VOL. 60 NO. 1

(FORMERLY NORMAL)

SPRING, 1977

## Lohse Recognition Banquet April 22, 1977

"What am I looking forward to? For one thing, not having to answer the telephone."

Dean Lola Lohse also can expect other "not having to's" . . . long committee meetings, solutions to students' problems, getting and rationing annual budgets, and other deanly chores required of the leader of the School of Physical Education.

Dean Lohse has chosen early retirement from Indiana University. On July 1, she will achieve the rank of former Dean and Professor.

Lola and husband Henry (who also plans to retire as Director of Community Relations for the Warren Township Schools) are having a house built at Port Charlotte, Florida. Their new home will be next door to that of Professor Emeritus Rudolph (Rudy) Schreiber.

Dean Lohse will be honored at a Friday, April 22, recognition dinner-dance at the Indianapolis Athletic Club. All alumni, friends, students, and University colleagues are invited.

The School of Physical Education Alumni Association will be hosting the 6:30 P.M. Cash Bar and 7:30 P.M. Banquet. Tickets are \$10.00 per person and reservations will be required. Additionally, the Association

is soliciting donations for a gift to be given to Lola in appreciation of her service to our school. Please use the enclosed envelope to make your ticket orders and gift contributions.

At the April 22nd program, Lola will be presented with a bound folder of letters from her friends and colleagues. You are invited to contribute to this collection. Send your "Dean Lola" letters to Professor Sue Barrett at the School of Physical Education, 1010 West 64th Street, Indianapolis, Indiana 46260.

And, to perpetuate the memory of Dean Lohse's tenure, the School of Physical Education Alumni Association has commissioned Ed Brucker to paint Lola's portrait. This will be presented to the University during the evening's activity.

For readers of this *Bulletin*, Dean Lohse's services to the Normal College-School of Physical Education are more in the nature of reminders than news. She began teaching part-time at the NCAGU in 1943, when she also was the entire physical education faculty at Marian College. She has headed the School, as Director and then as the first Dean, since 1963.

She has been active as an officer for national, regional, and state HPER Associ-

ations. A full list of her community services, professional publications, and other achievements would require a special edition of the *Bulletin*.

Among her many contributions have been innumerable committee meetings concerned with the development of IUPUI.

Dr. John C. Buhner, Vice Chancellor and Dean of the Faculties, is chairman of the planning committee for the April 22 recognition dinner. Dr. Buhner has worked with Dean Lohse on numerous IUPUI committees, including a group that developed a report on goals and objectives for the campus.

"Lola is a great asker of the best questions," Dr. Buhner said. "When we talked about goals, she kept bringing us back to the basics. How will this help us serve the students better? What do those high-sounding words really mean? As a teacher and administrator, and above all as a person, she has earned our lasting admiration and affection."

Dr. Buhner indicates that the April 22 program will be less formal than most occasions of this kind.

"We'll do our best to fit what happens to the person we're recognizing," he said.

So there may be a few surprises.

## METROS ON THE MOVE

The IUPUI Metros have helped to create a campus esprit d'corps with which students are beginning to identify. This is of particular importance on an urban campus where the vast majority of the students both commute and work their way through school.

Growth, improvement, and change has marked each of the four previous Metros' seasons. The 1976-77 Metro season is following tradition. The big change this year is where the home contests are played. The Metros have moved to the Indiana State Fair Grounds Coliseum. Their new home court replaces the Naval Armory, scene of last year's home games.

The schedule is improved and filled with tough new opponents. The 27-game season began November 27th. 21 games into the season, the team, under Coach Kirby Overman, has compiled a 9-12 record. At home the Metros played both the University of Wisconsin at Green Bay (recruiting ground for many pro teams) and the University of Wisconsin at Parkside.

With the return of four seasoned veterans and the addition of a fine group of new, but in-experienced players, the team has played a consistently good brand of ball. For seniors Bob Woodford and Keith Nye it is their last year. Dave Harris and Dale Taylor, both sophomores, also have returned.

Austris Purvlicus rejoined the team. New to Metros fans is Julius Norman, a 6'1½" junior college transfer from Samford whose college point average per game is 19.9.

Bill Finley, a 5'11½" comes from Tennessee Tech. It was Finley who broke Oscar Robertson's state finals record by scoring 36 points in the afternoon game.

