## Tenth Homecoming At Camp Brosius In June

**SOMEONE HAS TO KEEP THE SCORE . . .** Joe Poling waiting patiently to chalk up another run for the alumni at the Brosius Homecoming softball game.

As you have already been informed by a special letter from Dean Lola Lohse, Homecoming will be held again at Brosius this year instead of Indianapolis as formerly announced in the last issue of the *Alumni Bulletin*. If you have misplaced or for some reason haven't received the reservation form that was enclosed in her letter, please phone Normal College immediately, 1-317-264-3764, to make reservations.

One reason for having Homecoming at this particular time is to give the alumni who find it impossible to attend in August because of school and other obligations an opportunity to "return home" for this big event for the first time

since their college days. More housing accommodations will also be available because the hotel will not be open at this time; Therefore, the cottages and the cabins on the hill will be available.

It is always a gamble to predict Wisconsin weather, but it should be extremely nice at this particular time because Wisconsin was blessed with considerable snow this year. This is a good indication that the weather should be warm and dry.

**NORMAL COLLEGE  
HOMECOMING**  
June 15 to 18  
Camp Brosius, Wisconsin  
Election of Officers  
Cabins and Cottages  
For further information and reservation forms write: I.U. Alumni Association, 1010 West 64th St., Indianapolis, Ind. 46260 or call 1-317-264-3764.

Since some of you have not been to camp since you were students, here are a few suggestions that will be helpful in making your stay comfortable and enjoyable. Although we have pillows it would be advisable to bring one for every two persons and also include sheets and blankets. Don't forget to include a flashlight and appropriate clothing to meet any sudden change in weather—just

(Continued on page 3)

**NOT ANOTHER HOME RUN . . .** Alumni enjoying the traditional softball game between the Brosius Hotel guests and NCAGU alumni.

## MINI NOTES

*(News taken from dues envelopes)*

**William Pump**—I retired last year, and am enjoying life playing golf four and five times a week. I am in good health.

**Ena Naffz Schumacher**—I spent three months in Berkely, California with my daughter and son-in-law. I am in the University of California Music Department. We and friends spent the Christmas and New Year in a cabin in Yosemite Valley. Snow laden scenery was so breath taking. My daughter skied and went down hill "belly flop" on a sled—Fun! Home is in Waco, Texas. I bowl with some elderly ladies. I'm the oldest—80 years.

**Vincent Palerino**—I would like to hear from any classmates who would be interested in a gathering at Elkhart Lake in late August. Drop a note if you are interested to me, 2327 Milton Ave., Solvay, N.Y. 13209.

**Helen P. Vivian**—Women's Liberation would probably be horrified to learn that I left a long and rewarding career in Personnel and Industrial Safety to enjoy being "Just a Housewife."

**Robert G. Bredenberg**—David L. Gallahue, my son-in-law who entered Normal College in 1960, and who graduated from I.U. in '64, married my daughter Elnora in '64 and taught for two years in Ft. Wayne, Ind. He obtained his M.S. degree at Purdue, his doctorate at Temple U. and is now an assistant Professor at I.U.

**William Melloh**—I really enjoyed Homecoming. It doesn't seem so long ago that we roamed the hills and buildings of Camp Brosius. It took me a week just to recover. Everybody should try to attend these "gatherings" regularly. Keeping busy as ever.

**Betty (Orebaugh) Moos**—Expo. '74 is

in Spokane, Washington in 1974. Anyone coming is welcome to stop here. We are only 34 miles by freeway from Spokane. Hope to see some of you.

**Albert F. Helm**—Always glad to receive the Bulletin to keep up-to-date on the happenings at the Normal College and all of its alumni—read it from cover to cover. I retired in '64 after teaching p.e. for 40 years in Denver Public Schools.

**Howard C. Patthoff**—I am now a grandfather to Alissa, daughter of my daughter Mary. My position is Coordinator of Physical Education for Boys in the Ann Arbor Public Schools. Received degree Education Specialist—U. Michigan '68.

**Chester E. Lesniak**—A "Hearty Hello" to class of 1938.

**Charles L. Siebert**—I spent 11 weeks in Honolulu this year to escape the winter at home. I retired in '66 after teaching physical education at the Lane Tech High School of Chicago.

**Mrs. Bertha Otte Aydelotte**—The Winter Edition of the Normal College Bulletin was the best ever. Congratulations to Lola as Dean. I'm quite sure you will turn out the best physical education teachers as in former years by your predecessors. It was wonderful to read about my many classmates. I've had an interesting life after teaching for 18 years. Traveling a little, bowling, golfing and now a European Health Spa Permanent Member. Just practicing what I taught.

**Pete Vanhuysen**—I was married on Dec. 26, 1971 in Denver. I teach elementary physical education and coach football and swimming in the high school. My wife is a hostess for Continental

(Continued on page 2)

**HOMECOMING PAGEANT PARADE OF BROSIOUS BEAUTIES . . .**  
Where else can such beautiful pulchritude be found?

# MINI NOTES

(Continued from page 1)

Airlines. We have a thoroughbred English hunter and jumper we show often on weekends. On weekends I'm also on the Ski Patrol.

**Mrs. Jan (Curry) Atkins**—I am hoping to attend University of California. Working for Mercury Outboard Motors (Bookkeeper). My husband, Dave, is racing motorcycles. I'm also riding in the desert here in Southern California. I would like to hear from Nancy Shaw, Barbara Guhl and B. Broadwell. I am also a member of the I.U. Club of Orange City here—Board member.

**Joseph Arch Stevens**—Planned to attend the Olympic games next summer but this trip to the hospital voided that. So will visit the new college in Indianapolis as a substitute.

**Marie Dittrick**—My older son, Fred, started teaching a course at Missouri University in Columbia the middle of Jan. '72. He's also working a part time job. Bob, 19, is a freshman at the University of Missouri in St. Louis and is majoring in Biology and Chemistry. He is also working part time.

**Stanley Pack**—Not much time for traveling anymore, as I play nurse to my wife, Florence, who is seriously ill. Now I'm recovering from an operation and doing well.

**Joseph M. Ulrich**—After teaching 55 years in the Rochester School system, 21 years as department head, and the last six years as Dean of Boys, I retired from teaching in '57 and went into the real estate business. A year ago I had a heart attack from which I have recovered very nicely. I play golf three times a week in the summer and bowl three times a week in the winter, just living the life of Riley.

**Mrs. Doris (Diestel) Schroeder**—It was very exciting reading about the new four year course available at your new college. Wish I could start all over again as a freshman. One of my daughters, Diane, and twin granddaughters and son-in-law now live in Richmond, Ind. Perhaps on one of my visits to her I'll come to Indianapolis and tour the new facilities.

**Alvin Baer**, '33, of Livingston, N.J. requests any alumni going to Alaska to look up his son, Bob. Bob is employed by the First National Bank of Anchorage and is living in Anchorage with his wife and infant son.

**Kate R. Steichmann**—Once upon a time: Richard G. Lugar, Mayor of Indianapolis, was a student in one of my classes and just to brag a little more Kurt Vonnegut, author, attended many of my lectures.

**H.A. Stecher, M.D.**—Still an old G.P. — 51 years at it — Still swim and fish — Two sons and seven grandchildren — spice of life still there — Gut Heil — "Slats".

**Mrs. Earl (Helen) Vornheder**—I have sold my home. My daughter, Valerie and her husband, James Williams, are living with me until they graduate from the

University of Cincinnati. She is majoring in Speech and Hearing Therapy which is part of the Liberal Arts College. He is in Elementary Education in Teachers College. They are finishing their third year in May.

**Alfred J. Sapecky**—I was happy to see that so many of the alumni will be living in Florida in the near future, especially on the west coast. We should be able to have quite a Normal College Club for parties, dinners, golf, etc. Looks as though Buffalo will have the largest representation—again.

**Mrs. William (Wassermann) Braker**—I wish to say "Yes and Amen" to Dr. Schreiber's last sentence in his article on front page of the Winter '71 Alumni Bulletin. Also junior, Jeff Vessely, expressed the sentiments of all A.G.U. students that have attended N.C. through the years. I'm happy to see the tradition carried on.

**Joseph Muckstadt**—I am retired two years. The Rochester Turners needed a teacher and asked me to take over the classes on Saturday. —This keeps me busy.

**Clarissa Williams**—I retired in '64 and continue to live here in Glenville, West Virginia. I enjoyed reading the Bulletin and seeing familiar names. Congratulations on the four year program.

**Chauncey Linhart**—Elsie and I attended the National Conference of Park and Recreation in Houston, Texas. We visited our daughter now living in Austin, Texas. We joined a tour group to Mexico City and then to Acapulco meeting with Mexican Park people all the way. Then we wound up at the fabulous Princess Hotel near Acapulco during its opening week—too rich for my blood.

**Adolph Winter**—Mr. and Mrs. Arthur Iser observed their 50th wedding anniversary on December 17, 1971. They are residing in Clearwater, Florida.

**Ronald H. Paeplow**—I am presently teaching physical education and swimming in the Buffalo School System.

**Janice Brown**—I am keeping busy at home—sponsoring the cheerleaders, coaching the gymnastic and volleyball teams, directing the variety show and choreographing the musical. Summer is a welcome relief when I return to my summer job of "hostessing" at beautiful Lake Elkhart Brosius Hotel. Incidentally, although the title is mythical my gym team will be trying for its fourth consecutive district championship and its' second State Championship. I coached the "All Around" State Championship two years ago.

