## Doors Swing Wide At Normal College

### Lola Lohse New Dean

Mrs. (Henry) Lola L. Lohse was appointed as dean of the Normal College, A.G.U., by action of the Indiana University Board of Trustees at their September 18, 1971 meeting. This action bears out fully the promise made by Indiana University at the merger of Normal College and Indiana University in September, 1941. At that time I.U. promised that the Normal College would always retain its identity. We know the alumni will be gratified that this promise has been fulfilled.

Mrs. Lohse has served as director of the Normal College since 1963. Her appointment as dean followed closely upon the initiation of the four year program leading to the B.S. degree in Physical Education.

It is now possible to enroll in the Normal College as a freshman and to complete all requirements for the baccalaureate degree in Indianapolis. Currently the college enrollment is 182 with a number of additional enrollees expected in January. The first four year graduates since 1933 will receive degrees in May 1972.

The student body, the faculty and the alumni join in congratulating Mrs. Lohse on her advancement. With the continued support of the alumni we are confident that we will continue to enjoy the reputation of being not only the oldest institution for the preparation of teachers of physical education in the United States, but also one of the most thorough.

NORMAL COLLEGE PICNIC. . . No one scratches this event.

### 182 Students Take Classes

The Normal College doors had to swing exceptionally wide to accommodate the 37.9% registration increase. On August 23, 182 students, 62 freshmen, 58 sophomores, 42 juniors, and 20 seniors enrolled for first semester classes. Daughters of two alumni were among the new students. Elizabeth Rychnowski, daughter of Stephen Rychnowski of Buffalo, N.Y., and Kathleen Wilson, step daughter of Richard Udvardi of South Bend, Indiana, both registered for Normal classes.

Throughout the past year physical property improvements have been made. Strange as it may seem, everything on campus is practically on ground level. The highest anyone has to climb is two steps, and these steps are the entrance to the portable classrooms.

Among the completed projects are the vestibule to the main entrance, a black top drive circling the front of the main building with a 30 foot flagpole in the center, and a paved picturesque walk leading to both of the carpeted and air conditioned classrooms. Installation of larger lockers and wall-to-wall carpeting in the locker room has been completed, and the job of painting both inside and out is near completion.

Parking accommodations are somewhat cramped, but plans are underway to alleviate this condition. Last, but not least, Gamma Delta of Phi Epsilon Kappa has completed the huge Normal College of IUPUI sign that is clearly visible from the main road.

The school picnic, held two weeks after registration, was very well attended, and, as usual, when NCAGU'ers get together there was plenty of action. Unfortunately the weather was cool and swimming only attracted some unfortunate students who experienced an impromptu ducking. All-in-all, everyone had a grand time.

A great BIG THANKS is extended to the committee in charge and to all those who brought such delicious and appetizing dishes to appease the gastronomical appetite that is ever so prevalent at such an occasion.

## From Our Mailbox

**Marion Dadeker Schoenly**-Last winter we took our first freighter trip. Our ports of call included Casablanca, Valencia, Genoa, Naples, Sousse, Trieste, Venice, and finally Yugoslavia. We left our Yugoslav ship after 28 days on board. We continued by bus and train to Austria and Switzerland where we enjoyed watching the skiing and winter sports. From there we went to Spain and Portugal which we toured in a rented Simca. We crossed the Strait of Gibraltar into Tangiers and returned to New York on a Jumbo Jet 747. It was a great two months trip.

**Louise Karle Murphy from Saigon**-Well, here I am for two years. It is really an experience to be over here. We are living in a hotel run by the Department of the Army. Wayne is at the Embassy. Across the Street from the hotel is a gymnasium school. Activity starts at sun-up and goes into the night. The tennis courts are lighted. There is something going on every minute of the day. On Sunday morning they bring bus loads of kids in for exercising. They have three parallel bars on the grounds. At night they teach karate and thai boxing. They hit the sandbag with their feet. Wayne says the feet and legs are very important in Thai boxing. I am assisting three afternoons a week in the Half Way House sponsored by World Vision, an interdenominational organization. It is an orphanage for abandoned and malnourished babies.

**Charlotte Roeder Corbin**-Our grand two year tour in Guam was over last August. We came to the States with an addition to our family. Stephen Thomas, our second son was born on Guam on

April 5, 1970. Currently we are stationed at Maxwell A.F.B., Montgomery, Alabama. I am substitute teaching at a private elementary and secondary school, and have started working on my Masters.

**Bill Meissner**-We enjoyed the Fish Creekers' summer reunion with the **William Kittlauses '29**, the **Louis Kittlauses '23** and the **Ray Glunzes**.

**Jack Dalton**-I regret I haven't much to tell you. My job, and it includes some travel, keeps me fairly busy. I still am engaged in trying to help handicapped people.

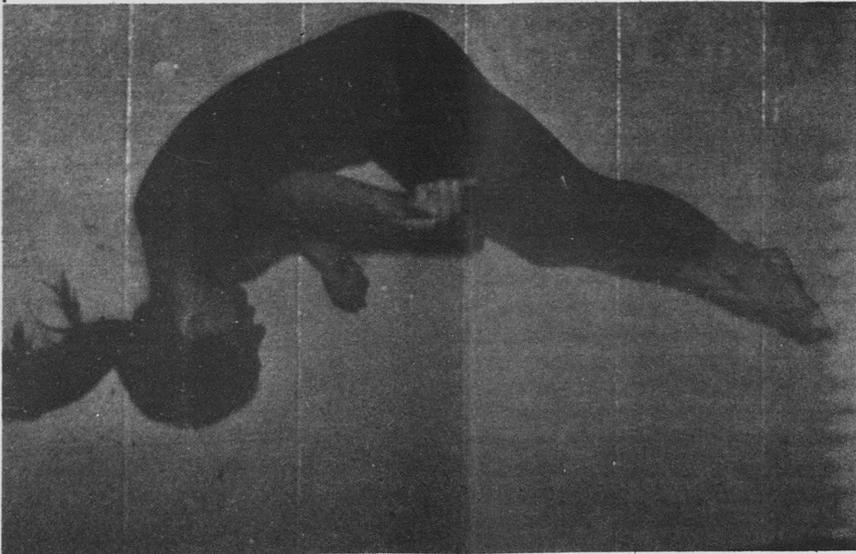

**Len Pielmeier**-My family is well and busy. My daughter is a junior at Duguesne University, while my son graduated from Catholic University last June and is now in graduate school at Pennsylvania State. He graduated summa cum laude and was elected to Phi Beta Kappa. Last summer he toured Mexico and Central America for the State Department with a talent group. He was in summer stock theatre in Dayton, Ohio.

**Lou Roth**-We held the fort at Betty Lou's home on the Mayport Naval Base at Jacksonville, Florida while she visited with Larry at Garmisch, Germany for a few weeks (he was on leave from his ship in the Mediterranean). In early August we drove over to son Louis and his family in Dallas, Texas. Several friends ask "how does it feel to be retired?" Really I haven't felt it yet-it is still summer vacation to me! It won't be long though, particularly when we get the first early-morn snowfall!

## Four Outstanding Students Given Scholarship Awards

Four students were recent recipients of two Normal College awards.

The Dr. Carl B. Sputh Award, given to three outstanding juniors, was presented to Susan (Hetherington) Greenwell, Bloomington; Marilyn Duhamell, Indianapolis; and Deborah Wiersma, Indianapolis.

These three girls were given the scholarship based on their scholastic

records, their potentiality in the field of physical education, and their fine character and personality traits.

This year's Stecher Award recipient was Debbie Schmidt, daughter of Burdeen and Karl Schmidt of Indianapolis.

Each year this award is presented to a senior who has demonstrated superiority in scholarship, physical ability, professional attitude toward a career in physical education, character and personality traits, and leadership and service.

During Debbie's college career she also received the Dr. Carl B. Sputh Award and the Indiana University H.P.E.R. Alumni Award. She graduated last June, and is now teaching in the Indianapolis Public School System.

