This morning at the general meeting in Benson Hall, NAJACers were fortunate in having a distinguished member of the National Board of Directors, Bayard Colgate, address them.

The subject of Mr. Colgate's speech was "What Business Men See in Junior Achievement." He explained that in the beginning of Junior Achievement, business men thought it too small an operation to go far, but comparing it to the first Christian who had but twelve Apostles, it has grown.

Achievers spoke to business men and they came to visit the centers. This is still one of the best ways of getting important men to find out exactly how well Junior Achievement works.

Mr. Colgate stated that we should push improvement on QUALITY as well as QUANTITY. He noted that at this convention we are trying to get quality into Junior Achievement.

The closing section of his speech dealt with the Achiever's Association, and pointed out that this organization would be of interest to many business men, where they could find out just how well Junior Achievement is doing, and if Junior Achievement is accomplishing its goals.

GROUP 7 GIRLS WIN

Girls volleyball continued yesterday on the courts just across from Hamilton Hall. In the first game Group 6 rolled to an easy victory over Group 5 by the score of 21 to 1. In the second game Group 7 eked out a victory over Group 8 by the score of 23 to 21. Then, when the winners met in the final game Group 7 proved to be a much better team in romping to a 21 to 7 victory over Group 6.

Coke Count for the period from 11 a.m. Tuesday to 11 a.m. Wednesday is 3024, bringing the total to 8,568.
**UNIQUE COMPANY REPRESENTED**

In part B, Jan Sachs, Bridgeport, Conn., and Gerry Brundenell, Minneapolis, are co-moderators. This group is discussing achievers association and conferences.

**GROUP 2 DISCUSSIONS**

Group 2 has been discussing recruiting and problems of individual companies, advantages of good advisors, also there should be equal emphasis on sales and production.

Jimmy Michalek of Houston says this was the first time a Texan hasn't had the opportunity to talk in a discussion since the founding of the Lone Star State.

Hi Kids:

This is Bo-Bo again. I'd like to know if ten-gallon hats really hold ten gallon? Has anyone tried it? I've some new nicknames for TOUGBOAT SMITH—Steamboat; JELLO POWERS—Custard; and MUSH MESHOD—Grits. Don't look up my name in the rooster, good heavens, I don't crow. Bo-Bo Magillicutty
GROUPS

Objectives of J.A. and the recruiting of personnel constituted the main topics of the discussion of Group 5.

It was stated that personality, efficiency, and the ability to put over ideas are acquired by the achievers as a result of their J.A. training.

Recruitment did not constitute a main problem since numerous applications have to be turned down. Continuance of attendance and drop-outs, however, create major problems. Solutions to these will be discussed at a later date.

SQUARE DANCE

Set to the rollicking music of Al Nunyan and the Southereners, the square dance came through to be a fun-filled evening for everyone.

After a few mixer-dances, couples joined in to dance the Virginia Reel and Four Hand Cross.

In addition to the square dances, the band played several jitterbug numbers. The grand finale of the dance was the "old Grand March."

DRESS!

Bill Everett, Dearborn, has been sporting about campus in black denims, white bucks, green and black striped shirt, and a white wind-breaker.

Striking, is the word for Ray McClaskey, who hails from Peoria, in his black watch-plaid bermudas and green and black checked shirt.

Charlene Krause, Milwaukee, has the boldest bold stripe hooded t-shirt on campus. She's teamed up the jersey with black, denim pedal pushers.

New apparel for trainwear was introduced by Al Grupper, Schenectady, when riding in a red plaid bathing suit on the Pennsylvania Railroad.

EDITORIAL

We fear to tread on a few toes, but tread when we say that the average delegate (we stress average) are as much, and possibly more to blame than, as Jim Sweeney said, "the privileged few" for the so-called block system. These systems which are under-the-table affairs, exist only because we allow them to when we note as we are instructed.

Are we to be strung on strings, and dangled in front of the whole country as represented by J.A. delegates? Are we to be dictated to by some who have a little pull? The answer would seem to be a strong affirmative.

In the freest, most democratic nation in the world, voters have the unique advantage of selecting their officials by a SECRET BALLOT. Yet, the voters of tomorrow who are represented here by the "cream of the crop" are seeing what can happen when, as one well-informed NAJACer puts it, "a certain area sets up a vicious block, and pretty well decides, beforehand, what officers are going to be elected and where they will be from."

It all comes down to the fact that we must use a little bit of common sense when we go to the polls to elect our national officers. If we base this election on qualifications and personalities rather than areas and "blocks," we'll not only be helping ourselves, but we'll be helping future NAJACs, and Junior Achievement in general. Remember YCU are the only one who knows what goes on that ballot.

CONFERENCE BUSINESS MEETINGS

The keynote address, given by Scotty Turnbull highlighted the second NAJAC business meeting at Benton Hall. President Pat Oliver talked on his experiences at local conferences, and John D. Killett, president of Kiami U., gave a brief history of the university and the achievements of its graduates.

Regional reports were given on the local conferences.

The vice president rapped the convention into order for the third meeting of the NAJAC. The pledge to the flag was given and roll call was taken. The theme speaker for the meeting gave a talk on getting our brainstorms out into the open. Nominees for the national offices were introduced by the chairman and were given the opportunity to give a two minute campaign speech.

#1 Whereas; The Communist movement as exemplified by the Soviet Union does destroy personal dignity and individual life of the nation it governs, and

Whereas; Miami University has unselfishly permitted NAJAC to make full use of its superb facilities, therefore, be it

Resolved; that NAJAC 1956 extend its most grateful thanks to the President and staff of Miami University for providing the conference with their beautiful campus and superb facilities during the conference, and be it further

Resolved; that NAJAC extend a special vote of thanks for the University's excellent cooperation over the past four years.

#3 Whereas; careful planning and excellent leadership have aided delegates in deriving both a better understanding of J. A. and much enjoyment from the conference activities.

Resolved; that this conference extend a vote of commendation to the 1956 staff and officers for their part in its administration.