**Edward Koenig**—I have completed 30 years of service in the Parks and Recreation Department, City of Boston and am still going. I will never forget the fine courses I took at Normal College from an outstanding faculty.

**Betty McIlvain**—I'm still teaching

CHEERING ON THE IUPUI METROS... are Normal College students (front row left to right) Carol Elliott, Connie Beck, Debbie Wilcoxson (back row left to right) Lynette Chittenden, Cynthia Parker and Kathy Haynes.

and department head at Paradise Valley High School in Phoenix, Arizona. Among my duties are coaching both varsity and junior varsity badminton and tennis teams and sponsoring a gymnastic club. This year I was lucky enough to have our first Badminton State Champion. Hi to all, you're doing a great job as usual.

**Mable McHugh**—I am no longer a traveler since a stroke in Rome three years ago. I can't keep up with the crowd. I fly to California in June and December for a month's visit with my nephew and family.

**Frank Feigl**—Our son, Eric, won the State Wrestling Championship in the 132 pound class. He was also awarded a trophy for the most outstanding wrestler in the tournament. His record for the season is nine victories.

**Harry Warnken**—I am still teaching high school physical education in Independence, Missouri, and keeping my hand in as a part-time Turner instructor at K.C. Turners. My wife and I have been doing a bit of traveling while we can and enjoying it tremendously. In July '70 we thrilled to the excitement of Honolulu and the beauty of the Hawaiian Islands for three weeks. July '71 found us touring seven countries in Europe for four weeks in a VW we purchased in Germany and made reservations for the Olympics in Munich in '72.

**Henry Montoye**—I have joined the faculty of the University of Tennessee as Professor of Physical Education where the study of exercise physiology is being established. The new gymnasium, not yet dedicated, contains excellent, well-equipped laboratories which will aid in attaining this objective.

**Cora B. McDougald**—Hugh, Sr. is retired from Carrier Corp. Hugh, Jr. is a commercial pilot and instructor in instrumental flying. As for myself, I keep busy with hobbies, such as crafts—also fighting to regain my health.

**Richard H. Hockin** and wife, class of '29, visited Normal College in December for the first time in 42 years. Richard retired in '69 from Jersey City School System after 39 years in elementary, secondary and college teaching service—Mostly in physical education, health, and social studies.

**Agnes J. Pilger**—I spent the month of June in Scottsdale, Arizona visiting in the home of Bill, Mary and Anne Baltz. Later in the summer Mary returned the visit and the three "antique buffs", Mary, Jimmie and Spillie attended auctions, flea markets and visited the many shops in the St. Louis area. I had a wonderful time.

**Albert Alvin**—Just this message: Affectionate regards to my classmates, faculty, and friends.

**Carl Dannenfeldt**—Retired from superintendency of Harlem Schools, July 1, '69. Living in pension status.

**Emil H. Rothe**—Together with our wives, Frank Clark, Hamburg, N.Y.; Donald Eakin, Lakeview, N.Y.; Frank Mulholland, Syracuse, N.Y., and I enjoyed a mini-Normal College reunion in August at Letchworth State Park, N.Y.

We are all members of the class of '29 and find it hard to believe that enough time has elapsed to make each of us a retiree.

**John H. Samonsky**—I will retire in June from Cranberry Area School District. I have taught 29 years at the high school. My wife, Anabel, will retire in June from the Oil City School District where she teaches at the high school.

**Herman L. Matern, M.D.**—I am a member of the I.U. Alumni Club of Los Angeles and recently became a charter member (founder) of the I.U. Alumni Club of Orange County. In '65 I retired from active practice, after 37 years of Orthopedic surgery, and I assumed the position of Consultant and Medical Examiner for the State of California in which position I'm still active. I have three sons who are surgeons. I'm healthy and strong for my 69 years.

**Irma (Klafs) Matzer**—I am still working in the Chicago schools. All three children are married, and we have a little granddaughter, Laura Jane. My two daughters are teaching and my son, Frank, is with the U.S. Customs Department.

**Joy (DeMario) Ralston**—I'm alive and well and living in New Jersey with my husband Allen and three girls. I hope all my "Hoosier" friends are also fine. I substitute teach now and then but mostly keep busy with family, Girl Scouts and tennis. Hubby recently bought me a motorcycle too, and we go trail riding in the woods most weekends.

**Mrs. Jeanne (Marcy) Schwinn**—I am the Director of Health Education at William Tennent High, Warminster, Pennsylvania and happily married to Allan, my husband. He is a Federal Agent for the Justice Department and will be starting Law School in September. We are the proud owners of a Persian cat named Sam.

**Barbara (Andrews) Thrasher**—I competed at Milwaukee this summer in the National Turner Meet and placed

Alumni Relations Director,  
E. Nicholas Kestner

The Alumni Directors were elected for a three year term at the annual business meeting of the Normal College Alumni Association at Camp Brosius, Elkhart Lake, Wisconsin, August 16, 1969.

# IN MEMORIAM

Salvatore  
Contino

Our deepest sympathy is extended to the friends and family of the following who have passed away:

**Salvatore Contino**, who entered Normal College in 1927, passed away February 19, 1972 while shoveling snow off his driveway. The following article was in Bill Reddy's column in the February 21st edition of the *Post-Standard* newspaper of Syracuse, N.Y.: "Sam Contino, who will be buried today after a life time of hard and helpful work, was one of the most dedicated recreation leaders this city ever had. His highest title in that field was assistant director of physical education for Syracuse's city schools, but he really was far more effective than many who held the top job."

"Sam's life touched that of so many youngsters that the mourning for him is widespread. Not only was he immersed in school work, but he also threw himself into summer recreation, boys' baseball and football, and a host of allied interests."

"Sam loved kids and he never had to worry about a generation gap. Maybe that's because he always was a youngster at heart himself."

We who knew Sam will always remember him as a Teacher, a Gentleman, and a Man.

**Mrs. Mable (Bowser) Broadhead**, who entered Normal College in 1923, passed away August 6, 1971.

**Elinor (Cornick) Denny**, who entered Normal College in 1916, passed

## Homecoming

(Continued from Page 1)

in case the weather should become temperamental. The evenings, as you will know, are generally cool regardless what month it is.

Those who would like to get settled before the festivities get underway may plan to arrive Wednesday afternoon, June 14. The first meal will be breakfast on Thursday and the last meal will be breakfast on Sunday. The traditional dinner with all the "trimmings" will be served on Saturday.

The program, as in the past, will be places in the hands of an alumni committee. The traditional events, such as the campfire, dance and water carnival, no doubt, will be placed on the agenda. There is one event that will be missed by a great many alums. Since the hotel guests will not be on the grounds at this time, the usual exciting and hilarious softball game will have to be carried over to a future date. In the meantime we can still claim possession of the black and gold "moderne" creation. There isn't any question that the program committee will substitute something that will be packed with just as much action as this event.

Since this is camping all guests are requested to make their own beds and take care of their own quarters. Exclusive of this everything else will be handled by special crews.

Should reservations exceed living accommodations, it may be necessary to locate alums in town or some nearby motel. However, every effort will be made to keep everyone on the campgrounds. This will be our **Tenth Homecoming** at Brosius—may we—**SEE YOU AT BROSIOUS?**

The Normal College Gang

away in November, 1971. Her home was in Evansville, Indiana.

**Roger Siebenthaler** of Cincinnati, Ohio passed away on November 3, 1971. He entered Normal College in 1930 and graduated from Indiana University. He is survived by his wife, Martha Siebenthaler, four children and eight grandchildren.

Mrs. Margery  
"Peg" Stocker

**Margery "Peg" (Wood) Stocker '22** passed away on December 6, 1971. From the time of her graduation from A.G.U. she was a teacher of Phys. Ed. in the Buffalo Public Schools until she retired in 1966. She was an outstanding teacher and influenced many students to attend Normal College.

A native of East Aurora, N.Y., she made her home in Buffalo after her marriage to **John Stocker '23** in 1927. Peg was active in many organizations but none came before her loyalty to the Normal College. Homecomings just won't be the same without her. She was a reporter for the *Alumni Bulletin* for many years and truly an active one. Along that line, her latest assignment was as reporter for the *American Turner Topics*.

Just out of college she became an active member of the Women's Auxiliary of the Buffalo Turners and was President twice, each time serving several years. When the Buffalo Turners began accepting women as members, Peg was one of the first to join, holding a full membership along with her husband. She was a member of the Buffalo Turners and its Auxiliary to the date of her death.

She served in various capacities, such as cultural chairman and secretary on the Western New York District Council and was always active in district affairs. She took an active interest in the recreational program in the Town of West Seneca, N.Y. where she resided.

Peg was a true and loyal alumna. She will be missed by all—the Normal College, the Alumni Association, The Turners, the Auxiliary, and everyone who ever had the pleasure and privilege of knowing her. Her host of friends extend their condolences and sympathy to her husband, John (Jack), who survives her. We have lost a loyal friend and a most dedicated worker.

**Anna Ledig**, mother of Mrs. Clara L. Hester of Indianapolis, passed away March 30, 1972. She would have been 94 years old this coming May. Survivors also include her other two daughters, Mrs. Martha Clearwater of Indianapolis and Mrs. Helen Gold of Oceanside, California.

