Wisconsin, was a member of the American Pan American Gymnastic Team. The Pan-Am Games were held in Winnipeg, Canada. Arno also was a member of the American Gymnastic Team which went to the World College Gymnastic Games in Tokyo in August.

GEORGE JACQUIN, CARL BAER and "TED" BEDNARCYK attended the 100th Anniversary of the Clinton, Mass. Turners. Carl and "Ted" came from that town to Normal College. They were joined by WALTER EBERHARDT who also hails from Massachusetts.

"TED" BEDNARCYK has a most interesting family. ROSANNE, the daughter graduated from Wellesley in 1966 and is doing computing research for the John Hancock Insurance Co. in Boston. She was married on March 24, 1967 to Larry Hersch who has a teaching fellowship in Economics at Harvard

University, where he is working on his Doctorate degree. Son, NORMAN, received his Ph.D. in Food Science from Rutgers Uni. in May 1967. He is now working for General Mills, Minneapolis, Minn. where he is Senior Research Food Scientist. Oldest son, EUGENE, keeps busy selling and installing outdoor swimming pools, referees high school and college basketball, soccer, volley ball games and officiates at track meets.

DAVID REISIG planned a beautiful weekend for our Buffalo Turners at our old Turner Camp which we had to give up during gas rationing. RAY PINGS, GEORGE JACQUINS, and the STOCKERS had their reservations in first and we were housed in the Deluxe cabin. Only one with hot and cold running water in sink. All the others had to go to the centralized washrooms.

Larry Davis, president of the Student Union Board, and Miss Dorothy Opliger, Board member from the Normal College, present to Mrs. Clara L. Hester the highest award that can be given to a faculty member by students from Indiana University, Indianapolis. Mrs. Hester was the 12th recipient of the award made annually "In Recognition of Outstanding Contributions to the Welfare, Success and Reputation of Indiana University in Indianapolis." Mrs. C. L. Hester, Associate Professor, Dean of Women and formerly Director of the Normal College, was presented with this award at a banquet in her honor, May 9th, at the Medical Center's Union Building.

WALLY EBERHARDT REPORTS FROM ST. LOUIS:

LOUIS KITTLAUS and PAULINE visited their son, PAUL, in Los Angeles this summer. Their other son, KARL, is in Chicago and daughter, KAY, is a senior at Drake.

The HANK STROERS spent some time visiting their son in Ft. Wayne. Son, Ronnie is a sound engineer with I.T.T.

DICK EBERHARDT and family visited us this summer. The young Eberhardts live in San Diego where Dick is an engineer on Apollo program.

LOUISE and I recently took a trip to Miami where I was on a program at the Eden Roc for the Bariatric Society of America.

AL and AGNES EBERHARDT and family went east this summer to visit the old home- stead. Al is with the Missouri School for the Blind and Agnes is with the St. Louis YWCA since all their five children are grown.

ARTHUR BUEHLER RETIRES FROM CHICAGO PUBLIC SCHOOLS

Arthur Buehler, class of '22, resigned from the public schools as Director of Health, Physical Education and Recreational Services on February 7, 1967, after thirty-nine years of outstanding and dedicated service to the children and youth of Chicago and to the members of the teaching profession.

Throughout his life, Art has been actively interested in the Turners, starting when he was ten years old as a member of the first boy's class of Social Turners in Chicago. Art received his 40 Year Honorary Membership in the American Turners on February, 1967.

For thirty years Art has been professionally involved in the activities of the American Association for HPER and its Midwest District, and the Illinois Association for HPER.

Editor's Note: We extend our heartiest congratulations to Art on his outstanding record and wish him the best of everything in the years ahead.

BOBBIE LARSEN REPORTS FROM CHICAGO:

Dear Classmates of '22:

Sorry that more of you were unable to attend Homecoming. The swimming and boating activities were curtailed but many swam regardless - just like other days - remember?

PEG and JACK STOCKER were part of the reception committee and we were delighted

to see BILL BISCHOFF who drove up from Florida.

CLARENCE PORTER and POLLY GIFFIN wrote that they were unable to join us but wished to be remembered to all.

MR. GESSERT, of Elkhart, and I had a long chat. It was amazing how many of our classmates he inquired about. He and Mrs. Gessert wish to be remembered.

After a detour back to Chicago in May and June, I finished touring Florida and included a Carribean Cruise before I drove to Elkhart. I also saw Elmer Rosenthal before I left St. Pete. He had been ill but was on the mend.

Sorry that more of you did not attend Homecoming. Better luck next time.

Aufwiedersehn, Bobbie

MORE NEWS FROM BOBBIE:

CAROLYN WASSERMAN just returned from a two and a half months' tour of southern Europe.

CHARLOTTE HERRINGER NEWMAN and her husband were unable to drive to Alaska. They reached Prince Rupert and headed for Florida via Seattle, etc.

MIN WASSERMAN BRAKER and BILL drove to Glacier and Portland. Then they spent three weeks with the Newmans in Colorado.

EMIL ROTHE and his wife toured Europe for seven weeks.

GEORGE and EMMA WALLENTA had a wonderful trip west and took their son, BRUCE, back to the U. of Wyoming where he is doing graduate work in "Biological Science".

The CHARLIE SIEBERTS made a trip around Lake Michigan this summer and Oct. 1st will find them enroute to "Expo" for two weeks. They are also planning a trip to Europe.

BILL SCHAEFER and his family stayed in Chicago this year and he taught Driver Education. Bill, Jr. has just been given a cool navy assignment - "Operation Deep Freeze".

CARL and ROSALIE BARNICKOL attended the wedding of their son in June and traveled extensively this summer.

AL and ANNA DIETE will winter in Chicago and will visit the AL TEUSCHERS enroute.

ED HALL had an unhappy summer in Spooner, Wis. nursing an injured shoulder. He is now on the mend.