Mike Harris comes to IUPUI as a senior by way of Wichita State University. The 6'9" Harris is a Junior College All American. Austin Whyte a transfer from IU Kokomo also joined the team.

## Alumni Homecoming-Senior Picnic April 23, '77

The traditions of the Normal College are strong ones, and have always strengthened the bonds of friendship between students and the loyal ties they have with the School of Physical Education.

The Alumni-Senior Picnic, April 23rd, will afford alumni an excellent opportunity to re-tun "home" and renew acquaintances while reliving, for a short time, the good ol' days. And it's timed so that you all can attend Lola's Retirement Party the evening before.

The School of Physical Education's Senior Class will be guests of the Alumni Association for the day's activities. It will be a perfect time to offer congratulations to the seniors upon their upcoming graduation, and to personally serve as an inspiration for these young folks just embarking on their careers.

The picnic and athletic competition will be held on School grounds, 1010 West 64th Street, Indianapolis, Indiana. The day's schedule follows.

**10:00 A.M. . . REGISTRATION** — Alumni President Fritz Rohdes will put forth the day's Challenge to Seniors.

**11:00 A.M. . . ANNUAL MEETING** — The alumni membership will convene to elect a new Board of Directors, approve a proposed constitutional amendment, and transact any new business brought to the floor.

**11:45 A.M. . . PICNIC LUNCHEON**

**1:00 P.M. . . ATHLETIC COMPETITION** — Alumni and students will contest each other in tennis, ping-pong, basketball, softball, and the Alumni-Senior Challenge Volleyball Match.

**SPECIAL PRESENTATIONS** — The travelling Alumni-Senior Challenge trophy will be awarded the victors (last year won by the Alumni), and special recognition and presentations will be given each Senior.

Reservations may be made by returning the enclosed envelope before April 18, 1977. Cost per adult is \$3.50 and per child is \$1.75. The Picnic will be held rain or shine. Should foul weather beset, activities will move indoors.

Plan now to attend the Picnic. Show this year's graduates what a strong Alumni Association the School has . . . and how proud you are to be an active member.

### CONSTITUTIONAL REVISION

The following revision to the School of Physical Education Alumni Association's Constitution will be presented for approval during the Annual Meeting, April 23rd.

Article IV Sec. 1 (D) of the Constitution presently reads *"the two Directors-at-Large, who will be elected to serve a two year term on the Board of Directors, one to be elected each year after the initial institution of these officers."*

The proposed Constitutional revision reads *"six Directors-at-large, who will be elected to serve a three year term on the Board of Directors, two to be elected each year after the initial institution of these officers."*

It should be noted, that if approved, numerical references to the Board made throughout the constitution would be changed in accordance with the above

## ALUMNI UPDATE

Dear Alumni and Friends,

Like Hemingway's *Moveable Feast* our Homecomings seem to be on a sliding calendar to take advantage of events at the School of Physical Education campus. In 1976, it was the Pioneer Day celebration, which added a wealth of interesting and unusual activities. Hope you were among those who enjoyed that Bicentennial event.

Homecoming '77 is planned to coincide with Lola Lohses' retirement dinner. We feel many alums will make the trip back to the campus for this event on Friday, April 22 (along with I.U. staff and students). Because Lola spent the long years of service that other retired leaders gave to Normal, we feel a great deal of recognition should be given for her leadership through a period of massive and almost constant change. She has insisted tenaciously on the maintenance of a School of P.E. that will maintain the standards and the philosophy of Normal College.

The dinner-dance on Friday will be followed by the annual Homecoming meeting and biennial election of officers on Saturday morning. At noon the Alumni will host a picnic for graduating seniors with many of the traditional Homecoming activities after lunch.

A second matter of concern to the Executive Board is the decline of a few members per year in our Association. The number is small, but the trend is in the wrong direction. We are wondering if the situation may be akin to the old classroom joke of "If you are not here, answer absent;" if perhaps your alumni mailings are not reaching you because of changes of address. Therefore, this Bulletin is a "return to sender" mailing, on the basis of

which we will start a *Lost Alums* column to help update the address roster. Anything you readers can do to help will be appreciated. Especially call your friends and classmates to urge they attend Homecoming. Some of them may be "lost mailings" right now.

