Summary of Proposal:

1. Are the goals clear and achievable? Yes.
2. Is the program academically sound? Yes.
3. Are faculty resources available to offer this certificate without undercutting other key missions of the unit? No.
4. Is there overlap, either real or potential, with any other unit that could harm the program or be exploited to help the program? No.
5. My recommendation, comments/concerns regarding this proposal...
 - Some concrete figures (e.g., last 2-3 years of annual enrollments) are needed to support the section V "Why is the track needed" and VI "Student population to be served".
 - A ratio of the number of student studio spaces and the number of admitted students should be available because this is a studio-oriented program.