BOB PEGEL retired after teaching 42 years at Lane High School, his alma mater. As a retirement gift Millie and Bob gave themselves a "Deluxe Escorted Cooks Tour of Alaska", and then visited friends and relatives in the Seattle area.

HELEN and AUGUST PRITZLAFF just returned from an extensive visit in the east.

Aside from trips in the Pennsylvania Dutch Country, LOUISE D. REICHEL, '14, reads and writes for immobile patients at the Mennonite Home where she lives and helps to make life more pleasant for others.

HELEN HUMPHREY SCOTT and her husband have just bought a home in Clearwater Beach, Florida.

EDITOR'S NOTE: Bobbie has been confined to the hospital for quite some time following Homecoming but, like a real trouper - the show must go on - she secured news for the bulletin -- Thanks a million Bobbie, we deeply appreciate it -- Hurry and get well.

SCHOOL OF HPER ALUMNI SCHOLARSHIP

We are happy and proud to announce that two of our juniors on the campus, Karen Safford and Tim Mosier of Indianapolis, were awarded the HPER Alumni Scholarship at the banquet of the 16th Annual Alumni Conference of the School of Health, Physical Education and Recreation last July.

We extend our heartiest congratulations to Karen and Tim for this great honor.

JOHN (MIKE) DALTON, ROVING REPORTER, REPORTS:

For the last six months I have been pretty much in one place (Cincinnati) learning the new job I took on a year ago. I have an office down town as part of my new job in developing jobs for the handicapped. This is a very interesting job, it is a switch to work with people, one at a time, rather than in large classes. I call on personnel directors all over town in trying to relocate workers who have been hurt in industrial accidents.

I will go to Cleveland next month and plan a short hop to Arizona and Mexico in November. I just have to hit Florida in late February where Wally Eberhardt will be beaming with pride. And why not? As you

know, the St. Louis Cardinals are a shoo-in to win the National League pennant, and of course Wally had a hand in this since he has been conditioning those guys ever since last winter. If the Cards happen to win, and they very well may do just that, Eberhardt will stand nine feet tall! Our Cincinnati Reds are copying Wally's physical education techniques in conditioning the pro baseball players.

I phoned Earl Vornheder and he filled me in on some things. It seems Rudy Memmel is going strong, as usual, a very popular and able man here as director of physical education in Cincinnati schools.

William Bischoff has the honors of traveling the greatest distance to Homecoming — Mt. Dora, Fla.

What came as a surprise to me is that Bill Bischoff is here in Cincinnati at least as of today, September 12. I hear he is visiting with friends here and I presume Bill will be enroute to Florida, his home, very soon.

Mrs. Earl Vornheder, nee Helen Walker, is directing a pre-school institute for the small fry here and as I remember her, the job will be very competently done. Mrs. Vornheder used to teach in a school where I once taught here in Cincinnati and they don't make teachers more able than Helen.

I hear that Henry Schwegler is still carry-the ball, teaching physical education here in Cincinnati schools.

Frank Mixie, the terrific gymnast is also still in harness. He showed a lot of people here in the Fairmount area just how great a physical education can be. I hear that Mixie put on a terrific stage show at his school, something no gym teacher ever approached at that school.

I asked Earl Vornheder about the swimming pool, now a swim club, which was operated by the late Frank Phillips, a wonderful guy and another well known NCAGU

alumnus. Earl told me that Frank's sister, Miriam Phillips, now runs the Phillips swim club in the summer.

Joe Schweitzer spent the summer with relatives in New Jersey, taking it easy at a lakeside home where he seems to enjoy the summer days.

Lou Montgomery worked at the summer camp where he has enjoyed many seasons teaching kids to swim etc.

DICK STROHMER REPORTS FROM DETROIT:

My wife, BELLA, and I did quite some jaunting over our State of Michigan, with visits at Traverse City and that area in the upper part of the Lower Peninsula and with another visit at West Branch, dropping in to call on the sons and daughters (and of course the grandchildren). Then in mid-summer an easy-going trip through Ontario and crossing into New York State at Niagara Falls and on to Canadaigua to attend the annual picnic of the VANORMAN clan, MRS. STROHMER'S father's family. Certainly New York State has some spots and scenic areas.

LOUIS E. THIERRY of June 1915 has fully recovered from his last winter's incapacitation caused by a virus while wintering in St. Petersburg. Late this Spring found Lou and his wife, CHRISTINA, on their permanent base on Michigan's beautiful Torch Lake. Lou was seen operating his mini-tractor on his garden and lawn late this summer and was in great condition. At this writing the Thierrys are on an independent motor-car tour of Europe, which will consume several months, with Munich as their base. Lou's wife is a native of Bavaria although she had for many years been a Registered Nurse in one of Detroit's large hospitals. LORETTA (THIERRY) HODGES, daughter of the THIERRYS, class of 1942, is attending school this fall after having had some years teaching in Florida and also in Traverse City, Mich. We wish the Thierry couple a most enjoyable tour.

ANNA SCHMOOK, 1912, was recently studying in London, England and has since travelled over to Munich to enjoy some of that OKTOBER FEST. Certainly Anna should have much to tell on her return. Best of health to Anna.

RAY ROSSI, 1915, was last heard from while he was in England, - and only Ray knows where we will hear from him next. May he, as he always has for many years, enjoy his jaunts.

FRED SPIER, 1915, with his wife, enjoyed a good stay in New Smyrna, Florida, this

past winter; then attended a family reunion at Alton, Ill; and then toured to Colorado to visit their son. The summer months were enjoyed at their summer home on Harsen's Island on Michigan's heavily travelled St. Clair River and Lake St. Clair.

