See footnotes at end of table.

Table 9a. Potential motivators for volunteering as reported by non-volunteers by selected characteristics, September 2002

Hispanic origin, Women

Characteristics in September 2002	Total non-volunteers	Percent distribution of potential motivators for volunteering										
		Better information about opportunities	Child care	Employer program	Good match between skills and volunteer activities	Improved health	More time	Paid expenses	Transportation	Nothing, not interested	Other	Not reporting potential motivators
AGE

¹ Data refer to persons 25 years and over.

² Includes high school diploma or equivalent.

³ Includes the categories, some college, no degree; and associate degree.

⁴ Includes divorced, separated, and widowed persons.

⁵ Own children include sons, daughters, stepchildren, and adopted children. Not included are nieces, nephews, grandchildren, and other related and unrelated children.

NOTE: Data on non-volunteers relate to persons who did not perform unpaid volunteer

activities for an organization at any point from September 1, 2001 through the survey period in September 2002. Detail will not sum to totals because respondents could list more than one potential motivator for volunteering. Detail for the above race and Hispanic origin groups will not sum to totals because data for the "other races" group are not presented and Hispanics are included in both the white and black population groups.

Dash represents zero or rounds to zero.