Over the years, one noticeable difference between Normal and other alum groups has been our togetherness. Here are two opportunities to exhibit those cohesive traits — the retirement dinner and the Homecoming following it. Do not miss this chance to let I.U. (and I.U.P.U.I.) see how strong the bonds of our Alumni Association are. Mark your calendar *now* and start planning for April 22 & 23.

Sincerely,

Billie (Boettjer) Stewart  
President-Elect

## IUPUI Women's Basketball

At the mid-point of their season, the IUPUI Women's Basketball team has compiled a winning record of 4-3.

The thirteen member squad represents eleven different school districts in the Indianapolis metropolitan area. Two members played their high school basketball in Michigan and New Jersey.

The squad is young and talented with four freshmen seeing a lot of action. Five more team members are sophomores.

These young ladies have set their mark in the classroom, too. The fall semester saw them combining for a 2.80 GPA. This scholastic and athletic combination should prove beneficial in the long run. Ten of the

CON'T FROM PAGE 4

team members are students at the School of Physical Education.

Joining Jeff Vessely on the coaching staff are two student assistants, Peggy O'Connor and Tim Brown. Both are students in the School of Physical Education.

The thirteen game schedule included a February 15th date at the Fairgrounds Coliseum with Marian College. The Marian College coach is 1976 School of Physical Education graduate, Clara Caito.

## HENRY MONTOYE HONORED

Henry Montoye, Class of '42, had been approved by the Board of Governors of the AAHPER as the first Alliance Scholar.

In accepting this honor, Montoye is committed to make two "public" presentations and to present the Alliance Lecture at the AAHPER national convention. The March Lecture will take place in Seattle, and the subject will be "Physical Activity and Health: Adventures in Research."

The appointment includes a stipend of \$1,000 to partially cover transportation and other costs for both the public and Alliance presentations.

A native of Chicago, he attended the Normal College from 1939 to 1942 and received his degree from Indiana University in 1943. After serving three years in the United States Navy he entered the University of Illinois where he earned the M.S. and Ph.D. degrees in 1947 and 1949 respectively.

He served on the faculty of Michigan State University from 1949 to 1961. He left there and went to the University of Michigan with a dual appointment as professor of physical education and research

associate in epidemiology in the School of Public Health.

Upon leaving Michigan in 1971 to take up his present position with the University of Tennessee, he continued his Michigan association by retaining his position of non-resident lecturer in epidemiology in the School of Public Health.

Montoye is a member of numerous professional organizations. He has been an active member of the Research Council of the AAHPER. Having served two terms on the study section of applied physiology, National Institute of Health, he was the first physical educator to be appointed. He is currently national president of Phi Epsilon Kappa, a professional fraternity in health, physical education and recreation.

Much of Montoye's research has been reported in professional journals in this country and abroad. He has presented many papers at scientific meetings, authored, co-authored or edited many books, and reviewed many books for professional periodicals.

We are proud of the recognition accorded Henry Montoye by being named the first Alliance Scholar of the AAHPER.

## NEW ALUMNI

MARK and GLENNIE JUSTICE had twin girls, ANGELA SUE and ALLISAN MARIE, on February 10, 1977.

MIKE and NANCY (SCHREIBER) HAGIST, had a daughter, NORA, on February 4, 1977.

EDWIN and KATHY VanVELSE, had a son, BLAIR THOMAS, on January 26, 1977.

## PIONEER DAY 1976

The School of Physical Education celebrated the American Bicentennial by recognizing the heritage and traditions of our country's founding fathers. Pioneer Day 1976 was a festive homecoming for alumni who returned to campus and participated in canoe races, candle making, and musket shooting. And, it was a busy time for Physical Education faculty and students who spent months preparing costumes and displays for this all-campus event.

Both lunch and dinner and the annual meeting of the School of Physical Education's alumni membership, were included in the day's activities.

In perpetuating an alumni tradition Rudy Memel and Norm Shulte conducted a camp fire that included a sing-along and a "roast" of Dean Lola Lohse.

And for several hours following, alumni and students do-si-doed their partners as if the day had just begun. The old-time square dance was a perfect ending to the 1976 Pioneer Day-Alumni Homecoming.

Shelley Richardson (left front) and Kris Lienert (right front) along with Helen Straub (rear) show off their traditional pioneer garb.