ARTHUR J. SCHUETTNER, who in 1915 was one of five men who completed the Elementary Class, is without a doubt one of the most travelled as well as one of the most experienced of Normal College A.G.U. Alumni. In his early years, while teaching in Kansas City and also in Buffalo, Art took college work and earned his B.S. and his M.A. degrees. Then followed some years as Director of the Men's Gymnasium at the University of Illinois and also Asst. State Supervisor of Physical Education in California, being stationed in Sacramento. Then Art was with the Junior College in Sacramento from its start and remained until the Los Angeles City College was opened and remained with them for twenty-one years. In between these assignments and service Art taught at Colorado State Teachers College; California University at Davis (California Aggies); and at the University of Southern California.

During the summer months, Art and his wife attended foreign as well as local Universities including three summers at the University of Florence in Italy taking Languages and Art; two summers at the University of Salzburg, Austria, studying Music and Language; two summers at the University of Vienna with Biological Science and Language being studied; one summer at the University of Berlin with Drama and Language; and one summer at the University of Mexico, studying Culture and Language.

It should be noted that in "THE GYMNAST" of June 1915 were these words, - under the name and picture of ART, - "Arthur burns the midnight oil quite regularly, --- and is our best --- student." So this man has really produced through these many years and is to be congratulated on his latest venture - being elected Financial Secretary of the American Association of Retired Persons and very active in the National Retired Teachers Association.

This summer found the SCHUETTNER couple doing Oregon, Nevada and Hawaii in connection with these two organizations for retired people. Finally they are again at home, in Ojai, Calif.; P.O. Box 554; (93023).

ELSE SEIFFERT (MRS. GEORGE FUCHS) of Detroit, who enjoys one son, one daughter four grandchildren and three great grandchildren, had a very fine summer while her daughter and family visited with her from San Diego, Calif. Else, who graduated in

1905, recalls very readily the many happy memories from the days of her teaching in Detroit's Western High School when three high schools were the boast of that city - now, there are 22 high schools.

Received a card from Munich with notes on it from both ANNA SCHMOOK and the THIERRY couple that they actually bumped into each other in the lobby of a popular Pensione in that big city of Munich. They happened to all be registered in that very same Hostel.

SPUTH SCHOLARSHIP AWARD

At the close of the school year, two sophomore students, Carol Blount and Jim Arvin, both of Indianapolis, were awarded the Dr. Carl B. Sputh Memorial Scholarship. This award is based on the following factors: scholastic record, potential in the field, service to the school and character and personality traits.

We extend our heartiest congratulations to Jim and Carol and certainly wish them continued success in their profession.

REPORTS FROM CINCINNATI:

LOU ROTH reports:

A short visit to Hawaii would have been a dream come true - but stretch it out into two months' stay in the beautiful home of daughter BETTY LOU and her hubby LARRY OLLIGES, and then add to this the blessing of a new, fine, healthy grandson and you have a faint idea of the wonderful summer MUTZIE and I have just enjoyed!

LARRY has seen nothing but pictures and heard only the recorded gurglings of his happy offspring so far. A navy officer on a destroyer in waters off Vietnam, Larry's present six months' tour of duty will end in late October, then will come the joyous reunion with Betty Lou, son, JOHN, and the new arrival, ROBERT KEONI!

A special treat during our stay was the opportunity to welcome MRS. HESTER and her sister, MARTHA, with leis and the traditional "Aloha" greetings as they arrived in Honolulu on their visit to the beautiful islands.

You can read the wonderful word-pictures that are written about Hawaii - but they are not enough! You've just got to go and see for yourself.

AL ISLER reports:

LOIS, the four children and I had a delightful camping trip. We visited New York City, all of the New England states and Niagara Falls. We loved every place and hope to return some day.

After six years as principal of Hiberle School, I have been transferred to Chase School. The new situation is interesting and challenging.

AL MANN reports:

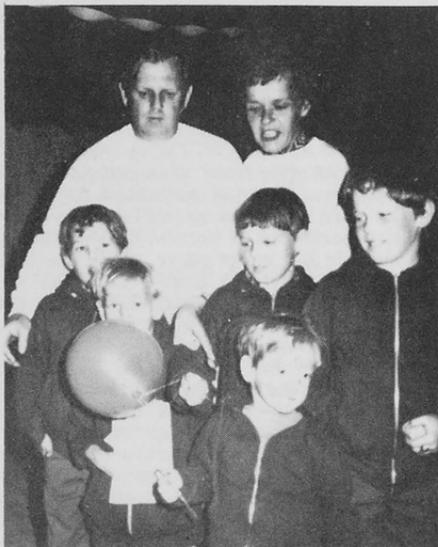

MIRIAM and I lived in Israel for two months. We rented an apartment amongst the Israeli cooperative housing. We visited practically all of Israel even going into the various military zones by the use of passes. We were fortunate to be able to get private information and visit establishments on military achievements, types of education, work with the immigrants, work with the Arabs and the economics of Israel at present. I was able to pick up new games and dances for physical education.

ARCH, '21 and MILDRED McCARTNEY, '15, report:

We spent a very relaxing summer at our summer retreat on the Kennebec River in Maine.

RUDIE MEMMEL reports:

"Westward Ho," a trip to the Pacific Coast which had been in the planning stages for at least two years, became a reality this past summer. Vickie and I left Cincinnati

The family with the "Most." Dr. and Mrs. Fred Rohdes, Lima, Ohio are seen here with five of their sons. Son No. 6, Larry, was in "Dream-Land" when this picture was taken.

July 6th and, after driving 7500 miles through 14 states and a portion of Mexico, returned to the Queen City one month later with a heavily laden automobile.

