

TO: SLA Faculty
From: SLA Nominating Committee
Date: January 25, 2007

The Nominating Committee requests the help of SLA faculty in identifying potential candidates for open elected committee positions. Ideally, the committee will be able to identify at least two candidates for each slot.

The list below is the number of slots that must be filled; necessary qualifications follow in parentheses. All committees are expected to be created with an eye toward diversity of membership by gender, discipline (Social Science and Humanities), race and department. Keep in mind that we need at least two nominees for each slot if at all possible. Please note your idea in the space provided and return this form to President Bob Sutton:

1. Secretary (Faculty member from a department other than WLAC, ENG, COMM or ECON)

2. At large member of Agenda Council (Faculty member from a department other than WLAC, ENG, COMM or ECON)

3. Member of Enhancement Review (Tenured faculty member from department other than ENG or HIST)

4. Three Members of the Nominating Committee (faculty members from departments other than ANTH and REL. Preference for at least one male candidate)

5. Three seats on Promotion and Tenure (preferably Full Professors. Must be from departments other than ENG, HIST, WLAC and ECON. Preference for at least one female candidate. Preferably two from social science)

6. Unit Representative to IUPUI Faculty Council (Tenure line or tenured faculty not from WLAC or ANTH)

Feel free to volunteer or to offer the names of others who you feel would be appropriate. Please send additional ideas to the committee chair, Margie Ferguson (POLS) via e-mail at mferguso@iupui.edu. The committee had a very difficult time last year identifying appropriate candidates who were willing to stand for election. Your assistance will be greatly appreciated by the committee and your colleagues.