We congratulate Susan, Marilyn, Deborah and Debbie for their outstanding achievements. All are worthy of the honors bestowed upon them. We wish them continued success.

## A Jr. Talks

By Jeff Vessely

I don't think "university jumping" will ever be recognized as a national sport or even an event, but I might be able to qualify as a record-holder of sorts. Normal College is my sixth stop in seven years on a journey that has taken me from St. Joseph's College to Kendall College, the University of Wisconsin, the University of Hawaii, IUPUI's Downtown Campus and finally Normal College.

Normal College is my final stop because I have found an atmosphere that is conducive to good education in the physical education field. I'm not criticizing any of the other institutions of higher learning (They all have many good qualities.), but Normal College combines the individualized attention of a small school with "big-school" and "big-city" opportunities.

The overall quality of instruction at Normal College is tops! Faculty members, who devote a lifetime to producing quality physical education teachers, teach modern techniques that can't be found on any other campus. Each student has the small school opportunity to benefit from instruction on a one-to-one basis. For example, Normal College students receive individual attention to develop specific athletic skills and/or to develop the teaching of these skills.

Normal College's urban location enables students to obtain numerous jobs in the teaching field. While in school students can gain experience as well as earn an income by working for community centers, Turner organizations and youth groups.

## Alumni Retire

Our heartiest congratulations and best wishes are extended to the following Indianapolis' alumni who retired this past year: Carlton J. Flynn, School 8, 34 years; Robert C. Shoemaker, School 15, 30 years; Caryl Gaines, Chortridge High School, 23 years; Mrs. Agnes Bridgford, 33 years as a kindergarten teacher; and Mrs. Irene Doup Price, School 3, 25 years.

# Thanks To Reporters

I am happy to announce that Mrs. (Sullivan) Betty Laymon will take over her duties again as reporter for the Miami, Florida area. Mrs. Laymon has returned to Miami after recently retiring from being a high school guidance counselor in Modesto, California.

We are trying to locate more reporters so that there will be a reporter close to each of you, but if there isn't a reporter in your area please send news directly to me. I wish to extend my sincere thanks to all the reporters and alumni who submitted news and pictures for this issue; it's always a pleasure to hear from you. If something was deleted from your report the reason for doing it was to avoid duplication, to keep the bulletin within a specific number of pages, and to recognize news of as many alumni as possible.

A special letter was mailed recently concerning payment of alumni dues. If you have not received it will you kindly remit your dues by filling out the enclosed envelope, specifying the amount you want to contribute to Normal College, and mailing it today. THE ALUMNI DUES WE'VE RECEIVED SO FAR ARE GREATLY APPRECIATED. IF THE NEWS SUBMITTED WITH YOUR ALUMNI DUES IS NOT IN THIS ISSUE IT WILL BE IN OUR NEXT ISSUE.

Don't forget to keep us informed if you have a change of address. Please don't delay in sending us this information.

May I take this opportunity to wish all of you a most joyous Christmas and the very best of everything in the coming year.

# President's Message

After a bratwurst and beer with the weather man from New Holstein and Sheboygan, the weather for Homecoming at Camp Brosius was beautiful. One hundred and three happy people enjoyed the activities, mostly like renewing acquaintances and reliving the Normal College days, telling old stories and a few new ones.

Harry Pierson, class of 1920, noted a considerable change in Camp Brosius from the first camp he attended in 1922. We missed the Stocker's Emporium - Peg and Jack were unable to attend for the first time in many years, and we wish them improved health so they will be back with us next time.

John Brogneau's Casino, Adolph Winter's Beer Garden, and the wives' trips to the local flea markets and antique shops made the time much too short; and Sunday morning came much too soon.

There are many of the alumni who have never been back to Camp Brosius since their student days. To you I extend a special invitation to a reunion that will warm your heart. Memories of people,

places, activities are still there; you only need to come back to Camp Brosius to find them.

Wally Eberhardt

## Wally Eberhardt

### "Doc" Retires

After 40 years Wally (Doc) Eberhardt, the man with the "golden voice" and "Mr. Physical Fitness of St. Louis" has retired. Last August he found he had reached that magic age of 68 that compelled him to retire from his position as Director of Physical Education at St. Louis University.

Wally's career began in St. Louis in 1927 as instructor at the local Turner organization and doing a radio show on physical fitness five days a week. When Wally heard about St. Louis University's plans to introduce physical education he offered to set-up a program without any salary for the opportunity to continue his education free. Upon securing his degree he became a member of the faculty and with pay.

For the past 12 years he has been the key man in getting the St. Louis Cardinals in topnotch shape at their spring training camp at St. Petersburg, Florida. As busy as he has been during the past 40 years he has been an active member in many local state and national organizations.

Although Wally had to retire from the university, it is questionable that he will, figuratively speaking, occupy a rocking chair; the chances are that his golden voice will be heard again over the air and that the St. Louis Cardinal players may see him out in front, rugged as ever, putting them through their paces for another season; he still has much to offer.

## Did You Know?

On March 27, 1971, the Indiana University Board of Trustees approved a four year program at Normal College. Students will now be able to complete the degree of Bachelor of Science in Physical Education in Indianapolis, or if they wish, they can continue their education in Bloomington under the previous program.

## Normal Is "Normal"

By Sheila Northcutt

"Will my life at Normal be normal?" I wondered as I entered school the first day. From the bewildered looks on my classmates faces, I know they felt the same way. After one month of going to classes and getting acquainted with students and teachers, I know my life here will be decidedly normal.

"It seems like everybody knows everybody else around here," comments Rose Sweeny.

That is the advantage of going to a small school. The atmosphere is friendly, and students can easily consult teachers about their problems. The college system of assigning classes allows me free time to practice and perfect skills in which I am weak.

"It sure is nice to have time to work on my gymnastics," says Candy Hart, who works on class assignments, play basketball or volleyball during free time. Students are treated like adults around here, says Chloanne Ewing. More independent work is expected in college

Sheila Northcutt

than was required in high school. Not only do we learn different subjects but we are also learning how to teach those subjects.

"After four years of practice teaching I feel I will be fully qualified to teach," comments Cindy Williams.

To all incoming freshmen life here is definitely different, but we were "Normal teenagers" when we entered here and will be "Normal adults" when we graduate.

## IN MEMORIAM

Our deepest sympathy is extended to the friends and family of the following who have passed away:

**Dorothy F. Rich**, '27. Services were held June 8, 1971. Dorothy retired in 1962 after 27 years of teaching in the Buffalo Public Schools. She was a native of Buffalo. Dorothy was an excellent teacher and Buffalo lost one of its best when she retired early because of poor health.

**Mrs. Inez Lemmon Lang**, '18 passed away May 19, 1971 in Santa Monica, California.

**Mrs. Lillian Hopkins Hofmeister**, '11 passed away July 29, 1971. She was the wife of Eugene F. Hofmeister who passed away in 1950.

**Mrs. Joanna Fritz Schlechter**, '19 died April 29, 1971 in Philadelphia, Pennsylvania.

**Mrs. Dorothy Gordon Somers**, '21 passed away last June in LaPuente, California.

**Mrs. Dorothy Siling Huber**, '19 died May 8, 1971. She lived in Greensburg, Indiana and taught at Emmerich Manual High School in Indianapolis before retiring.

**Else Seiffert**, '05 (Mrs. George Fuchs) passed away April 13, 1971 at the age of 85. Mrs. Fuchs graduated from the Milwaukee College of the N.A.G.U. when seven men and five ladies made up the class. "Miss Seiffert", as she was affectionately called, was Detroit's first resident Physical Training teacher.

**Mrs. Millie Grob**, wife of Max Grob of Dayton, Ohio, passed away July 23, 1971. His mother, 91 passed away in Zurich, Switzerland, on June 25, 1971.

