INCIDENTS

Vol. III, No. 1

January 20, 1967

NEW FACES

A number of people have been employed recently and will be working in the new basement addition. Gayle Daniels is the technician in the electron microscope laboratory. Mary Ann Lupear has returned to Indiana University and is working in the histochemistry laboratory. Marty Lubarsky and Sybil Heilman are the new tissue culture technicians.

Mrs. Sondra Hawkins is the new secretarial replacement for Jackie Hendrix, former secretary in the Operative Department. The latter left us December 16th to become Mrs. Jack Reed on December 27, 1966.

MOVED

During the holidays, the Maxillofacial Prosthetics Clinic moved from Emerson Hall to Room 127, Rotary Building. The phone extension remains the same - 7636.

VISITOR

Major S.O. Krolls (Sig), a recent graduate of the department of Oral Pathology, visited the school during the Christmas vacation. He is currently stationed at the Armed Forces Institute of Pathology in Washington.

THANK YOU

The Housekeeping staff wishes to express their thanks to the Faculty for your kind remembrance at Christmas.

SPEAKS IN PHILADELPHIA

On January 17 and 18 Dr. H. William Gilmore traveled to Philadelphia to speak to the faculty of Temple University and to the Philadelphia County Dental Society.

OCCCLUSION THE TOPIC OF N.Y. MEETING

On December 2, 3, and 4, Dr. Jordan attended the meeting of the New York Academy of Prosthodontics at Columbia University and the Society of Oral Physiology and Occlusion in New York. The topic for both meetings was occlusion, and many persons of note in this field of dentistry were present.

WILL STUDY AT NIH

Dr. William H. Binnie, oral diagnosis graduate student, will be traveling to Bethesda, Maryland to study histochemistry under the direction of Dr. Harold Fullmer at NIH.

TWO-WEEK DUTY TOUR

Mr. Barton W. Gernandt of the dental order office, left on January 10th for fourteen days military duty at the U.S. Coast Guard Base in St. Louis, Mo.

DR. McDONALD TO CALIFORNIA

Dr. Ralph E. McDonald was at Loma Linda University in California, January 10 - 13, to participate as a member of the USPHS Committee on Dental Student Training.

January 18 - 20, Dr. McDonald is in Chicago, serving as a member of the American Association of Dental Schools Committee on Advanced Education.

"SUCCESS"

NOTED FROM THE SCHOOL OF MEDICINE
LIBRARY NEWSLETTER

Nellie Davis, third floor maid, says, "If at first you don't succeed on Standard Food Store Bingo, try, try again, for, as I did, you too can win." (\$100).

For the information of any people in the School of Dentistry who make use of the library facilities of the School of Medicine, the following items are reprinted from the January Newsletter:

CELEBRATION IN RADIOLOGY

The Radiology Department had a "queen for a day" with the celebration of the sixteenth anniversary for Nell Ward, the "mother" of the department. She was greeted with a huge banner encased in gold (not inlay) depicting the event, and hot home made cinnamon rolls and coffee. The department treated her to lunch and at the close of the day presented her with a beautifully decorated anniversary cake to share with all her friends. The autographing of the banner made her day complete. The Department of Radiology and many others hope that she will continue for another sixteen years.

SPEEDIER CHARGE-OUT: An imprinter is provided in the Library for patrons to imprint their names on loan slips in lieu of signatures when charging out library materials. The imprinter is designed to accommodate Indiana University identification cards and instructions for its use are on it.

INDIANA UNIVERSITY IDENTIFICATION CARDS: Effective February 15, students will be required to present their Indiana University identification cards to the desk assistant when charging out Indiana University School of Medicine Library materials.

PROFESSOR PHILLIPS TO SPEAK
IN PUERTO RICO

SITE VISIT

Prof. R. W. Phillips will be a speaker at the alumni meeting of the Puerto Rico Dental Society, and on the program of the annual meeting of the Puerto Rico Dental Society, which will be held January 24 - 28.

Monday, January 23, 1967, we will welcome the review committees who will be evaluating our proposed new addition plans and program. These people will be representing both the National Institute of Health and the National Library of Medicine and, throughout the day, will be touring the dental school and interviewing various faculty members.

On January 18th, Prof. Phillips was present at the National Institute for Dental Research in Bethesda, Maryland with the Advisory Committee on Materials Extra-mural program.

DR. STARKEY AT KALAMAZOO

He was in Richmond, Virginia on January 19th as guest lecturer to the Richmond Dental Society.

Monday evening, January 16, 1967, Dr. Paul Starkey journeyed to Kalamazoo, Michigan, where he lectured to the Kalamazoo Valley Dental Society.

STAFF ENTERTAINED

WELCOME IS EXTENDED

Riley Dental Clinic personnel and their spouses enjoyed a lovely dinner given by Dr. and Mrs. Warren B. Davis on December 21 at Hollyhock Hill. Dr. and Mrs. James Jinks were hosts at the social hour prior to the dinner.

The Dean's Office is happy to introduce the new addition to their staff. Mrs. Ruth Lechary is working in the Student Office with Mrs. Benefiel. We are also glad to welcome Mrs. Carolyn Kirkpatrick back from her recent trip to California. Undoubtedly, she will have some comments to make about the unhospitable weather that greeted her as she stepped from the plane.

BUSY SCHEDULE

January 12 and 13, Dean Hine spoke at the New York Academy of Science and the 15 and 16 he was in Washington, D.C. representing the American Dental Association. He was in Chicago on the 18th at a meeting of the American Fund for Dental Education.

Dean Hine will also be the principal speaker at the Capping Ceremony for the Dental Hygiene Class on January 22nd at the Union Building.

Evie Kassens and husband traveled to Kenton, Ohio to see her youngest sister, whom she hadn't seen in over four years, and arrived back home in time to play host to a big New Year's party. Midge Snyder talked to her son in Germany.

And, incidentally, did you read the story in the Indianapolis Sunday Star which featured our Dr. Kuba and his family?

NEWS FROM ORAL SURGERY

Dr. Ping visited the Astra Pharmaceutical Company in Worcester, Massachusetts during the Christmas Holidays.

Welcome to the new girls at Long Hospital Oral Surgery: Sandra Cohen and Donna Sue Browning, and bon voyage to Sue Davidson who is joining her husband in Anchorage, Alaska.

For a change, Dr. Remley and his family visited Wisconsin during the Christmas Holidays.

RADIOLOGY HIGHLIGHTS

The holidays may have passed, but fond memories keep it very much alive for many in the Department of Radiology. The department gave a Christmas buffet for their "good guys" (the faculty), who in turn surprised the staff by playing Santa to them.

Our vivacious little Carol Ann "lived it up" with a dinner with candles while entertaining her two visitors from Louisville, Kentucky, and Isabelle went to Fort Wayne to be with her new grandson, Byron.