There are many highlights in a trip of this kind but a few remain vividly implanted in your mind's eye. Just outside the little town of Kayenta, Utah, we started driving up a rather treacherous and narrow dirt road heading toward the top of a precipice known as the Dugway. After some 30 minutes of driving around breath-taking curves, edging up the cliff and praying that no one was coming down, we finally reached the top and were rewarded with a view of the Navajo country that few tourists see from this vantage point. Since we made it a practice to have our lunch each day at some scenic spot, we chose to stay right there and enjoy the beauty while quenching our thirst and satisfying the inner man. After about two hours we finally spied another car making the slow, tedious trip up the cliffside and, naturally, we had to welcome it to the place which we named "Rudie and Vickie's Hideaway."

From San Francisco we travelled south along the costal scenic highway of the Pacific all the way to Ensenada, Mexico. During this 6-day portion of our trip, besides taking in the sights around Los Angeles, Carmel, San Simeon, Big Sur and San Diego, we stopped numerous times at the beaches along the ocean to enjoy the waters of the Pacific and thrill at the pounding of the surf on

Anyone for Swimming? Harriet and Harry Grabner.

the nearby rocks. The offerings of Nevada, particularly in Reno and Las Vegas, were not overlooked and we celebrated our fourth wedding anniversary enjoying the Mickey Finn dinner show at the Golden Nugget Casino in Sparks, just outside of Reno.

Besides this trip we had a few restful and carefree weeks at "Happiness House" in Cincinnati. It was a marvelous summer and our only regret was that we were unable to attend Homecoming at Brosius because it coincided with returning to work for the Cincinnati Public Schools. Finally, in closing, we highly recommend a tour of our western states to those of you who may not have had the privilege of seeing the beauty and wonders of this portion of the United States. DAVID MATHER reports:

I will be at the same school (Cincinnati Withrow H.S.) but have been transferred to the boys' physical education department. Previously I was teaching Behind the Wheel Driver Training for the past seven years.

We stopped at the Normal College this summer and the only one there was MRS. STRAUB. We had a nice visit and it brought back some fond memories. We also went to Buffalo to visit our grandparents and during our stay I had the pleasure of visiting PEG and JOHN STOCKER who had just returned from Brosius Homecoming. We had quite an interesting chat. One of these years I hope to bring my family up for one of the "get togethers".

Everyone is just fine. PAT is back in her three bowling leagues, JANICE and BARBARA are back in school and PAMELA, who will be five this Dec., will not start school until next year. I'll still be coaching the tennis team and hope we can do as well as last year (League Champions).

Secretary of our Alumni Association, Mrs. Frances (Mullen) Oppliger of University City, Missouri.

APPOINTED TO FACULTY

We are happy to announce that Mrs. Mark Gerhold Schurmann is now a member of the Normal College Faculty. Barbara is busily engaged in teaching women's sports.

Mrs. Schurmann is formerly from South Bend and attended South Bend Turners prior to entering college. Following her graduation from Indiana University in 1959, Barbara accepted a teaching position in the Indianapolis Public Schools.

Barbara and her husband, Mark, are the proud parents of four lovely daughters. We are happy to welcome Barbara into the "Family".

LORAIN AND GENE MITCHELL REPORT FROM TRI-CITIES:

LEO J. DOERING (Rock Island) is enjoying retired life. He and his wife have been touring the country, their last trip taking them into Michigan for several weeks.

EUGENE MITCHELL has been appointed principal of Frances Willard (elementary) School in Rock Island where he has been teaching the past 8 years. Until this time, Gene has been instructing at Moline Turners which hosted the National Turner Festival this last June; he has been serving as National Chairman of Health and Physical Education of the American Turners. For the last three summers, Gene has managed a swimming pool and nine hole golf course; the whole family enjoyed this. LARRY (COLSTON) MITCHELL has been keeping up with swimming instructing there, "subbing" at Rock Island High School, and helping with Turner Classes. Our two oldest children are now Junior Life Savers; the other three good swimmers; all enjoy the Turner classes and gymnastics.

We both enjoyed seeing and visiting with alums that came to the Festival.

BILL KLIER is starting his 9th year of teaching at Moline High School and is gymnastics coach. He manages the high school evening swimming program. His wife, GINNY (VIRGINIA FOX) has been in the engineering department at the Rock Island Arsenal for fifteen years. One of their three sons lives in Moline with his family.

HERB KLIER is also at Moline High School teaching driver training.

MILTON KURRLE is still with the East Moline School System; he has been Physical Education Consultant for the elementary and Junior High for the past 12 years. Milt is also Alderman in Moline where he lives.

HELEN ABRAHAMSON is still teaching at John Deere Junior High School where she has been for quite a few years. She now has Gene and Larry's two oldest girls in class. Helen spent most of her summer in northern Minnesota at her cottage where fishing was fine.

HARRY CARSTENS, JR. is teaching and coaching at Washington Junior High in Rock Island; he also works in the audio-visual department. Recently he became part-time instructor at the Moline Turners.

KENNETH BUTTGEN is now assistant principal at Johnson School in Davenport. He, his wife (NARI CHIRPAS), and three boys enjoyed a camping trip to the Expo. Nari reports it only rained one day. Nari keeps busy as a Kelly Girl.

HENRY KRAMBECK is principal over Johnson and another elementary school in Davenport. He spent part of the summer in South Dakota attending school.

FRED JACOBI is keeping busy in retirement by doing substitute teaching in Davenport. He judged at the Festival, then he and his wife visited their campsite in Minnesota which they owned for many years. Last summer they were in Europe.

WILLIAM WOEHRLER, who completed two years at Normal College, is continuing his schooling in P.E. in Mankato, Minn., and is instructor for the New Ulm Turners.

JOHN SWEENEY, originally from Davenport, lives with his wife and two girls in Springfield, Illinois. His new address is 3313 Sherman. He teaches in the Public School System and also works at the Y. His younger brother, Don, has been coming to the Moline Turners.

QUOTES

To teach something you don't know is like coming back from somewhere you haven't been.