If all goes well, the five **Bresslers (Rosie, Ralph** and their three children) are planning a month's vacation trip to Europe this summer. Ralph is now a teacher counselor in charge of substitute teachers. Rosie heads the physical education department at Taft High School.

**Barbara Corell**, co-captain, and **Carol Deter**, both juniors and former Normal College students now on the Bloomington campus, are swimming for I.U. this year.

**Jeanne and Bob Romeiser**, children of Jack and Barbara are trying their best for the State of Indiana. Last year Jeanne was one of three persons chosen to represent Indiana in the All-State Diving Meet. Last summer Bob was asked to help in creating a film to promote Indiana as a

IUPUI METROS . . . Standing left to right: David Younce (trainer), Nick Kellum (assistant coach), Hogan Black, Tom Fox, Craig Marshall, Bud Melton, Jerry Sommerman, Shelton Oakes, George Dickison (coach) and Darrell Boyd (manager). Front row: Joe Lentz, Dave Wood, Marc Coapstick, Toby Malichi, Steve Wilson, David Burton, and Ed Finch.

## Kats Lead Intramural Ball

Basketball again plays an important role in the life of the Normal College student this year. Four teams from the College are entered in the IUPUI intramural basketball leagues, two men's teams and two women's teams.

The Normal College Kats team is currently leading their division in the competition for men and will be trying to retain the title won by the Normal College "A" Team a year ago. Leading the Kats team all season have been Tom Fox, Chris Lawrie, Mike Gillin, Ron Beam, and Jim Inman. Although losing the regular season encounter to the A-Team, the Kats look like the team to beat in the play-offs.

In the women's league, the Normal College Globetrotters are undefeated including two victories over the Super Socks, the other Normal College entrant. Playing for the Globetrotters are Sheila Northcut, Mary Fake, Beth Mascari, Anna

Hopkins, Jone Scott, Jennifer Nelson, Peggy Bucksot, Kathy LaPlante, Leslie Jamison, and Barb Priest.

For the first time this year, IUPUI has formed an intercollegiate basketball team to play in a league of regional campuses. The team is made up of players from all of the undergraduate divisions of IUPUI and includes six Normal College men, Tom Fox, Craig Marshall, Shelton Oakes, Joe Lentz, Ed Finch, and Mike Gillin. Despite the team's losing record in its inaugural year the prospects seem bright for the future. Sophomore Ed Finch was voted to the All-Indiana Regional Campus team by the league's coaches. We congratulate Ed and all of his "Metro" teammates.

## FUTURE ALUMNI

Congratulations to the following proud parents:

**Richard Dean Stout**, son of **Mr. and Mrs. Richard T. Stout** of Indianapolis, March 8, 1972.

**Jeanen Marie Harding**, daughter of **Kay and Gilbert Harding** of Indianapolis, January 17, 1972.

**Matthew David Tyler**, son of **David and Janis Tyler** of Syracuse, N.Y., September 25, 1971.

**Kristen Elaine Murray**, daughter of **Diane and Wayne Murray** of Cherry Point, North Carolina, January 13, 1972.

**Martha Jane Straub**, daughter of **Edward and Nancy Straub** of New Albany, Ind., November 18, 1971.

**Jason Tyler Charnov**, son of **Craig and Mary Charnov** of Indianapolis, October, 1971.

## WEDDING BELLS

**Bonita Broadwell** of Syracuse, N.Y. was married to **Patrick D. Conley** on August 21, 1971.

**Brenda Toney** of Indianapolis was married to **Gary Babbs** on December 18, 1971. Brenda is teaching in the Indianapolis Public Schools.

**Steven Edward Davis** and **Paulette Marie Sponsel**, both of Indianapolis, were married November 5, 1971.

**William Julian**, '60, a Naval Petty Officer stationed at Jacksonville Air Station was recently married to the former **Kathy Coy** of Indianapolis.

## Names In The News

vacation spot. Filming consisted of 90 minutes of continuous diving. **Jeanne** and **Bob**, both high school students, have been competing in diving meets since they were eight.

**Ray Schiferle** is still conducting world tours for those in the mood to travel. Coming up in September is a tour of Austria, Yugoslavia, Dalmatian Coast, Ancient Greece and Italy.

**John (Mike) Dalton** expects to vacation in Spain and Portugal in September. He missed these countries during the three years he was with the Army and the State Department in the World War II era.

Hearty congratulations are extended to **Lola and Henry Lohse** who became grandparents twice in one day when their

daughter "**Kitty**" Campbell gave birth to twin girls on February 7, 1972. Their names are **Heather** and **Megan**.

The **Schreibers** and **Lohses** decided to escape Indianapolis weather so they took off for Florida during spring vacation from March 3 to 12. While in Florida they had a very pleasant visit with the **Suttons** in Largo.

**Emil and Vera Rinsch** are just fine. Emil reports that he is busy with another research study and will send the details later.

**Tom Zike** of Indianapolis has been appointed Health Educator of the Indiana State Board of Health.

**Mary (Spreckelmeyer) Virgin** has accepted a teaching position at **Keystone Middle School** in Perry Township.

# Normal Alumni Report What's Happening

## Sun City

Reporter: **Bobbie Larsen**,  
Portsmouth Dr., Sun City,  
Calif. 92381.

**Albert C. Teuscher** died December 11, 1971. Those of us who knew him at Northside Turner Hall are grateful for having had him as our teacher. We and his friends extend our sympathy to his family.

**Jo Workman Hatfield** is enjoying balmy Florida this winter.

**Ed and Elsie Hall** are well again and looking forward to spending the summer in the Spooner, Wisconsin home.

Alumni, how about sending notes to **Bill Schaefer** who is on a sick leave from Lane?

The **Charlie Sieberts** are wintering in Hawaii.

**Bob Pegel** is a hard worker and keeps physically fit handing out candy bars to the kids who shovel his snow. His daughter-in-law Jane won the National Martini and Rossi Yachtswoman award for 1971.

**Bill and Min Braker** are driving to San Diego and are touring the south en route.

**Bill Bischoff** will try to make Homecoming.

**Leo and Cyrilla Doering** had a busy year. Cyrilla was made an Honorary Member of the Moline Fine Arts Club after her birthday recital. They spent 15 days touring the Northwest and the Canadian Rockies and 12 weeks in Escondido, California. They baby-sat with their six grandchildren while their parents were in Israel and Europe. They brought **Kate Steichmann** to Sun City for a visit.

**Harry and Louise Feucht** celebrated their 50th wedding anniversary in August. The whole family was together for the first time since 1954.

Last spring **Al and Flora Helms** drove to Mobile, New Orleans, Natchez, Mammoth Cave and Louisville, where they saw **Martha Schneider**.

**Martha Schneider** spent October in Denver visiting her sister and Alice Huth Krumbein.

**George Jaquin and Ding** are enjoying Florida as much as ever.

**Minna Pritzlaff Johnson** wrote that **Vera Ulbricht** visited her in August and that **Helen and August Pritzlaff** were spending Christmas in Crafton, Maryland, with son Johnny and family.

**Norman and Leah Braden Ketchum** are now living in Apache Junction, Arizona. They spent the summer in Estes Park until Norm fell and fractured a hip.

**Mary Margaret Lytle** spent her vacation in Hawaii and returned home to move. We extend our sympathy to Peg and her family for the loss of her sister.

**Erma Thorup Marth, Margareth Greiner Kling, Margherita Lobraico Lavieri, Alice Huth Krumbein and Betty Goudie Parker** sent greetings at Christmas but no news.

We wish to extend our sympathy to **Emil Pletz** and his family for the loss of their mother in February, 1971. At this time "T's" sister is critically ill.

If you phone **Bob Pegel** and he immediately tries to sell you a boat, don't worry. He's okay. He has taken over the answering service for his son.

**Bill Gilson** was in the spotlight again. Governor Olgilvie of Illinois appointed Bill to attend the White House Conference on Aging, as a member of the Governor's Committee for Senior Citizens. Bill and **Clara, Charlie Siebert** and his wife met at the home of **Esther Wieland Krupke** one afternoon. **Anita Hartung** joined them and it was a happy

gab-fest and a "do you remember when?" as they looked over their year books

The **Carl Barnickols** have a new grandson, Karl IV.

**Claire Daus Reisner** visited her family members in Milwaukee, Maryland and Texas.

**Gretchen Stuart Osborn** and her husband toured Yugoslavia, Greece, Austria and Sweden.

**Lib and Wally Hente** are well and Wally is painting again.

**Vera Ulbrecht** flew East and visited **Marie Clark** and **Minna Pritzlaff Johnson** en route.

**Laura Bel French** is still thrilled with her gift "trip-of-a-lifetime". They visited Portugal and Spain, took a Mediterranean Cruise, and finished with Austria and Germany.

**Larry Handschu and Catherine** drove to Thunder Bay, Canada, toured Minnesota and the Mississippi area. His sister passed on in July, and we wish to extend our sympathy to the family. Larry has been on the sick list and is improving.

**Hattie Hettick Vosse** retired. She visited friends in North Carolina and has taken short trips with friends. Last summer she visited the Black Hills, Yellowstone, Denver and the Rocky Mountain National Park.

