Towards the end of each Ramadan, OBAT distributes food among the camp residents so that they can celebrate Eid joyfully as well. This year, food items were distributed to 1,709 families in the following cities: Halishaher, Ferozeshah, Rangpur and Khulna. The items included: 5 kg rice, 1 kg sugar, 1 kg polaw rice, 2 kg flour, 1 liter soybean cooking oil and 200 g semolina. Thank you for spreading this joy among the camp residents.
A new OBAT IT center at Mirpur was inaugurated on September 12th by Mr. Husam Ahmad, CEO of Ahmad Foundation New York USA and his friend Mr. Quaiser Hashmi. The objective of the center is to improve the IT expertise of camps’ youths. Being well versed with computers will greatly improve their prospects for finding a job in the growing IT sector. Mirpur is a very densely populated area with more than fifty thousand Urdu speakers living in about thirty-nine camps. OBAT already has four pre-existing computer training centers operating in the cities of Dhaka, Rangpur, Syedpur and Khulna.

Getting admission in the renowned universities of Bangladesh, such as the University of Dhaka, is extremely tough. Students face much harsher competition in the university admission tests. OBAT is committed to providing all types of assistance to the students in order to successfully build access to a better future. OBAT's Dhaka tutoring center has arranged University admission test coaching for its scholarship students as well as those who attend the tutoring center there. This year, twenty students also took the (HSC) or Higher Secondary School Exam after being prepared by the Dhaka tutoring center.

**OBAT's Paralegal Program Flourishes**

OBAT initiated a Paralegal program at Rangpur camp in October 2014. The appointed Paralegal organized seven meetings which were attended by 200 women from Rangpur camps. Paralegals create awareness amongst the camp residents about the importance of birth certificates, death certificates, national ID card, passport issuance and trade licenses. Sixty people received birth certificates and five people received an ID card with the assistance of our paralegal. We are thankful to COM for providing training to our paralegal.

The seventh meeting of this project was held on 11th June, 2015 at camp no. 3 inside the Tamir-e-Millat primary school. More than 100 camp women of all ages attended as the paralegal brought to their attention that anyone who did not possess the

New Washroom Built in Rangpur

In Alam Nagar Colony, Rangpur, six restroom chambers were constructed by OBAT- three for men and women each. About fifty families or 250 people will be using this facility. Access to simple sanitation facilities like these is severely restricted for the camp residents and one bathroom, at times, tends to be used by close to 100 or more people.

Euglena’s Nutrition Program for OBAT’s Students

The Japanese company, Euglena has now initiated its nutritional biscuits distribution in OBAT’s BLS school as well as Mirpur.

Visitors from all over have been keeping exciting things happening at OBAT. In September, OBAT’s long time supporter, Mr. Tanvir Alam visited from Canada. He visited the Working Children School, preschool and the market camp.

Indiana University, SPEA (School of Public and Environmental Affairs) student, Mahbubur Rahman Masum not only visited several projects but also returned to the US with extensive video footage and photographs of the camp residents. We are very grateful to him as he enlisted the help of his professional photographer and videographer friends to make this possible. Masum has graciously donated these pictures and videos to OBAT.

Mr. Husam Ahmed from New York visited the OBAT English School, NLJ High School and also met the scholarship students.

There were forty scholarship students present at the meeting at the Westin Hotel. When Mr. Husam Ahmad learned from the students that their studies were being hampered due to lack of access to computers, he generously gifted a computer to each of the forty students who were present at the meeting.

Mr. Husam’s friend, Mr. Qaiser Hashmi who was accompanying him, donated twenty pairs of benches for OBAT’s BLS school.

Dr. Shahid Ahmed, founder of dopeace.org also visited from the U.S. Upholding the mission of his organization, Dr. Ahmed has also developed some preschools for OBAT and is a constant source of support to the organization. Our heartfelt gratitude to each of these visitors for lightning up the lives of the camp residents.

A Greener Future with... Coconut Trees!

Gilatella land was acquired for refugees (Indian Migrants) in 1962. Some refugees were rehabilitated there. At present, it’s called, “stranded people camp” as the land was handed over to the camp residents. Last year, OBAT initiated a fish farming project in Gilatella. Recently, the visiting OBAT team planted twenty coconut trees near a pond. This project is a green initiative as well as a future source of income for the camp residents who assisted the OBAT team with the planting of the trees. They have also been entrusted with the care of these trees in the future.