In one of the canoe race heats, Patty Sullivan and Ivy Menken (rear canoe) challenged Brad Lennon, Steve Ritter, and Pam Berry.

Dr. Paul Watson defends his class from an Indian attack. Mandy Barrett and Jennifer Campbell watch with mixed feelings. During the day's activities the art of musket shooting was demonstrated.

A demonstration of stomper dolls was on the Pioneer Day Agenda. Performing were from left to right Patty Sullivan, Kim Moffett, and Missy Young.

## I.U.P.U.I. WOMEN'S VOLLEYBALL

We enjoyed our second year of competition. After finishing fourth in the Indiana Women's Intercollegiate Sports Organization State Volleyball Tournament last year, this year's team made another top-notch showing at the state meet.

The women's team finished its season with a record of twelve match wins against nine defeats. The total team effort was led by co-captain Shirley Blue, a sophomore new to the unit this year. This young lady is quite an athlete — from drilling spikes and serves to the floor, untouched by the opponent, to pulling a classmate from the middle of "Lienert's Lake."

Doing a super job all year were freshmen Kathy Gaddie, one of our straight-A students, and Bev Stout, from the School of Business. Also, "Miss Hustle" Lynn Aurelius and true competitor Ivy Menken contributed. Seniors Elaine Elliott and Peggy O'Connor added to the team's depth. Another player counted on was sophomore Patty Sullivan.

Due to a recurrent back injury, senior and co-captain Glenda Bolton saw limited playing time. Our team nucleus will remain, still we will be losing other seniors, Susie Patterson and Anna Hopkins. Three other women rounded out our complement of fourteen players, including Charletta Reynolds, Patty Topper and Cindy Kestler.

One of last year's outstanding team members, Clara Caito, 1976 Faculty Award Winner, has gone on to become the volleyball and basketball coach at Marian College. We're all quite proud of her.

Working together —

Polly Williams  
Walt Lienert

She continued on to Calcutta and home via Hong Kong, Tokyo and Honolulu. In Honolulu she met VI WIRTH and they had a real gab fest.

The second trip was to Russia via London, England. The Russian cities visited included Kiev (the oldest Russian city), Kharkov (the manufacturing city for plows, machinery, etc.), Leningrad (the most interesting with palaces and churches), and Moscow (the best attractions being Red Square and the art treasures in the underground). In all cities, palaces were pointed out, but massive monuments to Lenin & Co. were stressed. Churches are closed and listed as museums, everywhere. Just a few are open.

George W. Geoghan, Reporter:

TED BEDNARCYK was off to Poland again last summer. He said it was not as much a thrill this time, but he enjoyed visiting his relatives again. He took one week off and made a tour of the places he missed on his last visit.

MARY and BILL TREICHLER are back in Naples after their long vacation in New England and the Midwest. Bill is looking great and still has all the old pep and enthusiasm. Fair Winds  
504 Sloop-way  
Nokomis, Fl. 33555

CARLTON FLYNN spent a few weeks in Buffalo last fall. Carl is looking great and has his weight down to what it was in school. Carl and his wife, Wilma, love retirement and Carl keeps busy with his garden and bicycling. Other than some eye

CON'T PAGE 10

problems, Carl is unbelievably fit. He loves that Indiana climate and they stay in the home they built. His address is R.R. 1, Box 400, Westfield, Indiana 46074.

PETER CIPOLLA retired in June after 38 years of teaching. He spent most of those years teaching physical education in the Buffalo elementary schools. Pete is enjoying retirement and is busy pursuing his hobby of refinishing furniture.

MYRNIÉ and CARL HEINRICH love retirement and are making plans to spend the winter in Spain. Carl looks about the same as always and keeps fit by playing tennis, golf, and bowling.

PAUL SMALDONE recently underwent surgery for bleeding ulcers and is recuperating nicely. Paul has retired from teaching, sold his restaurant, and he and Mary are enjoying their leisure time.

ART GORDON still is teaching in St. Louis but thinks that this will be his last year. We are sorry to hear that Art's wife passed away on October 28, 1976. Our thoughts and our sympathy are with Art at this time of his great loss.

all is well and nothing serious was discovered. She lives in her Canadian home in Ridgeway, Ontario, and loves to hear from her old friends.

PETER MUTO has retired from teaching and also from his insurance business. He enjoys retirement.