**Vi Winterhoff Wirth** was on the Mainland from May to August visiting as far East as Cincinnati and Indianapolis.

**Martha Wigal Walsh** retired October first from the Salvation Army in Chicago where she had charge of Doughnut Day. She spent Christmas in Pennsylvania with her son and family.

**Dorothy Rath Applegate** visited **Lib and Wally Hente** in September. She is a grandmother again. It's a boy.

## FLORIDA Naples

Reporter: **William J. Treichler**, 73 Ridge Drive Naples, Florida 33940

**Elmer Rosenthal**, '21 Largo winter resident, wishes his friends to know he has completely recovered from last summer's illness. "Still a little weak", but the Florida sunshine will take care of that.

**Sam** '37 and **Shortie Reyburn** are still busily engaged in real estate at New Smyrna Beach.

**Irene Lindley Vannerson** '19, Dunedin resident, formerly taught physical education in Baltimore, Maryland. Adolph Picker was her supervisor during her teaching days. The Vannersons have just returned from a long vacation.

**Dr. Louis Schmitt** '15 spends his winters at Ft. Myers Beach from November to April. Williamsville, New York is still his permanent address.

**Henry Smidl** '16 is still enjoying the many sports activities that abound in Sarasota.

**Helen Humphery Scott** '19, former Chicagoan, now resides at Clearwater Beach. The Scotts traveled extensively on the west coast of California where they met many dear friends. A 14 day Caribbean cruise on the beautiful ship the "Carla C" was the most recent vacation. Min and Bill Braker were guests in February.

**Mary McCracken Jenkins** is still the extremely active Principal of an elementary school in St. Petersburg. Her husband, Paul, athletic director as well as newspaper and yearbook advisor, is completing his 42nd year in athletics and administration. Their sons are

outstanding football players—just like their Dad, eh Paul?

**Larry and Donna Howard** '26, Cleveland, and winter residents of Naples swim in the Gulf for at least an hour daily. The Howards exemplify the old Turner standard of fitness. Their daily program would put a lot of youngsters to shame.

Rumor has it that **Caryl Gaines** '34, St. Petersburg, isn't content to just sit on the beach but has obtained a job with a photographing company that takes school and student pictures. Sounds like a real interesting new career, Caryl.

**Bill and Mary Treichler** '30 are completely contented working in the yard, sailing and visiting with friends. Admiral Bays, former Culver Military Academy director, was the recent house guest, as was **Nate Goldberg** of Glenside, Pennsylvania. Nate looks wonderful. He recently sold his private camp and is seeking a winter spot.

**Howard and Edith Best (Edith Kern)** '37 still promise to drive to Naples but their plans always seem to hit a snag. Very few people realize that Florida is 700 miles long which is a pretty good days ride.

News through correspondence:

**Joe Weissmueller** '13, Louisville Turners, just finished building his last sailboat. What a beautiful way to retire—to construct something of beauty like Joe is capable of doing.

"Pinky" **Kreutzer** '39, is still the active and very successful wrestling coach in Chicago.

**Chester D'Amato** '29 is about to retire. He plans to drop by Naples soon to say hello. It has been 40 years since I had gourmet spaghetti dinners in the D'Amato residence in Kenmore. Welcome aboard, Chet!

**George Russell Harold** and **Millie Riess** '34 write that they would like to return to Naples for another sail in the Gulf. They visited with us about a year ago.

**Charlotte Eck** cruised the Hawaiian Islands for a month and loved every minute of it.

**Pat and Cathy Fiumano** '41 just purchased a new puppy and have named him Sam. Pat is still in the grocery business.

**George Geoghan** '28 was due here in Naples but illness has curtailed their activities for a few more months. The boat is all gassed up, George, for that fishing!

**Bill and Pearl Neu**, Louisville, plan a Florida vacation this summer when I hope we can spin a few yarns together.

**Joe Statz** '29, Indianapolis, plans to retire this June.

**Jack Brogan** '36, Jeffersonville, Indiana school principal, writes that his daughter plans to enter the Normal College next fall.

**Paul Smaldone** '30 is still in the restaurant business but teaches in a junior high school in the urban area of Buffalo.

**Connie Zimlich** '30, dean of girls at Tipton, Indiana, enjoys the golf course near her residence.

**Art Gordon** '30 plans to complete his long teaching career with the St. Louis Schools soon.

**Al Coakley** '39 plans to retire this year and live at Ft. Worth. Hope to hear from you soon, Al.

## ILLINOIS Rock Island

Reporter: **Mrs. Larry (Colston) Mitchell**,  
2805 17th St., Rock Island,  
Illinois 61201.

The news is not good! **Gene** lost the use of his second leg after Christmas, but he went back to school in a wheelchair. After a couple of weeks, the flu caught up with him; he has been in the hospital (Moline Public) since January 31. We do not know when he will be able to come home. I am still teaching three days a week, but I spend as much time as possible at the hospital. Our family is fine. Tracy, our oldest daughter, who graduates from Rock Island High School in June, is looking forward to attending Normal College next fall.

Recently at a Basketball Clinic for Girls, I talked to **Linda Bolmer Wadsager** who is still teaching at United Township High School in East Moline. **Bill Klier** is at Moline High School and had his annual High School vs. Moline Turner Gym Meet. Our youngest son, Kerry, participated in that. We see **Harry Carstens** and **Fred Fredrichsen** on occasion; our children see them often.

**Henry Krambeck** had back surgery last fall, but he is back to work in the Davenport School System. He and his wife are enjoying a new home outside the city limits, and are involved in raising, breeding, and boarding dogs. Their son, Gary, attended Normal College two years, and is in his junior year now at I.U. in Bloomington.

(Continued on Page 5)

## "Touche!"

Two Normal College students compete in the intra foil fencing tournament while **Everett Butler** (background) watches them.

(Continued from Page 4)

Ken and Nari Buttgen have a new daughter-in-law (Henry Krambeck's niece). Ken is still working at Johnson School with Henry. He and Nari are active "Weight Watchers" until camping season.

We enjoyed hearing from our Normal College friends at Christmas. We were even greeted last fall by a Normal College alumna who lives in Montana. Her daughter was attending a music camp where our daughter's friend went. Carolyn (Rosin), I did get the message.

(Editor's note: As we went to press we were notified that Gene Mitchell passed away on April 18, 1972.)

How about a swim in the scenic lake then a picnic on the grassy shore? Just a scene of the Normal College Campus!

## MISSOURI

### Webster Groves

Reporter: Robert A. Marx, 637 Crofton, Webster Groves, Missouri 63119.

Bess O'Gorman Gallaher '17 continues to enjoy her retirement and speaks with pride of her two sons, both of whom have achieved their Ph.D's. Friends and classmates wishing to contact Bess may do so by writing her at 6441 Lloyd Avenue, St. Louis, Missouri 63139.

May Eleanor Holt

Mary Eleanor Holt '23 now lives in Greenup, Illinois. She has been assisting her brother since she retired from teaching. Mary appears to be kept on the go with her varied interests in the Monday Night Club, Historical Society, Rebekah Lodge, church groups, Genealogical Club, Sunday school teacher and deacon, and Eastern Star Lodge.

Emma Sollberger Johnson '15 a native of St. Louis now lives at 1225 West College Avenue in Jacksonville, Illinois 62650. Emma taught at the Illinois School for the Deaf between 1919 and 1956 and maintains an active correspondence with Bobbie Larsen, Lillian Oppenheimer Winkler, Frances Fernschild Jeschke and Lucille Spillman.

Frank Bild '30 is presently serving his third term in the Missouri House of Representatives in Jefferson City. Frank's eldest son, Brian, is studying law at the University of Michigan. His daughter, Karen, is teaching school near home while Norman is enrolled at the Edwardsville Campus of Southern Illinois University. Several years ago Frank's family had the pleasure of attending the Oberammergau Passion Play in Bavaria.

Katherine Zimmerman Green '23 had the misfortune of losing her only son last October. Katherine lives at 56 Fairmount, Alton, Illinois 62002. She is planning a Mediterranean cruise this October.

Jean Morris Duffey '52, originally from Webster Groves, is teaching health science at the middle school level in the Lindbergh School System in St. Louis County. Jean makes her home with her family in Ballwin, Missouri.

The alumni in St. Louis were proud to hear that Louis Kittlaus '23 will be recognized by the A.A.H.P.E.R. as an "Honor Fellow" in the Association. This award will be presented to him at the Association's annual meeting this spring in Houston, Texas. Recognition has been long overdue for his long outstanding service to our profession.

Arts and Crafts continue to be a major interest of Marie Heuser Dittrich '34. In addition to her art interests she takes her daily exercises and is a

voracious reader. Marie's son, Bob, is now a freshman at the University of Missouri.

Recently Agnes Rapp Eberhardt '30 received considerable publicity in a St. Louis newspaper for her "Face Saver Clinic" at the North County YMCA in Florissant, Missouri. Al '31, her husband, spends at least one evening a week teaching rhythmic, dancing, and fundamental free exercises at the Magdalen Youth Center in St. Louis.

Walter C. Eberhardt '25, although officially retired, is beginning to shape up the St. Louis Cardinals in St. Petersburg, Florida for the forthcoming baseball season. Walter looks forward to training camp and manages to find time to visit with many of his St. Louis friends who are living in Florida.

## NEW YORK

### Buffalo

Reporter: George W. Geoghan, 19 Kelvin Drive, Kenmore, N.Y. 14223.

