President's Message "A Time for R & R"

by Virgil Martinson, Stoughton, Wisconsin

This is not the time of year for rest and relaxation for the FFA Alumni but a time for REFLECTION and RECOGNITION. On November 11 in Kansas City, Missouri, the 21st National FFA Alumni Convention will be called to order. As reports, awards and challenges are presented, we will reflect on our achievements.

During our annual meeting, we will honor individuals for

outstanding contributions to their local FFA chapter, Alumni affiliate, and state and national organizations. The legion of merit citation will be presented to individuals who have given of their time and talent to build the national organization. Affiliates will be recognized for their excellent support of agricultural education/FFA and for their efforts in membership development. Affiliates that have developed a scrapbook and recorded their activities throughout the year will receive national recognition.

The national convention is also a time for renewing friendships, exchanging ideas, learning more about the FFA Alumni and listening to an inspiring message delivered by a national FFA officer. You are encouraged to study the business items listed in this newsletter, reflect on the rationale and come prepared to help your fellow delegates make sound decisions during the business session.

Another highlight of the convention is the auction to be conducted by the Michigan FFA Alumni Association under the direction of Vic Verchereau. Proceeds of the auction will be used to fund scholarships which will help FFA members prepare for promising careers in agriculture.

Awards, an important component of any organization, fuel member enthusiasm which leads to increased activity and media coverage. Many people will be attracted to this active support group which makes significant contributions to local agricultural education/FFA programs. Increased membership at the local, state and national levels creates a wider diversity of expertise and the potential of a more effective program of work at all levels.

TOGETHER WE CAN make a difference in the lives of our young people – our most precious resource.

National FFA Alumni Convention

The 21st National FFA Alumni Convention on November 11 will include a keynote speech by Randy Hedge. Other convention highlights will include the presentation of approximately \$30,000.00 in scholarships to FFA members, a business session, an Alumni awards luncheon and auction banquet. Workshops and agribusiness exhibits, as part of the National Agricultural Career Show, will also be conducted. The annual auction to raise scholarships for FFA will also be conducted by the FFA Alumni on Wednesday. Virgil Martinson, national president, invites you to attend the FFA and FFA Alumni conventions.

FFA members will be recognized for their achievements in 29 agricultural proficiency areas and in 14 judging and skill competitions. The many outstanding convention speakers will include Zig Ziglar and Dave Yoho, both motivational speakers, and Mary Lou Retton, former Olympic gold medalist. National officers for the 1992-93 year will be elected at this convention featuring the theme "FFA—The Spirit of Leadership".

FFA Alumni Membership Increasing

The FFA Alumni membership on July 1, 1992, was 1,783 members ahead of the same date in 1991. Since chartering in 1972, the FFA Alumni has set a new membership record every year. During our twentieth year celebration, the FFA Alumni council and state leaders have set a membership goal of 40,000 or approximately a 20% increase. Your help is needed. If every member signs up one new member, we will reach our goal. Call a friend now and ask for their support.

Recommended Constitutional Changes

The National FFA Alumni Council has recommended that the delegates consider the following constitutional changes at the national convention.

1. Increase life membership dues from \$100.00 to \$150.00. (*Rationale* was included in spring newsletter.)
2. Effective in 1993, six representatives at-large on the National FFA Alumni Council shall be elected by delegates at the national convention. These positions will be elected on a staggered basis for three-year terms with only one representative being elected from a state. (*Rationale:* States with large memberships that result in more delegates are perceived to be able to control the votes in council elections.)
3. Effective in 1993, the FFA executive secretary and FFA advisor positions would become one representative from the National Association of Supervisors of Agricultural Education. (*Rationale:* All related agricultural education organizations on the council would have one appointed position. NASAE is the only organization that presently has two positions. This would allow for the elected council positions as proposed in number 2 to increase without increasing the size of the council.)
4. Proposed amendments shall be approved by two-thirds of the National FFA Alumni Council before being submitted to the members for consideration. The amendments shall be submitted to the membership at least sixty days prior to the opening date of the annual meeting. (*Rationale:* This change is to clarify the procedure that has been used for the past several years.)

State Leaders' Conference Recommendation

The national council has accepted an option to number 2 for delegate consideration. This constitutional recommendation, submitted by several states, would expand the council's member-at-large position from one to two representatives. The state FFA Alumni presidents from the four regions would select two candidates for the ballot from their respective regions. Regional representatives would be elected by secret ballot by the states within the four regions, with each state being able to cast two votes.

**FFA and Dodge Truck
The Hardest Working Team in America**

Dodge Truck and the FFA are fast approaching its 40th anniversary in sponsorship. That's quite an accomplishment and reflects dedication and Dodge Trucks commitment to the principles espoused by the FFA and its alumni.

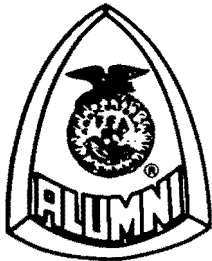

When many of you alumni receive this newsletter, you may or may not take time to read these sponsor spaces, but Dodge Truck believes you will. Surely we will not deny that we want you to become a Dodge owner, but that is only because, today, more than ever we have the "right" products.

Just as the FFA has evolved over the years, so has Dodge Truck. To be competitive, both the FFA and Dodge Truck had to address the consumer (membership) demands and requirements. What are the wants, needs and desires of our customer base. The FFA did its homework and Dodge Truck did its own. Today, the FFA membership decline has stopped. It is taking an upward trend. It was accomplished by addressing the changing agri-business world, meeting the needs of our youth of today and recognizing the globalization of the world economy.

Dodge Truck salutes the FFA and its alumni in its demonstrative change for the better! At the same time we would ask you, the alumni, to take a look at us. We've changed as well, and proven Dodge Truck is better. That's why, for 1993, (even with our competitors bringing their upgrades to the market), we can continue to say the SIMPLE PROMISE:

"OVERALL, TODAY'S TRUCKS, GAS OR DIESEL, CAN DELIVER MORE PAYLOAD, TOWING AND HORSEPOWER THAN FORD, CHEVY OR ANY IMPORT. PERIOD."

We invite you to go to your local Dodge Truck dealer to take a test drive of a Dodge Truck with a MAGNUM powered engine, or call 1-800-4-A-DODGE for free Dodge product information.