ALLIE ZUK has retired from Republic Steel and is enjoying the best of health.

MELBA and CARL BAER are as busy as ever. Melba had surgery in the fall, but is back bowling. They took an 8000 mile auto trip this past summer and have resumed their social routine.

GEORGE KUHN still is teaching but is thinking that this or next year might be his last. He gets such glowing accounts of how great retirement is from all of us that he hardly can resist the temptation to give it a try.

CHARLOTTE and ANDY LASCARI write that they are feeling very well after the few setbacks of last year. Andy says that he celebrated his 85th birthday on December 3rd.

JEAN and CARL KLAFS write that they are really living it up. Carl has completely recovered from his two operations and feels great. They plan to ski in Colorado and travel to British Columbia. They spent last January in Central America, June in Hawaii, November, a five state trailer trip, and then bird-shooting in Oregon and Arizona.

BILL and HANK McCOLGAN spent the Christmas holidays with their daughter and her family in Detroit. In February they left for a six-week stay in Hawaii. They visited all the main islands and like everybody fell in love with its climate and beauty. However, both Bill and Hank love Western New York and its lush spring, summer, and fall weather. Bill even likes some of the

CON'T FROM PAGE 10

white stuff we get in the winter — all of it.

CHET D'AMATO is teaching at Sloan Jr-Sr High School. Chet says he still can beat any of his pupils in one-wall handball. His hobbies include handball, bowling and gourmet cooking.

The Oktober Fest was fantastic. See you when we visit brother Herb in Englewood, Florida."

JACK CHRISTMAN — North Tonawanda, New York. "We took a picture of you on Treichler Street under the sign post. Will see you in Naples during the Christmas holidays. Will be at the La Playa but it will be the last year for the entire family. Still playing a lot of tennis at the Racquet Club and skiing with ED LEIBINGER."

CLIFFORD BARNES — Cocoa Beach, Florida. "We swim, canoe and fish off our home pier. We also have our community bike path for the area. It is beautiful here — come see for yourself."

FRED MARTIN — Indianapolis. "It certainly was nice seeing you and visiting with you again. Maybe one of these days we can make it to Florida. The LOHSES were down there at Port Charlotte visiting the RUDY SCHREIBERS."

GEORGE GEOGHAN — Buffalo, N.Y. "After all the trouble I have had with my arthritis, I believe this hip operation has proven successful. Thanks for coming by the hospital. Hope to see you again next year."

## FROM THE MAIL BAG:

STANLEY PACK who retired after forty years of teaching in the Buffalo Public Schools is enjoying retirement in Sarasota, Florida. This is a resume of his recent activities:

Sang and danced for eleven nights in Victor Herbert's "Red Mill."

Plays 2nd violin in the Sarasota Community Orchestra.

Swims daily — plays golf and goes fishing in his "spare" time.

Would get more rest if he were back teaching!!

RUDIE MEMMEL and VICKIE attended the Olympics in Montreal and were thrilled

with the spectacle. Had tickets for the gymnastics, volleyball, playform diving and track and field. But, the highlight of all was the glamorous display and colorful panorama of the closing ceremony. They sat next to Bob Richards (Olympic pole vault gold medalist in the 50's) who stated, "Of the nine Olympics which I've been fortunate enough to attend, this closing ceremony is the most impressive I have ever seen."

PAUL L. PAULSEN who attended Normal from 1929 to 1931 is enjoying the luxury of retirement. Although Glendale, California, still is considered his legal residence, he is home only when necessary to check on the family, visit the doctor and dentist, and clean up the yard. Then it's off to the mountains, or Idaho, or Oregon or Arizona or wherever.

RUDY and MARG SCHREIBER spent the summer at their Michigan cottage and then toured the East. In November they were off to Costa Rica and are looking forward to a visit to Indianapolis to welcome daughter Nancy's first born.

Others who sent greetings: CONNIE (APOSTAL) ZIMLICH, LOU ROTH, THELMA (SIMMONS) CLARKE, MARGE (HOGLE) McCLEISH, VIRGINIA ISRAEL, MABEL LOEHR, JO HATFIELD, BETTY LOU (ROTH) and LARRY OLLIGES, VIOLA (WINTERHOFF) WIRTH, EL-FRIEDA (WANDREY) AMWAKE, and BETTY and HENRY MONTOYE.