Bea Massman '30, one of Buffalo's top representatives in national and international badminton play for many years, assisted in the exhibition matches staged by the two leading badminton players from the Republic of China that were held in Niagara Falls, Ontario, during the month of November, 1971. Tan Hsient-Hu, China's national champion, and Hou Chia-Chang, that country's second-ranked player, performed in both singles and doubles in the Niagara Falls Badminton Club. Bea says that the People's Republic of China is not a member of the International Badminton Federation, so players from that country cannot compete in the world championship team matches nor in the U.S. Open, Canadian Open, or All-England Tournament. However, Bea continues, reports are that badminton is close to table tennis in popularity in China.

Ron Moody '21 and his wife Lee, started out with their travel-trailer on January 12 bound for Florida and other places, possibly Mexico again. They will be gone for three or four months. Ron is feeling fine again after his recent illness. It was nothing serious but if Ron can't run a couple of miles without getting short-winded, he thinks he is sick.

Andy Lascari '22, Sacramento, California, celebrated his 80th birthday on December 3, 1971. His children and grandchildren made it all the more memorable by coming from all parts of the country to give him a surprise party. His son, Arno, from Vancouver, British Columbia and son, Andre, who is a pediatrician in Iowa, flew in for the party. Both daughters, Elaine and Lori, are nearby in California. It will please Andy's host of friends to know that he is enjoying the best of health.

Carl E. Klafs '29 is still going strong. He and his wife, Jean, are building a new

home on the ocean shore near Del Mar, and they plan to move there when it is completed. Jean keeps busy with her interior design and art import shop. Carl keeps busy with teaching and writing. The third edition of his first book is going to press in May. A new book is at the publisher now. Just to show you what kind of physical shape Carl is in, he is back skiing again, and he enjoys it more than ever.

Carlton J. Flynn '29, Zionsville, Indiana, is enjoying his retirement. He is keeping in his usual good condition by working out three times a week at the local YMCA. He and Wilma sold their home in Indianapolis and are now contemplating building a ranch type house on an acre of land on the outskirts of Zionsville. Carl loves the wide-open spaces of the country and says that for a city-bred guy it is a pleasant reaction.

Elmer Rosenthal '21, is now back in his Largo, Florida home and is recuperating nicely from the recent sickness he sustained last summer while visiting his friends in Buffalo, New York.

The Nilsons, Buddy and Swede, are back in Ft. Lauderdale and play golf with the Heises two or three times a week. Swede is all recovered from his recent "herniorraphy" and feels better than ever.

The Heises are back in their apartment in Ft. Lauderdale and were very busy entertaining several of their friends from Seneca Falls, N.Y. over the Christmas Holidays. Rudy and Clara are both in the best of health and may make Ft. Lauderdale their year-around home in the near future.

Stephen Paar, '30 is still teaching in Williamsville, N.Y. Steve has had a great career in the field. He says that he has given some thought to retiring soon but just what year, he doesn't know. He still has lots of the old pep and gives to the limit with all his classes.

Bill Hubbard '25, and his wife Margaret are in Ft. Lauderdale, Florida for the winter as are Don Eakin '26 and his wife, Ruth. The Heises, the Eakins, and the Hubbards all drove up to Lake Worth to visit some mutual Buffalo friends.

Carl Baer '15 and his wife, Melba are still going strong. Carl plays golf twice a week, bowls twice a week, shuffle board twice a week, besides belonging to a bridge and pinochle club which plays every week. On top of this he is teaching a health class once weekly (ages 60 to 82), and they love it. Carl has two piano players and keeps both of them hopping. That Florida sunshine must do something to a guy. Guess that I should try it. On their social and travel agenda they plan to visit Disney World, Feb 10 to 11 with 45 others on a chartered bus. In March they have tickets for the Lawrence Welk Show, and they recently attended the Fred Waring Show. A night at the horse races and big league baseball games are in store.

Arthur Gordon '30 from St. Louis is still teaching and has not thought of retiring at this time. Art still enjoys teaching and says when he gets to the

point where it is a chore, then he'll think about quitting. He feels fine and never looked better.

Clair "Pat" Fissler '27, and his wife Allene are jetting to Jamaica this spring. They will leave Toronto on April 15th and will be gone for eight days and seven nights. After landing at Montego Bay, their itinerary includes Kingston, the capital and largest city in the island, Spanish Town, Port Antonio, and Savanna-la-Mar.

Kaseal W. Peckoff

Kaseal W. Peckoff '31 "Casey", President of Pfeiffer's Foods, Inc., has had a busy and rewarding career. Casey left the Buffalo Public School Department in 1950 after 15 years as a physical education teacher in the Elementary Schools. Casey was an outstanding teacher, and it was with regret that the late Eugene Hosmeister '11 accepted his resignation. Casey started from scratch in the salad oil dressing business 22 years ago forming a small company that mixed their own dressings and sold to stores and restaurants in western New York. Now through mergers Pfeiffer's sales are in eight figures, and the company recently went nationwide.

Casey and his lovely wife, Lillian, have a beautiful home in Williamsville, New York. His daughter, Judy, has a position with the National American Red Cross; his other daughter, Wende, is a teacher of speech therapy in the Buffalo Public Schools. Casey and "Lil" love traveling and have spent much time in Europe and Southeast Asia. Casey was one of Buffalo's great tennis players in the days gone by and represented Buffalo in the National Municipal Tennis Championships held in Louisville, Kentucky back in the 1930's. He still plays tennis summer and winter along with squash at which he is equally adept. He is also a 10-handicap golfer.

He would like to see some of his old friends and classmates and extends a cordial invitation, for any or all of those who are in this area on vacation or otherwise, to call him for a remaining chat.

Jim Butler

James Butler '36 is still Handball King in these parts. He and his partner, Carl Wyles, teamed up again to win the 67th Annual Downtown YMCA Class A Handball Tournament which takes in all of Western New York, quite a slice of territory. Jim and his partner won a 55-minute first game, 21 to 19 and then scored a 21 to 12 count to recapture the crown they held in 1970. After serving in the U.S. Navy from 1941 to 1946, Jim took a position as physical education teacher in the Buffalo Public Schools. He taught at School 44 until 1954. His track and field teams were city-wide champions for six years in succession. His basketball and softball teams were of top caliber. Every year he fielded 4 teams in each sport, an A, B, C, and senior team. In 1954 he left the school department and became Athletic Director of the Buffalo

(Continued on page 6)

# More Alumni Reports

(Continued from page 5)

Athletic Club where he remained till 1964. He then returned to the school department for two years. At that time he resigned again and is now devoting his full time to managing his Retail Liquor Store which he has owned since 1946. Jim is married to the former Janice Gifford, who is a physical education graduate from State University College at Cortland, New York. They have one daughter and three sons. The daughter, Kathleen, is a sophomore at Ohio Wesleyan University; their son, William, is a junior at Kenmore Senior High School; their son, Mark, is in eighth grade at Herbert Hoover Junior High School; and their son, Peter, is in second grade at Horace Mann Elementary School. Jim also plays squash, softball, and when not playing these sports he works out in the gym daily. During the summers the family travels and sails on Lake Erie and Niagara River. Jim says hello to all his old friends and classmates.

**Stan Pack '26**, and his wife, **Florence**, who are both retired from teaching, flew to Tampa, Florida in February. The first three weeks were spent visiting friends in Tampa, St. Petersburg, Naples, Ft. Lauderdale, Miami Beach and Ocala, then they went back to St. Petersburg where they rented an apartment for three weeks.

**Ted Bednarzyk '24**, with his wife **Gladys**, their son, **Eugene**, and his wife and three children, flew to El Paso, Texas during January. There they attended the National Convention of Outdoor Swimming Pool Manufacturers for five days. Eugene is in the outdoor swimming pool business in Buffalo, N.Y. After attending the convention and sight-seeing in and around El Paso, they flew to Acapulco then to Mexico City where they took in all the tourist attractions including the site of the last Olympics. From there they flew to Cuernavaca which was the best of all according to Ted.

**"Les" Boehmer**, **"Hank" Thayer**, and **"Bill" McColgan** are keeping fit at one of the branch YMCA's here in Buffalo. They meet there three or four times a week and go through their paces. Bill swims a half mile (44 laps) each time; Hank works out in the gym with Les. All three look in tip-top shape and are right in condition for spring golf.

**Paul A. Smaldone '30**, who for the past few years has been combining substitute teaching with his restaurant business, was recently appointed to a full five-day position as an elementary physical education teacher in the Buffalo Public School Department. Paul is teaching at Schools No. 48, No. 53, and No. 75. His son Paul, a practicing attorney, has joined the ranks of the "Benedicts", so Paul and his wife, Mary, are rambling around in their big house at 103 West Humboldt Pkwy., Buffalo, N.Y. 14214. He would like to hear from some of his old friends and classmates.

**Clarence "Pete" Overman '24**, his wife **Edith**, and **John Muto '24**, spent several weeks in California. On the return trip, the Overmans, stopped off in Phoenix for several days. John grabbed his golf clubs and flew to St. Petersburg where he played golf to his heart's content. He is now back in Buffalo looking tanned and fit. John says those other "climes" are okay but he'll take western New York anytime.

## Kenmore

Reporter: **Mrs. Roberta B. VanNostrand**, 68 Kinsey Avenue Kenmore, N.Y. 14217

"Murph" Mineo was confined to the hospital for a month. I do not have any more news on him.