Good teachers cost more, but poor teachers cost most.

All teachers fall into some mould, but some are a little mouldier than others.

— Source Unknown

SUSANNE POWERS REPORTS ON JUNE CAMP 1967

Education, new experiences, and fun were the goals the Normal College campers planned to achieve during the month of June at Camp Brosius. With the fine cooperation of the high-spirited students, these goals were attained under the excellent guidance of Mrs. Lohse, Mrs. Hester and Dr. Schreiber.

The cold rainy weather which greeted the campers on May 28th did not seem to dampen their spirits, but some were disappointed--"Sunny Camp Brosius" was not as sunny as they expected. Although the weather was not too bad, many of the students would have enjoyed having just a little more sun during the final week as they hurried and struggled to pass their swimming and track aims for their practical grade--it was now or suffer!

It did rain on our "overnight camp out", but like real Normalites we took it in stride. Although the boys were not too happy about sleeping on the cold, hard cement floor in the shelter house, they were mighty glad they did when the big rain came during the night and the girls had to seek shelter in the cars. Some of them got wet, but everyone survived; it was an experience that will be long remembered.

Camp would not have been complete without one mischievous prank which was performed by some brave camper. Many will remember Whitey, our chef, has a habit of ringing the dinner bell in some instances for an unreasonable length of time. It seems to some of the hungry campers, who make it to the mess hall early, that they have to wait an unbearable amount of time to get in without having to be delayed by Whitey's bell ringing. One morning Whitey

calmly stepped out of the mess hall and pulled the bell rope. To his surprise the bell did not ring; the clapper was missing. Many students thought they would leave this breakfast hungry, but the clapper was returned and the campers had their breakfast.

The last week of camp was both exciting and sad. Everyone studied hard to pass their final tests. As soon as the aims were passed and the studying finished the freshmen made preparations for the Farewell Banquet and Dance. The dinner and dance with its theme, "ILLIAD-SOPHOS" 1967, was a complete success. Many did not realize the camp session was nearly over until the Farewell Campfire. The next day the freshmen said, "goodbye" to the sophomores and left with saddened hearts never to forget June 1967 at Camp Brosius.

Down at the waterfront, where the cool winds blow, are L. to R.: Mary (Schafer) Allender, Knoxville, Tenn. and Betty (Venus) and John Bridge, Middleport, N.Y.

WITH APPRECIATION

The following two letters were read at the Alumni Meeting held at Camp Brosius last August:

MRS. ARTHUR S. DANIELS, wife of the late DEAN ARTHUR DANIELS, writes:

I had a letter from Bill Armstrong of the I.U. Foundation a few days ago, saying he knew I would be pleased that the Alumni Association of the Normal College had (quote) sent along a very handsome check in memory of Art.

I am pleased that you thought so much of him and I add my thanks to those of the Foundation.

WILLIAM S. ARMSTRONG, Executive Director of the I.U. Foundation, writes:

It was certainly a wonderful thing for the Alumni Association of the Normal College of A.G.U. of Indiana University to send a check as a memorial to Dr. Arthur Daniels. Certainly Dean Daniels is being missed daily around here in every place, because he certainly was a leader and a tremendous asset to the great field of work that he loved so much.

I hope you will convey to your member-

ship and others responsible the feeling of all of us here at the Foundation for this loyal expression.

I shall see that Mrs. Daniels is informed of this memorial.

MESSAGE FROM ALUMNI PRESIDENT

As we enter into the second 100 years in the growth of the Normal College we want to continue the fine record the College has maintained throughout the years in preparing men and women to be the leaders in the field of Health and Physical Education.

We have an excellent staff and a program that has always been good. Facilities are old but are filled with traditions and memories we will never forget. To continue to maintain the role of leadership we must strive to do better and become better informed.

The staff under the direction of Mrs. Lola Lohse is making every effort to keep abreast of the most recent research and developments in the field. As each of you know this is a tremendous task because of the enormous amount of research being done today.

We as alumni can be the eyes and ears for the college. As we see and develop new ideas or new techniques of our own then it is our responsibility to feed this information back to the college.

Our programs of education must meet the needs of society today. We cannot expect to maintain a position of leadership with programs that were right for yesterday. Since we are active, we should be able to reduce the time lag that is ever present in education if we will take the time to report what is new to the staff, so they can adapt, adjust or add to the program in order to keep it the best program of training young people to be leaders in physical education.

As we know the school will be moving to new facilities at the Medical Center before too many years past. The date has not been set, but plans are in motion.

This year's class is one of the largest because many of you are continuing to send excellent candidates to the school. We must increase our efforts in this respect especially with regards to sending male students.

Certainly elsewhere in this bulletin you will read about the demonstration the students will present at the National Convention to be held in St. Louis this coming March. At the convention we would like to have a large representation of Alumni in attendance at the meetings and at the demonstrations.

We are going to have a special meeting of the Alumni Association at the convention. The purpose of the meeting will be to make necessary changes in our constitution to permit us to continue our support of the school and to continue bringing you this bulletin. Our thanks to Fred Martin for doing an excellent job with the bulletin.

As you know prices are going up on everything and printing prices are also increasing. The alumni association officers and the alums who were present at the homecoming at Camp Brosius this past August feel strongly that it is time to increase the alumni dues. To do this a change must be made in the constitution. We would like to change the wording of Article III, Membership Sec. I, by deleting the words - "of two dollars (\$2.00)".

The amount of dues could then be set by a vote of the members. It is our recommendation to increase the dues to \$3.00 per year.