**Lisle MacKay** (Matriculate) passed away September 12th after a short stay in the hospital. He retired in 1965 after he had the principalship of Detroit's Chadsey High School for seven years. Lisle had been national treasurer of the A.G.U. for many years.

**William K. Streit**, '19 passed away September 25, 1971. Following graduation from Normal College in 1921, Bill served for nine years as director of the Newport, Kentucky Turners Gymnasium. In 1930 he was appointed director of physical education and athletics in the Cincinnati Public Schools. Later, as director of health and hygiene, he supervised the health education and health service program of the schools. In 1960 his title was changed to director of health and safety services, encompassing safety education, driver education, civil defense, and workman's compensation

for the entire school system.

Bill retired in 1968 after 47 years of service to the profession. Many honors were bestowed upon him on the local, state and national level for his many accomplishments. He set an example for all who aspire to help their fellow-man.

William K. Streit

**Krista Nina Wilcox**, granddaughter of Nathalie and Gene Campbell, passed away at the age of 13 months. Their daughter Jeanne and Robert Wilcox reside in Weatherford, Oklahoma.

## FUTURE ALUMNI

**Jason Dean Lohse**, son of Capt. David and Joyce Lohse of Dover, Delaware, August 13. Capt. Lohse is with the U.S. Air Force.

**Shannon Zike**, daughter of Tom and Sandra (Gerdt) Zike of Indianapolis, February 6. Tom is teaching in the Indianapolis Public School System.

**Kathy Lynn Cox**, daughter of Tom and Carol (Morely) Cox of Valparaiso, Ind., July 5, 1971. Tom and Carol have four other children; Suzanna, 2, Ginger, 5, Margaret, 6 and Thomas, 7.

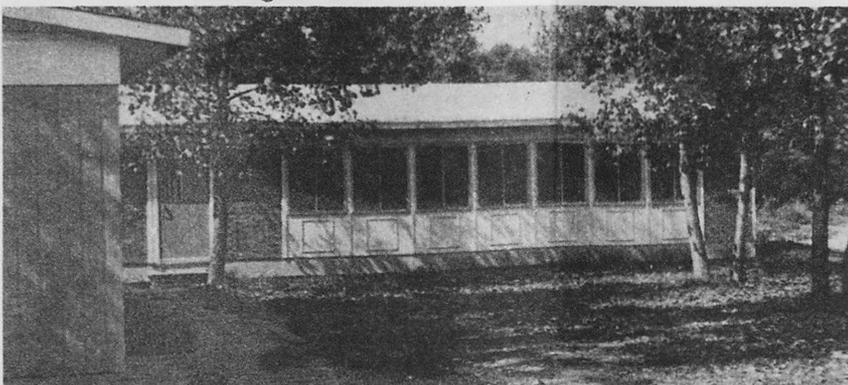

**Wendy Anne Beamer**, daughter of Harry and Bonnie (Gudmundson) Beamer of Cedar Lake, Ind., March 5.

**Tamara Lynn Wisdom**, daughter of Harriett (Birdsong) and Kenneth Wisdom of Indianapolis, July 15.

**Cassandra Mason**, daughter of Linda (Crouch) and Robert Mason of Indianapolis, July 10. Bob is assistant principal at Lowell Elementary School in Warren Township, Ind.

**Nicole Noel Folkening**, daughter of Jean (Siegmán) and Dr. Mark Folkening of Plainfield, Ind., March 18.

## Pathway To Knowledge

The pathway leading to Normal College's new portable classrooms is traveled frequently and with success in the field of learning.

Larry Howard '27 recently suffered a mild heart attack while working on his farm just outside Cleveland. Larry's biggest problem will be to slow down. The former Buffalo swimming star and retired Director of Health and Physical Education at New York University,

resides in Naples from October until April each year.

Sam Reyburn '33, former St. Louis resident was a successful real estate broker in Naples for the past three years, but recently moved to the East Coast. He looked great when I saw him and was excited over the new helicopter he had just purchased.

Caryl Gaines retired from Shortridge High School in Indianapolis last June, and now resides in St. Petersburg, Florida. Happy Retirement, Caryl!

Henry Smidl '16 former gymnastic coach from Los Angeles, is still an avid sports follower and is enjoying excellent health. Henry lives in Sarasota where he can see many major ball teams during spring training.

During the school holidays, Mary McCracken Jenkins '36 and husband, Paul, are expected to pull their boat trailer through Naples on their way to their favorite fishing area. Mary is Principal of a school in St. Petersburg and Paul is winding up some forty-odd years of very successful football coaching. Paul had some powerhouses when coaching in Louisville. Their address is: 1200 45th St. N., St. Petersburg, Florida.

News Through correspondence:

Joe Weissmueller '13, Louisville Turner stalwart, continues to aid at the Club. His hobby is woodworking. As a shipbuilder he designed and built an 18' cypress hull (CB) sloop that was a honey. Ruby Schrieber and I purchased it in 1939—beautiful craftsmanship!

Charlotte Eck '25 retired two years ago but is still keeping quite busy in Miamisburg, Ohio.

Chauncey Linhardt '30 still holds the position of Physical Education and Recreational Director in St. Louis. He loves his bridge and had a chance to play with an old crony, Arnold Nelson, an Indianapolis Principal, recently. George Russel '32, who lives in Buffalo, is still with United Airlines. Not too long ago I saw George at a Kappa Sig Alumni reunion in Buffalo and we had a chance to talk over college days.

Elias "Ollie" Zuk, Buffalo, is a Superintendent with Republic Steel. The C.Y.O. program keeps Ollie very active in athletics. Ollie's brother, Stan, was a tremendous football player. Both played some pro ball after college. Karl Fehrenback '31 writes a fine letter. I learned more about Pittsburgh alumni in

two minutes than I have known in years. Karl loves the outdoors—can't beat the hunting and fishing, can you Karl?

"Pinky" Kreutzer '39 is still the physically active man he was at the Normal College. He believes in fitness, and probably can "pin" most of his young proteges in the Chicago Recreation program if he so desired. "Pinky" is a real credit to physical education and particularly to the sport of wrestling.

Bill Neu '26, Louisville, is still employed as an administrative assistant in high school athletics.

Dr. Carl Klafs '29, San Diego University is a busy college professor. Despite his active role in counselling and student planning, he and his family have a fine business in curio and gift shops in the Los Angeles area. Carl is also an enthusiastic yachtsman.

Paul Paulsen '29, is an administrative assistant in the Los Angeles Public Schools, and is another ardent sportsman. Paul's family is doing well in the physical education field. "Retirement? Not yet," says Paul. "School business is still a challenge."

Congratulations, George Geoghan '28, on your retirement! Getting the Geoghan's south has been a problem due to illness. Get well soon, Evelyn, so that the Howard's, Treichler's and Geoghans can have a ball together in the Sunshine State!

Fess Weissmueller received an award at the annual Sports-o-rama in August. He is teaching the children's classes at Turners, and is assisted by Jim Douglas.

Norman and Lois Kratz went to Bermuda over the Labor Day weekend. Now, there are two people who are always busy in their sporting business.

Sandy Anthony is teaching physical education at Jeffersonville High School (where Jack Brogan is Vice Principal). She is going to coach the girls' gymnastic team and sponsor J-ettes, the school's pom-pom girls. She and another Normal College alumna, Linda Brod, are living together. Linda is teaching at the Kentucky School for the Blind.

**Phillip and Barbara Thrasher** are both teaching in the New Albany Schools. Phillip is coaching boys wrestling and Barbara has girls gymnastics, tennis, and golf. **Barbara** went to the National Turnfest this summer, and was pleased that she didn't fall off the uneven bars. She won her first major golf tournament this summer in the Handicap Tournament at the Country Club.

