

## From the Desk of the Chancellor – November 5

We're taking a break from our strategic planning probe questions to encourage you to attend two events that have implications for planning IUPUI's future. This afternoon, the **Higher Learning Commission** has **open meetings** scheduled with faculty, staff, and students as part of the two-day site visit of the reaffirmation of accreditation team for IUPUI (details below). We completed a self-study [[PDF](#)] for the HLC, outlining our development since the last accreditation visit 10 years ago, which they wish to discuss in public forums with members of the campus community. And tomorrow, I give my annual **State of the Campus Address at 4 pm in Campus Center 450C**. I will talk about our progress over the last decade and what we need to do to create a new vision of IUPUI in 2025. Attending events like these will give you a broader perspective about IUPUI and stimulate our collective thinking about IUPUI's future.

We hope you will provide a warm and engaging IUPUI welcome to the 10-member HLC visiting team, which is led by Professor of Pharmaceutical Science R. Craig Schnell of North Dakota State University. The team members, who will meet with a wide cross-section of our campus community, also hail from a wide variety of universities across the country, including the University of Cincinnati, Northern Illinois University, Iowa State University, University of Sioux Falls, Michigan State University, University of Missouri-Columbia, Metropolitan State University (Minnesota), University of Colorado Denver, University of Colorado Colorado Springs, and University of Wisconsin-Oshkosh.

Please join the HLC team at the appropriate forum below:
