The purpose of the Graduate Student Organization is:

To provide an official and representative graduate and professional student government

To give graduate and professional students a voice in matters pertaining to the affairs of the university

To improve the quality of graduate and professional student life for all graduate and professional students

To contribute more effectively to campus life in general

To encourage the highest quality of graduate and professional instruction

To provide a means for graduate and professional students to become involved in determining future university directions and in campus planning

To otherwise enhance graduate and professional student involvement on campus and in the community