Your reporter, **Ann Schnurr**, is back teaching again. I am instructing the swimming team, and will have the junior high intramurals. I will also teach five nights each semester in the adult physical fitness classes. We have enrolled our son, **Teddy**, in a pre-school educational center in Louisville, and they have asked us not to pick him up on Mondays and Thursdays until 4:45 p.m. They don't want him to miss his music lesson. Imagine a 10½ month old having a music class. **Sue Ganser** was supposed to visit us this summer, but we still haven't heard from her.

## MICHIGAN

### Detroit

Reporter: **Richard Strohm**, 14832 Woodmont Ave., Detroit, Mich. 48227.

**Charlotte Herringer Newman**, '15 and her husband **Cass** took a flying trip last year to Australia, Zealand, Fiji and Tahiti with stop-overs in Los Angeles and Phoenix. In the spring they flew to Europe, and **Charlotte** caught a bug in London. She arrived home with mild pneumonia from which she finally recovered. Last summer **Charl** and **Cass** enjoyed a quiet spot in North Carolina. They are now settled in Deerfield Beach, Florida, and they are enjoying good health.

**Mildred (Jost) McCartney** '15 and **Arch D. McCartney** '19 are still quite active in their Cincinnati, Ohio home although they missed their usual trip to their camp in Maine this past summer.

**Theresa (Pfeiffer) Wuehrmann** '15, 4490 N.W. 18th Avenue, Fort Lauderdale, Florida 33309, would like to hear from some of her former classmates and friends.

**Emil Pletz** '24 and his wife, **Therese (Prinz) Pletz** '20 are in good health and active, occasionally meeting with the group of friends from the Turnverein days, most of whom engage in both volleyball and bowling.

**Fred Spier** '15 and his wife good fishing season on Harsen's Island, on the St. Clair River, where they have a well-stocked cottage and enjoy watching the ships that pass their location, ships from all ports of the world.

**Lou Thierry** (1915) and his wife **Teena** just celebrated Lou's 79th Birthday at their home at Torch Lake, but they will soon start their 1450 mile annual sojourn to St. Petersburg where they dodge the snow, ice and cold winds of winters in northern Michigan. The **Thierrys** had a great visit with Mr. and Mrs. **William Braker (Minnie Wasserman)**, '15 when **Min** and **Bill** stopped in last Spring at **Thierry's** home in St. Petersburg, Florida. Evidently **Lou** was again the clown that he used to be as he brought out his accordion and played and sang German songs. Imagine a Frenchman singing "Die Lorelei". **Lou** added a mustache and a Tyrolean Hat to the atmosphere. Evidently 'twas recollections of 1913-1915 Normal College days and nights.

**Loretta (Thierry) Hodges** '42 teaches at the Morley-Stanwood school close to Ferris State College where her

husband **Dr. M.M. Hodges** is on the staff.

**Arthur Froehlich** '09 and his wife enjoy a quiet and peaceful life at their home in Grosse Pointe Woods and both are in fairly good health.

**Patricia Husemann** '51 after a major operation last year is quite active and doing very well. It was this reporter's pleasure to have had a nice phone chat with **Patricia** on the last day of September, and it was certainly a real inspiration to know that **Pat** still has the desire, the courage and the faith to succeed in spite of the many reverses she has experienced over the years. **Patricia** plans to do a bit of traveling in the near future and then to become employed soon after. **Pat's** address is 5785 Harvard Road, Detroit, Mich; 48224.

As for the **Strohmers**, we visited **Louis E. Thierry** '15, and his wife **Teena** in their home on the shores of Touch Lake this fall. The highlight of the visit was a tour through **Lou's** picture gallery. We enjoyed seeing photographs of **Lou's** school days from Kindergarten in 1900 to graduation from Normal College, A.G.U. in 1915. We've also visited our families in Traverse City, West Branch and in our own home town. My Retired Men's Choral Group, Detroit Retired Teacher's Association and Veterans organizations plus a few other related and unrelated activities all tend to "put feathers in my bed each night". Thanks to the good Lord we have had good health.

## MISSOURI

### Kansas City

Reporter; **Mrs. Evalyn Westmoreland**, 750 W. 47th St., Kansas City, Missouri 64112

Your reporter visited with **Adele Martens Neff**. **Adele** went with a group of friends on the spring Pi Phi Theater Tour to New York.

**Gertrude Schlichter Tindall** is looking forward to visiting Wisconsin, after some 20 years. She is anxious to see old friends and familiar places.

As for me, **Billie Westmoreland**, more of my summer was spent on Pewaukee Lake, Wisconsin visiting my daughter and her family. I took a trip to northern Minnesota, Wisconsin and Michigan. The highlight of my trip was Mackinac Island. Now I'm looking forward to a 14 day tour of Hawaii then Christmas back in Pewaukee.

### Webster Groves

Reporter: **Robert A. Marx**, 637 Crofton, Webster Groves, Missouri 63119.

**Alma Hilmer Schaefer** '30 in addition to her responsibilities as homemaker finds time in her busy schedule to do volunteer work for the Deaconess Hospital in St. Louis. Two of her three children have now finished their education, and are employed and married, while her youngest daughter attends Southern Illinois University.

**Chauncey Linhart** '31, director of parks and recreation for the City of University City, Missouri, acquired a new site for his community's summer camp on the Lake of the Ozarks. **Chauncey** and his wife **Elsie** took two of their grandchildren to Camp Brosuis to enjoy a great homecoming last August.

**Frank Frey** '48 with his masters plus 30 behind him, is now putting his efforts to the education of his children. His oldest son, **Gary**, is majoring in physical education at Southeast Missouri State

College, and is doing his practice teaching near home at Florissant, Missouri.

**Martha Hehrlein Belzer** '23 claims to have made a non profit visit to Las Vegas!! Her main interest, in addition to her husband, is art and a little hiking.

**Dorothy Kraus Ausieker** '41 enjoys golf with the family. We are sorry to hear of the loss of her son **Keith** in an air crash at Chanute Air Force Base last year. **Dorothy** and her husband now live at 804 Robin Hood Road, Mexico, Missouri 65265.

**Charles Jecmen** '51 and his wife **Jean Gresoski** '51 have big plans for a summer home on the Lake of the Ozarks. **Elmer Gates** '50 stopped to visit the **Jecmens** recently.

**William Gerber** '22 has been enjoying retirement the last couple of years with visits to Europe, Ocean City, Canada and northeastern United States. **Bill's** son **Richard** is now a Lt. Colonel in the U.S.A.F. and **John** is directing the Speical Products Division of Ralston-Purina.

**Arthur Gordon** '30 has completed 35 years of service to the St. Louis Public Schools. **Art** and his wife, **Ruth**, visited Colorado Springs and Estes Park with their camping trailer last summer. He has plans to make the next homecoming in Indianapolis.

**Alma Teifert Glusenkamp** '21, a widow since 1936, enjoys a month vacation with her son **Eric**, a resident Urologist at the Ohio University Medical Center and his family.

**August Plag** '04 recently celebrated his 64th wedding anniversary with a dinner party attended by four generations of **Plags** and other relatives. **August** has been retired for the past 17 years from Soldan High School in St. Louis.

Your reporter, **Bob Marx** and his family enjoyed one of the finest homecomings at Camp Brosius this past August. We highly recommend a visit to Elkhart Lake two years from now. You and your family won't regret it.

## NEW YORK

### Buffalo

Reporter: **Mrs. John Stocker**, 60 Witchita Rd., Buffalo, N.Y. 14224.

A hearty thank you to all the folks who took "time-out" to send us the **Stocker's**, a note of greeting from Homecoming at Brosius 1971. It made out disappointment in not being able to attend a mite easier to take. All of us who were in the hospital at the same time are all home now and recovering—**Sophie Hofmann, Elmer Rosenthal, and yours truly**.

**William Braun** '15 went on a tour with **Ray Schifferle** '17 to the Scandanavian countries this summer. **Bill** reports the weather was great and the scenery was beautiful.