Make plans now to attend the convention.
See you in St. Louis.
Norman G. Schulte,
President

ROLAND F. NEUMANN HONORED

ROLAND F. NEUMANN, of New Ulm, Minnesota, who entered the Normal College in 1909, was honored at a banquet recently by the New Ulm Turners Fraun-Verein. During his busy career, Mr. Neumann has been Director of Physical Education at the following Turner Societies: Olympic, Lindenwood, Schiller, Southwest, Schwaben Hall, and Tower Grove, all in St. Louis; Columbia Turnverein in Illinois and New Ulm Turnverein, Minnesota. He has taught in many other organizations; public schools, clubs, Y.M.C.A., Armed Services, City Police, and Boy Scouts.

Mr. Neumann has been the recipient of many outstanding National, Regional, and State awards. Many of his pupils have been highly successful, winning national recognition and acclaim.

W. K. Streit Reports on World Conference on Smoking and Health

Following is a brief report of my attendance and participation in the first World Conference on Smoking and Health, held in New York City, September 11-13, 1967.

The purposes of the Conference were to compare experiences and to exchange ideas, to report on new medical and scientific findings and to recommend programs of research, education, and public and citizen action against cigarette smoking.

The Conference was sponsored by the United States National Interagency Council on Smoking and Health which is comprised of twenty-three voluntary and public health and education agencies. The meeting was directed by the American Cancer Society.

Delegates from thirty-four countries attended the sessions. Dr. Luther L. Terry, former Surgeon General of the United States, was chairman. Among the speakers were world-renowned scientists, medical authorities and educators.

Dr. William H. Stewart, current Surgeon General, declared that we are at a turning point in the battle to overcome the dangers of cigarettes. He proposed a two-pronged attack: development of a safer cigarette and a stepped-up campaign to inform the public of the hazards of cigarette smoking.

Evidence testifying to the shortened life expectancy of smokers mounts -- but smokers are not listening and the advertisements they are watching and reading tend to cancel out the health warnings. The American Cancer Society, on the basis of new data involving a half-million men, reveals that the smoker is cutting down his life by 3-1/2 years.

Congratulations are extended to Theodore Pollock of Indianapolis, who was elected President of the Indiana University HPER Alumni Association this past summer. Ted teaches at Arlington High School.

SCHOOL OPENS

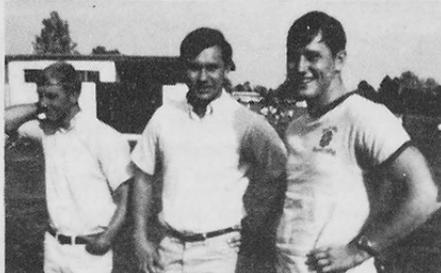

On September 29th, 90 students enrolled - 53 freshmen and 37 sophomores. The number of students from the various states is as follows: 54 from Indiana; 33 from New York; and one from Ann Arbor, Mich.; one from St. Louis, Mo. and one from Louisville, Ky. We certainly are proud and happy to have such a fine group of students.

We are happy to report that a number of sons and daughters of alums are enrolled. They are as follows: Robert, son of John Angelo; Gilda and Bonita, daughters of Roy and Evelyn (Gorr) Broadwell; Christopher and Kathleen, son and daughter of Russell Garcea; Debbie, daughter of Karl and Burdeen (Southern) Schmidt; Nancy, daughter of Rudolph Schreiber; and JoAnn, daughter of Charles and Vera (Menapace) Sutton. Incidentally, the "SUTTON CLAN" still holds first place (7) for having the "MOST" who attended Normal College.

At the picnic — The main event - "Eating"

Sunday, October 1st, we had our "Get Together Picnic" at Walt Lienert's camp. The weather was perfect and, needless to say, everyone had a wonderful time. Like typical Normal College students who are always yearning for action, practically everyone was engaged in some activity: softball, volleyball, football, archery, golf, tennis and what not. The only ones who missed some of this action was the committee in charge of this affair. It's only fitting and proper that a big vote of THANKS be extended to Bob Stroup, chairman, Susanne Powers, Christine White, Nancy Schreiber, JoAnn Caplick, Larry Geiger, Janice Bland and John Kroger for the fine program they arranged and, of course, the wide variety of delicious food that was served -- it hit the spot -- no one was disappointed.

L. to R.: Mike Marquart, Joe Jarus and Ray Clift, juniors from the campus, just yearning to get into that football game.

Yes, it was a beautiful day that was climaxed with a campfire and the singing of familiar songs led by our virtuoso of the guitar, Phyllis Peck.

Although we have no Homecoming this November, we do have a tremendous project confronting us next year. Louis Kittlaus, supervisor of physical education in the St. Louis public schools and Chairman for the National HPER Convention, has honored us by inviting the entire student body to present a demonstration depicting the History of Physical Education. So, we have much to prepare in the not too distant future. First, as you well know, the freshmen must be thoroughly indoctrinated and then the specific numbers. Let's all plan to be there for this grand occasion--an Alumni Meeting is also scheduled--See you in St. Louis.

F.M.

RECIPIENTS OF DR. CARL B. SPUTH SCHOLARSHIP

On April 9, 1956 the Dr. Carl B. Sputh Scholarship was established by Dr. Sputh's family in memory of their father who was President of the Normal College and member of the faculty for many, many years. The scholarship, as many of you know, is awarded each year to the outstanding junior student or students of the Normal College. Over the years 15 students have received this award. The names of the students, the city and state they came from at the time they received the award, are as follows: 1959-Laurel Heeschen, Cleveland, Ohio; 1960-Judith Moore, Indianapolis, Ind.; 1961 Edgar Phillips; 1962-Tom Nalepa, Niagara Falls, N.Y.; and Carol Siegman, Indianapolis, Ind.; 1963-Kathy Brown, Syracuse, N.Y. and Violet Johnson, Indianapolis, Ind.; 1964-Robert Schreiber, Indianapolis, Ind. and Russell Leach, Monongahela, Pa.; 1965-Jane Duke, Buffalo, N.Y. and Nick Kellum, Plainfield, Ind.; 1966-Karen Safford, Indianapolis, Ind. and Carolyn Johnson, Fortville, Ind.; 1967-Jim Arvin and Carol Blount, Indianapolis, Indiana.