**Dorothea and Adolph Winter** participated in the National Turner Meet held in Milwaukee last summer. Addy took third in apparatus and track and field and placed second in the all-around. Dorothea took third place in track and field and also judged women's activities. They loved Brosius Homecoming and also enjoyed their visit to **Rudy Schreiber's** summer home at the Dunes, Lake Michigan. Their son, **Glen**, is a second year medical student at Mt. Sinai in New York City.

**Betty (Sullivan) Laymon** of Modesto, California, who is retired, plays tennis three or four times a week "very badly", but needs the exercise. Her younger daughter, **Claire**, is number one on the Jr. Wightman Cup Team at Modesto Racquet Club.

**Evelyn and Johnny Tanzine**, Dublin, Georgia, spent three weeks touring Europe last summer. Johnny says school teaching is not the same. "It is like sitting on a powder keg."

**Mollie (Weisheit) Englehardt** and husband also "tripped" to Europe last summer. They kept looking for Tanzines, but never did find them. Mollie is still teaching kindergarten in Baltimore.

**Esther (Plischke) Boettcher** still seems to maintain a haven for old folks like parents, aunts and uncles.

Your reporter, **Roberta Van Nostrand**, has been named as a member of the Kenmore School Board. Kenmore is the sixth largest school system in New York. I love it and find it most rewarding and challenging.

**Jack Brogan's** daughter **Beverly**, is considering Normal College. I hope she makes it.

Saw **George Kuhn** and his wife recently. They look fine.

## Syracuse

Reporter: **Walter Black**, City School District, 409 Genesee St., Syracuse, N.Y. 13202

**Gene A. Dobbins Jr.**, 407 N. Midler Avenue, Syracuse, New York, Class of 1967. We are planning for our third Caribbean cruise next Easter. Working on a Master's Degree as well as coaching football and gymnastics consumes most of my time.

**John C. Kieffer**, 1215 Court Street, Syracuse, New York, Class of 1920. I am in good health, and I keep busy with family, garden, travel and maintenance of my home here and my summer home in the Adirondack Mountains.

**Vincent J. Palerino**, 2327 Milton Avenue, Solway, New York, Class of 1962. I am Director of Special Programs at the Syracuse Department of Parks and Recreation and would like to mention that I work closely with reporter **Walter Black**, who, I feel, does a fine job as Director of Physical Education and Health Programs with the Syracuse School District.

**Paul C. Romeo**, 1333 Teall Avenue, Syracuse, New York, Class of 1941. In March, 1972 a new gymnastic training film entitled "Beam-nastics" will be released by Syracuse University's Motion Picture Department. Slow motion, stop action techniques in presentation will be emphasized in the 17 minute long film. Movements of basic intermediate and advance level, combination and routines as well as emphasis on spotting and lead-up will also be demonstrated. This is the eighth film he has authored, and it will make its debut in the Houston Exhibit Area from March 24 to 28.

## OHIO Cleveland

Reporter: **George Heeshen**, 4585 Liberty Rd. South Euclid, Ohio 44121

**Don Blanchard** is still at University School coaching swimming, diving and track. He is now working on building a Gym Group. His wife **Ruth** substitutes as a Librarian at both Brush High and Mayfield High. Their oldest son **Don** has been through Naval Dental School, and he will soon receive his Masters' Degree from George Washington University. After that he has orders, which he requested, to report to Korea. **Chuck** is with Continental Can near Detroit. Each son has two children.

**Otto Eckl** is in business at the Cleveland Twist Drill, and he recently replaced **Carl Hein**, who retired, as a member of the Board of Trustees of the Instructors' Fund of the American Turners.

**Carl Lakosky** is still teaching at West High in Cleveland.

**Paul Fiening** is the Director at Collinwood High in Cleveland. He keeps talking of retiring, but so far he can't seem to let go.

**Jean (Wagner) Daniels** has three or four classes in this area with 118 women in one Slimnastics Class and 85 in another.

**George Heeshen** your reporter, is still the office manager in the same die and stamping shop. I have another interest beside my lapidary hobby now. I do voluntary work for the blind—such as taping books, periodicals and textbooks, onto 800 foot reels of tape for students, professors, and the local library. My work is very rewarding, believe me. I not only help these people out, but also I read many books I otherwise wouldn't read.

**Lucille** is spending her last eight to nine months as Children's trailer and a portable sewing machine for her as well as a small lapidary outfit for me, and we will travel. We spent the Christmas holidays with our son **Dick**, and his wife, **Terry (Iaba)** in Tampa, where he is Assistant Physical Director at University of South Florida. To a northerner, being in shorts and getting tan in 80 degree warmth on Christmas Day is some switch.

## PENNSYLVANIA Pittsburgh

Reporter: **Harvey D. Lecollier**, 3355 Babcock Blvd. Pittsburgh, Pennsylvania 15237.

**Harry Dippold '26**, retired, teaches at Pennsylvania State Extension at Bethel Park, Pennsylvania. In addition, he edits the newsletter for the Allegheny County Association for H.P.E.R. **Harry "Pro"**, took time off for three weeks for an appendectomy. He is now recuperating in his home.

**Frank Eckl** has a little trouble getting around like he used to and can't wait to get outdoors to start his garden and flowers. **Frank** would be glad to hear from any of his old friends and classmates.

**Karl Fehrenbach** spends most of his time travelling, hunting and fishing.

No recent word about **Alma Fenske**, **Laura Rosengarth '24** or **Louise Stover**. According to reports **Laura** is still busily engaged in her volunteer work.

**Coleman Kortner '24**, officiates for the Pittsburgh Board of Education in cross country track, volleyball and swimming. He manages a little golf two or three times a week.

**Dr. Herman L. Schmitt**, who hasn't retired yet, and keeps busy with the neighborhood boys and as President of the Medical Unit of Syria Temple.

**Harvey Lecollier '24** has no trouble

keeping busy with Masonic, Boy Scout and church offices and work.

All Pittsburgh alumni were stunned and grieved at the news that **"Peg" Stocker '24**, will no longer be with us in person to keep things moving as they should. (See "In Memoriam")

## New York Turners Honor Schroeder

October 2 is a date that **Henry Schroeder** and his lovely wife, **Gretchen**, will always remember. It was the night the entire membership, young and old, of the New York Turners honored **Henry Schroeder** on his 35th Anniversary for his outstanding teaching career as a Turnlehrer (Turner Instructor) of their organization. Many distinguished guests and former class members from out-of-state were present.

**Henry** was an outstanding gymnast and was well known throughout the American Turners. He has been an officer of the National, Regional and District Committees of the American Turners and at present he is Vice-President and Director of Region II. He was awarded the American Turner Honor Key in 1960 and shortly after that he was named to the Helms Hall of Fame for his contributions to gymnastics. Throughout the years he has coached many of his pupils to championships in gymnastics.

Hearty congratulations are extended to Turner **Henry Schroeder** for this great honor and best wishes for continued success throughout his splendid career.

**NEWS FLASH... On April 12, 1972 Indianapolis Mayor Richard G. Lugar honored the IUPUI Metros at a luncheon for being the first varsity basketball team to represent the two state universities in Indianapolis. Players and coaches were awarded a certificate and a key to the city by Mayor Lugar. The cheerleaders were presented a key to the Mayor's office and a certificate to commemorate this initial event.**

# From Our Mailbox

**Herb Schack**—I had a spinal fusion last May and am coming along fine. I'm not able to do strenuous work or swing a golf club for a while, but I walk three to six miles every day regardless of the weather. We survived the February 9th earthquake without too much damage to the house—just a few cracks and some of Dot's best dishes, glassware, and vases were broken. Best of all no one was injured in our home.

**Carl Baer**—We enjoy Florida every day. We have 165 mobile homes in our park, also a pool, recreation hall, shuffle board courts and plenty of entertainment. I am teaching a health class for senior citizens, ages 60 to 92, every week, and they just love it. I am Vice-President of the group here. I am keeping in shape with golf and bowling, each twice a week, working out in the club house every week, and have many activities outside the park.

**Dave Gallahue**—This is my second year at I.U. We enjoy Bloomington very much and finally feel like full fledged "Hoosiers". My main duties here are teaching undergraduate and graduate courses in the area of elementary school Physical education. I am also in the process of writing two text books that will be on the market next fall. It is a lot of work but I enjoy it and hope that I will be able to make a contribution to the field of preschool and elementary school physical education. I am also involved in making a film with Anita Aldrich for the Athletic Institute and have a small grant to develop developmental play equipment for preschool children. We bought a home last year about five minutes from school. It sure is nice to be settled in one place after moving about so much in the past seven years. Our two children, David Lee, and Jennifer, are growing like weeds. David will be four in June, Jennie two in April. Ellie enjoys having a home of her own and is involved in community activities.

**Rudy Heis**—We are still very happy with the Florida climate. We arrived here on October 7 and have had the pleasure of playing golf and renewing acquaintances made here. Had a call from Larry Howard. He has seen the light and is settling in Naples, Florida. Expecting to see more AGUers later in the winter. **Swede and Buddy Nilson** will be down in January. **Dr. Lou and Mrs. Schmitt** are arriving in the latter part of November and are staying at Ft. Myers Beach, Florida. We see some Phi E.K. people from Philadelphia occasionally—**Wilbur DeTurk, Stanley Peffle** and others.