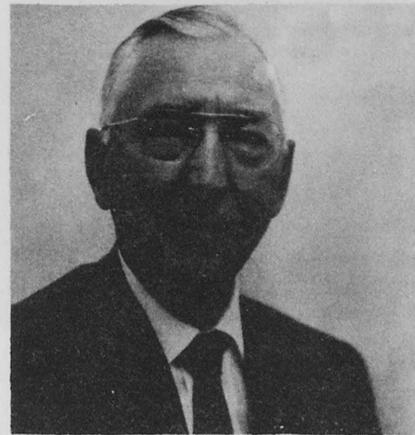

It was nice to hear from **Doris Boettjer Stewart** '35 by telephone shortly after Homecoming ended. We heard also by phone from **Vera Ulbricht** '20, St. Louis and **Marie Clark**, '23 from Syracuse as they were passing through town to visit **Minna Pritzlaff Johnson** '21. **Minna** spent some time in Massachusetts, her home state this spring.

At a very recent meeting of the Buffalo Retired Teachers Association, **William Hubbard** was elected to the Board of Directors for a two year term.

**Judy Poling**, daughter of **Betty Dressel Poling** '38 and husband **Joe**, is teaching five days a week at two of our Parochial Schools on Saturday morning at Buffalo Turners with the little children, and on Monday nights with the older girls.

By the time this bulletin reaches you the **Ray Pings** will have moved from their two-family house to a single house at 50 Godfrey St., Buffalo, N.Y. 14215.

Reporter: **George W. Georghan**, 19 Kelvin Drive, Kenmore, N.Y. 14223.

William S. Hubbard

**William S. Hubbard** '25 retired on July 1, 1971 after a long teaching career. After receiving his Bachelors in Physical Education from Normal College in 1932 and his B.S. in Education from I.U. in 1942, he did post graduate work in elementary administration at the University of Buffalo. In 1949 he was appointed assistant principal of School 6 and in 1950 he became the principal of School 36. After serving three years each at Schools 36, 10 and 75 he returned to his first school, School 72, where he remained as principal for 13 years until he retired.

**Bill** is a native Buffalonian, born on the lower west side of the city. In high school he starred in cross-country and track. It is interesting to note that **Frank Sedita**, present mayor of Buffalo and now candidate for County of Erie Executive, was **Bill's** understudy as cheerleader that same year. He had **George Kalbfleisch** '16 as his coach and teacher. He started out at Normal College in the fall of '25 and was graduated from the three-year course in 1928. While in college, **Bill** played three years of varsity baseball and taught fencing, swimming and diving in his last year.

**Bill** and his wife **Margaret** celebrated their 40th Wedding Anniversary on August 20, 1971 by going to dinner with **Eddie Mumenthaler** '24 and his wife **Eleanor**. It was the **Mumenthalers'** 40th anniversary also.

The **Hubbard's** retirement plans include Florida in the winter, seeing more of the U.S.A. then seeing Europe, reading, playing golf and enjoying their three grandchildren. **Bill** plans to do volunteer work in boys' clubs and community organizations. We wish **Bill** and **Margaret** many years of happy retirement.

**Carl Bear** '15 had surgery in June. He is fine now but did have a setback a few weeks later. He had to return to the hospital but all is well at this writing. **Carl** who originally came from Massachusetts lived and taught in Buffalo, N.Y. for 50 years. He is a charter member of the Buffalo Schoolmasters' Bowling League and last spring was honored with a plaque commemorating that event. He is also a 50 year member of the Buffalo Alumni Chapter of Phi Epsilon Kappa and holds the Distinguished Service Award from that Fraternity.

Not many persons know the following fact as **Carl** is very modest but he also holds the Carnegie Medal for Bravery in saving a boy from drowning. The youngster had fallen through the ice and **Carl** driving past saw the boy's plight. He stopped his car and with great presence of mind grabbed an old plank that was fortunately lying nearby, crawled out on the plank and pulled the youngster out of the icy water.

**Carl** and his wife, the former **Melba Schreiber** have sold their home in Buffalo and are settling down in their new mobile home in Florida. For his many friends who would like to drop him and **Melba** a

note the address is: Carl Bear, 1057 N.E. 63rd Street, Cypress Creek Mobile Park, Ft. Lauderdale, Florida 33308.

Sorry to report that **Peg Stocker** re-broke her leg but is now home from the hospital and thrilled with the wonderful letter she received from the Homecoming gang at Camp Brosius. Peg said it looked like a package of shoes with all the news and signatures and wishes to get well. It is the first Homecoming that **Jack** and **Peg** have missed in a long, long time. Peg still keeps busy with her Alumni Bulletin News duties and keeps after this guy with all the events around the city.

**Sophia Hofman '21** after just completing a trip around the world had to come home to Buffalo to break her leg. She is coming along very well.

**Elmer Rosenthal '21**, who now lives in Largo, Florida, became ill while visiting in Buffalo. He was in Mercy Hospital with **Peg Stocker** and **Sophie Hofman**. I can hear the rehashing of those Normal College days. Last report was that **Elmer** is recuperating at his sister's home in East Aurora, N.Y. He is doing fine.

**Bill Naab '32** and his wife **Grace** have been out to their country home every minute they can spare doing some final remodeling. Their grandchildren are enjoying the country just as much as their own children did when they were growing up. The Naabs have added another grandchild to the family and now have seven grandchildren. **Bill** is back teaching in the Buffalo Public Schools and is very active, as is his wife, at the Buffalo Turners. He is the past president of the society.

**William G. Braun '15** is recovering from a recent operation for cataracts. He previously had the same operation on his other eye. Sight in both eyes will now be good. **Bill** looks wonderful and has never lost that youthful look that has been so characteristic of him all his long life.

**Stephen Rychnowski '39** and wife, **Louise**, are following the tradition of many alums. Their daughter, **Elizabeth** is now attending the Normal College. She is a graduate of Kensington High School where she had been active in girls gymnastics and swimming throughout her four years while maintaining an above 90 academic average.

**Ray Ping '21** and wife **Betty** are proud of their two sons who although not in physical education are teachers, nevertheless. **Raymond B.** is in his 14th year of teaching at West Seneca Senior High School and **Robert**, a member of the Buffalo Turners Board of Directors, is teaching at Iroquois Central High School in his 13th year.

**Roger A. Lonien '33** and his wife **Helen** had a wonderful trip to Mexico this summer. They came back via New Orleans and enjoyed that city very much. They sold their beautiful home in Lincoln Park Village and are apartment house dwellers. **Roger** keeps in shape with golf, bowling, and plenty of walking, now that his gardening activities are over. Both he and **Helen** enjoy excellent health and **Roger** begins his 35th year in the field this September. **Roger's** new address is: 90 Meyer Road, Amherst, N.Y. 14226.

I saw **Hyacinth Kolb '23** late last spring and then talked to her on the phone this summer. She has winterized her summer home and is now living the year around there. Her address is: R.R. 1 Ridgeway, Ontario, Canada. Hy is in the best of health and would welcome a few lines from some A.G.U.'ers.

**C. Leslie Boehmer '25** and his wife **Rose** spent two weeks in Center Ossipee, New Hampshire this summer. This is a yearly trek for the Boehmers and there

they have a reunion with three couples they have met there for over twenty years. **Les** is playing plenty of golf in the summer and is an avid walker during the winter months. **Les** and **Rose** are happy in their new apartment and glad to get away from the chores of keeping up a home. We know what he means.

**Emil "Red" Rothe '26** and **Francis "Frank" Mulholland '26** spent a day with **Frank "Jumbo" Clark '26** at his home in Hamburg, N.Y. The stories must have been great. "Red" **Rothe** and **Frank Mulholland** are in the best of health and "Jumbo" is as always. He says he can't kick a football as far as he used to but who can?