On behalf of the recipients of this award, we wish to extend our sincere thanks and appreciation again to Dr. Sputh's family and to all the alums who have contributed to this Memorial Scholarship.

BACK COPIES OF "THE GYMNAST" AVAILABLE

In the process of doing some "house-cleaning" prior to the opening of school, we found some back copies of "The Gymnast" or "Class Year Books". Only a limited number of these books are available. Copies may be purchased for a \$1.00

handling charge. Orders will be acknowledged according to the postmark on the envelope--or--first come, first served basis. Please DO NOT remit your dollar until you have received your copy. This is to avoid returning the money if we should not have sufficient copies available. Please address your request to: Mrs. Helen Straub, Normal College of Ind. U., 415 E. Michigan St., Indianapolis, Indiana 46204.

Copies for the various years begin with 1913 through 1941, except 1933 and 1936. Number of copies available run from 1 to 14 - so, place your order immediately if you would like to have a copy.

The money received from these books will be deposited in the Student's Social Fund -- Thank you.

F.M.

Dr. Nelson Lehsten, author and lecturer, of the University of Michigan was the main speaker at the afternoon session of the 16th Annual Alumni Conference of the Indiana University School of HPER last July. His topic was "Tomorrow -- Is But A Day Away." Nelson received his doctorate from I.U. in 1948. He was former Director of P.E. at the U. of Michigan Laboratory School, a President of the Midwest Association of HPER, and now a member of the Men's P. E. Dept. at the University of Michigan.

NEWS

LT. DAVID LOHSE and his family visited his parents, HENRY and LOLA LOHSE while enroute from Warner Robins, Ga. to Mather field, California where he will study navigation. Lola and Henry held "Open House", Sunday, October 8 for friends to visit with David, his wife, Joyce and two children, Ronald Barret and Debbie Marie.

EMIL RINSCH, retired, has become a member of the "Hernia Club" with RUDY SCHREIBER and RUDIE MEMMEL. Emil was operated on recently and is coming along nicely.

RUDY HEIS and his lovely wife will be heading south to Ft. Lauderdale for the winter. Rudy reports that ED HILLE is still going strong after 40 years and has no immediate plans for retirement.

Another arrival at the WALTER LIEN-ERT'S home on September 18 is KRIS LIEN-ERT, son. Other son, Kurt, is busily engaged teaching Kris the tricks on "growing up".

JACK ROMEISER of Indianapolis, who is busily engaged with the American Red Cross, has found a few spare moments to teach the Business Men's Physical Education Class of the Athenaeum Turners.

SOPHIE LESSING and HILDA (WAGNER) SIMON had a wonderful visit with PHYLLIS (MINNICH) FLOREA of Ft. Wayne, Ind. on their return trip home from Brosius Homecoming.

SHARON (HOY) MILLER, formerly of Indianapolis, has accepted a graduate assistantship in physical education at Ball State College.

NICK KELLUM, who is now teaching at Ann Arbor High School, found that softball has "its ups and downs". Playing the position of shortstop for a summer league team, Nick went back for a fly ball and one of the fielders decided to come forward - you guessed it - both collided. Nick was knocked unconscious, rushed to the hospital where they also found he had broken his right arm. Everything turned out O.K. except Nick had to spend the summer with his arm in a cast. We trust Nick has recovered full use of his arm and is able to continue with his fine work.

BETTY (OREBAUGH) MOOS from Edwall, Wash. is attending Eastern Washington State to complete requirements for her degree. She is planning to start a P.E. program in Edwall Grade Schools.

Congratulations are extended to the following seniors for being elected to the following offices of Phi Epsilon Kappa Fraternity: STEVE NEFF, President; TIM MOSIER, Vice-President and WAYNE SHEETS, Secretary.

CAROL SIEGMAN is doing her graduate work at the U. of Arizona.

Accolades and hearty congratulations are extended to ROY BROADWELL, President of the League Board of Directors and to the other members of the Board for the guiding spirit provided to the Seneca River Little League All-Stars who piled up an impressive record which made them the greatest in Onondaga County history.

The National High School Gymnastics Coaches Association held its annual meeting in conjunction with the N.C.A.A. Gymnastics Championships at Carbondale, Ill. and JERRY JACQUIN, Gymnastic Coach at Addison High School, Illinois was elected President of the National Association. Jerry started the gymnastics program in 1960 at Wheaton Central H.S. and coached there

for six years. He is also currently the Vice President of the Illinois High School Gymnastics Coaches Association and is a member of the Executive Board of the Illinois High School Association. This year Jerry started the gymnastics program at the new Addison Trail High School.

STANLEY A. PACK, who teaches in Kenmore, New York recently won the Republican endorsement for University District councilman.

LT. KARL R. BARNICKOL, son of MR. and MRS. C. R. BARNICKOL was married July 15th to CAROL ANN CONROY. They are now living in Seattle, Washington where Lt. Barnickol is stationed with the Legal Dept. of the U.S. Navy.

GENE MITCHELL of Moline, Illinois was named to the 1967 edition of Outstanding Civic Leaders in America, an annual publication of about 6,000 civic leaders in the nation. Along with him from Rock Island is the past president of Augustana College and the past superintendent of schools.

There are smiles even when it's cold. L. to R.: Gladys (Weisheit) Englehardt, Melvin Oppliger, Gladys Larsen and W. Englehardt.

EDITOR'S CORNER

First, my sincere thanks to all you reporters and alums for sending in news so promptly; it facilitates the compiling of this bulletin without having to rush to meet a deadline. Because of the reasonable cost of the printing of the bulletin, priority in printing cannot be requested. Therefore, this explains why three to four weeks must be allowed before the final printing. News for the February issue should be in my hands not later than January 10th. Should your news be typewritten, please double space - many thanks.