**Larry Olliges**—Once again the Olliges family is on the move, this time to Virginia Beach, Va. My new assignment as Assistant Director of Reserve Manpower at Fifth Naval District Headquarters, located at Norfolk, provides the opportunity of shore duty and a reasonably "normal" family life for a couple of years. This past summer **Betty Lou** and I vacationed for two weeks in the Bavarian Alps of Southern Germany during my Mediterranean deployment, where duties as Operations Officer and Navigator aboard the ammunition ship, USS SURIBACHI, occupied the majority of my time. We also visited Munich, site

of the '72 Summer Olympics, where construction of the Games facilities were in progress. While we relaxed, John, 10, Robert, 4, and Barbara, 2, enjoyed the grandparents, **Lou and Mutzie Roth** and vice versa in Mayport, Florida.

Following the Suribachi's return to Florida in October, the Roths and Olliges' toured Disney World, central Florida and had a nice visit with **Terry and Dick Heeschen**. Then Betty Lou and I flew to Norfolk, bought a new home and returned to Jacksonville, where Betty Lou underwent major surgery in November. Thankfully, all went well during the post-operative recovery and Betty Lou is once again as spry as ever. Mid-December brought preparations to move from Florida to Covington, Kentucky for an extended visit with the Roths through the Christmas holiday period and the construction completion date of our home. Christmas Eve brought an unexpected visit from the Dallas, Texas contingent of the Roths, when Louis, Carole and David arrived just ahead of ole St. Nick. A pleasant time was had by all!

**Lou and Mutzie** had shared the period of hospitalization, moving and involved planning of the numerous details during those several busy months, and they were once again invaluable. I reported to my assignment shortly after the holidays and "prodded" the contractor until finally on 15 February we moved into our four bedroom ranch style home in the area of College Park. In addition to making new friends, we have several old Navy friends from Hawaii here in Norfolk and are looking forward to renewing these old acquaintances. John continues active in scouting, plays the piano and achieves well enough in school. Robert enjoys pre-school kindergarten three days a week and Sultan, our boxer, has started obedience school leaving Barby to Mommy. We would certainly enjoy hearing from and seeing those Normal College friends who have the opportunity to be in this area of the country during the next several years.

**Betty (Byrne) Roche**—Francis Gebhardt informed me that I was among the "Missing" in the Normal College Bulletin—it was so nice of her to call me. I have been extremely busy taking care of seven children ranging in age from two and one half years to 18 years.

**William Luttinger**, Liverpool, N.Y.—I just finished hosting the New York State High School Gymnastics Championships at my high school. What a chore! Thank goodness it rotates to each of the eleven athletic sections on a yearly basis. It was a fantastic success in many ways—absolutely jam packed both nights (between 2500-3000 each night) probably because of the presence of two girls authorized by Ewald Nyquist, New York State Commissioner of Education to compete against 160 men. Great newspaper and TV coverage and happy for me personally because my team captain won the Ring Event. This is my fourth state championship in six years. Incidentally, Denise Tenney, one of the girls, won the tumbling event (trampoline and tumbling do not, however count for team score).

HO! HO! HO! . . . Ready for frolic and fun . . . Building a real snow man to that familiar nursery rhyme are (left to right) Shirley Allen, Joan Newman, Deborah Wilcoxson and Sue Jaenicke.

## MINI NOTES

(Continued from page 2)

17th—not bad for an "old lady." I have a Gymnastic Club at the junior high level and am desperately struggling for competition for my high school girls this year. We have a new uneven parallel bar under the bleachers in original package. No place to store it—Ugh!

**Rudolph V. Heis**—Your Alumni Bulletin is still wonderful, and I always anxiously look forward to the news.

**George W. Geoghan**—I retired in July 1971 after 39 years of active teaching of physical education; three years in the YMCA and 36 years in the Buffalo Public Schools. I am a life member of the Phi Epsilon Kappa Fraternity and Emeritus Member of Phi Delta Kappa.

**Richard D. Frazer**—I'm now a grandfather—My eldest daughter, Beth, had a boy in October. I have two daughters now on Bloomington Campus, Jeanne, a junior, and Bonnie, a freshman. My son, Rich, was drafted into Army last June, after graduating from Brockport State.

**Mrs. Elfriede W. Amwake**—Paul Romeo is doing an Educational Film on Balance Beam at Syracuse University. Has asked me to help and my daughter, Lorie (student at Indiana State University), to demonstrate.

**Mrs. Marie Dittrich**—I've been participating in Arts and Crafts Fairs doing ceramics, macrame, and miniature paintings.

**Irene (Doup) Price**—I, too, have joined the ranks of retired persons and am enjoying it. The past 25 years have been spent teaching at School No. 3 in Indianapolis.

**Rozanna Frankovitz**—I am presently teaching in Indianapolis Public Schools.

**Elaine P. Roeder**—No special news except that I am happy to say that my son, Keith, is a sophomore at Bloomington. I'm teaching in the W. Drondequoit Schools, a Rochester suburb.

**Richard H. Strohmer**—I just returned from a week at W. Branch where my wife did some baby-sitting for our 26th grandchild, Patrick John Stohmer; what a conglomeration (I kept busy putting a white trim on my son's house, a light blue). Then we two put in another glorious, but different, week in traverse City visiting one of our daughters and visiting the many friends in that very pretty area of Grand Traverse Bay.

**Walter Scherbaum**—I enjoyed the winter issue of the Bulletin. It seemed to have news of names whose path I crossed from Sept. 1924 to June 1926. Since that time our paths have been parallel ones. I

thought I retired in October 1966 but the word "retirement" has only been encased in quotation marks. However, that is the way I like it. So much to do and so little time to do it.

**Henry C. Schneider, M.D.**, Meadowbrook, Pennsylvania—My son, Henry Jr., M.D., returned from Vietnam as Army Air Corps Flight Surgeon; He is now a resident in surgery at Abington Memorial Hospital and will be a papa, hopefully, at Christmas. My daughter, Mrs. Lynn Wilkinson, has two small girls and resides in Montreal.

**Harold L. Hinman**—I have just retired as Associate Professor of Industrial Psychology from Pennsylvania State University after some 23 years. Prior to that I was Chief of the Veterans' Administration Guidance Center at Franklin and Marshall. My wife and I visited Normal College last summer, she with interest and I with nostalgia. After viewing the old familiar scenes, conversing about things in general, I asked about student "demonstrations" and got an enthusiastic response. They were marvelous, especially the one in St. Louis. At the look upon my face it was hastily explained that these were the usual demonstrations of Normal College students' skills and not those prevalent at other colleges and universities.

**Rita (Shuffield) Karns**—and her husband, Ron, are the proud owners of The Village Fashiontree (wearing apparel) in South Holland, Illinois, newly acquired. Ron is there full time, and Rita is still teaching. They look forward to seeing everyone at Camp Brosius in June.

## YMCA Pays Tribute To Bob Bredenberg

After 11 years of service at the Salem, N.J., YMCA and after serving as Executive Secretary for the County "Y's", Robert Bredenberg was honored by many of his friends and people who have been closely associated with him.

During his great career of 36 years Bob has assisted and organized a great many "Y" activities at Buffalo, Elmira, N.Y., and Patterson, N.J., where he served as Director.

Bob entered Normal College in 1931, received his B.S. degree from I.U. and obtained his M.A. degree later from Columbia University.

Bob and Mrs. Bredenberg are looking forward to returning to their home in Elkton, Maryland. Bob who owns a swimming club will manage the club and also direct the YMCA programs of the Cecil County YMCA.

### NEWS THAT YOU WOULD LIKE TO CONTRIBUTE TO MINI NOTES:

What is new about you? Are there any changes in your occupation or title? Current community activities, honors, elective offices? We would like to know about your family too. Number of children, ages, etc.?

Name .....

Address .....

Year Entered Normal College .....

Mail to: Mr. Fred Martin, Editor, I.U. Normal College Alumni Association, 1010 West 64th Street, Indianapolis, Indiana 46260.

# Alumna Goes On Safari

By Bobbie Larsen

(Editor's note: Miss Bobbie Larsen, Sun City, California, went on an African camera shooting safari last September and October. Here she gives us her account of what she observed.)

From London, we flew to Africa and met our first sophisticated-bartering natives during our refueling stop in Brazzaville, en route to Johannesburg. The city is built over the gold mines. Here, we encountered White, Bantu, Indian, Chinese, and Colored (Mixed) peoples. Like all other cities it was planned, modern, and beautifully landscaped, with the natives living in areas built for them outside and away from the city.

Blooming Jacarunda, Golden Rain Trees, Bogainville, vines, shrubs, bushes, and flowers make each city a city of beauty. (Pretoria, the capitol, has over 20,000 Jacarunda trees and is the "City of Flowers".) At near-by M'debele village we saw primitive mural-like decorations on the homes and the yard walls. All are done by the women. These Bantu natives are colorful in their native gay-colored skirts or dresses, bare breasts, and jewelry. Many wear bracelets on their necks, arms, and legs. These are status symbols. We enjoyed the Sunday dancers of the Johannesburg mine workers in the mine compound. The men are from many tribes and each dances in his tribal dress. Tribes compete and it is one way to wear off their frustrations.