**Russell Garcea '23** and his wife **Agnes** are a real Turner family. **Russ** of course, is a Normal College graduate and has taught at Burgard Vocational High School since it opened in 1925. He is still going strong with no plans of retiring. His son **Joseph**, 20, is a sophomore at the Normal College. He is a graduate of Kensington High School where he was a member of the swimming team. **Chris**, 24, another son, was graduated in June '70 and was teaching at Woodlawn Junior High School but was drafted and is now in the Army. Their daughter **Kathleen**, 20, has just finished her senior year at Indiana University. Hats off to **Russ** and **Agnes**!

**Elfrieda Wandrey Amwake '39** must be very proud of her two daughters and she certainly has a right to be. Her daughter **Kathryn**, a 1969 graduate of East Aurora High School, East Aurora, N.Y. has made the dean's list at Normal College. She has also pledged Delta Phi Kappa. The university has appointed her to serve on the Student Service Government and the Student Advisory Board serving the Indiana-Purdue complex. **Lorie**, another daughter, is a Buffalo gymnast of note, having qualified to compete in the Pan-Am. trials. **Elfrieda**, as you all remember, was an outstanding gymnast in her day and **Kathryn** and **Lorie** come by their talents naturally.

**George Jacquin '23**, past president of the American Turners, attended the National Turnfest in Milwaukee, Wisconsin, June 25-28. Normal College alumni also present were, **Walter Eberhardt '25**, **Harold Hahn '23**, **Bill Matthei '22**, **Margareth Greiner Klingg '23**, **Arnold Trummer '40**, **Lorraine Colston Mitchell '47**, **Henry Schroeder '32**, **Henry Stroer '31**, **Regina Horschke Sonnenleiter '28**, **Adolph Winter '35**, and **George Jacquin '56**.

The Jacquins held a family reunion in their home on Tonawanda Creek in Tonawanda, N.Y. in July to launch their son **Major John '47** off on his third tour of Duty in Japan. He will be stationed at the 5th Air Force Headquarters at Fuchu Air Station.

**George** and his wife, **Mary "Ding"** are looking forward to another winter in St. Petersburg, Florida where **George** is vice-president of the Buffalo Club. Over 175 Buffalonians are in the district, and it keeps **George** busy keeping track of them. Many of them are Normal College alumni. There is also an active American Turners Club there.

**Helen L. Woelfle '34**, retired this June after 33 years of teaching in the Buffalo Public Schools. **Helen** taught in various grade and high schools prior to 1946 when she was assigned to School 67 and South Park High School Annex. She was teaching there when she retired. **Helen's** career has been a most satisfying one; not only was she an excellent teacher but she served on the curriculum committee during the summer of 1960 that revised the physical education program for the department in both

**Mrs. (Alfred) Agnes Eberhardt (center)** is congratulated by **Laura Mae Brown**, national president of the A.A.H.P.E. & R. Association, and **C. Carson Conrad**, executive director of the President's Council of Physical Fitness and Sports, for being selected as one of the 12 national physical fitness award winners at the 8th Annual Physical Fitness Awards Congress. The Congress was held in Washington, D.C. last April.

elementary and high schools. Her contribution on this committee was outstanding.

She plans to spend her summers in Thunder Bay, Ontario, Canada and her winters in Clearwater, Florida. We all wish **Helen** many years of happy retirement.

**Ray Glunz '19** was visited by his brother-in-law, **Louis J. Kittlaus '23** and his wife **Pauline** during July. **Ray** had a get-together at his home with some of the Normal College alumni. Among the guests were, **William S. Hubbard** and his wife, **Margaret**, **Hubert "Teeney" Lee** and wife **Lois**, **Ray Ping** and wife **Betty**, **William McColgan** and wife **Henrietta "Hank"**, **Russ Garcea**, whose wife, **Agnes** was ill and could not attend, and **George Geoghan** and his wife, **Evelyn**. The following day, **Ray**, **Louis**, "Teeney" and **Art Whalley '16** went over to Grand Island, N.Y. and tore the golf course apart. **Louis** and **Pauline** went on to Syracuse, N.Y. to visit **Bill Kittlaus '28**.

In June, **Ray** and **Betty Ping** and **Freida Baumann** (Freida is **Carl Baumann's '23** widow) took a bus tour of Mexico. They visited Mexico City, Acapulco, Taxco and nearly a dozen other cities below the border.

**David Reisig '49**, his wife **Joan** and their children visited **Edwin C. Reisig '47** and his wife **Betty** in Hightstown, N.Y. for a week in July, swam in their inground swimming pool, played golf, plus visited with old friends and former boy scouting people. **Dave** was in Scouting in the Princeton area for five years back in 1957-63. **Ed** is now working out of the National Office of the Boy Scouts of America in New Brunswick, N.J. on a special 63 million dollar fund raising project.

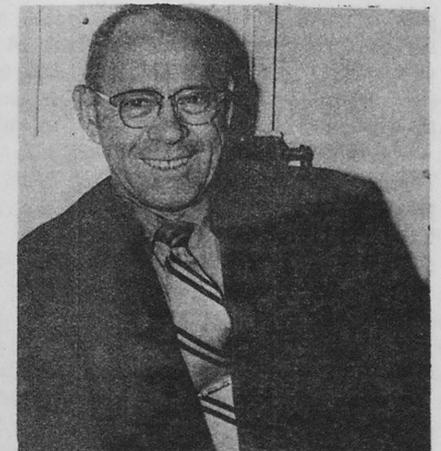

The Treichlers, **Bill** and **Mary**, are keeping busy as usual. **Bill** has just added to their carport, and **Mary** is busy taking reservations for a Grand Bahama Island Cruise which is sponsored by the Women's Republic Club of Naples. The Howards, **Larry** and **Donna**, are planning to visit them in October. **Larry** is almost fully recovered from his recent illness and will soon be as chipper as ever. **Bill** has been appointed reporter for the Alumni Bulletin News for the West Coast of Florida Alums. He welcomes any news you have to offer.

**Lt. Col. Ray G. Schiferle '17** has just returned from conducting a Scandinavian Tour with a fine congenial group that enjoyed the scenic beauty of Norway, Sweden and Denmark. He has planned a Hanseatic Caribbean Cruise that departs from Ft. Lauderdale (Port Everglades) on March 5, 1972. This one calls at Curacao, La Guaira, Trinidad, Barbados, Martinique, and St. Thomas.

The Lees, **Teeney** and **Lois** spend a couple of days at Seneca Falls, N.Y. with **Ruby** and **Clara Heis**. Need I say that lots of golf was played? **Rudy** and **Clara** are staying in their Ft. Lauderdale apartment until the middle of May. The Lees will leave for Ocala, Florida on December 15 and stay there till April 1. As usual the **Nilsons**, **Buddy** and **Swede**, will be in Ft. Lauderdale from January 15 until April 15.

**Ronald H. Moody '21** is feeling fine again and is just in the right mood to "trailer it" to Mexico as he and his wife, **Lee**, did a few years ago. At that time they traveled in a caravan of 84 trailers with a trailermaster and all the trimmings. The whole itinerary was arranged before hand and **Lee** says it was like a modern "Wagon-train". The trip through Mexico took 31 days and was routed down the east coast of U.S.A. From there through Monterey, San Luis Potasi, Mexico City, Guadalajara and back up the west coast. This winter **Lee** would like to "trailer it" to Florida, but **Ron** is holding out for Mexico again.

**Ray Glunz '19** visited Rochester, NY. the first week in October where he played golf with his old buddy, **Joseph Ulrich '17**. It was always a threesome with **Harold Quinlan '17**, but as you know **Harold** passed away last year. From there, **Ray** went to Saranac Lake N.Y. to spend a week with his brother-in-law, **William "Bill" Kittlaus '28**. **Ray's** plans for the winter are not quite set as yet but he might take his usual jaunt to Florida for his winter golf with the Heises, the Nilsons and the Lees.