Our 102nd Homecoming will be held in Indianapolis, November 1968. This is the time many classes hold their "Reunions". However, before this can become a reality, someone must undertake the job of contacting their classmates and make the necessary plans. Obviously, preparations for these grand occasions must begin early.

Therefore, if there are any alums who would be interested in this respect, I'll be very happy to forward a list of the class members of the specific year and indicate in the next bulletin the classes that are planning to hold a reunion in '68.

CHANGE OF ADDRESS - Please forward us your new and old address, and zip code. This is the only way we can keep in touch with you and we do wish to keep in touch with you - Many thanks.

In closing, I would like to extend a great big "THANKS" to the alums who included a donation with their dues for the Alumni Bulletin and to wish all of you continued success and the best of everything in the days ahead.

F.M.

MEET DICK STROHMER — DETROIT REPORTER

Richard H. "Dick" Strohmer, native of Detroit since the early "Gay Nineties," received his "G.G." at Indianapolis in 1915. Dick started his teaching in the Cincinnati Public School under the guidance of Dr. Carl Ziegler - this was a very wonderful and profitable experience. In 1916 he taught at the Sands Intermediate when Fritz Reuter took over a new school. A year later, Dick accepted a position at the new Nordstrum High School in Detroit on a part-time basis and also supervised 16 elementary schools prior to his assignment as resident teacher. After serving two years with the 16th Engineers, Michigan's only volunteer regiment of W.W. I, with 21 months overseas duty, he returned to Nordstrum High which was later renamed Southwestern. In '25 he became Athletic Director and retired in '59. Dick is editor of the "Pick & Shovel" for the 16th Engineers VFW Post 582 and the 16th Engineers Veterans Association.

Dick and his lovely wife, Bella are the proud parents of three boys and two girls with 24 grandchildren at the latest census.

FROM OUR MAIL DEPARTMENT

RUSS LEACH writes:

After a year in Maryland we have returned to Pennsylvania. I can't begin to tell you how much I enjoy teaching. This is the only job I have ever had that I do not mind getting up for in the morning. It's the greatest. I am teaching in a small school near my home town.

CAROL PATTERSON writes:

I have had one BIG year here at Crown Point H.S. Physical Education is growing in our school system. Next fall we start elementary P.E. Carol Smith will be teaching in this new curriculum. I have kept very busy this past year with classes, cheerleaders, and G.A.A.

BETTY LOU (ROTH) OLLIGES writes from Hawaii:

For the next two or three years, the Olliges family will live on the island of Oahu in Hawaii, while Larry cruises the Pacific aboard the U.S.S. Taylor.

John has completed kindergarten and we found out the physical education teacher at his school is Ann Miller, all the way from Butler and a former student of Peg Hope. John is learning to surf and attends boy's hula and ukelele lessons, so we are quickly becoming "kamaainas" - real natives.

We extend an open invitation to all who are fortunate to find our "Paradise in the Pacific".

AMY MILLER writes:

I have just completed a very cool summer at Camp Wenonah in Maine as head of sailing, C.I.T. advisor and in charge of evening programs, so I was very busy. I will again be a Coral Gables High School now completely air conditioned and with a football team rated first in Florida. I hope to be returning to I.U. next summer to complete my degree.

ROBERTA (BROGAN) VAN NOSTRAND writes:

I am thoroughly enjoying my work on the School Board and the other community activities which keep me busy. Our oldest, Randy, is now a freshman at U.B. Medical School. Next year all three will be in college!

BOB WARD, of the Peace Corps, writes:

We're training in a modified girls' camp owned by the great granddaughter of Eli Whitney. The camp was built for 50 girls; it now houses ninety-five trainees, ten staff members and fifteen Brazilians. The project which I'm in (agriculture-4-H clubs) lives in the animal farm, a converted barn complete with "barn swallows". The cabins are unwinterized, naturally. The water is winterized. It took quite a while to become

accustomed to shaving and showering in cold water. We built an outdoor shower because there was only one for sixteen guys.

Three weeks ago we went on Operation Drop-Off, which you may have read about in Time Magazine. We got dropped individually in villages and towns throughout three states, told to find out as much as we could and find a place to stay for two days--all on five dollars. It was quite an experience--a lot of fun.

We've put on skits in Portuguese, had a real Brazilian winter party and have given shots to each other. Last week several of us went to a 4-H camp to teach in certain areas: conservation, recreation, leadership, and first aid.

Twenty of us went to a camp for the blind in Hardwick, Vermont, which is sponsored by the New York Institute for the Blind. It was really amazing. They do everything we did at Brosius. They swim, boat, have campfires, and play baseball (with a volleyball). They've been to EXPO three times and go to all sorts of concerts and plays. Really a great place!

ARLINE (BENNECKE) Stephens writes:

I am moving to St. Louis and will live with my parents until Noel returns from Vietnam March 1st. I have a job lined up in St. Louis with an agency. I will probably be working with children and adults there. HARRY FINK writes:

Mrs. Fink and I sailed on the Jamaica Queen to the British West Indies. Our first stop was Montego Bay at which place we visited the various shops. The low prices on goods was amazing. One of the most interesting places was the Straw Market. Each salesman had a small booth filled to the brim with many articles made of straw. When you showed any interest in anything you had a hard time getting away.

After leaving Montego Bay we sailed to Port Antonio, Jamaica. We approached this port at dusk and it was most beautiful in its mountainous setting. We took sight-seeing tours in both ports and enjoyed and marvelled at the different ways of life of Jamaicans.

In early June we spent some time in the Ozarks in Missouri but the bad weather did not contribute to our enjoyment.
