

Call for Nominations: Chancellor's Civic Engagement Awards

In 2004 the Civic Engagement awards were established to recognize [faculty members](#) and [community organizations](#) engaged in this work. IUPUI defines civic engagement as "active collaboration that builds on the resources, skills, expertise, and knowledge of the campus and community to improve the quality of life in communities in a manner consistent with the campus mission." The definition of civic engagement indicates that this work encompasses teaching, research, and service (including patient and client services) *in and with* the community. Civic engagement includes university work in all sectors of society: nonprofit, government, and business.