**Ralph Duquin**

**Ralph S. ("Duke") Duquin '25** retired July 1, 1971 after 43 years of teaching in the Buffalo Public Schools. **Duke** can look back on a great career dating from 1928 when he was assigned to Elementary School 66. He taught there for eight years then he went to Elementary School 75 where he

developed some of the city's greatest high jumpers. His teams won the Elementary School Track and Field Championship for 10 consecutive years. He was assigned by the late **Eugene Hofmeister '11** to take the place of the famed **Lou Montgomery '22**, who left Kensington High School to coach track and field plus cross country at Cornell University.

Duke coached his teams to a total of 13 city high school championships, and his teams set many records. His high jumpers are considered the best ever produced in "schoolboy competition". In addition to coaching Duke carried more than a full teaching load in both health and physical education.

While Duke was a student at Masten Park High School, Buffalo, he was a star diver and a star track and field athlete in the hurdles and pole vault. He won the Indiana-Kentucky A.A.U. Championship in all-around Gymnastics while attending Normal College, and he was the only freshman to make the Normal College Tour Team of the spring of '26. This summer Duke and his wife **Mary Beth** took a three week trip to Florida then they embarked on a 42 day jaunt to Europe.

**Wm. J. "Bill" McColgan** is enjoying his retirement to the fullest. He and his wife **Henrietta "Hank"** spent several weeks this summer in the Adirondacks and then drove to Detroit, Michigan for several days. Bill is taking a respite from teaching at the State University of New York at Buffalo (SUNYAB) this fall but will teach again the next semester. He looks great and still swims a half mile three or four times a week. He has changed his address and if you want to drop him a line, it is : 74 Fruitwood, Williamsville, N.Y. 14221.

Friends of **Andy Lascari '22** will be pleased to hear that he and his wife, **Charlotte**, are both well. They had a rather quiet summer for a change, outside of three days at Yosemite park. Charlotte has been busy making clothes for the grandchildren. Andy has coached diving one hour each day and spent the rest of his time working about the yard. Andy was truly a great teacher. As you know, he is the recipient of the Turner Honor Key, the highest honorary award of the American Turners, and he was the first Turner to be elected to the Helms Hall of Fame.

Robert J. Duerr

**Robert J. Duerr '37**, principal of the new School 84, has been very busy these last few months getting ready for the opening of the new facility. The new building is a 4.3 million dollar structure, and was built on the grounds of Meyer Memorial Hospital by Erie County to replace the old School 84. "We're ready to go," says Bob. "The school is wonderful. We feel it will be a showplace for the state, if not the whole country for handicapped children," continues Bob. The school is also known as the Erie County Health Care Center, Facility for Children.

## Liverpool

Reporter: **William Luttinger**, 202 Bartlett Ave., Liverpool, N.Y. 13088.

**Robert Weinheimer**, AGU '63 who previously taught physical education at Elmcrest Elementary School in the Liverpool system is now at the new 3,000 pupil Liverpool High School teaching driver education. In his spare time he is working on a master's degree in Guidance at the State University of New York at Oswego.

**Roy Broadwell** and wife **Evelyn (Gore)** are spending their spare time on a beautiful 40 acre site overlooking the Seneca River developing their KOA campsite. Roy is one of the largest franchised owners in the Kampgrounds of America system. Identified by the big "A" frame the site features a recreation hall, laundry, electricity and free hot showers. Future plans include a swimming pool, boating and fishing. His site will be the Syracuse KOA at Plainville, N.Y.

**Mike Marquart**, his wife **Sharon Corey** and their daughter **Michel** toured Wisconsin, Michigan and Indiana this past summer. Mike who is physical education instructor at A-U Zogg Middle School in Liverpool also put on a gymnastics program at Westhill High School in Onondaga, N.Y. over the summer. Teaming up with Mike for an effective program was **Don Klein** also A.G.U. '67.

**Don Klein '67** has just been appointed Varsity Track coach at Onondaga Central High School in Nedraw, N.Y. south of Syracuse.

**Gilda Broadwell Smith '68** is teaching health at the same school as Mike Marquart in Liverpool. Her husband **Chris** is at Syracuse University on a fellowship completing a masters in physical education.

**Bill Luttinger** is busy preparing for the N.Y. State High School Gymnastic Championships which will be held at Bill's home school Liverpool High on March 10 and 11, 1972. Bill who is Central New York Gymnastics Chairman will act as host chairman.

**Marjorie Covell**, teaching girls physical education at Liverpool Middle School produced an outstanding girls gymnastic team in Onondaga County last year. Marge also judges high school girls gymnastics in the central N.Y. area.

University Alumni Association has been named the years outstanding alumni group among the country's large state universities. Frank B. Jones is executive secretary of the Association. Members of our local group include **Robert Duerr**, vice-president; **Mrs. Cecilia Witczak Samul**, secretary; and **George Walper**, treasurer. **Dick Frazer** is also a member of the local board.

**Deanna Webber Carroll**-While at Normal College I never dreamed I'd be teaching high school way out here. I have just started my second year here. The whole education system in California is different than back in Indiana. I am teaching only physical education classes, and I coach the swimming, gymnastic and badminton teams after school. I really enjoy coaching more than teaching. Jim is stationed at the Presidio of San Francisco. He finishes his Master's Degree in Recreation in January. After that we don't know where we'll be or what we'll be doing. Until later we are sure enjoying the NOW.

**Marion Schoenly**-In November we left L.A. on a Norwegian freighter for five South Sea Island ports. At New Caledonian we left the freighter and continued on independently to Australia and New Zealand. We will return via Hawaii after three or four months.

**Laura French Hockett**-I felt like Cinderella this summer. As the guest of a friend, I spent six weeks in Southern Europe. We visited Portugal, Spain, Italy, Greece, Lebanon, Israel, Germany, Austria and the Island of Mallorca. We also had a 12 day cruise on the Mediterranean. From the ship, we explored Corfu, Crete, Cyprus and Rhodes.

**William M. Pump**-retired last year. He is in good health and playing golf four or five times a week with a handicap of 6.

**Ed Leibinger**-Now serving as member of U.S. Olympic Diving Committee and also a member of the N.C.A.A. Rules Swimming Committee and Swimming Chairman of N.Y.S. PHSAA.

**Arthur R. Boehm**-My son Arthur Jr. graduated from U. of Calif. at Los Angeles last June. I plan to be in Florida, Ft. Lauderdale area, Dec. 10 to April 1.

**Martha Gable**-Served on the committee of the American Radio and Television, Washington, D.C. Chapter for the Mamie Eisenhower birthday party at which President Nixon played "Happy Birthday" and Red Skelton, Lawrence Welk, Ethel Merman and Ray Bolger entertained.

**Grover W. Mueller**-I am in good health, active and happy. I have an exceptionally fine wife, and take pride in one son, three grandchildren, and four great grandchildren. It would please me greatly to hear from any who were in attendance at the college during the years 1911-'13. I was the youngest in the class of '13, but God willing I'll be 79 years old in March 1972. My address is 637 W. Playhouse Rd., Melbourne, Fla. 32901.

**Afred J. Sapecky**-Being in the field of Health and Rehabilitation I can only say that as we get older and wiser, we soon learn that HEALTH is THE most important asset in life. Exercise is the main means of preventing debility as well as disability-ALL THROUGH LIFE. In lecturing to physical education students and training them for Rehabilitation Therapy, we and all future physical education teachers are "THE MOST IMPORTANT PEOPLE IN THE WORLD." After working with patients for 26 years, this I know!

**George L. Russell**-I have retired from United Air Lines and am now enjoying life.

**Jane LeGrand Clark**-Dept. Head - HSPE - Harbor High School, Ashtabula, Ohio and still teaching. I left teaching for 15 years as Girl Scout Executive for Ashtabula County and returned to teaching when the Council merged.

**Albina Macyauskas Walsh**-My husband Dale was in Cleveland Clinic for the month of October. He has Multiple Sclerosis. They gave him therapy and experimental A.C.T.H. He's doing great! I toured Columbia and Venezuela last summer with the Lithuanian Folklore Ensemble; a very rewarding experience!