Capetown is a gem with its background of mountains and a

tablecloth of clouds hangs over Table Mountain daily. We enjoyed our trip to the Cape of Good Hope. Monkeys play and sit on parked cars and ostriches, gazelles, and other animals were seen.

We went 320 miles inland to Wilderness going through mountain and cultivated areas. Wild spring flowers were everywhere and that included fields of Calla lilies! We sat on them, watched the natives race them, and stood on their unbreakable eggs! Two hundred twenty more miles beyond Wilderness brought us to Port Elizabeth's snake farm and museum. Then we flew to modern Durbin, the Miami of Africa.

Scenic Thousand Hills is a fertile area nearby and it has many native homes. A unit consists of a man's hut with the first wife's hut to the left of his, and the other wives' huts nearby. Some groups are fenced in. Animals have their area. At one Krall (Village) the Zulus danced for us. What rhythm!. Native dresses were plus or minus, and interesting. A native wife costs eight head of cattle. A man isn't a man until he works in a mine for two or more years and earns cattle and wife money. Boys leave their Mother's hut at puberty. Wealth is measured by the number of cattle.

Magnificent Victoria Falls, in Rhodesia, is twice the height of Niagara and twice as wide. From our boat ride upstream on the Zambesi River we saw our first elephants, hippos and numerous water birds. On an air safari later, we saw many groups of animals in the area.

Beautiful Salisbury is another flower garden. We had a delightful unexpected

Entrance to Normal College, A.G.U. Campus

stay in tropical Limbe, Malawi. Jacarunda trees were giants. The natives were friendly. Photography was usually permitted and no hands were out. Little boys crowded into our pictures, wanted or otherwise! Electricity here was an off-and-on affair.

Back to Nairobi. Safari clothes replaced travelling clothes. We're off—in our minibus. Our drivers were "tops". Reservations begin almost at city limits. A few colorfully dressed men and boys were soon seen herding their cattle across the road. Cameras clicked. They saw us, surrounded and threatened us until we ransomed ourselves! They resent being photographed because we hadn't asked first! They usually refuse! The masai are a proud and colorful race, and they mean business! Mt. Kilimanjaro was under clouds but we saw the peak later. Arusha, our last town, is a delightful little place. Wood carvings here are a shopper's delight.

We entered the Rift Valley (the San Andrea fault of Africa) and soon entered the fabulous Lake Manyara National Park. Excitement and everything you ever dreamed of seemed to be here in this small breath-taking area. We were challenged by a bull elephant on the road who was leading others. Ears waved, he seemed to defy us, and stood his ground. A dropped pin in our bus would have sounded like a bomb! Finally he turned and they walked off. Then it was more elephants, hippos, zebras, impalas, giraffes, wildebeests, buffalos, Thompson and Grants gazelles, baboons, rhinos, a few lions and other animals. One group of young lions were eating their kill on the ground. Near-by a large lion was draped over an acacia tree limb sleeping off his meal. His unconsumed kill was also treed. The lake was ringed with millions of flamingos, pelicans, and water birds, as far as one could see.

We reached Ngorongoro Crater Lodge in time to enjoy a delicious zebra steak. Stars are incredibly brilliant and numerous. I was thrilled when I finally found Orion, way up north! The next morning I left my cabin early as I wanted to see the sunrise over the crater. I soon sensed that I wasn't alone. Large animals were closing in on me! I slowly retreated backwards to my cabin. With daylight the usually nasty-tempered buffalo went their way and I went mine. The next morning zebra and buffalos grazed near-by. We didn't mix.

The trip into the Crater is fabulous. The grassland floor of 102 square miles has a forest, a lake, and springs. As usual, we'd leave the road and drive across the grassland to where "something" had been spotted. All buses would close in. Rangers estimate 1,500 wildebeests alone plus untold numbers of zebras, Thompson and Grants gazelles, lions, rhinos, spotted hyenas, hippos, and others. The aerial census of 1964 showed approximately 22,000 head of game there. Millions of water birds ring the lake including flamingos and Marabou storks. Only at the lunch stop could we leave the bus. Animals seem to ignore people in buses. They usually looked at us and walked off. I have more rear-view pictures! Out of a bus, they attack people.

On the Serengeti plains we saw endless numbers of migrating wildebeests,

zebras, Thompson and Grants gazelles, as well as ostriches, elands, topi, hartbeests, and predators. It was a banner day for us. We were off the road most of the time seeing lions, leopards, and a cheetah, plus the usual run. En route we visited Dr. Phil Leakey's diggings in the Olduvai Gorge where in 1959 the Australopithecus skull of early man was found. We ended this day at the fascinating Lobo Wildlife Lodge. It is a series of buildings built around, between, and on huge rock masses. Consequently it has many levels. A beautiful swimming pool, in natural rock, is near the top. From high observation balconies and from our rooms we observed roaming lions and animals on the plains below.

We observed lots of game en route to Keekorok Lodge. Room accommodations are the modern motel-type. Here, walking limits are posted and monkeys are everywhere. The next morning one of our buses got stuck in a small stream about 100 feet away from lions' den. All buses closed in fast and the men made record time freeing it. Then we watched three groups of lions near-by. Not far away was a group of 17 giraffes. They were alert and listening. What a picture they made! Zig-zagging across the plains we saw our first Dicdics, ugly spotted hyenas, hunting dogs, hartbeests, wart hogs, impalas, topi, Kripspringers, gazelles, rock hydrox, and others. At the Masai Mara Game reserve we saw endless streams of migrating wildebeests, zebras, and others.

On Lake Naivasha in the Kenya Rift Valley we enjoyed a boat ride and observed exotic water birds.

We were back in civilization again at Thompson Falls. They are small but lovely and are located in the beautiful and highly cultivated region that has seen so much strife. We crossed the equator and stayed at the fabulous Mt. Kenya Safari Club, one of the seven finest in the world. The Arc, a newer version of Tree-tops is at 7,600! Bush buck and forest hogs were new to us and many animals were observed at the waterhole during the night. We also observed a pack of wild dogs on a hunt.

We were soon back in Nairobi and off to tropical Kampala near Lake Victoria. Mini buses took us out to Murchinson Falls State Park, the land of the Bugandas. It was a shock to see elephants walking freely around the lodge, day and night. They raided the garbage bins! The boat trip on the Nile River to the foot of Murchinson Falls was exciting. We saw countless numbers of hippos, crocodiles, water-bucks, baboons, white-tailed monkeys and untold numbers of exotic birds. This is a paradise for bird lovers. Later, on a game run, we saw scarce white rhinos and oribi for the first time. What a fitting ending for our last day in Africa. We soon left Kampala for the airport in Ettebe and were en route to Athens, Zurich, and Amsterdam.

Animals were everywhere but their numbers are rapidly diminishing. Some species will soon disappear unless protected. The rangers and governments ask for our cooperation. No purchases, no poachers.

The beautiful, natural world was left behind and I headed for the modern world of Denmark, and California. All is now a dream that came true.

## Editor's Corner

First I wish to extend my thanks to all alumni who paid their dues and took a few moments to jot some news for the **Bulletin** on the special return envelope. The response was most gratifying and all this news will be found in the column **Mini-Notes**. Sorry to report that some news was lost because it was written under the flap of the envelope. Every effort was made to decipher it (even used a mirror), so in the future please keep this in mind—DO NOT WRITE on the part of the envelope where it will be sealed.

One more request: To avoid errors and to make sure that everything is accurate, please, if you write, write carefully.

Speaking to some alumni recently it was mentioned that a state of confusion still exists concerning the payment of dues. I'll make another attempt to clarify this situation if I can.

1. If you receive a statement for dues from the Bloomington Alumni Association office, you will find a card enclosed with the name of the school you attended last or from which you received your degree. If you would rather apply your dues to the Normal College than to the school name which appears on the card, you must cross out the name and write Normal College there.
2. All alumni who graduated after 1941 are requested to pay \$7.00 annually. Of this amount \$1.50 will go for Normal College Alumni Association programs. (At a recent meeting of the I.U. Alumni Executive Council it was approved that Normal College receive \$1.50 instead of the \$2.00 previously designated.)
3. Alumni who graduated prior to 1941 are encouraged to join the I.U. Alumni Association (see number 2) or, if they desire, continue to pay just the previous \$3.00 Normal College dues.
4. If you submit more than \$3.00 or \$7.00 dues for annual membership, please indicate how you want the money distributed. That is, should the money go to the Normal College Alumni Association, only, or to additional years of membership.
5. Should you wish to pay dues in advance, please indicate how this is to be distributed.

I sincerely hope this clarifies the situation, but if you have any questions, please send your dues directly to me instead of the Bloomington Alumni Association office.

One more item concerning dues should be mentioned. The envelope for dues that was included with the last **Bulletin** (Winter Edition) was sent just as a "reminder." This was sent to everyone because it was impossible to pull the envelope of those who had already paid their dues because the mailing and addressing is done on the campus and we were extremely pressed for time. It was our sincere hope that those who did pay prior to this second notice would have overlooked this or have returned the self addressed envelope marked "dues paid" and would have included a few lines of news in the space provided. We are extremely sorry if this caused any inconvenience. If by chance you paid your dues twice, rest assured, you have been given credit for advance payment.

In closing I would like to extend my sincere thanks and appreciation to all the reporters for the splendid job they have done in submitting news.

Fred Martin, Editor