**Hans Reuter**, class of 1911 - At age 86 I am in good health, still ride my bicycle, participate in the game of Curling, take care of my large garden and on occasions demonstrate Indian Club swinging to the university physical education students. Recently upon request by Bruce Bennet of Ohio State U., I made a tape recording of my experiences in physical education. This is sort of a grassroot report of the things I lived from the age of five years with emphasis on the activities in the Turnverein. This tape is now in the Archives of History of physical education in Washington, D.C.

**Evalyn Westmoreland**-Just returned from a wonderful trip to Hawaii.

**Martha J. Whipple**-I'm still Director of H.P.E.R. at Anderson Y.M.C.A. and will attend the National Y.W.C.A. - H.P.E.R. Institute of U. of Georgia where Agnes Eberhardt will be one of the leaders. Have a beautiful, giant grandson who is now 10 months old.

**Cliff Barnes**-I have retired from the position of Director of Physical Education of the South Bend Community School Corp. and am now teaching physical education in one of the elementary schools.

**Sophie C. Hofmann**-Reporting another fracture. This one was eight years ahead of schedule. One fractured leg in 1959, two fractured legs in 1969 so didn't expect a third one until 1979, but this fracture happened July 26, 1971. This time it was the left leg. Peg Stocker, Elmer Rosenthal and I were in Mercy Hospital at the same time.

**Anna Schmoock**-Spent three months abroad as usual continuing my study of Psychic Research.

# Names In The News

**Bobbie Larsen** took off the latter part of September on a camera shooting safari in Africa.

**Lola and Henry Lohse** entertained Mr. and Mrs. James Keoghan of Dublin, Ireland during May. The Lohses met the Keoghans during a trip to Ireland. It was the Keoghan's first visit to the United States, and they were impressed with our way of living including our modern home contrivances. Several alumni and friends attended an open house in their honor.

**Stanley Pack's wife Florence** is on the road to recovery following serious surgery.

**Linda Bloom Hawk** is busy and happy teaching retarded children in Florissant, Colorado.

**George Geoghan** retired in June from the Buffalo School System. This brief statement would not begin to describe the hard work, dedication and devotion "Gager" has given to our profession-may his retirement be long and happy!

**Clara L. Hester** and her sister **Martha Clearwater**, will be heading for Acapulco, Mexico in January with other I.U. alumni. The trip is sponsored by the I.U. Alumni Association.

**Minnie Pritzlaff Johnson and Marie Clark** had a short but enjoyable reunion with **Vera Ulbricht** when Vera went East last August.

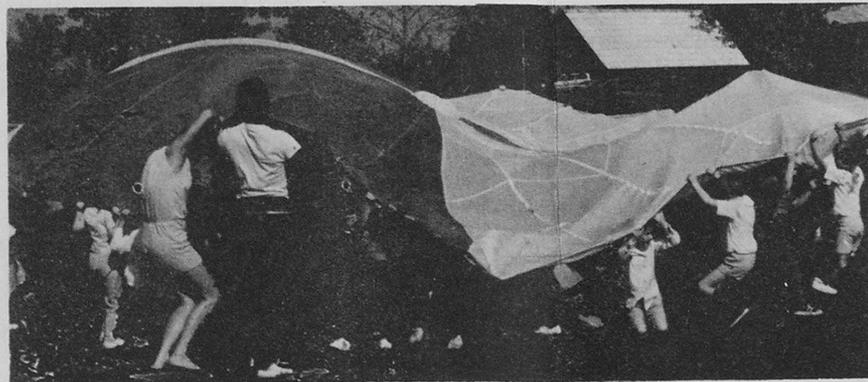

**Harold Hahn**, '25, retired after 40 years of teaching physical education in the Milwaukee Public Schools. His time is spent playing golf and being active in Y.M.C.A. activities.

**Dr. and Mrs. Fred Rohdes** brought the largest family group to Homecoming—six children; it certainly was nice having them all back again for this grand reunion.

**Harry Pierson**, class of '22, Paso Robles, Calif., has the honors for traveling the greatest distance to attend Homecoming.

**Emma Sollberger Johnson** is to be in a write-up of "Old Timers" in the A.A.H.P.E.R. journal in '72 for 50 or more years of continuous membership.

## Parachute Playing

Third and fourth grade pupils from the All Saints Catholic School enjoy vigorous activities with a parachute. Every five weeks two grades attend classes at Normal College until all eight grades have participated in the sophomore student teaching program.

TRICK OR TREAT... Normal College dance class students practice a skit to "treat" the student body at Halloween.

**Ernest H. Seibert**, who has been retired for 20 years, celebrated his 84th birthday on November 1st and is in good health. Ernest was formerly supervisor of physical education and recreation in the Newark, New Jersey Public Schools for 44 years.

**Ralph Bressler** transferred to the Chicago Board of Education offices as a teacher-counselor in charge of substitute teachers. His wife, **Rose Marie**, is teaching physical education at Taft High School.

Elmer Gates

**Elmer Gates** made a welcome visit to the Normal College late this summer. Elmer is still with De Anza College in Cupertino, California. His daughter is a sophomore in the same college.

**Mary Lou Mybeck** is teaching part time at Porter Elementary School in Hammond, Ind.

**Edward A. Schalk** is Commander of the American Legion Department of Illinois.

**Jerry Jacquin**, wife Jan and son Jerry are looking forward to spending Christmas with **George and Mary Jacquin** in St. Petersburg, Fla. **John Jacquin** and family are now in Japan.

**Maxine Montag**, formerly Maxine Plummer, was married July 18th to **Harry J. Montag**. They live in Monticello, Ind., where Maxine teaches Physical Education. Since they both love to fish they manage to get to their other home on Lake Shaffer quite frequently. Her son is at I.U. completing his work on his doctorate in educational psychology and her daughter **Karen** secured her degree in art last Jan. '71.

**Mr. and Mrs. Walter Lorenzen** of St. Louis, celebrated their 50th wedding anniversary, June 28. Walter was a teacher-coach and retired as administrative assistant after 43 years at Roosevelt High where an academic scholarship was established in his honor.

**Karl K. Klein**, professor at the U. of Texas, was elected to active membership to the American Congress of Rehabilitation Medicine this year. The second printing of "The Knee in Sports" by Klein and Allman is a complete expansion in the area of the heel cleat and its relationship to injury has been added to the second edition. "The Knees-Growth, Development and Activity Influence" also by Klein is now in the press. Both books may be obtained from: Pemberton Press, Austin, Texas.

**Gertrude Jahn Marshall and Gertrude Duering Dickman**, graduates of 1918, had a pleasant reunion in Toledo, Ohio in the home of **Doris Rall**. Doris would be pleased to see any other classmates when coming through Toledo.

**Carl H. Mesch**, class of '29, was honored recently for his 50 years of activity in baseball. In that half century he covered just about all the "fields" possible in the national pastime. First as a player and then later as an amateur and semi-pro manager and also softball high school coach, umpire, sports writer and kids' leagues supervisor. He had several championship teams and many of his proteges moved up to play professional ball and several advanced to the Big Leagues.

He is still active as a talent scout in the Cincinnati area for the National League Houston Astros, a capacity he has held for the past six years. At Normal he played on the varsity baseball and basketball teams and was captain of the hoop squad in his sophomore year of '28-'29.

## Peterson Recognized

Congratulations to **LaMar Peterson Jr.**, supervisor of recreational therapy at Central State Hospital, who was honored recently with a special tuition scholarship grant to complete his requirements for a master's degree in therapeutic recreation at Indiana University. He will receive a year's leave to attend I.U. and will also be employed part-time at the school's Retardation Center.

**LaMar** has been employed at the Central State Hospital for the past 10 years, and this past year he graduated from I.U. with a Bachelor of Science degree.
